CALIFORNIA TAX CREDIT ALLOCATION COMMITTEE

2016 COMPETITIVE 9% APPLICATION FOR LOW-INCOME HOUSING TAX CREDITS

April 18, 2016 Version

II. APPLICATION SECTION 1: APPLICANT STATEMENT, CERTIFICATION AND NOTARY

APPLICANT: Housing Authority of Fresno County, California

PROJECT NAME: Memorial Village

PLEASE INCLUDE APPLICATION FEE WITH APPLICATION SUBMISSION

Cashier's Check Only

The undersigned applicant hereby makes application to the California Tax Credit Allocation Committee ("TCAC") for a reservation of Federal, or Federal and State Low-Income Housing Tax Credits ("Credits") in the amount(s) of:

$1,121,195 annual Federal Credits, and

$3,737,318 total State Credits

for the purpose of providing low-income rental housing as herein described. I understand that Credit amount(s) preliminarily reserved for this project, if any, may be adjusted over time based upon changing project costs and financial feasibility analyses which TCAC is required to perform on at least three occasions.

I agree it is my responsibility to provide TCAC with the original complete application and the Local Reviewing Agency an exact copy of the application. I agree that I have included a letter from the local government and the appropriate Local Reviewing Agency of the jurisdiction in which the project is located identifying the agency designated as the Local Reviewing Agency for the Tax Credit Allocation Committee. I agree that it is also my responsibility to provide such other information as TCAC requests as necessary to evaluate my application. I represent that if a reservation or allocation of Credit is made as a result of this application, I will also furnish promptly such other supporting information and documents as may be requested. I understand that TCAC may verify information provided and analyze materials submitted as well as conduct its own investigation to evaluate the application. I recognize that I have an affirmative duty to inform TCAC when any information in the application or supplemental materials is no longer true and to supply TCAC with the latest and accurate information.

I acknowledge that if I receive a reservation of Tax Credits, I will be required to submit requisite documentation at each of the following stages: for a carryover allocation; for readiness to proceed requirements, if applicable; and after the project is placed-in-service.

I represent I have read Section 42 of the Internal Revenue Code (IRC) pertaining to Federal Tax Credits, and if applying for State Tax Credits, I represent I have also read California Health and Safety Code Sections 50199.4 et seq. and California Revenue and Taxation Code Sections 12206, 17058, and 23610.5 pertaining to the State Tax Credit program. I understand that the Federal and State Tax Credit programs are complex and involve long-term maintenance of housing for qualified low-income households. I acknowledge that TCAC has recommended that I seek advice from my own tax attorney or tax advisor.

I represent that I have read and understand the requirements set forth in Regulation Section 10322(j) pertaining to re-applications for Credit.

I certify that I have read and understand the provisions of Sections 10322(a) through (h). No additional documents ir support of the basic thresholds or point selection categories shall be accepted from the applicant beyond the application filing deadline, unless the Executive Director, at his or her sole discretion, determines that the deficiency is a clear reproduction or application assembly error, or an obviously transposed number. In such cases, applicants shall be given up to five (5) business days from the date of receipt of staff notification, to submit said documents to complete the application. For threshold omissions other than reproduction or assembly errors, the Executive Director may request additional clarifying information from other government entities.

I agree to hold TCAC, its members, officers, agents, and employees harmless from any matters arising out of or related to the Credit programs.

I agree that TCAC will determine the Credit amount to comply with requirements of IRC Section 42 but that TCAC in no way warrants the feasibility or viability of the project to anyone for any purpose. I acknowledge that TCAC makes no representation regarding the effect of any tax Credit which may be allocated and makes no representation regarding the ability to claim any Credit which may be allocated.

I acknowledge that all materials and requirements are subject to change by enactment of federal or state legislation or promulgation of regulations.

In carrying out the development and operation of the project, I agree to comply with all applicable federal and state laws regarding unlawful discrimination and will abide by all Credit program requirements, rules, and regulations.

I acknowledge that neither the Federal nor the State Tax Credit programs are entitlement programs and that my application will be evaluated based on the Credit statutes, regulations, and the Qualified Allocation Plan adopted by TCAC which identify the priorities and other standards which will be employed to evaluate applications.

I acknowledge that a reservation of Federal or State Tax Credits does not guarantee that the project will qualify for Tax Credits. Both Federal law and the state law require that various requirements be met on an ongoing basis. I agree that compliance with these requirements is the responsibility of the applicant.

I acknowledge that the information submitted to TCAC in this application or supplemental thereto may be subject to the Public Records Act or other disclosure. I understand that TCAC may make such information public.

I acknowledge that if I obtain an allocation of Federal and/or State Tax Credits, I will be required to enter into a regulatory agreement which will contain, among other things, all the conditions under which the Credits were provided including the selection criteria delineated in this application.

I declare under penalty of perjury that the information contained in the application, exhibits, attachments, and any further or supplemental documentation is true and correct to the best of my knowledge and belief. I certify and guarantee that each item identified in TCAC's minimum construction standards will be incorporated into the design of the project, unless a waiver has been approved by TCAC. I certify that, when requesting a threshold basis increase for development impact fees, the impact fee amounts are accurate as of the application date. In an application proposing rehabilitation work, I certify that all necessary work identified in the Capital Needs Assessment, including the immediate needs listed in the report, will be performed (unless a waiver is granted) prior to the project's rehabilitation completion. I certify and guarantee that the application meets each item of the applicable housing type requirement, as identified by TCAC regulation. I certify and guarantee that any tenant services proposed under TCAC Regulation Section 10325(c)(5)(B) will be available within 6 months of the project's placed in service date, will be of a regular and ongoing nature and provided to tenants for a period of at least 15 years, free of charge (excep child care). I understand that misrepresentation may result in cancellation of Tax Credit reservation, notification of th Internal Revenue Service and the Franchise Tax Board, and other actions which TCAC is authorized to take pursuar to California Health and Safety Code Section 50199.22 and negative points per Regulation Section 10325(c)(3) or under general authority of state law.

I certify that I believe that the project can be completed within the development budget and the development timetable set forth (which timetable is in conformance with TCAC rules and regulations) and can be operated in the manner proposed within the operating budget set forth.

I further certify that more than 10% of the project's total reasonably expected basis cost will be incurred and the land acquired by the date specified in the reservation preliminary or final letter.

Is this a resyndication project using hold harmless rent limits in the above table? N/A
Hold harmless rents cannot exceed the federal set-aside current tax credit rent limits (TCAC Reg. Section 10327(g)(8)). For units included in the lowest income point category, TCAC requires the use of current rent limits.

B. Manager Units

State law requires an onsite manager's unit for projects with 16 or more residential units.
TCAC Regulation Section 10325(f)(7)(J) requires projects with at least 161 units to provide a second on-site manager's unit, with one additional for each 80 units beyond, up to 4 on-site manager units.
Scattered site projects of 16 or more units must have at least one manager unit at each site consisting of 16 or more residential units.
Projects may employ full-time property management staff and provide an equivalent number of desk or security staff for the hours when the property management staff are not working. See TCAC Regulation Section 10325(f)(7)(J) for details on the requirements for this option.

ITEM (e) Features

REVIEW REGULATION SECTION 10327(c)(5)(B) PRIOR TO COMPLETING THIS SECTION.
THE OPTIONS BELOW ARE PRESENTED WITH ABRIDGED LANGUAGE.

N/A 1 Project shall have onsite renewable generation estimated to produce 50% or more of annual electricity use (dwelling and common area meters combined). If combined available roof area is insufficient, project shall have onsite renewable generation based on at least 90% of the available solar accessible roof area. Threshold Basis Limit increase of 5%.

N/A 2 Project shall have onsite renewable generation estimated to produce 75% or more of annual common area electricity use. If combined available roof area is insufficient, project shall have onsite renewable generation based on at least 90% of the available solar accessible roof area. Threshold Basis Limit increase of 2%.

Yes 3 Newly constructed project buildings shall be 15% or more energy efficient than 2013 Energy Efficiency Standards (CA Code of Regulations, Title 24, Part 6). Threshold Basis Limit increase of 4%.

N/A 4 Rehabilitated project buildings shall have an 80% decrease in estimated annual energy use (or improvemer in energy efficiency) in the HERS II post rehabilitation. Threshold Basis Limit increase 4%.

N/A 5 Irrigated only with reclaimed water, greywater, or rainwater (excluding water used for community gardens). Threshold Basis Limit increase 1%.

N/A 6 Community gardens of at least 60 square feet per unit. Permanent site improvements that provide a viable growing space within the project. Threshold Basis Limit increase 1%.

N/A 7 Install bamboo, cork, salvaged or FSC-Certified wood, natural linoleum, natural rubber, or ceramic tile in all kitchens, living rooms, and bathrooms (where no VOC adhesives or backing is also used). Threshold Basis Limit increase 1%.

N/A 8 Install bamboo, stained concrete, cork, salvaged or FSC-Certified wood, ceramic tile, or natural linoleum in all common areas. Threshold Basis Limit increase 2%.

N/A 9 Meet all requirements of the U.S. Environmental Protection Agency Indoor Air Plus Program. Threshold Basis Limit increase 2%.

Funding sources and costs should be aligned appropriately. For example, public funding sources for land purchase or construction costs should be shown as paying for these costs.
Do not randomly select funding sources for line item costs if they have a dedicated source of payment.

[1] Required: evidence of land value (see Tab 1). TCAC will not accept a budget with a nominal land value. Please refer to TCAC Regulations and the application checklist for additional information and guidance.
Land value must be included in Total Project Cost and Sources and Uses Budget (including donated or leased land).
[2] Required: include a detailed explanation of *Demolition* and *Offsite Improvements* requirements as well as a cost breakdown in Attachment 12, Construction and Design Description.

VI. POINTS SYSTEM - SECTION 1: POINTS SYSTEM

A maximum of 20 points shall be available in combining the cost efficiency, credit reduction, and public funds categories.

A. Cost Efficiency/Credit Reduction/Public Funds — Maximum 20 Points

A(1) Cost Efficiency — 20 Points

Make a selection: Applying for Cost Efficiency points

Projects total eligible basis that is below the maximum calculated threshold basis limits, including permitted adjustments receives 1 point for each full % below the maximum permitted adjusted threshold basis limits.

1)	Project's adjusted threshold basis limits:	$13,714,864
2)	Project's total eligible basis:	$13,379,833
3)	Difference in threshold basis limits:	$335,031
4)	Calculated percent below adjusted threshold basis limits:	2% (Rounded down to the nearest whole percent)

Total Points for Cost Efficiency: 2

A(2) Credit Reduction — 20 Points

Credit Reduction: 6% *(1 point for each full % that the qualified basis is reduced)*

1)	Total Qualified Basis:	$13,252,902
2)	Credit Percent Reduction	6%
3)	Total Qualified Basis Reduction (This figure was rounded up to the nearest whole number on the worksheet "Basis & Credits")	$795,175
4)	Project's Total Adjusted Qualified Basis :	$12,457,727

Total Points for Credit Reduction: 6

A(3) Public Funds Section — 20 Points

Total committed funds (including assumptions), fee waivers, or value of donated land

1 point *for each full % of Total Development Cost (TDC)* ***including the value of any donations or fee waivers***

$2,605,100	[1] Federal, state or local funds
	[2] Outstanding principal balances of prior existing public or subsidized debt
	IRC 509(a)(1) local community foundation funds --does **NOT** include charitable foundations
	Awarded AHP funds
	Waiver of fees resulting in quantifiable cost savings and not required by federal or state law
	[3] Land donated by a public entity, or land leased from a public entity
	[3] Land donated as part of an inclusionary housing ordinance or other negotiated development agreements
	[4] Public contributions of off-site costs
$0	[5] Private "tranche B" loan points value --calculated in "Final Tie Breaker Self-Score" spreadsheet

Total committed funds, fee waivers, or value of donated land:	$2,605,100
***Total project cost:	$17,275,410
Percentage of funds versus TDC:	15% (rounded down)

[1] All loans must be "soft," having terms (or remaining terms) in excess of 15 years, and below market interest rates, interest accruals, or residual receipts payments for at least the first 15 years of their terms. The maximum below-market interest rate allowed for scoring purposes is 4% simple, or the applicable federal rate if compounding. RHS Section 514 and 515 financing is considered soft debt for purposes of scoring under this category. There must be conclusive evidence presented in the application that any new public funds have been firmly committed as stated in Regulation Section 10325(c)(1)(C). Please see also Checklist Items, Tab 1.

[2] If the principal balances of prior publicly funded or subsidized loans are to be assumed, documented approval of the loan assumption or other required procedure by the public agency holding the promissory note must be provided. Accrued interest recast as principal under a new loan agreement will not be considered in scoring. See also Checklist Items, Tabs 1 and 20.

[3] To receive points in this category, current land and building values must supported by an independent, third party appraisal conducted within 1 year of the tax credit application and otherwise consistent with Regulation Section 10322(h)(9). Donated land value must be included in Total Project Cost and the Sources and Uses Budget. Evidence of land value is required (see Tab 1).

[4] Off-site costs must be documented as waived fees pursuant to a nexus study or must be developed by a sponsor as a condition of local approval. Please review Regulation Section 10325(c)(1)(C) for a more complete description of requirements.

[5] Private "tranche B" loans underwritten based on rent differentials attributable to rent subsidies. Calculate in **Final Tie Breaker Self-Score.**

B. General Partner and Management Company Characteristics — Maximum 9 Points

B(1) General Partner Experience — 6 Points

General Partner Name:

Housing Authority of Fresno County, CA

Select from ONE of the following two options:

5 or more projects in service more than 3 years, including 1 in service more than 5 years and 2 California LIHTC projects

Special Needs housing type project opting for 5 project experience category: N/A

For Special Needs housing type projects applying through the Nonprofit or Special Needs set-asides only:

(select one if applicable)

To qualify for this option, all projects must qualify as Special Needs. The California LIHTC project need not be one of the Special Needs projects.

To receive points under this subsection for projects in existence for more than 3 years from the filing deadline date, the applicant must submit a certification from a 3rd party certified public accountant (CPA) that the projects for which points are requested have maintained a positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.) for the year in which each development's last financial statement has been prepared (which must be effective no more than one year prior to the application deadline) and have funded reserves in accordance with the partnership agreement and any applicable loan documents. This certification must list the specific projects for which the points are being requested. The CPA certification may be in the form of an agreed upon procedure report that includes funded reserves as of the report date, which shall be within 60 days of the application deadline. To obtain points for projects previously owned by the proposed general partner, a similar certification must be submitted with respect to the last full year of ownership by the proposed general partner, along with verification of the number of years that the project was owned by that general partner. This certification must list the specific projects for which the points are being requested.

Total Points for General Partner Experience:	6

B(2) Management Company Experience — 3 Points

Select from ONE of the following two options:

11 or more projects managed more than 3 years, including 2 California LIHTC projects

Special Needs housing type project opting for 11 project experience category: N/A

For Special Needs housing type projects applying through the Nonprofit or Special Needs set-asides only:

(select one if applicable)

To qualify for this option, all projects must qualify as Special Needs. The California LIHTC project need not be one of the Special Needs projects.

Management Company Name:
GSF Properties Inc.

Total Points for Management Company Experience:	3

Points in subsections (A) and (B) above will be awarded in the highest applicable category and are not cumulative. For maximum points in either subsection (A) or (B) above, a completed application attachment for the general partner or for the management agent, respectively, must be provided. For points to be awarded in subsection (B), an enforceable management agreement executed by both parties for the subject application must be submitted at the time of application. "Projects" as used in this subsections (A) and (B) means multifamily, rental, affordable developments of over 10 units that are subject to a recorded regulatory agreement or, in the case of housing on tribal lands, where federal HUD funds have been utilized in affordable rental developments. General Partner and Management Company experience points may be given based on the experience of the principals involved, or on the experience of municipalities or other nonprofit entities that have experience but have formed single-asset entities for each project in which they have participated, notwithstanding that the entity itself would not otherwise be eligible for such points. Alternatively, a management company may receive 2 points if it provides evidence that the management agent assigned to the project, either on-site or with management responsibilities for the site, has been certified, prior to application deadline, by a housing tax credit certification examination by a nationally recognized housing tax credit compliance entity and be on a list maintained by the Committee. These points may substitute for other management company experience but will not be awarded in addition to such points.

General partners and management companies with fewer than two active LIHTC projects in California should refer to Regulation Section 10325(c)(2) and Checklist Items Tabs 21 and 22 for additional requirements.

Total Points for General Partner & Management Company Experience:	9

C. Housing Needs — Maximum 10 Points

Large Family — **10 Points**

Total Points for Housing Needs:	10

D. Site & Service Amenities

D(1) Site Amenities — Maximum 15 Points

Amenities must be appropriate to the tenant population served. To receive points the amenity must be in place at the time of application. TCAC Regulation Sections 10325(c)(5)(A), 10325(c)(5)(A)(1) and 10325(c)(5)(A)(5) provide information on the limited exceptions to this requirement. The application must include a map scaled for distance using a standardized radius from the development site as determined by the Committee. Measurement from the project to a site must not cross significant physical barriers. The map must show the distance of the site amenities from the development site. An application proposing a project located on multiple scattered sites (all sites within a five-mile diameter range) shall be scored proportionately in the site and service amenities based upon (i) each site's score, and (ii) the percentage of units represented by each site. Applicants must provide color photographs, a contact person and a contact telephone number for each requested site amenity. Any inaccurate information will be subject to negative points. No more than 15 points will be awarded in this category. Only one point award will be available in each of the subcategories (a-h) listed below.
Site amenity points are not applicable to projects that apply and are awarded under the Native American apportionment. However, for those applicants unsucessful in the apportionment and considered under the Rural set-aside, site amenity scoring will be applicable.

Amenities may include:

a) Transit

(i) Located where there is a bus rapid transit station, light rail station, commuter rail station, bus station, or public bus stop within 1/3 mile of the project site with service at least every 30 minutes during the hours of 7-9 a.m. and 4-6 p.m. Monday through Friday (or at least two departures during each peak period for the commuter rail station), and the project's density exceeds 25 units per acre. **7 Points**

(ii) The project site is within 1/3 mile of a bus rapid transit station, light rail station, commuter rail station, bus station, or public bus stop with service at least every 30 minutes during the hours of 7-9 a.m. and 4-6 p.m. Monday through Friday (or at least two departures during each peak period for the commuter rail station). **6 Points**

(iii) The project site is within 1/2 mile of a bus rapid transit station, light rail station, commuter rail station, bus station, or public bus stop with service at least every 30 minutes during the hours of 7-9 a.m. and 4-6 p.m. Monday through Friday (or at least two departures during each peak period for the commuter rail station). **5 Points**

(iv) The project site is within 1/3 mile of a bus rapid transit station, light rail station, commuter rail station, bus station, or public bus stop. (For rural set-aside projects, these points may be awarded where van or dial-a-ride service is provided to tenants.) **4 Points**

(v) The project site is within 1/2 mile of a bus rapid transit station, light rail station, commuter rail station, bus station, or public bus stop. **3 Points**

Select one: (iv)

In addition to meeting one of the categories above (i through v), points are available to applicants committing to provide residents free transit passes or discounted passes to each rent restricted unit for at least 15 years:

Select one: N/A

A private bus or transit system providing free service may be substituted with prior approval from the CTCAC Executive Director. This prior approval must be received before the application deadline and the bus or transit system must meet the relevant headway and distance criteria stated above. If pre-approved, select applicable point category above.

D(2) Service Amenities — Maximum 10 Points

Projects that provide high-quality services designed to improve the quality of life for tenants are eligible to receive points for service amenities. Services must be appropriate to meet the needs of the tenant population served and designed to generate positive changes in the lives of tenants. An application proposing a project located on multiple scattered sites (all sites within a five-mile diameter range) shall be scored proportionately in the site and service amenities based upon (i) each site's score, and (ii) the percentage of units represented by each site.

Except as provided below and in Reg. Section 10325(c)(5)(B), in order to receive points in this category physical space for service amenities must be available when the development is placed-in-service. Services space must be located inside the project and provide sufficient square footage, accessibility and privacy to accommodate the proposed services. The amenities must be available within 6 months of the project's placed-in-service date. Applicants must commit that services will be provided for a period of 15 years.

All services must be of a regular and ongoing nature and provided to tenants free of charge (except for day care services or any charges required by law). Services must be provided on-site except that projects may use off-site services within 1/2 mile of the development (1 1/2 mile for Rural set-aside projects) provided that they have a written agreement with the service provider enabling the development's tenants to use the services free of charge (except for day care and any charges required by law) and that demonstrate that provision of on-site services would be duplicative. All organizations providing services for which the project is claiming service amenities points must have at least 24 months experience providing services to one of the target populations to be served by the project.

Items 1 through 6 are applicable to Large Family, Senior, and At-Risk projects. Items 7 through 12 are applicable to Special Needs and SRO projects. Items 1 through 12 are mutually exclusive. One proposed service may not receive points under two different categories.

Applications must include a services sources and uses budget clearly describing all anticipated income and expenses associated with the services program and that aligns with the services commitments provided (i.e. contracts, MOUs, letters, etc.) Applications shall receive points for services only if the proposed services budget adequately accounts for the level of service. The budgeted amount must reasonably be expected to cover the costs of the proposed level of service. **PLEASE REFER TO REGULATION SECTION 10325(c)(5)(B) FOR COMPLETE SERVICE AMENITY POINTS REQUIREMENTS.**

No more than 10 points will be awarded in this category. **The service budget spreadsheet must be completed.**
Amenities may include, but are not limited to:

a) Large Family, Senior, At-Risk projects:

Yes (1) **Service Coordinator.** Responsibilities must include, but are not limited to: (a) providing tenants with information about available services in the community, (b) assisting tenants to access services through referral and advocacy, and (c) organizing community-building and/or other enrichment activities for tenants (such as holiday events, tenant council, etc.). **Minimum ratio of 1 Full Time Equivalent (FTE) Service Coordinator to 600 bedrooms.** — **5 points**

N/A **Service Coordinator** as listed above, except:
Minimum ratio of 1 FTE Service Coordinator to 1,000 bedrooms. — **3 points**

N/A (2) **Other Services Specialist.** Must provide individualized assistance, counseling and/or advocacy to tenants, such as to assist them to access education, secure employment, secure benefits, gain skills or improve health and wellness. Includes, but is not limited to: Vocational/Employment Counselor, ADL or Supported Living Specialist, Substance Abuse or Mental Health Counselor, Peer Counselor, Domestic Violence Counselor. **Minimum ratio of 1 FTE Services Specialist to 600 bedrooms.** — **5 points**

N/A		**Other Services Specialist** as listed above, except: **Minimum ratio of 1 FTE Services Specialist to 1,000 bedrooms.**	**3 points**
N/A	(3)	**Adult educational, health and wellness, or skill building classes.** Includes but is not limited to: financial literacy, computer training, home-buyer education, GED, resume building, ESL, nutrition, exercise, health information/awareness, art, parenting, on-site food cultivation and preparation, and smoking cessation classes. **Minimum of 84 hours instruction each year (42 hours for small developments of 20 units or less).**	**7 points**
N/A		**Adult educational, health & wellness, or skill building classes** as listed above, except: **Minimum of 60 hours instruction each year (30 hours for small developments).**	**5 points**
Yes		**Adult educational, health & wellness, or skill building classes** as listed above, except: **Minimum of 36 hours instruction each year (18 hours for small developments).**	**3 points**
N/A	(4)	**Health and wellness services and programs**. Such services and programs shall provide individualized support to tenants (not group classes) and need not be provided by licensed individuals or organizations. Includes, but is not limited to visiting nurses programs, intergenerational visiting programs, or senior companion programs. **Minimum of 100 hours of services per year for each 100 bedrooms.**	**5 points**
N/A		**Health and wellness services and programs** as listed above, except: **Minimum of 60 hours of services per year for each 100 bedrooms.**	**3 points**
N/A		**Health and wellness services and programs** as listed above, except: **Minimum of 40 hours of services per year for each 100 bedrooms.**	**2 points**
N/A	(5)	**Licensed child care.** Shall be available 20 hours or more per week, Monday through Friday, to residents of the development. (Only for large family projects or other projects in which at least 30% of units are 3 bedrooms or larger.)	**5 points**
N/A	(6)	**After school program for school age children**. Includes, but is not limited to tutoring, mentoring, homework club, art and recreational activities. (Only for large family projects or other projects in which at least 30% of units are 3 bedrooms or larger). **Minimum of 10 hours per week, offered weekdays throughout the school year.**	**5 points**
N/A		**After school program for school age children** as listed above, except: **Minimum of 6 hours per week, offered weekdays throughout the school year.**	**3 points**
Yes		**After school program for school age children** as listed above, except: **Minimum of 4 hours per week, offered weekdays throughout the school year.**	**2 points**

b) Special Needs and SRO projects:

N/A	(7)	**Case Manager.** Responsibilities must include (but are not limited to) working with tenants to develop and implement an individualized service plan, goal plan or independent living plan. **Minimum ratio of 1 Full Time Equivalent (FTE) Case Manager to 100 bedrooms.**	**5 points**
N/A		**Case Manager** as listed above, except: **Minimum ratio of 1 FTE Case Manager to 160 bedrooms.**	**3 points**

N/A	(8)	**Service Coordinator or Other Services Specialist**. Service coordinator responsibilities shall include, but are not limited to: (a) providing tenants with information about available services in the community, (b) assisting tenants to access services through referral and advocacy, and (c) organizing community-building and/or other enrichment activities for tenants (such as holiday events, tenant council, etc.). Other services specialist must provide individualized assistance, counseling and/or advocacy to tenants, such as to assist them to access education, secure employment, secure benefits, gain skills or improve health and wellness. Includes, but is not limited to: Vocational/Employment Counselor, ADL or Supported Living Specialist, Substance Abuse or Mental Health Counselor, Peer Counselor, Domestic Violence Counselor. **Minimum ratio of 1 FTE Service Coordinator or Other Services Specialist to 360 bedrooms.**	**5 points**
N/A		**Service Coordinator or Other Services Specialist** as listed above, except: **Minimum ratio of 1 FTE Case Manager to 600 bedrooms.**	**3 points**
N/A	(9)	**Adult educational, health and wellness, or skill building classes.** Includes but is not limited to: financial literacy, computer training, home-buyer education, GED, resume building, ESL, nutrition, exercise, health information/awareness, art, parenting, on-site food cultivation and preparation, and smoking cessation classes. **Minimum of 84 hours of instruction each year (42 hours for small developments of 20 units or less).**	**5 points**
N/A		**Adult educational, health & wellness, or skill building classes** as listed above, except: **Minimum of 60 hours of instruction each year (30 hours for small developments).**	**3 points**
N/A		**Adult educational, health & wellness, or skill building classes** as listed above, except: **Minimum of 36 hours of instruction each year (18 hours for small developments).**	**2 points**
N/A	(10)	**Health or behavioral health services** provided by appropriately-licensed organization or individual. Includes but is not limited to: health clinic, adult day health center, medication management services, mental health services and treatment, substance abuse services and treatment.	**5 points**
N/A	(11)	**Licensed child care.** Shall be available 20 hours or more per week, Monday through Friday, to residents of the development. (Only for large family projects or other projects in which at least 30% of units are 3 bedrooms or larger.)	**5 points**
N/A	(12)	**After school program for school age children**. Includes, but is not limited to tutoring, mentoring, homework club, art and recreational activities. REVIEW REG. SECTION 10325(c)(6) BEFORE PROCEEDING

APPLICANTS WILL BE HELD TO REGULATORY REQUIREMENTS. THE APPLICATION MAY CONTAIN ABBREVIATED DESCRIPTIONS OF THE REQUIREMENTS FOR THIS SECTION.

E(1) New Construction and Adaptive Reuse projects select from the following features:

N/A a. Develop the project in accordance with the minimum requirements with any one of the following programs: **0 Points**

N/A

Yes b. **EITHER:**
Energy efficiency as indicated in Reg. Section 10325(c)(6)(B) beyond the requirements in 2013 Title 24, Part 6 of the California Building Code (2013 Title 24):

15% **5 Points**

OR:
Energy efficiency with renewable energy that provides the following percentages of project tenants' energy loads:

Low Rise (1-3 habitable stories) **0 Points**

N/A

Multifamily of 4+ habitable stories

N/A **0 Points**

E(2) Rehabilitation projects select from the following features:

N/A a. Develop the project in accordance with the minimum requirements with any one of the following programs: **0 Points**

N/A

N/A b. Rehabilitate to improve energy efficiency; points awarded based on percentage decrease in estimated Time Dependent Valuation energy use post-Improvement over current:

N/A **0 Points**

N/A c. Additional rehabilitation project measures (chose one or more of the following three categories):

1. PHOTOVOLTAIC / SOLAR **0 Points**

N/A

N/A 2. SUSTAINABLE BUILDING MANAGEMENT PRACTICES, INCLUDING BOTH OF THE FOLLOWING **0 Points**

Develop project-specific maintenance manual, including information on all energy and green building features

Undertake formal building systems commissioning, retro-commissioning, or re-commissioning

N/A 3. INDIVIDUALLY METER (OR SUB-METER CURRENT MASTER-METERED) GAS, ELECTRICITY, OR CENTRAL HOT WATER SYSTEMS FOR ALL TENANTS **0 Points**

E(3) New Construction and Rehabilitation projects:

N/A d. Water efficiency: irrigate only with reclaimed water, greywater, or rainwater (excepting water used for Community Gardens) **0 Points**

To receive these points, the applicant and the project architect must certify in the application which of the above items will be included in the project's design and specifications, and further must certify at the project's placed-in-service date that the items were completed. In addition, certain point categories require completion of the TCAC Sustainable Building Method Workbook and accompanying documentation by a qualified energy analyst at application and placed-in-service stages. Refer to Reg. Section 10325(c)(6), Checklist Item Tab 25, and the TCAC website for requirements related to the TCAC Sustainable Building Method Workbook. Refer to Reg. Section 10325(c)(6)(G) for specific Compliance and Verification requirements. Projects receiving points under this category that fail to meet the requirements of Reg. Section 10325(c)(6) will be subject to negative points under Section 10325(c)(3).

Total Points For Sustainable Building Methods:	5

Maximum 52 Points

F. Lowest Income

F(1) Lowest Income Restriction for All Units — 50 Points

The "Percent of Area Median Income" category may be used only once. For instance, 50% of Income Targeted Units to Total Tax Credit Units at 50% of Area Median Income (AMI) cannot be used twice for 100% at 50% and receive 50 points, nor can 50% of Income Targeted Units to Total Tax Credit Units at 50% of Area Median Income for 25 points and 40% of Income Targeted Units to Total Units at 50% of Area Median Income be used for an additional 20 points. However, the "Percent of Income Targeted Units" may be used multiple times. For example, 50% of Targeted Units at 50% of Area Median Income for 25 points may be combined with another 50% of Targeted Units at 45% of Area Median Income to achieve the maximum points. All projects must score at least 45 points in this category to be eligible for 9% Tax Credit.

RESYNDICATION PROJECTS CHOOSING HOLD HARMLESS RENTS CANNOT RECEIVE LOWEST INCOME POINTS FOR HOLD HARMLES RENTS. CURRENT RENT LIMITS MUST BE USED FOR LOWEST INCOME POINT SCORING.

***Only projects competing in the Rural Set-aside may use the 55% AMI column and selected targeting in the 50% AMI column.**

****60% AMI is included as a place-holder and will not receive any additional points.**

F(2) Lowest Income for 10% of Total Restricted Units at 30% AMI — 2 Points

A project that agrees to have at least 10% of its units available for tenants with incomes no greater than 30% AMI and agrees to restrict the rents on those units accordingly can receive two additional points. The 30% AMI units must be spread across the various bedroom sizes, starting with the largest bedroom count units (e.g. four bedroom units) and working down to the smaller bedroom count units, assuring that at least 10% of the larger units are proposed at 30% AMI. So long as the project meets the 10% standard as a whole, the 10% standard need not be met among all of the smaller units. TCAC may correct applicant errors in carrying out this largest-to-smallest unit protocol.

G. Readiness to Proceed

Points are available to applications documenting each of the categories below, up to a maximum of 15 points. Within the application the following must be delivered (see Regulation Section 10325(c)(8) and the Checklist Items for additional information):

Readiness to Proceed			Maximum 15 Points
Yes	(i)	Enforceable commitment for all construction financing, as evidenced by executed commitment and payment of commitment fees	**5 points**
Yes	(ii)	Evidence, as verified by the appropriate officials, of site plan approval and that all land use environmental review clearances (CEQA, NEPA, applicable tribal land environmental reviews) necessary to begin construction are either finally approved or unnecessary	**5 points**
Yes	(iii)	All necessary public or tribal approvals subject to the discretion of local or tribal elected officials	**5 points**

15 points will be available to projects that document all of the above and are able to begin construction within 180 days of the Credit Reservation, as evidenced by submission of the following within 180 days* of the Credit Reservation: updated application form and explanation of changes, executed construction contract, breakdown of lender-approved construction costs, recorded deeds of trust for all construction financing, binding commitments for permanent financing and any other required financing, a limited partnership agreement executed by the general partner and the investor providing the equity, payment of all construction lender fees, issuance of building permits (see TCAC Regulation Section 10325(c)(8) for additional guidance), and notice to proceed delivered to the contractor. If no construction lender is involved, evidence must be submitted within 180 days after the Credit Reservation is made that the equity partner has been admitted to the ownership entity and that an initial disbursement of funds has occurred. Failure to meet this timeline will result in recission of the Credit Reservation. In addition to the above, all applicants receiving any points under this subsection must provide an executed Letter of Intent (LOI) from the project's equity partner within 90 days of the credit reservation. The LOI must include those features called for in the CTCAC application (See Appendix for requirements).

In the event that one or more of the above criteria have NOT been met, 5 points may be awarded for each one that has been met. In such cases, the 180-day requirements shall not apply to projects that do not obtain the maximum points in this category. The 90-day requirements apply to all projects requesting any points under this category.

*After the Credit Reservation date TCAC will randomly assign a 180 day deadline for half of the awarded projects and a 194 day deadline for the remaining half of the projects.

Total Points for Readiness to Proceed:	15

H. Miscellaneous Federal and State Policies

Maximum 2 Points

Yes	(i)	For applicants that agree that the Committee may exchange Federal Tax Credits for State Tax Credits in an amount that will yield equal equity as if only Federal Tax Credits were awarded.	**2 Points**
N/A	(ii)	Enhanced Accessibility and Visitability. Project design incorporates California Building Code Chapter 11(B) and the principles of Universal Designed listed in Reg. Section 10325(c)(9)(B) in at least half of the project's units.	**2 Points**
N/A	(iii)	Smoke Free Residence. The proposed project will have at least 1 nonsmoking building and incorporate prohibition of smoking into the lease agreements for the affected units. If a single building project, the project will designate contiguous units as nonsmoking.	**2 Points**
N/A	(iv)	Historic Preservation. The project proposes to incorporate historic tax credits.	**1 Point**
N/A	(v)	Revitalization Area Project. The project is located within a QCT, a census tract in which at least 50% of the households have an income of less than 60% AMI, or a federal Promise Zone. The development will contribute to a concerted community revitalization plan as demonstrated by a letter from a local government official.	**2 Points**
N/A	(vi)	Eventual Tenant Ownership. The project proposes to make tax credit units available for eventual tenant ownership.	**1 Point**

Furthermore, negative points may be assigned to one or more Development Team members, but do not necessarily apply to the entire Team. Negative points assigned by the Executive Director may be appealed to the Committee under appeal procedures enumerated in the regulations.

VII. TIE BREAKER SYSTEM FINAL TIE BREAKER SELF-SCORE

This section is included in the application for self-scoring. Be aware that TCAC will use self scores to determine which projects undergo further review in the competition, including the verification of self scores, for possible reservation of tax credits. TCAC will not verify or evaluate every project's self score. Project's that self score too low to successfully compete for a reservation of tax credits will not undergo any further review by TCAC.

Review TCAC Reg. Section 10325(c)(10). Provide evidence of committed permanent public funds in Tab 20 and evidence of public subsidies, if any, in Tab 17.

Projects with commercial/non-residential costs will have committed public funds discounted by the percentage of the project proposed to be commercial or non-residential.

Ineligible off-site costs should be excluded from both numberators. This can be done by entering a negative number for the ineligible off-site costs under the list of leveraged soft financing below. Ineligible off-site costs should also be excluded from the denominators.

Evidence of land value is required (see Tab 1). The value of the land per TCAC Regulations must be included in "Total residential project development costs" below as evidenced in Tab 1 of the application. Donated land value must be included in Total Project Cost and the Sources and Uses Budget.

Final Tie Breaker Formula:

$$\frac{\text{Committed, permanent, leveraged soft financing defraying residential costs X subsidy percentage factor}}{\text{Total residential project development costs}} + \left(\left(1 - \frac{\text{Requested unadjusted eligible basis + amount of basis reduction up to leveraged soft financing exclusive of donated land and fee waivers}}{\text{Total residential project development costs}}\right) / 3\right)$$

SOFT FINANCING

Tranche B, if applicable (calculate below)		$0
Total donated land value		
Total fee waivers		
List leveraged soft financing **excluding** donated land and fee waivers:		
Housing Authority Seller Financing	$2,100,000	
Housing Relinquished Fund Corp	$1,600,000	
Existing Improvements	-$1,070,000	
Ineligible Offsites	-$24,900	
Total leveraged soft financing excluding donated land and fee waivers		$2,605,100
TOTAL		$2,605,100

BASIS REDUCTION

Total basis reduction	$126,931

MIXED USE PROJECTS

For mixed-use projects, the permanent public fund numerator must be discounted/reduced by the mixed-use ratio below.

Mixed-use projects: Total commercial cost / Total project cost: 0.0%

THE PRORATED COMMERCIAL COST DEDUCTION TO SOFT FUNDS MUST BE CALCULATED FIRST, BEFORE APPLYING ANY SUBSIDY ADJUSTMENT/INCREASE TO THE NUMERATOR (REGULATION SECTION 10325(c)(10)(A)). TCAC staff may adjust this ratio as deemed appropriate.

Sample formula (commercial costs) for numerator *Committed permanent soft funds defraying residential costs* =(G41)*(1-J46)

RENTAL/OPERATING SUBSIDY BOOST

For projects with public operating or rental subsidies listed in Reg. Section 10325(c)(10)(A), calculate the percentage increase below and increase the soft funds numerator by the adjustment percentage.

Operating and rental subsidies: % of subsidized units: 74.468% | 18.617% | Subsidy adjustment/increase to permanent public funds numerator (This adjustment is calculated in the numerator after any commercial cost adjustment).

The number of rental subsidy units and the number of operating subsidy units are cumulative, up to 100%.

FINAL TIE BREAKER CALCULATION

Soft financing less commercial proration	$2,605,100	Requested unadjusted eligible basis	$13,252,902
With rental/operating subsidy boost	$3,090,092		

$$\frac{\$3{,}090{,}092}{\$17{,}250{,}510} + \left(\left(1 - \frac{\$13{,}379{,}833}{\$17{,}250{,}510}\right)/3\right) = \boxed{25.392\%}$$

Tranche B calculation

For purposes of the public funds points section and the final tie breaker, a Tranche B loan is the lesser of the actual commitment amount or the following. Please note, an application must include a private Tranche B loan supported by a public subsidy to utilize this calculation.
