

CALIFORNIA'S HOUSING TAX CREDIT PROGRAM

2011 Annual Owners Certification Form Instructions

Submittal of the Annual Owner Certification (AOC) Form

Dear Tax Credit Project Owner:

Internal Revenue Service (IRS) Monitoring Regulations require all owners of low-income housing tax credit projects to annually submit an owner certification to the Tax Credit Agency. Even though some project owners have finished claiming their credit, all owners must continue to complete the AOC. If you have claimed or plan to claim tax credits for the project indicated above, you must complete the certification and return it to the California Tax Credit Allocation Committee (CTCAC). Failure to submit the AOC or requisite documentation noted below will result in a notice of noncompliance.

Instructions for Completing AOC Form:
