This report contains the information required to be provided by the City, Agency, Authority and the OACCA for the Fiscal Year ended June 30, 2008 (the “Fiscal Year 2008 Annual Information”) under various continuing disclosure certificates and agreements (referred to collectively as the “Disclosure Undertakings”). The Disclosure Undertakings are for the benefit of the holders, owners and beneficial owners of the respective series of bonds and are intended to assist the underwriters of such bonds in complying with the terms and provisions of Rule 15c2-12 adopted by the United States Securities and Exchange Commission under the Securities Exchange Act of 1934 (17 C.F.R. § 240.15c2-12).

The following additional documents have been filed separately with the NRMSIRs. The link for each of the documents is provided below only for the convenience of investors. Other than the documents listed immediately below, information on the City’s web site is not incorporated as part of this report.

The City and the Agency have each served as the conduit issuer for a variety of financings for which neither the City nor the Agency is obligated with respect to the payment of debt or the provision of continuing disclosure. Such conduit issues include industrial development bonds, health care bonds and housing bonds. For information regarding these conduit bonds, the appropriate conduit borrower should be contacted. Additionally, the Port of Oakland, a department of the City, is a separate reporting entity. No information relating to the Port of Oakland and its financings has been provided in this document. Such information may be requested directly from the Port by contacting (510) 627-1100.

No representation is made as to the materiality of the information set forth herein. Other relevant information for Fiscal Year 2008 may exist and other matters may have occurred or become known during or since June 30, 2008, which are not included herein and which a reasonable investor would consider to be important when making an investment decision. Further, no representation is made that the Fiscal Year 2008 Annual Information is indicative of financial or operating results of the City, Agency, Authority, and the OACCA since the end of Fiscal Year 2008.

Additionally, the City, Agency, Authority, and the OACCA have voluntarily included information in this report that is not required by the Disclosure Undertakings and/or pertains to bond issues not subject to continuing disclosure requirements either because they closed prior to the effective date of Rule 15c2-12 (January 1, 1996) or are exempt from such requirements due to their variable rate structure. The City, Agency, Authority, and the OACCA reserve the right to amend or withdraw this information at any time. This document is not intended to create disclosure requirements or a legal obligation to provide any or all of this information.

Some of the information contained in this report was obtained from sources outside the City. While the City, Agency, Authority, and the OACCA believe such sources to be reliable, the accuracy of such information is not guaranteed by the City, Agency, Authority, and the OACCA.

In all tables throughout this report, numbers may not add up due to rounding.

2. ECONOMIC HIGHLIGHTS

The City of Oakland, located immediately east of the City and County of San Francisco in Alameda County, lies at the heart of the East Bay. Occupying approximately 53.8 square miles, the City's land uses range from industrialized lands bordering the Bay on the west to suburban foothills in the east. The City is served by two major interstate freeways, lies at the crossroads of the Bay Area Rapid Transit system and major railroads, and boasts a world-class seaport and a growing international airport. Oakland is a strategic location for companies seeking to move goods and ideas quickly and seamlessly through air, water, land or cyberspace.

Oakland has a solid, diverse mix of traditional and new economy companies. Companies are attracted to its excellent quality of life, comparatively lower business costs, extensive fiber-optic infrastructure, vast inter-modal network, and a highly skilled labor pool – ranked the eighth most educated in the nation.¹

All of these factors – combined with great weather, a vibrant waterfront, lush hills, plentiful open space, beautiful neighborhoods, panoramic vistas, and abundant cultural amenities – make Oakland a highly desirable place to live, work and do business.

Economic Development

The following represent some of the major projects recently completed, currently underway or in the final planning stages in the City of Oakland.

Downtown Central District

- The Fox Theater, which is a national historic landmark, is undergoing renovation into a 750- to 3000-seat live performance venue as well as the home for the Oakland School for the Arts. The Fox Oakland is the largest historic theater renovation in America today and has opened the Oakland School for the Arts in January 2008 and the Fox Theater by Spring 2009.
- The Uptown Housing Project Phase I will provide 665 rental apartments, of which 20 percent will be affordable housing for households earning less than 50 percent of the area's median income, 9,000 square feet of neighborhood-serving retail, and a 25,000 square foot public park. Phase II of the project will provide an additional 380 residential units and 20,000 square feet of retail space. Phase I of the project was completed with the grand opening in October of 2008.
- A new development has been proposed for Jack London Square that will feature 1.2 million square feet of mixed-use retail commercial, and office space, a 1,700 seat movie theater, a 250 room hotel, a supermarket, restaurants, and offices.
- Block T-12 of City Center was purchased by Shorenstein Properties LLC in December of 2007 and will be developed into a mixed-use facility offering 588,000 square feet of

¹ 2000 U.S. Census.

office space and 9,500 square feet of retail space. Construction started in October of 2008.

Central City East Projects

- Estuary Cove, a 1.1 acre site on Embarcadero Drive opened in 2007, includes a three-story 26,005 square foot building that houses new boat dealer, Starbucks, California Teachers Associations, Quiznos, and offices.
- Monte Vista Homes, where 545 residential units are currently under construction along with an already completed 6,000 square foot community center and 10,000 square feet of neighborhood-serving retail and commercial space.
- The Oak to Ninth Project is approximately 64 acres of waterfront property along the Oakland Estuary. The project includes up to 3,100 residential units including 465 affordable housing units, 200,000 square feet of ground-floor commercial space, a minimum of 3,950 parking spaces, approximately 32 acres of parks and public open space, two renovated marinas (total 170 boat slips), and an existing wetlands restoration area. The existing buildings on the site will be demolished with the exception of the Jack London Aquatic Center, a portion of the Ninth Avenue Terminal shed building, and a portion of the Ninth Avenue Terminal wharf structure. The project does not include approximately six acres of privately-held property along the east of Fifth Avenue that contain a mix of commercial and industrial uses, as well as a small community of work/live facilities. The project will be constructed in four phases over a seventeen year period.

Coliseum Area

- Lion Creek Crossings, a new development that includes 442 units of affordable rental and 28 units for first time home buyers received \$34.5 million of HUD funding and is expected to be completed by December 2010. Three phases of the project totaling 370 units along with over four acres of the new Lion Creek Park have been completed in 2008.
- Coliseum Transit Village, which will be used as a mixed-use, sustainable transit oriented development, including 390 units of market rate and senior housing and 20,000-30,000 square feet of neighborhood retail space.
- Coliseum Towne Center, which is estimated to be completed in March of 2010 and will include 166,000 square feet of proposed retail shopping center.

Broadway/MacArthur/San Pablo

- The Kaiser Hospital Master Plan includes construction of a new hospital building, parking structures, medical office, and administrative offices.

Oakland Army Base

- Wood Street is approved for 1,557 units of housing and 13,000 square feet of retail. In 2008, three projects were completed, including: (1) Zephyr Gate a 130 unit condominium project under construction with 25 units completed in FY 2007-08; (2) Pacific Cannery Lofts a 163 unit condominium project under construction in FY 2007-08; and (3) 14th Street Apartments at Central Station a 99 unit affordable housing project.

Other Developments

- Trader Joe's, a national specialty food retailer, opened two new locations in Oakland in 2007. The first, a 12,000 square-foot store on Lakeshore Avenue, opened in the Fall of 2007 and the second location, a 14,000 square-foot store, opened just one block north of the busy Rockridge BART station.
- Whole Foods, America's first national "certified organic" grocer, opened an Oakland location in the last quarter of 2007 in the Adams Point District. Modeled after a German food market and constructed within an historic trolley barn, Oakland's Whole Foods is considered one of the finest food emporiums in the Bay Area.

3. DEBT OBLIGATIONS

The City has never defaulted on the payment of principal or interest on any of its debt or lease obligations.

As of June 30, 2008, debt service reserve funds which secure City, OACCA and Redevelopment Agency bonds and lease financings satisfied their respective funding requirements. Neither the City, OACCA, nor the Redevelopment Agency has ever drawn on a reserve fund to satisfy debt service payment shortfalls.

General Obligation Debt

As of June 30, 2008, the City had outstanding a total of \$224,995,000 aggregate principal amount of general obligation bonds. The bonds are general obligations of the City, approved by at least two-thirds of the voters. The City has the power and is obligated to levy *ad valorem* taxes upon all property within the City subject to taxation without limitation as to the rate or the amount (except certain property taxable at limited rates) for the payment of principal and interest on these bonds.

⁽¹⁾ The General Obligation Refunding Bonds were purchased with the proceeds of the Oakland Joint Powers Authority Revenue Bonds, Series 2005; \$106,533 of the Authority revenue bonds were outstanding as of June 30, 2008.

All of the City's general obligation debt is authorized by voter approval of certain measures. The table below summarizes all of the voter-approved measures that have remaining authorizations for general obligation debt. The City has a total of \$126,800,000 remaining in unissued bond authorization under Measure DD. The bonds are to be issued for the improvement of Lake Merritt, the Estuary, inland creeks, Studio One, and other specifically identified projects in the City.

Lease Obligations

The City has entered into various long-term lease arrangements that secure lease revenue bonds or certificates of participation, under which the City must make lease payments, payable by the City from its General Fund, to occupy public buildings or use equipment. The table below summarizes the City's outstanding long-term lease obligations.

⁽¹⁾ The lease payments securing these bonds are joint and several obligations of both the City and the County of Alameda. Each entity has covenanted to budget and appropriate one-half of the annual lease payments, and to take supplemental budget action if required to cure any deficiency. Principal amounts shown represent half of total original and outstanding par, representing the amount that is directly attributable to the City.

⁽²⁾ Bonds are loosely tied to a swap

Swaps

The City entered into a forward-starting, floating-to-fixed-rate swap with Goldman Sachs in conjunction with the \$187,500,000 Oakland Joint Powers Financing Authority, 1998 Series A-1/A-2. On June 21, 2005, all of the outstanding 1998 Lease Revenue Bonds were defeased by the Oakland Joint Powers Financing Authority Refunding Revenue Bonds, 2005 Series A-1, A-2 and B ("Series 2005 A&B Bonds). However, the Swap associated with the 1998 Lease Revenue Bonds still remains in effect and is set to terminate on July 31, 2021. As of June 30, 2008, the Swap had a notional amount of \$101,700,000.

For further discussion of the structure and risks associated with these swaps, please see the City's Comprehensive Annual Financial Report for the Year Ended June 30, 2008.

Oakland-Alameda County Coliseum Authority Debt

The City is a participant with the County of Alameda (the “County”) in a joint exercise of powers entity known as the Oakland-Alameda County Coliseum Authority (“OACCA”), which was formed on July 1, 1995, to assist the City and County in the financing of public capital improvements in the Oakland-Alameda County Coliseum Complex (the “Coliseum Complex”). The outstanding bonds issued by the OACCA are summarized above in the table “City of Oakland Lease Obligations”.

The bonds are limited obligations of the OACCA payable from revenues of the OACCA, consisting primarily of rental payments payable by the County and City to the OACCA, pursuant to two master leases (the “Master Leases”) among the OACCA, as lessor, and the County and the City, as lessees. The rental payments under the Master Leases are joint and several obligations of the County and the City, although both agencies have paid their 50% proportional share when due. The rental payments fluctuate depending upon the amount of OACCA revenues available to pay operating expenses and debt service.

The table below summarizes the City’s 50% portion of lease payments required to make the OACCA’s debt service payments.

City’s Share of Annual OACCA Debt Service⁽¹⁾ (In \$000’s)			
Fiscal Year Ended June 30	1996 Series A-1 and A-2 Variable Rate (Arena Project)	2000 Series C-1, C-2, and D Variable Rate (Coliseum Project) ⁽²⁾	Total
2004	1,917	3,603	5,520
2005	2,566	4,463	7,029
2006	3,783	5,796	9,579
2007	4,942	6,037	10,979
2008	5,538	4,286	9,824

⁽¹⁾ Amounts shown include only one-half of the annual lease obligations payable by the City and the County in connection with the above bonds, for which the City and County are jointly and severally liable.

⁽²⁾ The OACCA anticipates a deficiency of operating revenues for repayment of its 2000 Series C and D Bonds, such that the City and County will have to contribute the total amount of base rental payments.

Pension Obligation Bonds

The City has issued two series of pension obligation bonds to fund a portion of the current balance of the City’s Unfunded Actuarial Accrued Liability (“UAAL”) for retirement benefits to members of the Oakland Police and Fire Retirement System (“PFRS”), a closed plan covering uniformed employees hired prior to July 1, 1976. The second series, issued in 2001, was part of a plan of finance undertaken by the City to extend the maturity of the 1997 pension obligation bonds and to reduce the annual debt service on the bonds and so minimize the need for the City to use general fund revenues other than voter-approved property tax override funds to pay such debt service on the 1997 and 2001 Bonds. The table below summarizes the two currently outstanding pension obligation bond issues.

For additional information on the City’s pension systems, please see section entitled “Retirement Programs.”

Limited Obligations

The City has incurred other obligations that are neither general obligations nor payable from the General Fund of the City. These obligations include redevelopment tax allocation bonds, sewer revenue bonds, and special assessment bonds. Information regarding these programs is contained in Sections 5, 6, and 7, below.

Estimated Direct and Overlapping Debt

Located within the City are numerous overlapping local agencies providing public services. These local agencies have outstanding bonds issued in the form of general obligation bonds, lease revenue bonds, certificates of participation and special assessment bonds.

The table below is derived from information provided by California Municipal Statistics Inc. and sets forth the direct and overlapping debt within the City of Oakland as of June 30, 2008. Self-supporting revenue bonds, tax allocation bonds and non-bonded capital lease obligations are excluded from this debt statement. The City has not independently verified the information provided in this chart.

Labor Relations

City employees are represented by eight labor unions and associations (identified in the table below), the largest one being the Service Employees International Union (Local 1021) Full-Time, which represents approximately 57% of all City employees. Approximately 95% of all City employees are covered by negotiated agreements, as detailed below. Memoranda of Understanding ("MOUs") between the City of Oakland and non-sworn employed organizations and firefighters expired June 30, 2008. The City and the respective unions are currently in full-contract negotiations, except for the MOUs covering sworn Police Officers.

The City has never experienced an employee work stoppage. Pursuant to the Meyers-Milas-Brown Act (California Government Code Section 3500 et seq.), the City continues to meet and confer with all of the exclusive bargaining representatives of the City employees.

Retirement Programs

The City has three defined benefit retirement plans: the Police and Fire Retirement System (PFRS), the Oakland Municipal Employees' Retirement System (OMERS), and California Public Employees' Retirement System (PERS). The following summarizes the three systems, which are described further in the City's Comprehensive Annual Financial Report.

Police and Fire Retirement System. The Police and Fire Retirement System ("PFRS") is a closed plan covering uniformed employees hired prior to July 1976. As of June 30, 2008, PFRS covered three current employees and 1,238 retired employees. The City issued pension obligation bonds in February 1997 to fund PFRS through 2011. As a result, no employer contributions are required through fiscal year 2011. A portion of the 1997 pension obligations were refunded in 2001. The City pays debt service on the pension obligation bonds from proceeds of an ad valorem property tax override. As of July 1, 2007, PFRS was 63.7% funded, with an unfunded actuarially accrued liability of \$332.1 million.

Oakland Municipal Employees Retirement System. The Oakland Municipal Employees Retirement System ("OMERS") is a closed plan administered by the City, and covers 61 retired employees. On June 20, 2004, the last active OMERS member transferred to PERS. For the fiscal year ended June 30, 2007, the City, in accordance with actuarially determined contribution requirements, did not make contributions to OMERS as the plan is fully funded.

California Public Employees Retirement System. PERS is a defined benefit plan administered by the State and covers all uniformed employees hired after June 30, 1976 and all non-uniformed employees hired after September 1, 1970, as well as former members of PFRS and OMERS

except those who have not elected to transfer from OMERS. PERS acts as a common investment and administrative agent for public entities participating with the state of California. PERS is a contributory plan deriving funds from employee contributions as well as from employer contributions and earnings from investments. A menu of benefit provisions is established by State statutes within the Public Employees' Retirement Law. The City selects its optional benefit provisions from the benefit menu by contract with PERS.

In Fiscal Year 2004 the City increased its benefits for police to provide 3.0% of highest salary at age 50. In Fiscal Year 2005, the City increased its benefits for miscellaneous employees, increasing retirement benefits to 2.7% of highest salary per year of employment at age 55. In Fiscal Year 2005, the City increased its benefits for fire safety members to provide 3.0% of highest salary at age 50.

For 2007-08, the City's contribution to PERS was \$97,863,350. The City's unfunded liability with PERS, as of June 30, 2007, was \$231.8 million for the public safety (police and fire) retirement plan, resulting in a 76.6% funded status, and \$263.8 million for the miscellaneous retirement plan, resulting in a 83.7% funded status.

Other Post-Employment Benefits. The City has three programs in place to pay the partial costs of health insurance premiums for certain classes of retirees from City employment. Retirees meeting certain requirements relating to age and years of service are eligible for health benefits. The health benefits are extended to retirees pursuant to labor agreements between the City and certain of its employee labor unions and in resolutions of the City. Approximately \$10,966,605 was paid on behalf of retirees under these programs for the year ended June 30, 2008.

The City implemented GASB 45 in FY 2007-2008 and elected to report a zero net OPEB obligation. As of June 30, 2008, the City's annual required contribution (ARC) for post employment benefits was \$54,635,000. The City paid approximately \$10,966,605 million on a pay-as-you-go basis for retirees in a City-sponsored PERS health benefit plan. The net OPEB obligation for the fiscal year ended June 30, 2008 was \$43,668,000.

City Operating Fund Investment Policy

The City Treasurer invests the City's operating funds according to the Investment Policy adopted by the City Council. The objectives of the Policy are preservation of capital, liquidity, diversity, and yield. The Policy addresses the soundness of financial institutions in which the City may deposit funds, types of investment instruments permitted by the City and the California Government Code, investment duration and the amount which may be invested in certain instruments. The Investment Policy also reflects certain ordinances and resolutions of the City further restricting investments, including the Nuclear Free Ordinance and the Tobacco Divestiture Resolution. The City of Oakland's Investment Policy was last amended on May 29, 2008, for Fiscal Year 2008-2009. Bond proceeds held by Trustees and Fiscal Agents are exempt from the guidelines set forth in the City's Operating Fund Investment Policy.

Summarized below are the permitted investments under the Policy.

⁽¹⁾ Investment in US Treasury securities requires approval of the City Council under the Nuclear-Free Ordinance. In October 2008, the City Council passed Resolution No. 81629 that permitted the City to invest in U.S. Treasuries for a period of 60 days.

⁽²⁾ The sum of reverse purchase agreements and securities lending agreements should not exceed 20% of the portfolio.

⁽³⁾ For deposits over \$100,000, the Certificate of Deposit must be collateralized.

Insurance and Risk Management

The City is insured up to \$25,000,000 after a \$2,000,000 per occurrence self-insured retention for the risks of general liability, malpractice liability, and auto liability. All properties are insured against damage from fire and other forced perils at full replacement value after a \$10,000 deductible to be paid by the City. The City does not insure for damage from earthquakes and floods. The City is also insured up to \$100,000,000 after a \$750,000 per occurrence self-insured retention for workers' compensation losses. As of June 30, 2008, the amount of all self-insured general liability exposure is valued at approximately \$50,242,266. Of this amount, approximately \$6,395,226 is estimated to be due within one year. Payment of Workers' Compensation claims is provided through annual appropriations. As of June 30, 2008, the amount of Workers' Compensation liability determined to be probable is approximately \$80,382,255. Of this amount, \$18,094,388 is estimated to be due within one year.

5. INFORMATION REGARDING THE OAKLAND REDEVELOPMENT AGENCY

Redevelopment Agency of the City of Oakland

The City's Redevelopment Agency has issued several series of tax allocation bonds to provide funding for blight alleviation and economic development in parts of the City, or for the construction of low-income housing. The bonds are payable from the tax increment received from the specific redevelopment project areas which they support. Tax allocation bonds have been issued for the Acorn Redevelopment Project Area, the Central District Redevelopment Project Area, the Coliseum Area Redevelopment Project Area, the Central City East Redevelopment Project Area and the Broadway/MacArthur/San Pablo Redevelopment Project Area. In addition, bonds have been issued that are secured by dedicated housing set-aside revenues from all the City's redevelopment project areas.

Outstanding Redevelopment Agency Debt

The tables below summarize the Redevelopment Agency's outstanding tax allocation debt and other financings, including the final maturity date, original par amounts and amounts outstanding. All information below is presented as of June 30, 2008.

The Agency has never defaulted on any of its indebtedness and has paid the interest and principal payments on its outstanding indebtedness as scheduled.

The Central District Redevelopment Project Area

This Project Area encompasses approximately 828 acres, covering approximately 300 City blocks, including the entire Central Business District. The Project Area is the economic and transportation hub of the East Bay portion of the San Francisco Oakland Metropolitan Area. It contains nearly 27 major office buildings of over 100,000 square feet each, with approximately 10.5 million total square feet of rentable class A and B office space, and over 160 office buildings with a total of 16.9 million square feet of office space.

Within the Project Area are four major redevelopment action areas. The City Center action area includes office and government buildings and has recently become an area of residential condominium development, with the Landmark Place. The Chinatown action area is a mixed-use neighborhood serving the needs of several Asian communities, including the Courtyard by Marriott Hotel and the Franklin 88 mixed-use condominium project. The Old Oakland action area surrounds a group of eleven rehabilitated/restored mid-to-late nineteenth century Victorian commercial structures and includes the renovated historic Swan's Market.

The Uptown action area is the location of the Uptown Project, being developed by Forest City, Inc. The Uptown Project includes: (1) 665 rental units, of which 20% (135 units) are affordable at 50% of the Area Median Income ("AMI") and 5% are affordable at 120% AMI, which was completed in 2008; (2) a 25,000 square foot public park which was completed in 2008; and (3) 270 condominium units which are proposed for the future.

Other projects in the area Uptown area include: (1) Center Twenty One (195,000 sf office and 20,000 sf retail), completed in late 2007; (2) Fox Court (80 rental units affordable at 25% to 60% of AMI), and (2) Fox Theater (2,500 seat theater, facilities for Oakland School for the Arts and retail space along Telegraph Avenue), which are both under construction and will be completed in 2009; (4) the City Administration Complex, (5) the Rotunda Building, (6) the Thomas Berkley Sq Building (119,000 square foot County facility) and (7) the adjoining Thomas Berkley Sq Condominiums (88 units) which is also under construction. These four redevelopment action areas surround the 48,000 square foot Oakland Convention Center-Marriott City Center Hotel Complex, which was developed with Agency financial assistance. The surrounding areas of the Central District also contain additional housing projects developed under the 10K, including 25

projects with 2,168 units completed since 1999 and 11 projects with 791 units under construction.

The table below summarizes the limits of the Central District Redevelopment Plan (the “Plan”) for the Project Area, including the amendment area added by the amendment to the plan adopted on July 24, 2001. On December 21, 2004, the Agency Board extended the time limits of the Plan and the receipt of tax increment revenue from the Project Area by an additional two years, thereby extending the Plan to June 12, 2012 and the receipt of tax increment revenues to June 12, 2022.

Maximum Tax Increment Collections	\$1.348 billion	N/A	\$1.348 billion
Acreage	813.50	14.86	828.36

⁽¹⁾ Does not set forth limitations with respect to the 1982 Amendment Area, which increased the Project Area by approximately 55 acres. The 1982 Amendment Area was initially exclusively government-owned, and thus generated no tax increment. Since then, two parcels have been conveyed to private owners, and in Fiscal Year 2003-04 they generated approximately \$400,000 in tax increment. Total tax increment collected from the 1982 Amendment Area cannot exceed \$75 million.

The Broadway/MacArthur/San Pablo Redevelopment Project Area

This Project Area, formed in 2000, encompasses 676 acres and is comprised of two distinct areas in northern Oakland. The Broadway/MacArthur sub-area incorporates Broadway’s Auto Row district and Telegraph Avenue between 27th and 42nd Streets. The San Pablo sub-area incorporates the Golden Gate neighborhood along San Pablo Avenue from 53rd to 67th Street.

Key elements of the redevelopment plan for the Project Area include in-fill development on underutilized properties, infrastructure upgrades, and support for catalyst projects, including the MacArthur Transit Village Project, which will provide 30,000 square feet of commercial space and up to 800 residential units, 20% of which will be below-market rentals.

The Project Area Committee, which provides guidance for redevelopment activities in this project area, has prioritized several key projects and activities in its five-year implementation plan, including the MacArthur Transit Village Project, Commercial Façade and Tenant Improvement Programs, in-fill development within the Project Area, upgrades to public facilities, and streetscape improvements on Telegraph Avenue, Broadway, 40th Street, West MacArthur Boulevard and San Pablo Avenue.

The table below summarizes the limits of the Broadway/MacArthur/San Pablo Redevelopment Plan (the “Plan”) for the Project Area.

The Central City East Redevelopment Project Area

This Project Area, formed in July 2003, contains neighborhoods in Central and East Oakland, including the Eastlake, Fruitvale, Central East Oakland and Elmhurst. The Project Area encompasses 3,339 acres and extends from the southern edge of the downtown area east to approximately the City of San Leandro border. The Project Area is primarily residential in nature, but contains commercial areas adjacent to downtown in the northwest portion of the Project Area and along MacArthur and Foothill Boulevards. Additionally, a small area of industrial development is located along Embarcadero West of I-880.

The Project Area has as bookends of two major mixed-use redevelopment projects – the Oak to Ninth project and the Foothill Square project. Once developed, the Oak to Ninth project will include 3,100 residential units, 200,000 square feet of commercial/retail space, a 170 slip marina, and approximately 30 acres of park/open space. The Foothill Square project would redevelop an existing 140,000 square feet single anchor retail center into a 190,000 square feet dual-anchored development with approximately 200 units of multifamily housing.

In addition, the Project Area Committee has identified opportunity sites for redevelopment of underutilized properties along major transit corridors of the Project Area into residential or mixed-use developments.

Other activities in the Central City East Redevelopment area include nine streetscape improvement projects located in commercial nodes throughout the redevelopment area; a Façade Improvement Program and a Tenant Improvement Program; several upgrades of community facilities including three libraries, two parks, and a pool; a Homeownership Rehabilitation Program; and funding for three Affordable housing developments called the Orchids (new development of 65 units of senior rental housing), Posade de Colores (infrastructure improvements to the property with 100 units of senior housing), and Foothill Plaza Apartments (rehabilitation of 54 units of rental housing), and a new Fire Station.

The Coliseum Area Redevelopment Project Area

Created in 1995, the Project Area, in terms of acreage, is the largest project area in the City, encompassing approximately 6,764 acres, or 10.57 square miles, in size. The Project Area produced approximately 25% of the Agency's tax increment revenue for Fiscal Year 2005-06. With McAfee Coliseum and Arena within its boundaries and Oakland International Airport, one of the fastest growing international airports in the State, directly adjacent, the Agency envisions the Project Area as an ideal location for residential, retail, business parks, entertainment and recreational development opportunities.

The Project Area is also a transportation hub, including the Coliseum and Fruitvale BART stations, a Union Pacific train station and freight facilities, AC Transit and the Coliseum Intercity Rail Platform (AMTRAK Capitol Corridor), and major arterials including I-880, Hegenberger Road, International Boulevard, San Leandro Street, and the proposed Oakland Airport Connector.

Developments projects recently underway in the Project Area include the Coliseum Transit Village, a mixed-use, transit-oriented development in the area of the Coliseum BART station; Lion Creek Crossings (formerly Coliseum Gardens), a 382-unit mixed income housing development under construction by the Oakland Housing Authority; a new 23,000 square foot library, which will be Oakland's largest branch library; a 160,000 square foot shopping center; and a new 400-unit housing development at 98th and San Leandro Street called Arcadia Park.

Other activities in the Project Area include a façade improvement program along International Boulevard between 23rd Avenue to the San Leandro city border and a streetscape improvement program along several major roads within the Project Area.

The table below summarizes the limits of the Coliseum Area Redevelopment Plan (the “Plan”) for the Project Area, including the amendment area added by the amendment to the plan adopted on July 29, 1997.

2007-08 Long-Term Debt Financings

Oakland Joint Powers Financing Authority Refunding Revenue Bonds, 2008 Series A-1 and A-2

On April 16, 2008, the Oakland Joint Powers Financing Authority (the “JPFA”) issued its Refunding Revenue Bonds in an aggregate principal amount of \$127,960,000. This issue comprised of a tax-exempt portion in an aggregate amount of \$107,630,000 (the “2008 Series A-1”) and a taxable portion in an aggregate amount of \$20,330,000 (the “2008 Series A-2”), (collectively, the “2008 Bonds”). The 2008 Bonds are fixed rate bonds. The 2008 Bonds were issued to (i) refund and defease all of the outstanding JPFA’s Refunding Revenue Bonds, 2005 Series A and Series B (Auction Rates Securities) and (ii) to convert the auction rates securities to fix rate bonds. The proceeds associated with the 2008 Series A-2 were used to fund a portion of the City’s obligation to make payments to its Police and Fire Retirement System. The 2008 Series A-1 Bonds are tax-exempt with a final maturity of January 1, 2017; the interest rates on these bonds range from 3.00% to 5.25%. The 2008 Series A-2 Bonds are federally taxable with a final maturity of January 1, 2014; the interest rates on these bonds range from 3.45% to 4.69%.

The 2008 Bonds were insured by Assured Guaranty Corp., and rated Aaa/AAA/AAA by Moody’s, S&P and Fitch, respectively, are limited obligations of the Authority payable solely from lease revenues from the City, as lessee, to the Authority, as lessor.

Oakland Joint Powers Financing Authority Lease Revenue Refunding Bonds, 2008 Series B

On May 1, 2008, the Oakland Joint Powers Financing Authority (the “JPFA”) issued its Lease Revenue Refunding Bonds (Oakland Administration Buildings) 2008 Series B in an aggregate principal amount of \$113,450,000 (the “2008 Series B Bonds”). The 2008 Series B Bonds are tax-exempt and fixed rate bonds. The 2008 Series Bonds were issued to (i) refund and defease all of the outstanding JPFA’s Lease Revenue Refunding Bonds (Oakland Administration Buildings) 2004 Series A-1 and A-2 (Auction Rates Securities) (the “2004 Bonds”), (ii) to convert the auction rates securities to fix rate bonds and (iii) to terminate two interest swaps associated with the 2004 Bonds. The 2008 Series B Bonds are tax-exempt with a final maturity of August 1, 2026; the interest rates on these bonds range from 2.25% to 5.00%.

The 2008 Series B Bonds were insured by Assured Guaranty Corp., and rated Aaa/AAA/AAA by Moody’s, S&P and Fitch, respectively, are limited obligations of the Authority payable solely from lease revenues from the City, as lessee, to the Authority, as lessor.

7. INFORMATION REGARDING SPECIAL ASSESSMENT DISTRICTS

The City has debt outstanding for two bond issues supported by assessment districts. Debt service on each of these assessment and reassessment bond issues is paid solely from assessments levied on real property within the respective districts. The City is not responsible for debt service on the bonds in the event that assessment collections are not sufficient.

The Special Assessment Pooled Revenue Bonds Series 1997 and Reassessment Revenue Bonds Series 1999—are subject to continuing disclosure certificates. The City files a separate continuing disclosure document for its special assessment bonds. NBS Lowry prepares these reports and files them as dissemination on behalf of the City. Continuing reports can be obtained through NBS’s website at www.nbsgov.com. Summary information is provided in this Report for the convenience of investors and other interested parties.

The table below summarizes the City’s outstanding assessment bonds.
