```

\(^2\) Under California Government Code Section 8855(j), “The issuer of any debt issue of state or local government, not later than 21 days after the sale of the debt, shall submit a report of final sale to the commission by any method approved by the commission. A copy of the final official statement for the issue shall accompany the report of final sale. The Commission may require information to be submitted in the report of final sale that is considered appropriate.”

\(^3\) A number of the reports which were received later than 21 days may be a result of the overlap in the prior reporting period of 45 days after the sale, which ended on December 31, 2014, and the current reporting period of 21 days which took effect on January 1, 2015.

DATA UNIT ACTIVITY JANUARY 2015

- Received and processed 215 Reports of Proposed Debt Issuance (RPDIs)
- Received and processed 128 Reports of Final Sale (RFSs)
- Received 39 Marks-Roos Yearly Fiscal Status Reports (YFSRs) for FY 2013-14
- Received 0 Mello-Roos Yearly Fiscal Status Reports (YFSRs) for FY 2013-14
Two of the expected outcomes of the approval of 2012’s Proposition 30, the Temporary Taxes to Fund Education, Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment (“Proposition 30”), were the increase of funding and a reduction in the payment delays to K-14 schools. California Debt and Investment Advisory Commission (CDIAC) reviewed debt issuance reports to determine whether Proposition 30 had an impact on the issuance by school districts of Tax and Revenue Anticipation Notes (TRANs). The results indicate that Prop 30 did impact the amount of TRANs issued.

TRANs can be issued by a single local agency or in a “pooled” transaction (TRAN pool) in which multiple agencies, typically K-12 schools (“K-12”) or community college districts (“CCDs”), share the same financing team to reduce issuance costs. A review of CDIAC data from 2010 through 2014 shows that the principal amount of TRAN issuance in pooled financings peaked in 2012 and then fell to its lowest volume in 2014 (Figure 1).

When TRANs are issued by a single local agency, counties issue the greatest amount of TRANs, followed by cities and K-12 school districts. Community college districts consistently ranked fourth or fifth when measured by issuance amount (Figure 2).

While one may point to the general improvement of economic conditions in California’s cities and counties as contributing to the reduced need for these short-term borrowings, the increase in amount and timeliness of state funding to K-14 education agencies as a result of Proposition 30 coincides with the sharpest reductions in the use of TRANs by these entities.

If you have any questions or concerns about the data presented, please contact the Data Unit by email at CDIAC_Issuance@treasurer.ca.gov or by telephone at (916) 653-3269.

**Review Of AB 2300 Reporting Requirements**

**Nova Edwards**  
CDIAC Policy and Research Unit

Under Chapter 723, Statutes of 2001 (AB 2300, Florez), issuers of debt authorized under the Marks-Roos Local Bond Pooling Act of 1985 are required, with some exceptions, to submit copies of public hearing notices and resolutions of intent to issue debt for capital improvement projects to the California Debt and Investment Advisory Commission (CDIAC) and the State Attorney General’s Office (see text box for background information on AB 2300). The requirement has been in effect since January 1, 2001. In 2014, CDIAC received 109 Reports of Final Sale for Marks-Roos bond issues. Eighty-nine (89) issues fell under the purview of AB 2300, but were determined to have met the filing exemptions provided under Government Code 6586.5 and 6586.7.

Table 1 and Table 2 summarize the results of CDIAC’s review of the 89 capital improvement bond issuances.

It should be noted that the 109 Reports of Final Sale received by CDIAC may not reflect all bond issuance under the Marks-Roos Act during the period. Some issuers may not have reported their bonds to CDIAC, although they are required by law to do so 30 days prior to the sale and within 21 days following the sale.

---

1 It should be noted that the 109 Reports of Final Sale received by CDIAC may not reflect all bond issuance under the Marks-Roos Act during the period. Some issuers may not have reported their bonds to CDIAC, although they are required by law to do so 30 days prior to the sale and within 21 days following the sale.
HEARING NOTICE EXEMPTION. Under various subsections of Government Code Section 6586.5, local agencies are exempt from filing copies of a hearing notice with CDIAC and the State Attorney General’s Office if the bonds are issued:

- Pursuant to the California Community Development Law, Part 1 (commencing with Section 33000) of Division 24 of the California Health and Safety Code;
- To finance transportation facilities and vehicles;
- To finance a facility that is located within the boundaries of an authority, provided that the authority that issues those bonds consists of any of the following:
  - Local agencies with overlapping boundaries;
  - A county and a local agency or local agencies located entirely within that county;
  - A city and a local agency or local agencies located entirely within that city;
- To finance a facility for which an authority has received an allocation from the California Debt Limit Allocation Committee; and
- Of an authority that consists of no less than 100 local agencies and the agreement that established that authority requires the governing body of the local agency that is a member of the authority in whose jurisdiction the facility will be located to approve the facility and the issuance of the bonds.

In addition, as stated in subdivision (c) of Section 6586.5, bonds issued for any of the following purposes are also exempt from the reporting obligations:

- To finance the undergrounding of utility and communication lines;
- To finance, consistent with the provisions of this chapter, facilities for the generation or transmission of electrical energy for public or private uses and all rights, properties, and improvements necessary therefor, including fuel and water facilities and resources;
- To finance facilities for the production, storage, transmission, or treatment of water, recycled water, or wastewater;
- To finance public school facilities; and
- To finance public highways located within the jurisdiction of an authority that is authorized to exercise the powers specified in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code, provided that the authority conducts the noticed public hearing and makes the finding of significant public benefit in accordance with this section.

RESOLUTION OF INTENT EXEMPTION. Government Code 6586.7 exempts local agencies from filing resolutions of intent to issue bonds under Article 1 of the Marks-Roos Act as well as those issued for the following purposes:

- Specified in subdivision (c) of Section 6586.5;
- Pursuant to the California Community Development Law, Part 1 (commencing with Section 33000) of Division 24 of the California Health and Safety Code;
- To finance transportation facilities and vehicles;
- To finance a facility that is located within the boundaries of an authority, provided that the authority that issues those bonds consists of any of the following:
  - Local agencies with overlapping boundaries;
  - A county and a local agency or local agencies located entirely within that county;
  - A city and a local agency or local agencies located entirely within that city;
- To finance a facility for which an authority has received an allocation from the California Debt Limit Allocation Committee;
- Of an authority that consists of no less than 100 local agencies and the agreement that established that authority requires the governing body of the local agency that is a member of the authority in whose jurisdiction the facility will be located to approve the facility and the issuance of the bonds.

to do so 30 days prior to the sale and within 21 days following the sale.

Issuers can complete the Report of Proposed Debt Issuance and Report of Final Sale forms on CDIAC’s website at www.treasurer.ca.gov/cdiac/reporting.asp. Unless exempted, issuers must submit public hearing notices and copies of resolutions of intent to issue debt in accordance with AB 2300.

CDIAC will continue to track compliance with this statute and will report on its findings in future issues of Debt Line.
Municipal Market Regulatory Activity Calendar of Events

SAVE THE DATE

UPDATES TO JANUARY

9 IRS released a private letter ruling regarding total return swaps.

29 MSRB published a notice encouraging municipal bond issuers to be transparent about their undisclosed debt.

UPDATES TO FEBRUARY

6 SEC passed a technical amendment to Regulation AB regarding asset-backed securities disclosure and registration.

9 SEC proposed amendments to rules requiring disclosure of hedging by employees in annual proxy statements. Comments are due April 20, 2015.

11 SEC adopted new rules and amendments to Regulation SBSR regarding registration, reporting, and dissemination of security-based swap information. The rules become effective April 13, 2015.

MARCH

6 Comments are due to GASB on its proposed standards for financial reporting and fiduciary responsibilities.

6 Comments are due to GASB on its proposed standards for leases.

30 Comments are due on the additional reporting rules and guidance regarding Regulation SBSR that were proposed February 11, 2015.
