

CALIFORNIA DEBT LIMIT ALLOCATION COMMITTEE

Estimated Public Benefits Single-Family Housing Program Pool 2011 SUMMARY

State and local governmental agencies and joint powers authorities can issue tax-exempt mortgage revenue bonds (MRB) or mortgage credit certificates (MCC) to assist first-time homebuyers purchase homes. These agencies and authorities may issue MRBs, the proceeds of which back below market interest rate mortgages. As an alternative to issuing MRBs, state and local governmental agencies and joint power authorities may issue MCCs. The value of the credit equals up to 20% of the interest payments made annually on the program participant's first mortgage. Homebuyers use the MCC to reduce their federal tax liability by applying the credit to their net tax due. Homebuyers may purchase single-family homes; either free-standing detached homes, condominiums or townhouses. Program participants must meet program income limits and must purchase a home that falls within the program's purchase price limitations.

The California Debt Limit Allocation Committee is responsible for administering California's annual tax-exempt private activity bond program, known as "the annual State ceiling". For calendar year 2011, California's State ceiling is \$3.539 billion. Each year the Committee divides the annual State ceiling among several bond programs, known as "Program Pools", including the Single-Family Housing Program Pool. For calendar year 2011, the Committee reserved approximately \$750 million or 21.2% of the State ceiling for the Single-Family Housing Pool. The \$750 million of bond authority will be allocated throughout the 2011 calendar year.

The Committee awarded a total of \$182,994,901 of the 2011 State Ceiling to the Single-Family Housing Program and authorized the use of \$270,000,000 in 2008 carryforward allocation increasing the total allocation awarded to \$452,994,901. These allocations were awarded to fourteen (14) local Mortgage Credit Certificate Programs and one (1) statewide Mortgage Credit Certificate Program. The allocations will assist approximately 2,404 first-time homebuyers, of which at least 961 will be lower income households and approximately 429 will purchase newly constructed homes.

SUMMARY OF ALLOCATIONS

Mortgage Credit Certificate Programs

<u>AMOUNT ALLOCATED</u>	<u>ESTIMATED NUMBER & DESCRIPTION OF PUBLIC BENEFITS</u>
\$452,994,901	2,404 Total number of MCCs 961 Total number of MCCs to low income households 429 Total number of MCCs to homebuyers purchasing newly constructed homes (17.7% of total)

TOTAL SINGLE-FAMILY HOUSING PROGRAM
