Senate Bill 798 ("SB 798"), codified under Revenue and Taxation Code sections 17053.86 and 23686, was signed into law by the Governor on September 16, 2014 and became effective immediately as an urgency statute. Senate Bill 81 ("SB 81" or together with SB 798, the "bills") was signed into law by the Governor on June 24, 2015, amended Revenue and Taxation Code sections 17053.86 and 23686 and added sections 12207, 17053.87, and 23687. The bills authorize a College Access Tax Credit ("tax credit") for taxable years beginning on or after January 1, 2014, and before January 1, 2018, based on a percentage of the taxpayer's contribution to the College Access Tax Credit Fund (the "Fund"). The California Educational Facilities Authority ("CEFA" or the "Authority") is required to allocate and certify the tax credit.

- 55% for 2015 Taxable Year
- 50% for 2016 Taxable Year
- [50% for 2017 Taxable Year](#)

After I have submitted an application, how will I know if I will receive a College Access Tax Credit Certification and the amount of the tax credits?

If tax credits are available, the Authority will send the taxpayer a Notice of Allocation Reservation and a Contribution Submittal Form. In order to receive a College Access Tax Credit Certification, the taxpayer must submit the contribution along with the Contribution Submittal Form to the Authority. The contribution and the Contribution Submittal Form must be received by the Authority within 20 days from the date shown on the Notice of Allocation Reservation. The amount of the tax credits is a percentage of the contribution.

What happens if the Authority does not allocate and certify all of the tax credits within a calendar year?

Unallocated and uncertified tax credits will rollover to the next calendar year.

What if the Authority receives applications for tax credits greater than the amount available?

The Authority shall reserve tax credits for allocation and certification to taxpayers on a first come first served basis, as determined by the date the application was received by the Authority. If two or more applications are received by the Authority on the same day and the amount of tax credits available is insufficient to fully allocate and certify tax credits to each taxpayer, the tax credits shall be reserved for allocation and certification to those taxpayers on a pro-rata basis. Applications received by the Authority after 5:00 p.m. (Pacific Time) will be deemed to be received by the Authority on the following day.

Is there a limit to how much I can contribute to the Fund?

No. The Authority shall reserve tax credits for allocation and certification to taxpayers on a first come first served basis, up to the amount of credits available, as determined by the date the application is received by the Authority.

After my tax credit has been reserved, can I contribute an amount higher or lower than the amount shown on the Notice of Allocation Reservation and the Contribution Submittal Form?

- If the contribution amount received by the Authority is greater than the amount specified on the Notice of Allocation Reservation, the Authority may increase the amount of tax credits allocated and certified to the taxpayer at its discretion if tax credits are available. However, if tax credits are not available for the greater amount, the contribution will be returned and the taxpayer will not receive a College Access Tax Credit Certification. The taxpayer may apply again, but the application must be received by the Authority prior to the deadline.
- If the contribution amount received by the Authority is less than the amount specified on the Notice of Allocation Reservation, the Authority may decrease the amount of tax credits allocated and certified to the taxpayer. The remaining amount of tax credits may be made available to other taxpayers.

How much time will taxpayers have to submit a contribution along with the Contribution Submittal Form?

Both the contribution and the Contribution Submittal Form must be received by the Authority within 20 days from the date indicated on the Notice of Allocation Reservation.

What information do I need to provide to submit my contribution by the Automated Clearing House (ACH) Online Payment?

What happens if the contribution and the Contribution Submittal Form are not both received by the deadline?

If the Authority does not receive both the contribution and the Contribution Submittal Form by the date indicated on the Notice of Allocation Reservation, the reserved tax credits may be made available to other taxpayers.
