Cindy Aronberg for John Chiang, State Controller  
Cynthia Bryant for Ana J. Matosantos, Department of Finance

Staff Present: Michael Paparian, Executive Director  
Sherri Kay Wahl, Deputy Executive Director

Quorum: The Chairperson declared a quorum

2. **MINUTES**

Ms. Redway asked if there were any questions or comments concerning the June 23, 2010 meeting minutes. There were none.

Ms. Redway asked if there was a motion.

Ms. Bryant moved approval of the minutes; upon a second, the minutes were unanimously approved.

3. **EXECUTIVE DIRECTOR’S REPORT (INFORMATION ITEM)**

Mr. Paparian started by saying that he was pleased to announce that Sherri Wahl has been appointed to the position of Deputy Executive Director of CPCFA. Ms. Wahl has been Acting Deputy Executive Director for the past few months and accepted the position of Deputy Executive Director in early July.

The Deputy Executive Director of CPCFA serves several authorities, including the California Alternative Energy and Advanced Transportation Financing Authority (CAEATFA), the California Industrial Development Financing Advisory Commission (CIDFAC) and the dormant California Urban Waterfront Area Restoration Financing Authority (CUWRFA).
Ms. Wahl started with the Treasurer’s office over 25 years ago and brings a wealth of experience to her new position.

Mr. Paparian reported that the California Capital Access Program (CalCAP) Air Resources Board (ARB) Clean Diesel Truck Loan Program is continuing to exceed expectations. Since the beginning of July, staff has enrolled 132 new loans for 93 retrofits and 39 new or newer trucks. In total, staff has enrolled 388 loans and assisted with 455 trucks. Staff expects the rapid pace of the program to continue into the coming months.

Congress is considering a federal small business support program which would include funds for state programs like CalCAP. Staff is discussing this with staff in Congressional offices and is working on possible state legislation that would make it easier for CalCAP to utilize the funds if they become available. The U.S. Senate may take up the legislation soon. Staff is developing plans for a quick ramp-up of CalCAP should the funds become available. There could be $50-150 million available to a state like California. If CalCAP were to receive such funds, it could leverage up to $2.5 billion in loans to small businesses. Staff is excited about the possibility and is paying close attention to what is going on in Washington D.C. regarding this matter.

Mr. Paparian reported that in the California Recycle Underutilized Sites (CALReUSE) Program, the Legislature has decided to allocate the remaining Proposition 1C funds, that could have been used to help with brownfields cleanup, to the Department of Housing and Community Development.

As previously reported to the Board, staff has been working with Strategic Partners on the implementation of the brownfields cleanup program. CALReUSE will be extending the contracts with the Strategic Partners through February 2011 and then phase that work in-house for the remainder of the work on the Prop 1C program.

Mr. Paparian reported that staff is continuing to see a lot of interest in tax-exempt bonds. By the end of September, staff expects to have used over one-third of the program’s $1.4 billion in carry-forward allocation.

Ms. Redway asked if there were any questions or comments from the Board or public. There were none.

4. **BUSINESS ITEMS**

   A. **REQUEST TO APPROVE NEW OFF-ROAD INTERAGENCY AGREEMENT WITH THE CALIFORNIA AIR RESOURCES BOARD (ARB) REGARDING USE OF AMERICAN REINVESTMENT AND RECOVERY ACT (ARRA) FUNDS**

   Presented by: Nancee Trombley, Analyst
The California Capital Access Program for Small Businesses assists small businesses in obtaining financing. ARB participates in CalCAP as an Independent Contributor. The proposed Interagency Agreement between the CPCFA and ARB allocates up to $5,000,000 of American Reinvestment and Recovery Act (ARRA) grant funds awarded to ARB by the U.S. Environmental Protection Agency. These funds will be used for the ARB’s ARRA Off-Road Diesel Independent Contributor program to provide financial assistance to small business owners of diesel vehicles affected by the ARB’s Statewide In-Use Off-Road Diesel Vehicle Regulation. The term of the Agreement will be from the date of approval by the Department of General Services through January 1, 2021.

Ms. Redway asked if there were any questions or comments from the Board or public.

Mr. Paparian announced that the ARB partners that have been working closely with CalCAP staff in developing this program and other programs are in the audience. The partnership has been a great thing for CalCAP.

Ms. Redway added that the program has really taken off since the conversation began three years ago.

Ms. Redway asked if there were any further comments from the Board, or the public. There were none.

   Staff requested approval of a Final Resolution and Allocation Resolution for an amount not to exceed $35,000,000 to finance water facility improvement projects to be owned and operated by the Applicant and/or its Affiliates, including without limitation California-American Water Company, a California corporation within the company’s service area in Sacramento and Monterey Counties. The company anticipates the project will meet water conservation objectives and regulatory compliance requirements.

   Ms. Redway asked if there were any questions or comments from the Board or public.
Ms. Aronberg said she noticed a similar project was presented to the Board earlier in the year. She asked what is the relationship or interaction between the local government jurisdictions and the company.

Mr. Paparian said she is referring to the desalination facility in the Monterey area. That project has not yet been funded but has been induced and that company is expected to come back within the next few months.

Mr. Schubert explained that there is the Monterey County Water Resources Agency, the Marina Coast Water District and California American Water. California American Water primarily serves 40 thousand customers on the Monterey peninsula. As part of that project, California American Water will be receiving water produced by the Marina Coast Water District through the desalination plant. Monterey County Water Resources Agency is involved with the wells that will feed that plant. There is a partnership in the works.

Ms. Aronberg asked if the company plans to purchase water from the desalination plant.

Mr. Schubert responded yes, ultimately the company will be purchasing water and selling it to its customers.

Ms. Redway asked if there were any further comments from the Board, or the public. There were none.
