She stated that CPCFA will bring a new Interagency Agreement to the Board in November, which will extend the contract term and amount, enabling CPCFA to increase the volume of loans to single owner operators and small fleets under ARB’s regulatory authority.

   The second piece of legislation reported on was Assembly Bill (AB) 850, which provides the Authority review responsibilities over rate reduction bonds. CPCFA will be bringing to the Board emergency regulations to help establish that responsibility.
Ms. Webster-Hawkins then reported on transactions under her delegated authority. She explained that there had only been one item since the last Board meeting, a Bond item regarding the redemption of bonds, Series 1993A and 1996A, relative to the San Diego Gas and Electric transaction. The redemption was signed on September 24, 2013; included in that transaction was a certificate and an order of the Authority.
