The discussion focused on the issue of sustainability, including program structure and modifications that could lead to longer lasting programs. She explained that the federal administration of the program is scheduled to end on December 31, 2016, though states may continue to offer or wind down the programs as long as funding lasts. There was also a short presentation by representatives of the Council of Development Finance Agencies (CDFA) discussing that organization’s plan to propose new legislation to Congress that would extend the program and funding beyond the current sunset date.

Upon advice of the Attorney General's Office, the change to the Government Code section 11123 requires all action items to be taken by roll call vote, with each member's vote or abstention recorded in the meeting minutes. Additionally, she introduced LeAndre Henry, who joined CPCFA as an Office Technician in May and had been promoted to the last open SSA position in CalCAP. She stated that for the first time in eight months, the CalCAP program is officially fully staffed and the program manager, Jillian Franzoia, can breathe easier as the holiday season approaches.

For actions under her delegated authority, Ms. Webster-Hawkins signed one agreement.
