INDEPENDENT AUDITORS' REPORT

Members of the Board
California Pollution Control Financing Authority

We have audited the accompanying basic financial statements of the Bond Program Funds of the California Pollution Control Financing Authority (the Authority) as of and for the year ended June 30, 2010, as listed on the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Bond Program Funds and do not purport to, and do not, present fairly the financial position of the California Pollution Control Financing Authority as of June 30, 2010 and the changes in its net assets and its cash flows, for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bond Program Funds of the California Pollution Control Financing Authority as of June 30, 2010 and the changes in their net assets and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated August 29, 2011, on our consideration of the Authority's Bond Program Funds' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 5 through 12 are not a required part of the basic financial statements but is supplemental information required by accounting principles generally accepted in the United States of America and the Governmental Accounting Standards Board. We have applied certain limited procedures that consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplemental information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements of the Authority's Bond Program Funds. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2010

This section of the financial statements of the Bond Program Funds of the Authority presents the analysis of the financial performance of the Authority's Bond Program Funds during the fiscal year that ended on June 30, 2010. Please read it in conjunction with the financial statements that follow this section.

GENERAL BACKGROUND, OVERVIEW AND PROGRAMS

The California Pollution Control Financing Authority (the Authority), a state agency within the California State Treasurer's Office, was created in 1972 to assist California businesses to meet their growth and capital needs by providing access to low-cost financing through private activity tax-exempt bonds and loans, and fosters compliance with government imposed environmental standards and requirements. The Authority's conduit financing activities include the Bond Program Support Fund and the Small Business Assistance Fees (SBAF) together and collectively referred to as the Bond Program Funds.

Conduit Finance Activity

Over the years, the Authority has served as a conduit issuer for eligible California businesses for the acquisition, construction, or installation of qualified pollution control, waste disposal, resource recovery and water furnishing facilities. The Authority also provides additional financial assistance to California businesses that meet the size standards set forth in Title 13 of the Code of Federal Regulations or are an eligible small business, which is defined as 500 employees or less, including affiliates.

The Authority uses the Small Business Assistance Fees (SBAF) collected from larger bond transactions to help pay for the costs of issuance of tax-exempt bonds issued on behalf of small businesses. The SBAF may be used to pay for costs such as letter of credit fees, transaction fees and other costs associated with the issuance of bonds. This assistance reduces the net cost of financing to the small business to make it more competitive.

During the fiscal year ended June 30, 2010, the Authority served as the issuer for \$547 million in tax exempt bonds. As of June 30, 2010, the Authority's total conduit debt issued was \$12.7 billion and total conduit debt outstanding was \$3.9 billion.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements of the Authority's Bond Program Funds include the Independent Auditors' Report, Management Discussion & Analysis (MD&A), basic financial statements, accompanying notes and supplemental information.

REQUIRED FINANCIAL STATEMENTS

The financial statements of the Authority's Bond Program Funds report information using accounting methods similar to those used by private sector companies. These statements offer both short-term and long-term financial information about its activities.

The *Statement of Net Assets* include all of the assets and liabilities of the Authority's Bond Program Funds for the year ended June 30, 2010 and provides information about the nature and amounts of investments in resources (assets) and the obligations to creditors (liabilities). It also provides the basis for computing rates of return, evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority's Bond Program Funds.

The *Statement of Activities* accounts for all of the revenue and expenses of the Authority's Bond Program Funds for the year ended June 30, 2010. This statement reflects the results of the Bond Program Funds' operations over the year and can be used to determine the credit worthiness and its ability to successfully recover all its costs through fees, investment income and other revenues.

The *Statement of Cash Flows* provides information about the Authority's Bond Program Funds' cash receipts and cash payments during the year ended June 30, 2010. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, capital and related financing, noncapital financing and investment activities. The statement provides answers to questions of where cash came from, what cash was used for and what caused changes in cash for the reporting period covered.

The accompanying *Notes to the financial statements* provide additional information that is essential to a full understanding of the data provided in the financial statements.

In addition to the basic financial statements and accompanying notes, the final section in this report also presents certain *supplementary information*. This supplementary information section contains the detail of conduit bonds issued and conduit bonds outstanding as of June 30, 2010.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED
FOR FISCAL YEAR ENDED JUNE 30, 2010

ANALYSIS OF CHANGE IN FUND BALANCE FOR FISCAL YEAR ENDED JUNE 30, 2010.

At the beginning of fiscal 2010, CPCFA had fund balances in excess of \$50 million which represented the aggregate fund balances of all the CPCFA programs. Because of the requirement to present specific financial statements for the Bond Program Funds, the management of CPCFA performed an analysis of the transactions and activities that lead to its fund balances and determined that the portion of its fund balances that should be allocated to the Bond Program Funds effective July 1, 2009 was \$31,821,737.

During fiscal 2010, the net assets of the CPCFA Bond Program decreased by \$261,380 from one year ago (2009 to 2010). CPCFA Bond Program revenues were \$2,255,484 while expenses were \$1,121,440. The Bond Program funds are also used to administer many other programs which accounted for a transfer out of \$1,395,424.

FEDERAL LEGISLATION AFFECTING THE POLLUTION CONTROL TAX EXEMPT BOND FINANCING PROGRAM

On February 17, 2009, as part of a comprehensive economic stimulus plan, President Barack H. Obama signed into law the \$787-billion American Recovery and Reinvestment Act of 2009 (ARRA). The administration and lawmakers hoped the ARRA will aid in the country's recovery from the current recession. Approximately one-third of the \$787 billion is allocated to tax cuts that affect both businesses and individuals. Section 1503 allowed for the temporary modification of alternative minimum tax (AMT) limitations on tax-exempt bonds issued during 2009 and 2010.

The Act also allowed AMT relief for the current refunding of private activity bonds issued after 2003 and refunded during 2009 and 2010. CPCFA currently has 61 outstanding bond issues that were issued between January 1, 2004 and December 31, 2008 totaling approximately \$1.4 billion. On March 25, 2009 CPCFA enacted a policy for the processing of refunding bonds to ensure that CPCFA recaptures its costs with respect to refundings. In fiscal year 2009/2010, Authority staff authorized the refunding of bonds totaling \$224,180,000.

California Pollution Control Financing Authority
Bond Program Funds

NOTES TO FINANCIAL STATEMENTS

June 30, 2010

NOTE 1 - ORGANIZATION AND NATURE OF OPERATIONS

California Pollution Control Financing Authority (the Authority), a state agency within the California State Treasurer's Office, was created in 1972 to assist California businesses to meet their growth and capital needs by providing access to low-cost financing through private activity tax-exempt bonds and loans, and fosters compliance with government imposed environmental standards and requirements.

Irrespective of company size, financing is available for eligible California businesses for the acquisition, construction, or installation of qualified pollution control, waste disposal, resource recovery and water furnishing facilities. The Authority also provides additional financial assistance to California businesses that meet the size standards set forth in Title 13 of the Code of Federal Regulations or are an eligible small business, which is defined as 500 employees or less, including affiliates.

The Authority uses the Small Business Assistance Fees (SBAF) collected from larger bond transactions to help pay for the costs of issuance of tax-exempt bonds issued on behalf of small businesses. The SBAF may be used to pay for costs such as letter of credit fees, transaction fees and other costs associated with the issuance of bonds. This assistance reduces the net cost of financing to the small business to make it more competitive.

Effective January 1, 2010, legislation (Senate Bill 99, which added Chapter 10.7 of Division 6 of Title 1, commencing with section 5870, to the Government Code) increased the reporting and auditing requirements for conduit issuers. The focus of the legislation was on the joint powers authorities that frequently issue bonds and also requires the inclusion of state finance authorities; the legislation was written to include the finance authorities chaired by the Treasurer. As a result, the Authority must comply with the same reporting/auditing requirements imposed on the joint powers authorities.

The Bond Program is one of many programs administered by the Authority. Other State agencies, such as the State Treasurer's Office and the State Controller's Office support the Authority by providing services and thus allocate a portion of their expenses to the Authority. Then, the Authority allocates its portion of such expenses to its different programs along with any direct costs associated with each program. The Bond Program is entirely supported by staff at the Authority to perform all necessary functions. Thus, the accompanying financial statements of the Authority's Bond Program Funds are not indicative of the Authority's financial position or net assets as a whole.

California Pollution Control Financing Authority
Bond Program Funds

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2010

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basic Financial Statements

The basic financial statements of the Authority's Bond Program Funds (i.e. the Statement of Net Assets, the Statement of Activities and the Statement of Cash Flows) have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The financial statements report information on the Authority's Bond Program and are presented in accordance with standards established by the Governmental Accounting Standards Board (GASB).

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The basic financial statements are prepared using the economic resource measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities of the Authority's Bond Program Funds (whether current or noncurrent) are included on the Statement of Net Assets. The Statement of Activities presents increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

The Authority distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services. Operating expenses include the cost of sales and services, general and administrative expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

In accordance with GASB, the Authority has elected to apply all Financial Accounting Standards Board (FASB) pronouncements issued prior to November 30, 1989, which are not inconsistent with GASB pronouncements. Subsequent to this date, the Authority accounts for its Bond Program Funds as required by GASB.

Cash and Cash Equivalents

The Authority's cash and cash equivalents are considered cash and short term investments that are held on deposit with the State Controller's Office. Cash receipts and disbursements of the Authority are made through a cash pool maintained by the State Controller.

California Pollution Control Financing Authority
Bond Program Funds

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2010

Accounts Receivable

Accounts receivable consist of application, initial and closing fees receivable on conduit bond financing programs. As of June 30, 2010, accounts receivable are \$976 and management setup an allowance to reserve the full amount receivable as no payment is expected.

Capital Assets

Capital assets are recorded at cost and consist of furniture, fixtures and equipment. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Depreciation is being provided using the straight-line method over the estimated useful lives of the assets ranging from 5 to 10 years.

Impairment of Capital Assets

The Authority reviews its capital assets for impairment whenever events or changes in circumstances indicate that there has been a decline in service utility that is large in magnitude and outside of the normal life cycle of the capital asset being evaluated. As of June 30, 2010, there has been no impairment of the capital assets.

Net Assets

In the statement of net assets, net assets are classified in the following categories:

Invested in Capital Assets, Net of Related Debt - This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition or improvement of the assets.

Restricted Net Assets - This amount is restricted by external contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. As of June 30, 2010, the restricted net assets consist mainly of funds advanced to other State agencies which are not available for use by the Bond Program Funds until such funds are received back.

Unrestricted Net Assets - This amount is all net assets that do not meet the definition of "invested in capital assets, net of related debt" or "restricted net assets."

California Pollution Control Financing Authority
Bond Program Funds

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2010

General and Administrative Expenses

The Authority is subject to an allocation of intradepartmental support costs in accordance with an agreement between the Authority and the State Treasurer's Office (STO). Such costs could affect the Authority's financial position or operating results in a manner that differs from those that might have been obtained if the Authority was autonomous. The Authority records these costs as invoiced by STO for the fiscal year and allocates the costs to its different programs. However, the allocation is subject to review and adjustment subsequent to year-end. Any adjustment is included on invoices and recorded in the period in which the adjustment is identified.

Cost Allocation within the Authority

The Authority also allocates its general and administrative expenses to its different programs based upon the employee head count of each program. The payroll and related costs for six employees have been allocated to the Bond Program Funds along with 30% of the payroll and related costs of the Executive Director and Deputy Executive Director of the Authority. The percentage derived from total payroll and related costs allocated to the Bond Program over the total payroll and related costs of the Authority, has been used to allocate other general and administrative expenses.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - CASH AND CASH EQUIVALENTS

Deposits with State Controller

The Authority invests excess cash funds in the Surplus Money Investment Fund (SMIF). All of the resources of SMIF are invested through the Pooled Money Investment Board and is administered by the office of the State Controller. As of June 30, 2010, the Authority's Bond Program Funds invested funds in SMIF in the amount of \$30,120,243. During the year ended June 30, 2010, the Authority's Bond Program Funds earned interest and investment income in the amount of \$164,674 of which \$44,939 is receivable as of June 30, 2010.

California Pollution Control Financing Authority
Bond Program Funds

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2010

Disclosures regarding interest rate risk, credit risk, concentration of credit risk, custodial risk and other additional detailed disclosures required by GASB regarding cash deposits and investments, are presented in the financial statements of the State of California for the year ended June 30, 2010.

NOTE 4 - DUE FROM OTHER STATE AGENCIES

The Authority entered into multiple loan agreements with California Alternative Energy and Advanced Transportation Financing Authority (CAEATFA) for amounts up to \$849,500. The loans are noninterest bearing and due on demand. As of June 30, 2010, outstanding loans made using funds from the Bond Program Funds amounting to \$624,500 are due from CAEATFA and are included in due from other state agencies on the statement of net assets.

The Authority entered into multiple loan agreements with California Urban Waterfront Area Restoration Financing Authority (CUWARFA). The loans are noninterest bearing and due on demand. As of June 30, 2010, outstanding loans made using funds from the Bond Program Funds amounting to \$1,022,985 are due from CUWARFA and are included in due from other state agencies on the statement of net assets.

NOTE 5 - CAPITAL ASSETS

Fixed assets are comprised of the following at June 30, 2010:

Fixtures, furniture and equipment	\$ 27,441
Accumulated depreciation	<u>(24,796)</u>
Net	<u><u>\$ 2,645</u></u>

NOTE 6 - CONDUIT FINANCING ACTIVITY

The Authority acts as a conduit by assisting eligible borrowers with access to low interest rate capital markets through the issuance of tax-exempt revenue bonds. The financings are secured by the full faith and credit of the participating institutions, and the Authority is not responsible for payment in any financing. As a result, the financing obligations are not recorded in the Authority's financial statements. The borrowers' obligations generally are, but need not be, secured by insurance, a letter of credit or guaranty.

California Pollution Control Financing Authority
Bond Program Funds

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2010

At June 30, 2010, the aggregate amount of the Authority's conduit debt obligations outstanding issued on behalf of program participants totaled \$3,905,220,343.

The Authority's conduit financing activity for the year ended June 30, 2010 is as follows:

Qualified Private Activity Debt	Debt issued during fiscal year 2010 (third party debt)	Debt outstanding at June 30, 2010 (third party debt)
Industrial Development Bonds	\$ 3,200,000	\$ 3,200,000
Solid Waste Disposal Facilities Bonds	494,220,500	3,844,235,343
Other Exempt Facilities Bonds (Water Furnishing Facilities Revenue Bonds)	50,000,000	57,785,000
Total conduit debt issued and outstanding	<u>\$ 547,420,500</u>	<u>\$ 3,905,220,343</u>

NOTE 7 - EMPLOYEE RETIREMENT PLAN

The Authority is a participant in the State of California's Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee defined benefit pension plan. CalPERS provide retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and their beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. Since all State agencies are considered collectively to be a single employer, the actuarial present value of vested and non-vested accumulated plan benefits attributable to the Authority's employees cannot be determined. The significant actuarial assumptions used to compute the actuarially determined State contribution requirements are the same as those used to compute the State pension benefit obligation as defined by CalPERS. Generally, fulltime and permanent part-time employees are eligible to participate in CalPERS. Depending upon the plan option selection, benefits vest after five to ten years of service. Participants are eligible for service retirement after age 50 or 55 and must have five to ten years of CalPERS credited service, depending upon the tier of participation. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law. The amount of pension contributions by the Authority to CalPERS is actuarially determined under a program where contributions plus the expected

California Pollution Control Financing Authority
Bond Program Funds

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2010

earnings of CalPERS will provide the necessary funds to pay the earned benefits of the employees when due. The total payroll of the Authority is covered.

The Authority's contribution to CalPERS for the year ended June 30, 2010 was \$153,111. Participant contributions range from zero to six percent of their salary depending on the tier of participation. The excess of plan assets over vested and unvested benefits at June 30, 2010 was not available. Such information is available for CalPERS as a whole, which is audited annually by other independent auditors. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

Additional detailed disclosure required by GASB, regarding the defined benefit plan are presented in the financial statements of the State of California for the year ended June 30, 2010.

NOTE 8 - RECONCILIATION WITH FINANCIAL TRANSACTION REPORT SUBMITTED
TO THE STATE CONTROLLER' OFFICE

On October 18, 2010, the Authority submitted to the State Controller's Office its unaudited Financial Transactions Report as of and for the year ended June 30, 2010. The following schedule summarizes the differences between the audited financial statements and the unaudited information as of June 30, 2010:

<u>Statement of net assets</u>	<u>Audited financial statements</u>	<u>Unaudited report submitted</u>	<u>Differences</u>
Total assets	\$ 31,817,990	\$ 31,794,687	\$ 23,303
Total liabilities	<u>257,633</u>	<u>247,633</u>	<u>10,000</u>
Net assets	<u><u>\$ 31,560,357</u></u>	<u><u>\$ 31,547,054</u></u>	<u><u>\$ 13,303</u></u>

The increase in total assets of \$23,303 results from an increase in cash due to additional interest and investment income of \$23,303 allocated to the Bond Program.

California Pollution Control Financing Authority
Bond Program Funds

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2010

The increase in liabilities of \$10,000 results from the recording per the audit of a legal invoice related to the Bond Program not previously accrued for under the program.

The net assets at the beginning of the year have been adjusted from \$30,291,433 as reported at page 4 of the unaudited Financial Transactions Report submitted to the State Controller's Office to \$31,821,737 per the accompanying financial statements. The differences were due to the fact that the amount included in the unaudited Financial Transactions Report did not include the restricted net assets of \$1,650,163 representing the loans to CAEATFA and CUWARFA and was reduced for the advances to CAEATFA of \$119,859 made during fiscal year 2010.

NOTE 9 - SUBSEQUENT EVENTS

Events that occur after the date of the statement of net assets but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the date of the statement of net assets are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the date of the statement of net assets require disclosure in the accompanying notes. Management evaluated the activity of the Authority's Bond Program Funds through August 29, 2011 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Members of the Board
California Pollution Control Financing Authority

We have audited the financial statements of Bond Program Funds of California Pollution Control Financing Authority as of and for the year ended June 30, 2010, and have issued our report thereon dated August 29, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered California Pollution Control Financing Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's Bond Program Funds' financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies in internal control described in the accompanying schedule of findings and responses as item 2010-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Bond Program Funds of California Pollution Control Financing Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions and requirements was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The Authority's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the Authority's response and, accordingly we express no opinion on it.

This report is intended solely for the information and use of the management and the Board members of the California Pollution Control Financing Authority and is not intended to be and should not be used by anyone other than these specified parties.

California Pollution Control Financing Authority
Bond Program Funds

SCHEDULE OF FINDINGS AND RESPONSES

June 30, 2010

Finding 2010-1

Condition and Criteria:

The Authority did not maintain a separate set of books and accounting records within the CPCFA Fund for the Bond Program Funds.

Effect:

The Authority had to review the trial balances and general ledgers of the entire agency and determine the proper allocation of the different components to different programs. Consequently significant adjustments had to be made during the audit in order to properly reflect the financial statements of the Bond Program Funds of the Authority.

Cause:

Separate accounts, books and record were not maintained for each specific program.

Auditors Recommendation:

The Authority should implement a separate financial reporting and internal control system for the Bond Program within the CPCFA Fund in order to keep track of the accounts and transactions related to this specific program.

Authority's Response:

CPCFA currently utilizes the State's CALSTARS Accounting System to track its accounting activities. CPCFA will create and utilize unique PCA Codes within the CPCFA Fund to account for the Bond Program activities.
