Prepared by: Deanna Hamelin

Applicant: Shubin Services, Inc. dba Federal Disposal Service and/or its Affiliates
Amount Requested: $2,045,000
Application No.: 803 (SB)
Initial Resolution No.: 07-11

Project Location: City of Corona (Riverside County)

Type of Business: Shubin Services, Inc., doing business as Federal Disposal Services and/or its Affiliates (the “Company”) provides refuse collection and disposal services to various cities within Riverside, San Bernardino, Orange, and Los Angeles Counties.

Project Description: Bond proceeds will be used to purchase a three-acre site in the City of Corona on which the Company intends to construct a compost, food waste, and construction/demolition (C&D) debris processing facility (the “Project”). This proposed facility will serve various communities within Riverside, San Bernardino, Orange, and Los Angeles Counties. This application is for land financing only, as the construction and equipment costs for the intended facility are not yet known. As the design is completed and permits pursued, the applicant will amend this request to include the additional costs and project details.

Public Benefits: The Company represents that the Project is designed to generate the public benefits described below.
Waste Diversion. The construction of a waste processing facility will increase the amount of waste that is recycled and will thereby assist in diverting or minimizing the amount of material destined for landfills.

Pollution Control: Although the applicant intends to design and construct the facility described above, it is entirely possible that both permitting dictates and market circumstances may alter the scope of the Project. Therefore, it would be premature for the applicant to estimate specific public benefits to the Project. However, whatever the permitting and design outcome, the Project will be in furtherance of AB939 waste diversion goals.

Permits: The Company will provide the Authority with copies of all required discretionary permits prior to requesting approval for Final Resolution.

Financing Details: The Company anticipates a negotiated tax-exempt, weekly reset, variable rate bond issue with a term not to exceed 30 years. The Company plans to secure the bonds with an irrevocable, direct pay Letter of Credit from Comerica Bank that is rated at least “A-” by Fitch Rating Agency or equivalent. The target date for financing is 2009.
