STAFF SUMMARY-CPCFA
Prepared by: Aaron Todd

ISSUE: The California Pollution Control Financing Authority (the “Authority”) is organized and operating pursuant to Section 44500 through 44563 of the California Health and Safety Code (the “Act”). The Act and existing regulations of the Authority (Title 4, CCR Sections 8070-8079, the “regulations”) provide for the California Capital Access Program for Small Businesses (the CalCAP Program) to assist small businesses obtain financing.

REQUEST: Staff proposes amending the Authority regulations to refocus the CalCAP Program and clarify items of interest.

BACKGROUND:
Business Model. The CalCAP Program is designed to encourage lending to small businesses that might otherwise be outside the normal underwriting criteria of participating lenders. To accomplish this, CalCAP established a loan loss reserve account in which borrowers and lenders are required to deposit a combined 4%-7% of the loan proceeds. CalCAP then matches the combined contribution of the borrower and lender and deposits these funds into the loan loss reserve account. If an enrolled loan does not perform, the lender can file a claim and recover its loss from the loan loss reserve account.

Need for regulation changes. As the popularity and success of the CalCAP program grows, the number of Participating Financial Institutions enrolled in the program increases. During 2007 alone, seven new banks joined; which ultimately results in more strain on CPCFA funds to cover CalCAP costs. The proposed changes are designed to (1) refocus CalCAP on truly small businesses in order to provide maximum return for the limited resources, and (2) clarify several items. The proposed amendments to the existing regulations are the result of preliminary conversations with lenders and staff recommendations.

Funding statistics. With the existing 100 plus lenders currently enrolled in the program, CalCAP contributed an average of $250,000 per month to the various loan loss reserve accounts from January 1, 2006 to December 31, 2006. In recent months expenditures have been increasing. CalCAP has contributed an average of $287,400 per month from January 1, 2007 to September 30, 2007. Based on the CalCAP loan portfolio from January 1, 2006 to September 30, 2007, staff estimates that if the proposed regulation changes had been in effect, the Authority would have reduced its expenditures by approximately $1,400,000. Tables 1 and 2 illustrate how these changes would have affected the program in 2006 and through September 30, 2007.

SUMMARY OF CHANGES
The proposed amendments to the existing regulations were circulated to all CalCAP participating lenders and posted on the CPCFA website for public comment before the commencement of the formal rulemaking process. The proposed amendments are outlined below.
Substantive Regulation Changes

1. **Revise the definition of “Independent Contributor” to include fees also paid by the lender.** This change would allow Independent Contributors, such as other State Agencies, to make the lender’s contribution to the loan loss reserve account. Current regulations allow Independent Contributors to pay the Authority’s premium and the Borrower’s fees. *Section 8070 (f).*

2. **Revise the definition of “Small Business Concern” so that a “Small Business Concern” will be defined as a business with 100 employees or less and average revenues for the previous three years that do not exceed $10,000,000.** This change will change the definition of small business from 500 or less employees to 100 or less and revenues not to exceed $10,000,000. The revised definition mirrors the small business definition used by DGS for procurement of goods and services. We estimate this change will save the Authority approximately $750,000 annually. *Section 8070 (v).*

3. **Revise the regulations so that the maximum combined dollar amount of qualified loans any one borrower can receive is $1,500,000 over three years for all lenders.** Additionally, the revised regulations would require the borrower to certify it does not have CalCAP loans outstanding in excess of $1,500,000 and require lenders to pre-qualify all loans that are $500,000 or more. Current regulations allow a borrower to receive up to 2,500,000 per lender. We initially proposed a $1,000,000 cap but revised this up to $1,500,000 based on lender feedback. We estimate this change will result in approximately $350,000 savings annually. *Section 8072(c) (21) (24) and Section 8072 (e) (9).*

4. **Add the requirement that the borrower has certified it has applied and/or secured all applicable licenses and/or permits to conduct the business activity.** Current regulations do not have any such requirement. Many of the loans in the CalCAP portfolio are for businesses that require licenses such as daycare centers, insurance agents, chiropractors, etc. *Section 8072(c) (24).*

5. **Revise regulations so that interest earnings on any loan loss reserve account have a minimum interest rate comparable to the market rate for an account of similar size.** Current regulations do not have any such requirement. Some lenders pay as low as 0.25% on the CalCAP loan loss reserve accounts they maintain. *Section 8073(c).*

Clarifying Regulation Changes

1. **Revise the definition of “Financial Institution” to include language requiring that “Financial Institutions” maintain an office in California.** Current regulations do not have any such requirement. This revision is necessary as CalCAP staff have received several inquiries from out of state lenders interested in participating in the program. *Section 8070 (e) (3).*
2. Revise the definition of “Qualified Loan” to include language that a “Qualified Loan” is any portion of a loan not already enrolled in another governmental guarantee program. Current regulations do not have any such requirement. This practice is problematic for several reasons. First, for every one dollar loaned, two dollars in guarantees are used. Second, this practice can lead to possible “double-dipping” by a lender. Section 8070 (s) (5) and Section 8072(c)(25).

3. Clarify that the Authority should be notified within 10 “Business Days” that a Qualified Loan is being enrolled in the program. Current regulations are ambiguous. Section 8072(b) (1).

4. Delete the reference to Sheshunoff Inc. and replace with Highline Inc. Sheshunoff Inc. was a company that provided bank rating services. Sheshunoff Inc. no longer exists as it was bought out by Highline Inc. Section 8073(c) (2).

Attached is a redline version of the CalCAP regulations that show the proposed amendments.

REGULATORY PROCESS: After Authority approval to amend the existing regulations, emergency and permanent rulemaking packages will be filed simultaneously with the Office of Administrative Law (OAL) this month. The Authority may adopt and amend regulations on an emergency basis pursuant to Health and Safety Code Section 44520(b). The public may comment on the proposed amended regulations within 5 calendar days after the Authority files the regulations for OAL review. OAL may review the regulations up to 10 calendar days. After OAL approval, the emergency regulations are effective for 180 days during which the Authority will begin the permanent rulemaking process. The permanent rulemaking package will be presented to the Board prior to the expiration of the emergency regulations.

To begin the permanent rulemaking process, the Authority will prepare a notice of a proposed rulemaking to be published in the California Regulatory Notice Register, mail the notice to our participating lenders and interested persons, and post the notice, text, and initial statement of reasons on our website. The notice starts the OAL 45-day public comment period. After that time, staff will review and respond to any comments and present the final form of the regulations to the Authority for approval. If there are substantial modifications, the revised regulations must be published in the Register again for a 15-day public comment period before Authority approval. After Authority approval, a permanent rulemaking file is submitted to OAL, and OAL has 30 working days to review the regulations for compliance with the Administrative Procedure Act and the Authority’s statute. Once OAL approves the regulations, they are filed with the Secretary of State and become effective as permanent regulations 30 days later.

§ 8075. Subrogation

(a) The Authority will be subrogated to the rights of the Participating Financial Institution in collateral, personal guarantees and all other forms of security for the Qualified Loan that have not been realized upon by the Participating Financial Institution, when the Participating Financial Institution's loss has been fully covered by payment of a loss claim, or by a combination of payment of a loss claim and recovery from the Borrower, liquidation of collateral, or from other sources.

(b) At the time of subrogating its rights, the Participating Financial Institution shall provide the Authority with all original security agreements, any documents evidencing title to real
property, certificates of title, guarantees, and any other documents representing security for the Qualified Loan, duly recorded and perfected, and accompanied by enforceable assignments and conveyances to the Authority, unless such security documents also secure indebtedness to the Participating Financial Institution which was not covered by the Qualified Loan. In such latter case, the Participating Financial Institution shall enter into an intercreditor agreement with the Authority, providing that the Participating Financial Institution shall be entitled to recover under such security documents, to the extent possible, the full amount of its loss on any indebtedness not covered by the Qualified Loan but secured by the same collateral as the Qualified Loan; the balance of any amounts recovered under such security documents shall be deposited in the Loss Reserve Account. The Participating Financial Institution shall provide regular reports, as requested by the Executive Director, concerning its activities in collecting moneys owed from a defaulted Borrower.

(c) The Executive Director shall be authorized to enter into agreements with any Participating Financial Institution to provide for such institution to act as the Authority's agent to secure recovery under any collateral or security documents to which the Authority has been subrogated.

§ 8076. Termination and Withdrawal from Program.

(a) A Participating Financial Institution shall be authorized to withdraw from the Program after giving written notice to the Authority. Such notice shall specify either:

1) that the Participating Financial Institution waives any further interest in the Loss Reserve Account (including for the reason that all Qualified Loans covered by the Loss Reserve Account have been repaid); or

2) that the Participating Financial Institution will not enroll any further loans under the Program but that the Loss Reserve Account shall continue in existence to secure all Qualified Loans enrolled prior to such notice.

(b) After receipt of a notice under subsection (a)(1) or receipt of a certificate from a Participating Financial Institution which has withdrawn from the Program pursuant to subsection (a)(2), certifying that all Qualified Loans secured by the Loss Reserve Account have been repaid and that there are no pending claims for reimbursement under Section 8074, the remaining balance in the Loss Reserve Account shall be distributed to the Authority; provided that with respect to moneys deposited in the Loss Reserve Account after January 1, 1999 (and assuming all claims made after January 1, 1999 are first allocated to moneys on deposit prior to that date), such moneys shall be distributed to the Authority and to the Participating Financial Institution in the amount of the Authority Share and the Participating Financial Institution Share, respectively. For purposes of this Section 8076, "Authority Share" means the ratio of the contributions made by the Authority (or any Independent Contributor on behalf of the Authority) to the Loss Reserve Account in question from January 1, 1999 to the date of calculation, to the total amount of contributions made to such Loss Reserve Account during that period, and "Participating Financial Institution Share" means 100 minus the Authority Share.

(c) The Executive Director shall be authorized to terminate participation of a Participating Financial Institution in the Program, by notice in writing, upon the occurrence of any of the following:

(d) If for a consecutive 12-month period the amount in the Loss Reserve Account continuously exceeds the outstanding balance of all the Participating Financial Institution's Qualified Loans made since the beginning of the Program, the Executive Director shall be authorized to withdraw any such excess to bring the Loss Reserve Account down to an amount equal to 100 percent of the outstanding balance, in the following manner: (i) first, distributions shall be made to the Authority up to an amount allocable to the moneys on deposit in the Loss Reserve Account on January 1, 1999 (assuming all claims made after January 1, 1999 are first allocated to moneys on deposit prior to that date) and (ii) further distributions shall be made to the Authority and to the Participating Financial Institution based on the Authority Share and the Participating Financial Institution Share, respectively.
