Infill Development Project Description. Lillie Mae Jones Plaza is a 26 unit new construction rental housing development. This project is the result of a demand from the City of Richmond and the Iron Triangle Neighborhood for affordable housing for low-income families and permanent supportive housing for homeless individuals/families. The development includes 1, 2, 3, and 4 bedroom units serving low and very low income households. Twelve of these units will be supportive housing for homeless or populations at risk of homelessness; five will target supportive housing for HIV/AIDS special needs populations and seven will target populations in need of mental health services.

An array of supportive services will be available to residents that will serve a variety of needs including mental health and substance abuse, vocational training, and life skills training. The lead service provider will be Rubicon Programs. Rubicon is an experienced social services agency that has been providing direct services, including services to residents of supportive housing, for the past thirty-three years. Additionally, the Brookside Community Health Center is building a facility adjacent to the residential portion which will provide a range of health services to residents and the community.

Permits. Project has received CEQA and NEPA clearance and anticipates applying for building permits by the end of the year.

Anticipated Timeline.
- Cleanup to Begin: December 2008
- Cleanup to be Completed: July 2009
- Development to Begin: June 2009
- Development to be Completed: August 2010

Local Government Support. Lillie Mae Jones Plaza is consistent with the Richmond General Plan, the City of Richmond Housing Element, and the project area development plan.

CHDC began working closely with the Iron Triangle Neighborhood Council at the beginning of 2004 during the conceptual phase. The community has contributed its input from the initial drawings to the final design of the building. A “green charrette” was hosted to involve the community in the implementation of sustainable principles in the design, construction, and operations of Lillie Mae Jones Plaza. The community involvement in the project is ongoing as regular updates are made to the Neighborhood Council.

Not only has the community been involved and supportive of the project, but the City has been a strong ally. In fact, it was the City who approached CHDC to develop this site. This project is part of the Redevelopment Agency’s plan to improve the MacDonald Ave corridor and the Iron Triangle Neighborhood. The City has committed substantial financial resources to the project, as well as, staff time to aid in the development process. The availability of staff for problem solving and community outreach has been an important asset.

Several letters of support have been received for the project including:

- Kara Douglas, Affordable Housing Program Manager (A-1)
- Otheree Christian, President CEO, The Iron Triangle Neighborhood Council (A-2)

RE: Lillie Mae Jones Plaza

Dear Ms. Griffith:

The Contra Costa County Board of Supervisors has approved the allocation of $300,000 in Housing Opportunity for Persons with HIV/AIDS funds and $293,884 in Mental Health Services Act "one-time" funds to Community Housing Development Corporation of North Richmond (CHDC) for the Lillie Mae Jones Apartment project, 214 MacDonald Avenue, Richmond. The Board's actions took place in June 2006 and May 2007. The funds will be provided with the following loan terms:

HOPWA: Deferred zero interest loan for 10 years of HOPWA compliance and a total affordability of 20 to 40 years.

MHSA: Grant or low interest loan for 20 years.

The Lillie Mae Jones Apartments project is fully consistent with County priorities to increase the supply of multifamily rental housing for lower-income households in Contra Costa. When complete, the project will provide 21 critically needed apartments affordable to households with incomes ranging from 30 percent to 50 percent of the area median income and will include units suitable for a variety of household types, including single adults and disabled households. Five units will be designated as HOPWA units and an additional two units will be designated as MHSA units. We look forward to working with CHDC to successfully complete this important project.

Please call me (925/335-7223) if you require any additional information concerning the County's support for and commitment of funds to this project.

Sincerely,

Re: Lillie Mae Jones Plaza Housing Development

Dear Mr. Gilmore,

The Iron Triangle Neighborhood Council is pleased to provide this letter expressing our support for the Community Housing Development Corporation of North Richmond’s (CHDC) proposed 26-unit housing project, Lillie Mae Jones Plaza, to be developed at the corner of 2nd Street and Macdonald Avenue in the City of Richmond’s Iron Triangle Neighborhood.

The Iron Triangle community has a critical need for housing that will serve very low and low income individuals and families with physical and/or mental disabilities who are also homeless or at-risk of homelessness. Additionally, the Lillie Mae Jones Plaza development will provide a much needed supportive environment for people needing services, in particular those with HIV/AIDS and mental health issues.

The Iron Triangle Neighborhood Council has been an on-going participant in the planning and proposed development activities for the project. It is with great enthusiasm that we offer this letter evidencing our strong support of the development and hope that CHDC can garner the necessary financing needed to make this project a reality.

If you have any questions or need additional information, please let us know.

Sincerely,

Re: Financing Commitment – Lillie Mae Jones Plaza Housing Development

Dear Mr. Gilmore:

The City of Richmond (City) and the Richmond Community Redevelopment Agency (Agency) are pleased to provide their financial support to the Lillie Mae Jones Plaza Housing Development located at 2nd Street and MacDonald Avenue (APNs 538-181-035, 538-181-036, 538-181-005) in Richmond’s Iron Triangle Neighborhood. The project will be developed by Community Housing Development Corporation of North Richmond (CHDC) in collaboration with East Bay Asian Local Development Corporation. The Lillie Mae Jones Plaza Housing Development (Development) will consist of 26 housing units which are affordable to very low and low income households, of which nine will be supportive housing units as defined by the State Multifamily Housing Program.

The City and Agency are firmly behind this development, with commitments for significant investment of City and Agency resources. To date, the Agency has provided acquisition and predevelopment financing, and the Agency and CHDC have entered into a Disposition and Development Agreement through which the Agency will provide additional land for the Development at no cost. The Agency has planned and budgeted for this development for several years and anticipates a total permanent financing commitment of up to Four Million One Hundred and Twenty Four Thousand Dollars ($4,124,000) for the project as follows:

a) The City has already committed to CHDC, and expended, One Hundred Seven Thousand Dollars ($107,000) for land acquisition costs of the Development. These funds will remain in the project permanently.

b) The City has entered into a predevelopment loan agreement with CHDC for HOME funds in the amount of Seven Hundred Seventy Two Thousand Dollars ($772,000). The loan is being used to finance predevelopment costs associated with the Development. The loan funds are being made available to CHDC subject to the terms and conditions of the executed predevelopment loan agreement.

Telephone: (510) 307-8148
Fax: (510) 307-8149
c) The Agency has budgeted up to an additional Three Million Two Hundred and Forty Five Thousand ($3,245,000) for permanent deferred-payment financing for the Development. The Agency would provide this funding to CHDC at 3% simple interest with a 55-year term.

In addition, through a Disposition and Development Agreement with CHDC, the Agency is selling the property at 249 2nd Street (APN 538-181-005) to CHDC for One Dollar, representing a land write-down of Eight Hundred Five Thousand Dollars ($805,000).

The Lillie Mae Jones Plaza Housing Development meets the critical need of providing affordable housing, including supportive housing units, and reducing the amount of blight in our Redevelopment Areas. We look forward to the successful completion of this project. Please feel free to call Alicia Klein, Senior Development Project Manager, at (510) 307-8193 if you have any further questions or concerns.

Sincerely,
