Management, Inc., dba Father Joe’s Villages (the “Applicant”) requests approval of a grant in an amount not to exceed $582,500 to finance the remediation of a brownfield to develop the 15th and Commercial Project in San Diego, California. The Applicant anticipates the Project will create 140 affordable and rent-free rental housing units, including 15 units at 40% Area Median Income (AMI), 49 units at 30% AMI, 75 rent-free units of transitional housing for homeless populations, and one manager’s unit.

Applicant. S.V.D.P. Management, Inc. dba Father Joe’s Villages is a non-profit developer providing affordable and supportive housing as well as homeless assistance housing, services, and shelters.

Management, Inc. and St. Vincent de Paul Village, Inc. became incorporated in 1992 as separate 501(c)(3) organizations. S.V.D.P. Management provides administrative (human resources, information technology, accounting, etc.), security, food, and facilities management services, while St. Vincent de Paul Village oversees the residential and social services. The two partner organizations have been collaborating to provide transitional housing and supportive services to homeless families and individuals since June 1983.

Senior executives of S.V.D.P. Management, Inc. are Father Joe Carroll, President; Mathew Packard, Vice President of Development; and Diane Stumph, Chief Financial Officer.

Legal Questionnaire. The Strategic Partner and staff have reviewed the Applicant’s responses to the questions contained in the Legal Status portion of the Application. No information was disclosed that raises questions concerning the financial viability or legal integrity of this applicant.

Brownfield Project Description. Historical uses of the site include storage and manufacturing of concrete blocks, a material yard for the San Diego Electric Railway Company, a gas station, a parking lot, a truck storage and maintenance facility for the Union Ice Company, and a warehouse. Automobile painting was also reported to have been conducted at the site (in association with the maintenance of the Union Ice Company trucks). The site was reported to have at least one gasoline underground storage tank (UST), likely associated with the former Union Ice Company. The UST was reported to have been removed in 1987. The primary constituents of concern at the site are petroleum hydrocarbons and metals (primarily lead,
arsenic, and mercury). Concentrations of various volatile organic compounds (VOCs) were also reported in soil and groundwater.

Re: Legislative Letter of Support for 15th and Commercial

Dear Lynn Jacobs,

This letter is to serve as official notification of the City of San Diego’s support of the Transit Oriented Development (TOD) application for 15th and Commercial project. On March 30, 2009 the City Council unanimously supported the application through the attached Council resolution. 15th and Commercial embodies all the concepts associated with smart growth planning through the provision of both transitional and permanent supportive affordable housing, a child development center, and community and office space. Additionally, the project is located along a major light rail corridor.

The Proposition I C TOD program seeks to encourage higher density uses in close proximity to transit and to increase the supply of affordable housing. The City of San Diego believes that 15th and Commercial meets these worthy goals and we urge your support.

Sincerely,

Dear Father Joe:

The County of San Diego, Mental Health Services (MHS) is pleased to support S.V.D.P. Management, Inc.’s affordable housing project at 15th and Commercial in downtown San Diego, with 25 set-aside permanent supportive housing units under the Mental Health Services Act (MHSA) Housing Program. As you are aware, the County’s local MHSA Community Services and Supports Plan includes a component to serve persons with serious mental illness by utilizing “full service partnerships” (FSP). FSP require that both housing and comprehensive wraparound services be provided to best meet the needs of the population. Accordingly, MHS agrees to provide comprehensive services to the tenants occupying the twenty-five (25) permanent units reserved for the target MHSA population. The “wraparound” services and treatment tailored to meet the needs of the MHSA tenants will be provided by MHS-contracted provider. These services include:

- outreach and engagement;
- 24/7 intensive case management/wrap-around services;
- community-based outpatient mental health services;
- rehabilitation and recovery services;
- care coordination and peer support services;
- supported employment and education; and
- multi-disciplinary staffing team with a staff to client ratio of 1 to 10.

We understand that our service commitment is contingent upon the construction of the units. We are very supportive of this project and look forward to our partnership with S.V.D.P. Management to deliver high quality services to meet the needs of our MHSA clients, who have serious mental illness and are homeless or at risk of homelessness.

RE: 15th and Commercial – Public and Private investments in the East Village District

Dear Mr. Westlake:

The Centre City Development Corporation (“CCDC”) is pleased to support the 15th and Commercial project for the Transit-Oriented Development Housing Program. CCDC is a non-profit corporation created by the City of San Diego to implement redevelopment of the downtown San Diego on behalf of the Redevelopment Agency of the City of San Diego (“Agency”). CCDC’s jurisdiction covers a 1,500 acre area consisting of the Centre City and Horton Plaza Redevelopment Areas. CCDC also implements and oversees planning and land use for the two Redevelopment Areas, which are designated for infill and transit-oriented development as identified in the Downtown Community Plan, Centre City Planned District Ordinance, and the City’s Housing Element. The 15th and Commercial project is located in the East Village Redevelopment District within the Centre City Redevelopment Area.

CCDC is committed to funding transit-oriented infrastructure throughout the Centre City/Horton Redevelopment Project Areas. In the East Village District, CCDC invested $30 million in the Agency funds to complete the “Parker-to-Bay Link” project. The project was completed in 2008 and improved the public right-of-way along Park Boulevard between C and K streets by creating a landscaped pedestrian promenade with street trees, lighting and public art as well as realigning several transit stations in East Village. In addition, the following public improvement projects, totaling $182 million, are underway in the East Village District.

Private investments in the East Village District were spurred by the development of Petco Park, a baseball stadium for the San Diego Padres. The City of San Diego and CCDC/Redevelopment Agency invested a total of $300 million in public funds to develop Petco Park. Since its completion in 2004, a total of 2,715 condominium units, 939 market-rate apartments, 274 affordable apartments, 351,000 square feet of retail space, 400,000 square feet of office space and 1,937 hotel rooms were added in East Village (see attached list). Various “privately owned transit supportive” uses moved in to these new retail spaces, including Albertson’s supermarket (a grocery store, 40,000 sq.ft.), Longs Pharmacy (a pharmacy, 11,000 sq.ft.), FIT Athletic Club (a sports gym, 46,000 sq.ft.), Palm Restaurant (a restaurant, 7,000 sq.ft.), to name a few. In addition, 679 condominium units, 163 market-rate apartments, 582 affordable apartments, 47,000 square feet of retail space, 210 hotel rooms and an education facility (175,000 sq.ft., Thomas Jefferson School of Law) are under construction. The East Village District has become a vibrant neighborhood with various neighborhood serving retail and services where people live, work and play.

We believe the 15th and Commercial project is an ideal model for infill and transit-oriented development, and we hope that the Department of Housing and Community Development will help to make the project a reality.

Sincerely,

Jeff Graham

Dear Father Joe:

San Diego Continuing Education César Chávez campus has collaborated with your agency in the past to identify gaps in community services, address client concerns and refer appropriate clients to our respective programs. We work together to provide supportive services to low-income and people with special needs in the San Diego region.

We were excited to learn about Father Joe’s Villages’ affordable housing project at 15th and Commercial in downtown San Diego, serving homeless and formerly homeless individuals and/or those with special needs. We are happy to support your efforts by providing the following services to residents: basic skills instruction and job training, tuition-free, if offered at our campus. We can also arrange to hold classes at the new housing project, contingent upon mutual agreement between Saint Vincent De Paul and San Diego Continuing Education.

Because San Diego has such a great need for affordable housing, we are supportive of this project and look forward to our continued partnership with Father Joe’s Villages to deliver high-quality services. Please contact me at 619-230-2895 should you have any questions.

Sincerely,

MINUTES
EAST VILLAGE ASSOCIATION BOARD OF DIRECTORS MEETING
September 8th, 2007, 5:00 p.m. to 6:00 p.m.
Gaslamp Marriott

Howard Greenberg       K.C. Strang       David Hazan
Ted Fioreto            Cynthia Morgan     Mitchell Berner
Mike Madigan           Bill Sauls        
Lin Martin

The meeting was called to order at 5:05 p.m. by President David Hazan.

1) Addition to Lillian Place – Location: 15th & J Street – Presented by Jack Farkas, Wakeland Housing
   Jack Farkas and his design team presented their plans for Lillian Place on 15th & J. The current
   structure/building is in terrible condition and about ready to collapse. In and around the building
   illegal activity is rampant. The project proposes construction of 16 new affordable apartments. Mike
   Madigan made a motion to support the project, seconded by Lin Martin. Board’s vote was
   unanimous.

2) Presentation on Father, Joe’s Villager Architectural Plans – Location: Commercial between
   15th and 16th Street – Presented by David Dy/Dyestore, Architects/Weathervane Planning
   Partners
   David Dy and his design team presented the plans for Commercial between 15th and 16th
   Street. The opening space provided at the current location will occur in the new building. The
   new structure/building will dramatically improve the quality and add affordable housing units.
   The desire for more green space led to the approval of this project.

3) Presentation on 10th & B Affordable Housing Project – Location: 1050 B Street – Presented
   by Anna Scott/Lindsay Quakenbush of Affirmed Housing Group
   Anna Scott presented the project located at 1050 B Street, between 10th and 11th, currently the home
   of the Burger King restaurant. The building earned its entitlement approvals by KB Home for
   market rate condo, however the market made continuance of the project infeasible. Affirmed
   Housing is proposing 226 affordable rental apartments, maintaining the exterior aesthetic of the
   building; there will be no recognizable difference between the market rate condo and the
   affordable units. Substantial interior/outdoor common area has been incorporated into the
   building’s 7th and 9th floor decks to provide adequate amenities for families. As with the prior
   approvals, Burger King will retain the use of the ground floor when the building is completed. The
   project exceeded the parking requirements for the building, earning the support of Gary Smith of
   the San Diego Downtown Residents Group. Project will be heard by the CCDC Real Estate
   Committee September 5th and the Board on September 16th for funding approval. Mike Madigan
   made a motion to approve the project, seconded by Howard Greenberg. Board’s vote was
   unanimous.

4) East Village Business Improvement District - Presentation from Boardmember William
   Sauls
   William Sauls presented a map of the East Village BID and briefed the board and public on the
   ongoing discussions with the City. Some bylaw changes need to be made, which Mr. Sauls has
   agreed to do and present to the board at a later date for their approval.

5) Approval of July Meeting Minutes
   Cynthia Morgan made a motion to approve, seconded by Lin Martin.
