WHEREAS, Best Way Disposal Co., Inc., a California corporation (“Applicant”), has requested that the Authority assist in financing solid waste disposal/recycling facilities to be owned and operated by the Applicant and/or its Affiliates (as hereinafter defined) (collectively, “Company”), which are expected to be comprised of the expansion and renovation of its materials recovery and maintenance facilities, the construction of site improvements and the acquisition of rolling stock and vehicles for the collection, processing and transfer of solid waste and other equipment functionally related thereto and the acquisition of drop boxes, bins, carts and containers (collectively, “Facilities”), and have presented an estimate of the maximum cost of such Facilities as shown in Exhibit “A” attached hereto; and

WHEREAS, the Authority desires to encourage the Company to provide solid waste disposal/recycling facilities which will serve the public of the State; and

WHEREAS, the Authority deems it necessary and advisable to further the purposes of the Act that the Facilities be acquired at the earliest practicable date, but the Company requires satisfactory assurances from the Authority that the proceeds of the sale of bonds of the Authority will be made available to finance such Facilities; and

WHEREAS, the Company expects to incur or pay from its own funds certain expenditures in connection with the Facilities prior to the issuance of indebtedness for the purpose of financing costs associated with the Facilities on a long-term basis; and

WHEREAS, subject to meeting all the conditions set forth in this resolution the Authority reasonably expects that debt obligations in an amount not expected to exceed \$14,360,000 will be issued and that certain of the proceeds of such debt obligations will be used to reimburse the Company for its prior expenditures for the Facilities; and
