The project also consists of the purchase of new CNG powered waste collection vehicles and trailers to replace some of the current fleet, and the purchase of waste collection carts, bins and containers.

The anticipated Project and issuance costs are listed below:

- MRF Equipment: $7,000,000
- Solid Waste Collection Vehicles & Trailers: $3,500,000
- Barrels, Carts, and Bins: $300,000

- Other (Contingency): $3,327

**$11,230,000**

Note: The Project costs reported in the Borrower’s application and shown here in staff’s report are estimated costs. At the time this financing closes, the estimated Project costs will be finalized and stated in the Tax Certificate. Variations from the costs shown in the application and in this report may occur prior to the closing due to increased costs of certain components of the Project from original estimates, and other reasons. In addition, such costs may vary after closing due also to increased costs, as well as common design and equipment modifications during construction, differences in equipment due to future changes in law or regulation or for other reasons. However, the Borrower confirms, through submission of a signed application and will confirm through covenants and representations in various bond documents, that all assets purchased with bond proceeds will qualify for tax exempt financing, that they will be used to complete the Project as described, and that the average life tests required by federal law and described in the Tax Certificate will continue to be met. Tax-exempt financing may be only one source out of multiple sources of financing for a given project.

Anticipated Timeline. The Company is scheduled to purchase the equipment between October 2011 and February 2012.

Local Government. A letter of support was received from Kevin Radecki, City Manager of the City of Industry (Attachment A).

Pollution Control and/or Environmental Benefits. The Company represents the project will generate the pollution control and environmental benefits described below.
Agenda Item 4.B.1.

**Air Quality.** The new collection vehicles will be CARB compliant alternative fueled, natural gas and are anticipated to reduce air pollution when contrasted with the company’s existing diesel fleet.

**Energy Efficiency.** This project will incur energy savings in two ways. The acquisition and use of alternative fuel vehicles is designed to save gas consumption when contrasted to the current use of diesel powered vehicles to collect and transport waste in the areas served by the Company. Also, transporting waste to the Company’s site in the City of Industry for processing will reduce travel time.

**Recycling of Commodities.** The new collection vehicles and containers will also allow the Company to initiate a three barrel recycling program for residents in the unincorporated areas of Los Angeles County which it serves. Three barrel source separation systems usually encourage recycling.

**Jobs.** The Company estimates that the Project is designed to create approximately 18 new full time jobs.

**Taxes.** The Company anticipates approximately the following tax revenues will be generated by the Project annually:

**Permitting and Environmental Approvals.** This project will be funding equipment only which does not require any discretionary permits.

**Financing Details.** The Company anticipates issuance of negotiated tax-exempt, weekly reset, variable rate bonds with a term not to exceed 30 years for the qualifying portion of the project. The Company plans to secure the bonds with an irrevocable, direct pay Letter of Credit issued by Comerica Bank that is rated at least “A-” by Fitch Rating Agency or equivalent. The target date for financing is October 19, 2011.

A RESOLUTION DEDICATING FOR USE OF A PORTION OF THE 2008 STATE CEILING ON QUALIFIED PRIVATE ACTIVITY BONDS FOR AN EXEMPT FACILITY PROJECT

WHEREAS, the California Pollution Control Financing Authority (“CPCFA”) has received an application (“Application”) from Zerep Management Corporation and/or its affiliates (“Project Sponsor”) for approval of the issuance of revenue bonds; and

WHEREAS, on September 27, 2011, CPCFA approved Final Resolution No. 520 (“Final Resolution”) authorizing the issuance of up to $11,230,000 of its solid waste disposal revenue bonds (Zerep Management Project) Series 2011 (“Bonds”); and

WHEREAS, in seeking CPCFA approval of the Final Resolution, the Project Sponsor represented certain facts and information concerning the project to CPCFA which were relied upon by CPCFA in approving the Final Resolution; and

WHEREAS, the California Debt Limit Allocation Committee (“CDLAC”) has previously transferred to CPCFA a portion of the 2008 State Ceiling on Qualified Private Activity Bonds pursuant to Section 146 of the Internal Revenue Code of 1986, as amended, for use by CPCFA to issue bonds or other obligations in a manner consistent with CDLAC’s policies and procedures. Accordingly, capitalized terms not otherwise defined shall have the meanings ascribed to them in the “Procedures of the California Debt Limit Allocation Committee Implementing the Allocation of State Ceiling on Private Activity Bonds” (“CDLAC Procedures”); and

WHEREAS, it is appropriate for CPCFA to confirm the use of a portion of the 2008 State Ceiling on Qualified Private Activity Bonds allocated to CPCFA (“CPCFA Allocation”) to the issuance of the Bonds as set forth in the Final Resolution;

NOW, THEREFORE, CPCFA resolves as follows:

Section 1. CPCFA Allocation in the amount of $11,230,000 is hereby dedicated to the issuance of the Bonds. The dedicated CPCFA Allocation may be used only by the Project Sponsor and only for the issuance of Bonds for the Project, as specifically described in Exhibit A, and consistent with the terms of the Final Resolution. All of the terms and conditions of Exhibit A, and the Final Resolution are incorporated herein as though set forth in full (this resolution, the Final Resolution and Exhibit A, collectively “Resolution”).

Section 2. The terms and conditions of this Resolution shall be incorporated in appropriate documents relating to the Bonds, and the Project Sponsor and all its respective successors and assignees, will be bound by such terms and conditions.
Section 3. Any modification to the Project made prior to the issuance of the Bonds must be reported to the Executive Director and shall require reconsideration by the CPCFA before the Allocation may be used for the Project.

Section 4. The CPCFA Allocation dedicated by this Resolution shall automatically revert to CPCFA unless the Bonds for the Project have been issued by CPCFA by the close of business on December 26, 2011. In a case of extreme hardship, the Deputy Executive Director or the Executive Director may extend this date by up to thirty (30) business days.

Section 5. Within twenty-four (24) hours of issuing the Bonds, CPCFA shall notify CDLAC via the email or the fax number as provided in Section 5140 of the CDLAC Regulations that the Bonds have been issued. This notice shall identify the Project Sponsor, the project or program, the date and amount of the Bonds issued.

Section 6. Within fifteen (15) calendar days of the Bond closing, CPCFA or its counsel shall formally transmit to CDLAC information regarding the issuance of the Bonds by submitting the appropriate completed Report of Action Taken in a form prescribed by and made available by CDLAC.

Section 7. Any differences between the amount of Bonds issued and the amount of the CPCFA Allocation dedicated in Section 1 of this Resolution shall automatically revert to CPCFA. If at any time prior to the expiration date set forth in Section 4 hereof the Project Sponsor determines that part or all of the CPCFA Allocation dedicated in Section 1 of this Resolution will not be required by the Project by that date, the Project Sponsor shall promptly give notice to CPCFA.

Section 8. In consideration of the CPCFA Allocation dedicated in Section 1 of this resolution, the Project Sponsor shall comply with all of the terms and conditions contained in this Resolution and ensure that these terms and conditions are included in the documents related to the Bonds. Further, the Project Sponsor expressly agrees that the terms and conditions of this Resolution may be enforced by CDLAC or CPCFA through an action for specific performance or any other available remedy, provided however, that CDLAC and CPCFA agree not to take such action or enforce any such remedy that would be materially adverse to the interests of Bondholders. In addition, CPCFA shall ensure that the Bond documents, as appropriate, expressly provide that CDLAC is a third party beneficiary of the terms and conditions set forth in this Resolution.

Section 9. The Project Sponsor or its successor-in-interest shall provide certifications of compliance with the terms and conditions set forth in this Resolution when reasonably requested by CDLAC or CPCFA.

Section 10. This Resolution shall take effect immediately upon its adoption.

RE: California Pollution Control Financing Authority, Exempt Facility Approvals Zerep Management Corporation Project

Dear Mr. Paparian:

I write to you today on behalf of Zerep Management Corporation relating to their environmental project for which approval will be requested at the California Pollution Control Financing Authority (CPCFA) meeting in July.

My staff and I have worked with the management of Zerep Management Corporation over the last few years in their development and permitting of the proposed project and they now are ready for final approval of the financing. I understand that in order to receive approval for the issuance of tax exempt bonds, on whose lower interest rates the "project" economics have been based, that CPCFA must grant part of the State's allocation for "private activity" bonds as defined by the federal government to the Project.

We and Zerep Management Corporation agree that the implementation of this project is a cost effective addition to our overall program, taking into account cost, technology and expected waste diversion.

On behalf of the City of Industry I would appreciate it if you would approve the Zerep Management Corporation Project at your meeting in September. Thank you.

Sincerely,

City Manager, Kevin Radecki
