Variations from the costs shown in the application and in this report may occur prior to the closing due to increased costs of certain components of the Project from original estimates, and other reasons. In addition, such costs may vary after closing due also to increased costs, as well as common design and equipment modifications during construction, differences in equipment due to future changes in law or regulation or for other reasons. However, the Borrower confirms, through submission of a signed application and will confirm through covenants and representations in various bond documents, that all assets purchased with bond proceeds will qualify for tax exempt financing, that they will be used to complete the Project as described, and that the average life tests required by federal law and described in the Tax Certificate will continue to be met. **Water Quality.** The Project includes a runoff water collection and filtration system which will capture waste prior to discharge into the local sewer system.

**Financing Details.** The Company anticipates issuance of negotiated tax-exempt, weekly reset, variable rate bonds with a term not to exceed 30 years for the qualifying portion of the project. The Company plans to secure the bonds with an irrevocable, direct pay Letter of Credit from Bank of the West that is rated at least “A-” by Fitch Rating Agency or equivalent. The target date for financing is October 10, 2012.

The bonds will be issued in a structure that is new to CPCFA financings. At closing, the bonds will be issued as a single issue of $15,600,000; however, the delivery of the bonds will be in phases as draw-down bonds. The Company anticipates three draw-downs of the bonds in amounts of approximately $5 million each.

The Letter of Credit will increase in the increments of each draw-down amount. The Letter of Credit bank, Bank of the West, will certify to the trustee the increase before the delivery of each draw-down. The draw-down bond structure will reduce the cost of the Letter of Credit and the carrying costs of the bonds during the construction phase of the Project. This structure will provide significant borrowing cost savings to the Company.

Bond Counsel has advised that under the draw-down structure, the full amount of Volume Cap allocated to the bonds will be treated as “used” upon the initial closing.

**Financing Team.**

- **Bond Counsel:** Orrick, Herrington & Sutcliffe LLP
- **Issuer’s Counsel:** Office of the Attorney General

A RESOLUTION DEDICATING FOR USE OF A PORTION OF THE 2009 STATE CEILING ON QUALIFIED PRIVATE ACTIVITY BONDS FOR AN EXEMPT FACILITY PROJECT

WHEREAS, the California Pollution Control Financing Authority (“CPCFA”) has received an application (“Application”) from Best Way Disposal Co., Inc. dba Advance Disposal Co., Inc. and/or its Affiliates (“Project Sponsor”) for approval of the issuance of revenue bonds; and

WHEREAS, on September 18, 2012, CPCFA approved Final Resolution No. 526 (“Final Resolution”) authorizing the issuance of up to $15,600,000 of its solid waste disposal revenue bonds (Best Way Disposal Project) Series 2012 (“Bonds”); and

WHEREAS, in seeking CPCFA approval of the Final Resolution, the Project Sponsor represented certain facts and information concerning the project to CPCFA which were relied upon by CPCFA in approving the Final Resolution; and

WHEREAS, the California Debt Limit Allocation Committee (“CDLAC”) has previously transferred to CPCFA a portion of the 2009 State Ceiling on Qualified Private Activity Bonds pursuant to Section 146 of the Internal Revenue Code of 1986, as amended, for use by CPCFA to issue bonds or other obligations in a manner consistent with CDLAC’s policies and procedures. Accordingly, capitalized terms not otherwise defined shall have the meanings ascribed to them in the “Procedures of the California Debt Limit Allocation Committee Implementing the Allocation of State Ceiling on Private Activity Bonds” (“CDLAC Procedures”); and

WHEREAS, it is appropriate for CPCFA to confirm the use of a portion of the 2009 State Ceiling on Qualified Private Activity Bonds allocated to CPCFA (“CPCFA Allocation”) to the issuance of the Bonds as set forth in the Final Resolution;

NOW, THEREFORE, CPCFA resolves as follows:

Section 1. CPCFA Allocation in the amount of $15,600,000 is hereby dedicated to the issuance of the Bonds. The dedicated CPCFA Allocation may be used only by the Project Sponsor and only for the issuance of Bonds for the Project, as specifically described in Exhibit A, and consistent with the terms of the Final Resolution. All of the terms and conditions of Exhibit A, and the Final Resolution are incorporated herein as though set forth in full (this resolution, the Final Resolution and Exhibit A, collectively “Resolution”).

Section 2. The terms and conditions of this Resolution shall be incorporated in appropriate documents relating to the Bonds, and the Project Sponsor and all its respective successors and assignees, will be bound by such terms and conditions.
Section 3. Any modification to the Project made prior to the issuance of the Bonds must be reported to the Executive Director and shall require reconsideration by the CPCFA before the Allocation may be used for the Project.

Section 4. The CPCFA Allocation dedicated by this Resolution shall automatically revert to CPCFA unless the Bonds for the Project have been issued by CPCFA by the close of business on December 31, 2012.

Section 5. Within twenty-four (24) hours of issuing the Bonds, CPCFA shall notify CDLAC via the email or the fax number as provided in Section 5140 of the CDLAC Regulations that the Bonds have been issued. This notice shall identify the Project Sponsor, the project or program, the date and amount of the Bonds issued.

Section 6. Within fifteen (15) calendar days of the Bond closing, CPCFA or its counsel shall formally transmit to CDLAC information regarding the issuance of the Bonds by submitting the appropriate completed Report of Action Taken in a form prescribed by and made available by CDLAC.

Section 7. Any differences between the amount of Bonds issued and the amount of the CPCFA Allocation dedicated in Section 1 of this Resolution shall automatically revert to CPCFA. If at any time prior to the expiration date set forth in Section 4 hereof the Project Sponsor determines that part or all of the CPCFA Allocation dedicated in Section 1 of this Resolution will not be required by the Project by that date, the Project Sponsor shall promptly give notice to CPCFA.

Section 8. In consideration of the CPCFA Allocation dedicated in Section 1 of this resolution, the Project Sponsor shall comply with all of the terms and conditions contained in this Resolution and ensure that these terms and conditions are included in the documents related to the Bonds. Further, the Project Sponsor expressly agrees that the terms and conditions of this Resolution may be enforced by CDLAC or CPCFA through an action for specific performance or any other available remedy, provided however, that CDLAC and CPCFA agree not to take such action or enforce any such remedy that would be materially adverse to the interests of Bondholders. In addition, CPCFA shall ensure that the Bond documents, as appropriate, expressly provide that CDLAC is a third party beneficiary of the terms and conditions set forth in this Resolution.

RE: California Pollution Control Financing Authority, Exempt Facility Approvals  
Best Way Disposal, Inc. dba Advance Disposal Project

Dear Mr. Paparian:

I write to you today on behalf of Best Way Disposal, Inc. dba Advance Disposal relating to their environmental project for which approval will be requested at the California Pollution Control Financing Authority ("CPCFA") meeting in August.

My staff and I have worked with the management of Best Way Disposal, Inc. dba Advance Disposal over the last few years in their development and permitting of the proposed project and they are now ready for final finance approval. I understand that in order to receive approval for the issuance of tax exempt bonds, on whose lower interest rates the "project" economics have been based, CPCFA must grant part of the State's allocation for "private activity" bonds as defined by the federal government to the Project.

The City and Best Way Disposal, Inc. dba Advance Disposal agree that the implementation of this project is a cost effective addition to our overall program, taking into account cost, technology and expected waste diversion.

On behalf of the City of Hesperia I would appreciate it if you would approve the Best Way Disposal, Inc. dba Advance Disposal Project at your meeting in August.

Sincerely,

Mike Podegnecz  
City Manager
