Project Description. The Company intends to purchase new CNG fueled vehicles and containers to allow it to continue to meet its obligations under its Franchise Agreements with the cities of Alameda and San Leandro. The Company also plans improvements to its existing MRF, including, but not limited to, modification and addition of existing sort line equipment and a CNG fueling station.

The anticipated Project and issuance costs are listed below:
- Collection Vehicles and Containers $9,319,500
- MRF Improvements 750,000
- Bond Issuance Expenses (including discount) 205,500

**Total Bond Amount** $10,275,000

Note: The Project costs reported in the Borrower’s application and shown here in staff’s report are estimated costs. At the time this financing closes, the estimated Project costs will be finalized and stated in the Tax Certificate. Variations from the costs shown in the application and in this report may occur prior to the closing due to increased costs of certain components of the Project from original estimates, and other reasons. In addition, such costs may vary after closing due also to increased costs, as well as common design and equipment modifications during construction, differences in equipment due to future changes in law or regulation or for other reasons. However, the Borrower confirms, through submission of a signed application and will confirm through covenants and
representations in various bond documents, that all assets purchased with bond proceeds will qualify for tax exempt financing, that they will be used to complete the Project as described, and that the average life tests required by federal law and described in the Tax Certificate will continue to be met. Tax-exempt financing may be only one source out of multiple sources of financing for a given project.

**Anticipated Timeline.** The Company anticipates purchasing equipment beginning in December 2012.

**Local Government.** The Company received a letter of support from John A. Russo, the City Manager of Alameda (Attachment A).

**Pollution Control and/or Environmental Benefits.** The Company represents the Project will generate the pollution control and environmental benefits described below.

**Ratepayer Benefits.** The Company’s capital cost is a component of the rate charged to its customers under its Franchise Agreements with the cities of Alameda and San Leandro. Using tax-exempt financing helps minimize this cost as well as the rates charged to the customers.

**Air Quality.** The Company will purchase new CNG collection vehicles, which emit less particulate matter in the air than diesel fueled vehicles.

**Energy Efficiency.** CNG is primarily a domestically produced product that reduces reliance on foreign oil.

**Recycling of Commodities.** Upgrades and improvements to the Company’s sort line should increase the amount of material that is recycled.

**Permitting and Environmental Approvals.** This is mostly an equipment financing, therefore no permits are required. The Company intends to comply with the California Air Resources Board’s (CARB’s) Collection Vehicle standards and requirements.

**Financing Details.** The Company anticipates issuance of negotiated tax-exempt, weekly reset, variable rate bonds with a term not to exceed 30 years for the qualifying portion of the project. The Company plans to secure the bonds with an irrevocable, direct pay Letter of Credit that is rated at least “A-” by Fitch Rating Agency or equivalent. The target date for financing is December 2012.

**Financing Team.**

- **Underwriter:** Westhoff, Cone & Holmstedt
- **Bond Counsel:** Law Offices of Leslie M. Lava
- **Issuer’s Counsel:** Office of the Attorney General

**Staff Recommendation.** Staff recommends approval of Final Resolution No. 529 and Volume Cap Allocation Resolution No. 09-136-10 for an amount not to exceed $10,275,000, and a SBAF Resolution in an amount not to exceed $83,400 for Alameda County Industries AR, Inc. and/or its Affiliates.

Re: California Debt Limit Allocation Committee (CDLAC), Exempt Facility Approvals - Alameda County Industries, LLC Project

Dear Mr. Paparian:

I write to you on behalf of Alameda County Industries, LLC relating to their environmental project for which approval will be requested at the California Pollution Control Financing Authority meeting in November.

My staff has worked closely with the management of Alameda County Industries and is very supportive of their efforts. I understand that in order to receive approval for the issuance of tax exempt bonds, on which lower interest rates the "project" economics have been based, that CDLAC must grant part of the State's allocation for "private activity" bonds as defined by the federal government to the Project.

The City of Alameda and Alameda County Industries agree that the implementation of this project is a cost effective addition to our overall program, taking into account cost, technology, and expected waste diversion.

On behalf of the City of Alameda I would appreciate it if you approve the Alameda County Industries, LLC Project at your meeting in November. Thank you.

Sincerely,

John A. Russo

RESOLUTION NO. 09-136-10

A RESOLUTION DEDICATING FOR USE OF A PORTION OF THE 2009 STATE CEILING ON QUALIFIED PRIVATE ACTIVITY BONDS FOR AN EXEMPT FACILITY PROJECT

WHEREAS, the California Pollution Control Financing Authority (“CPCFA”) has received an application (“Application”) from Alameda County Industries AR, Inc. and/or its Affiliates (“Project Sponsor”) for approval of the issuance of revenue bonds; and

WHEREAS, on November 13, 2012, CPCFA approved Final Resolution No. 529 (“Final Resolution”) authorizing the issuance of up to $10,275,000 of its solid waste disposal revenue bonds (Alameda County Industries AR, Inc. Project) Series 2012 (“Bonds”); and

WHEREAS, in seeking CPCFA approval of the Final Resolution, the Project Sponsor represented certain facts and information concerning the project to CPCFA which were relied upon by CPCFA in approving the Final Resolution; and

WHEREAS, the California Debt Limit Allocation Committee (“CDLAC”) has previously transferred to CPCFA a portion of the 2009 State Ceiling on Qualified Private Activity Bonds pursuant to Section 146 of the Internal Revenue Code of 1986, as amended, for use by CPCFA to issue bonds or other obligations in a manner consistent with CDLAC’s policies and procedures. Accordingly, capitalized terms not otherwise defined shall have the meanings ascribed to them in the “Procedures of the California Debt Limit Allocation Committee Implementing the Allocation of State Ceiling on Private Activity Bonds” (“CDLAC Procedures”); and

WHEREAS, it is appropriate for CPCFA to confirm the use of a portion of the 2009 State Ceiling on Qualified Private Activity Bonds allocated to CPCFA (“CPCFA Allocation”) to the issuance of the Bonds as set forth in the Final Resolution;

NOW, THEREFORE, CPCFA resolves as follows:

Section 1. CPCFA Allocation in the amount of $10,275,000 is hereby dedicated to the issuance of the Bonds. The dedicated CPCFA Allocation may be used only by the Project Sponsor and only for the issuance of Bonds for the Project, as specifically described in Exhibit A, and consistent with the terms of the Final Resolution. All of the terms and conditions of Exhibit A, and the Final Resolution are incorporated herein as though set forth in full (this resolution, the Final Resolution and Exhibit A, collectively “Resolution”).

Section 2. The terms and conditions of this Resolution shall be incorporated in appropriate documents relating to the Bonds, and the Project Sponsor and all its respective successors and assignees, will be bound by such terms and conditions.
Section 3. Any modification to the Project made prior to the issuance of the Bonds must be reported to the Executive Director and shall require reconsideration by the CPCFA before the Allocation may be used for the Project.

Section 4. The CPCFA Allocation dedicated by this Resolution shall automatically revert to CPCFA unless the Bonds for the Project have been issued by CPCFA by the close of business on December 31, 2012.

Section 5. Within twenty-four (24) hours of issuing the Bonds, CPCFA shall notify CDLAC via the email or the fax number as provided in Section 5140 of the CDLAC Regulations that the Bonds have been issued. This notice shall identify the Project Sponsor, the project or program, the date and amount of the Bonds issued.

Section 6. Within fifteen (15) calendar days of the Bond closing, CPCFA or its counsel shall formally transmit to CDLAC information regarding the issuance of the Bonds by submitting the appropriate completed Report of Action Taken in a form prescribed by and made available by CDLAC.

Section 7. Any differences between the amount of Bonds issued and the amount of the CPCFA Allocation dedicated in Section 1 of this Resolution shall automatically revert to CPCFA. If at any time prior to the expiration date set forth in Section 4 hereof the Project Sponsor determines that part or all of the CPCFA Allocation dedicated in Section 1 of this Resolution will not be required by the Project by that date, the Project Sponsor shall promptly give notice to CPCFA.

Section 8. In consideration of the CPCFA Allocation dedicated in Section 1 of this resolution, the Project Sponsor shall comply with all of the terms and conditions contained in this Resolution and ensure that these terms and conditions are included in the documents related to the Bonds. Further, the Project Sponsor expressly agrees that the terms and conditions of this Resolution may be enforced by CDLAC or CPCFA through an action for specific performance or any other available remedy, provided however, that CDLAC and CPCFA agree not to take such action or enforce any such remedy that would be materially adverse to the interests of Bondholders. In addition, CPCFA shall ensure that the Bond documents, as appropriate, expressly provide that CDLAC is a third party beneficiary of the terms and conditions set forth in this Resolution.

Section 9. The Project Sponsor or its successor-in-interest shall provide certifications of compliance with the terms and conditions set forth in this Resolution when reasonably requested by CDLAC or CPCFA.
