

NOTICE OF PUBLIC HEARING

Notice is hereby given pursuant to Section 147(f) of the Internal Revenue Code of 1986, as amended, that a public hearing will be held before the Executive Director of the California Pollution Control Financing Authority (the "Authority") or her designee on Monday, May 18, 2015, at 10:00 a.m. or as soon thereafter as such matters may be heard, in Room 470 of 915 Capitol Mall, Sacramento, California, on the proposed issuance of one or more series of refunding revenue bonds by the Authority in an aggregate principal amount not to exceed \$140,430,000 (the "Bonds").

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in July, 2002 (the "2002 Prior Bonds").

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Alameda:

develop cells, construct and/or install associated pollution control facilities and improvements, acquire and construct and/or improve buildings and equipment, including solid waste disposal machinery, all to be located at the Altamont Landfill, 10840 Altamont Pass Road, Livermore, CA.

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in April, 2005 (the "2005 Prior Bonds").

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Alameda:

- (a) improvements to existing landfill facilities, including (i) construction of new disposal cells and liners within currently permitted acreage, (ii) additions and improvements to the leachate collection and treatment system, including leachate trenching, (iii) additions and improvements to the methane gas system, (iv) installation of new liners for intermediate and final closure of completed sections of the landfill facilities, (v) facility improvements, (vi) acquisition of equipment for use at the landfill facilities, and (vii) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Tri Cities RDF Landfill, 7010 Auto Mall Parkway, Fremont and Altamont Landfill, 10840 Altamont Pass Road, Livermore; and
- (b) improvements to existing hauling and transfer station facilities, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Livermore Dublin Disposal, 6175 Southfront Road, Livermore; WM of Alameda County, 172 98th Avenue, Oakland; Davis Street Transfer Station, 2615 Davis Street, San Leandro; and Tri Cities Waste Management, 7010 Auto Mall Parkway, Fremont.

All financed and refinanced assets were initially owned and/or operated by Waste Management, Inc. and/or an affiliate thereof (the "Company"). The vehicles and containers currently serve the Company's customers throughout the Company's service territories in the County of Alameda, California, and the containers have been and will continue to be located at the addresses of the Company's customers.

Notice is further given that at said hearing, all proponents and opponents of the facilities or the possible refinancing will have an opportunity to be heard on the question as to whether such Bonds should be issued. Interested persons may attend the public hearing in person or by phone at (888) 363-4734, participant code 5487945 or TDD (916) 654-9922. Written comments may also be submitted to the Authority prior to 5:00 p.m., California time, on Friday, May 15, 2015. For further information, contact the Authority at 915 Capitol Mall, Room 457, Sacramento, California 95814, by phone at (916) 654-5610, or by facsimile at (916) 657-4821.

Date: May 1, 2015

RENEÉ WEBSTER-HAWKINS
Executive Director
California Pollution Control Financing Authority

NOTICE OF PUBLIC HEARING

Notice is hereby given pursuant to Section 147(f) of the Internal Revenue Code of 1986, as amended, that a public hearing will be held before the Executive Director of the California Pollution Control Financing Authority (the "Authority") or her designee on Monday, May 18, 2015, at 10:00 a.m. or as soon thereafter as such matters may be heard, in Room 470 of 915 Capitol Mall, Sacramento, California, on the proposed issuance of one or more series of refunding revenue bonds by the Authority in an aggregate principal amount not to exceed \$140,430,000 (the "Bonds").

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in April, 2005 (the "2005 Prior Bonds").

A portion of such 2005 Prior Bonds were used to finance the following projects in the County of Modoc:

improvements to an existing hauling and transfer station facility, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Alturas Disposal, 335 North Main Street, Alturas.

All financed and refinanced assets were initially owned and/or operated by Waste Management, Inc. and/or an affiliate thereof (the "Company"). The vehicles and containers currently serve the Company's customers throughout the Company's service territories in the County of Modoc, California, and the containers have been and will continue to be located at the addresses of the Company's customers.

Notice is further given that at said hearing, all proponents and opponents of the facilities or the possible refinancing will have an opportunity to be heard on the question as to whether such Bonds should be issued. Interested persons may attend the public hearing in person or by phone at (888) 363-4734, participant code 5487945 or TDD (916) 654-9922. Written comments may also be submitted to the Authority prior to 5:00 p.m., California time, on Friday, May 15, 2015. For further information, contact the Authority at 915 Capitol Mall, Room 457, Sacramento, California 95814, by phone at (916) 654-5610, or by facsimile at (916) 657-4821.

Date: April 30, 2015

Executive Director
California Pollution Control Financing Authority

NOTICE OF PUBLIC HEARING

Notice is hereby given pursuant to Section 147(f) of the Internal Revenue Code of 1986, as amended, that a public hearing will be held before the Executive Director of the California Pollution Control Financing Authority (the "Authority") or her designee on Monday, May 18, 2015, at 10:00 a.m. or as soon thereafter as such matters may be heard, in Room 470 of 915 Capitol Mall, Sacramento, California, on the proposed issuance of one or more series of refunding revenue bonds by the Authority in an aggregate principal amount not to exceed \$140,430,000 (the "Bonds").

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in July, 2002 (the "2002 Prior Bonds").

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Riverside:

- (a) construct and/or acquire buildings, solid waste disposal equipment, containers and collection vehicles, all to be stored and/or located at Inland Empire Hauling, 800 South Temescal Street, Corona, CA; and
- (b) develop cells, construct and/or install associated pollution control facilities and improvements, acquire and/or improve equipment, including solid waste disposal machinery, all to be located at El Sobrante Landfill, 10910 Dawson Canyon Road, Corona, CA.

A portion of such 2002 Prior Bonds were used to refinance the following projects in the County of Riverside:

finance the acquisition, installation, construction, reconstruction, improvement, relocating, equipping or other costs related to solid waste disposal facilities, along with all functionally related and subordinate facilities, including but not limited to the following: the acquisition of trucks, trailers, support vehicles and containers, office and administrative facilities, loading and unloading facilities, holding and storage facilities, facilities related to landfills, recycling operations or truck terminals, as well as facilities related to other operations related to solid waste transfer stations, all of which will be located at some or all of the following locations: (1) Inland Empire Hauling, 800 S. Temescal Street, Corona, (2) El Sobrante Landfill, 10910 Dawson Canyon Road, Corona, all such locations being in Riverside County, California.

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in April, 2005 (the "2005 Prior Bonds").

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Riverside:

- (a) improvements to an existing landfill facility, including (i) construction of new disposal cells and liners within currently permitted acreage, (ii) additions and improvements to the leachate collection and treatment system, including leachate trenching, (iii) additions and improvements to the methane gas system, (iv) installation of new liners for intermediate and final closure of completed sections of the landfill facility, (v) facility improvements, (vi) acquisition of equipment for use at the landfill facilities, and (vii) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at El Sobrante Landfill, 10910 Dawson Canyon Road, Corona; and
- (b) improvements to existing hauling and transfer station facilities, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, (iv) construction of a new building, and (v) acquisition of other equipment and assets necessary to support the foregoing improvements and to

place them in to service, all to be located at WM of the Desert USACA, 41575 Eclectic Street, Palm Desert; Moreno Valley WMCR, 17700 Indian Street, Moreno Valley; and WM of the Desert, 41575 Eclectic Street, Palm Desert.

All financed and refinanced assets were initially owned and/or operated by Waste Management, Inc. and/or an affiliate thereof (the "Company"). The vehicles and containers currently serve the Company's customers throughout the Company's service territories in the County of Riverside, California, and the containers have been and will continue to be located at the addresses of the Company's customers.

RENEÉ WEBSTER-HAWKINS
Executive Director
California Pollution Control Financing Authority

NOTICE OF PUBLIC HEARING

Notice is hereby given pursuant to Section 147(f) of the Internal Revenue Code of 1986, as amended, that a public hearing will be held before the Executive Director of the California Pollution Control Financing Authority (the "Authority") or her designee on Monday, May 18, 2015, at 10:00 a.m. or as soon thereafter as such matters may be heard, in Room 470 of 915 Capitol Mall, Sacramento, California, on the proposed issuance of one or more series of refunding revenue bonds by the Authority in an aggregate principal amount not to exceed \$140,430,000 (the "Bonds").

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in April, 2005 (the "2005 Prior Bonds").

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of San Diego:

improvements to existing hauling and transfer station facilities, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Coast Waste, 5960 El Camino Real, Carlsbad; WM San Diego, 1300 Wilson Avenue, National City; and North County, 2141 Oceanside Boulevard, Oceanside.

All financed and refinanced assets were initially owned and/or operated by Waste Management, Inc. and/or an affiliate thereof (the "Company"). The vehicles and containers currently serve the Company's customers throughout the Company's service territories in the County of San Diego, California, and the containers have been and will continue to be located at the addresses of the Company's customers.

Notice is further given that at said hearing, all proponents and opponents of the facilities or the possible refinancing will have an opportunity to be heard on the question as to whether such Bonds should be issued. Interested persons may attend the public hearing in person or by phone at (888) 363-4734, participant code 5487945 or TDD (916) 654-9922. Written comments may also be submitted to the Authority prior to 5:00 p.m., California time, on Friday, May 15, 2015. For further information, contact the Authority at 915 Capitol Mall, Room 457, Sacramento, California 95814, by phone at (916) 654-5610, or by facsimile at (916) 657-4821.

Date: May 1, 2015

RENEÉ WEBSTER-HAWKINS
Executive Director
California Pollution Control Financing Authority

NOTICE OF PUBLIC HEARING

Notice is hereby given pursuant to Section 147(f) of the Internal Revenue Code of 1986, as amended, that a public hearing will be held before the Executive Director of the California Pollution Control Financing Authority (the "Authority") or her designee on Monday, May 18, 2015, at 10:00 a.m. or as soon thereafter as such matters may be heard, in Room 470 of 915 Capitol Mall, Sacramento, California, on the proposed issuance of one or more series of refunding revenue bonds by the Authority in an aggregate principal amount not to exceed \$140,430,000 (the "Bonds").

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in July, 2002 (the "2002 Prior Bonds").

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of San Joaquin:

acquire solid waste disposal equipment, machinery, containers and collection vehicles, all to be stored and/or located at Lodi Recycling, 1333 East Turner Road, Lodi, CA.

A portion of such 2002 Prior Bonds were used to refinance the following projects in the County of San Joaquin:

purchase of land and acquisition, installation and construction of buildings and facilities and the purchase of related equipment for the collection and transfer of municipal solid waste, composting of garden and agricultural wastes, and the separation of recyclable materials from solid waste to be located at a solid waste disposal facility located at Central Valley Waste Services and Lodi Recycling, 1333 East Turner Road, Lodi, in San Joaquin County, California.

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in April, 2005 (the "2005 Prior Bonds").

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of San Joaquin:

improvements to existing hauling and transfer station facilities, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Stockton Scavenger, 1240 Navy Drive, Stockton; Central Valley Waste Services, 1333 East Turner Road, Lodi; and Lodi Transfer Station, 1333 East Turner Road, Lodi.

All financed and refinanced assets were initially owned and/or operated by Waste Management, Inc. and/or an affiliate thereof (the "Company"). The vehicles and containers currently serve the Company's customers throughout the Company's service territories in the County of San Joaquin, California, and the containers have been and will continue to be located at the addresses of the Company's customers.

Notice is further given that at said hearing, all proponents and opponents of the facilities or the possible financing will have an opportunity to be heard on the question as to whether such Bonds should be issued. Interested persons may attend the public hearing in person or by phone at (888) 363-4734, participant code 5487945 or TDD (916) 654-9922. Written comments may also be submitted to the Authority prior to 5:00 p.m., California time, on Friday, May 15, 2015. For further information, contact the Authority at 915 Capitol Mall, Room 457, Sacramento, California 95814, by phone at (916) 654-5610, or by facsimile at (916) 657-4821.

NOTICE OF PUBLIC HEARING

Notice is hereby given pursuant to Section 147(f) of the Internal Revenue Code of 1986, as amended, that a public hearing will be held before the Executive Director of the California Pollution Control Financing Authority (the "Authority") or her designee on Monday, May 18, 2015, at 10:00 a.m. or as soon thereafter as such matters may be heard, in Room 470 of 915 Capitol Mall, Sacramento, California, on the proposed issuance of one or more series of refunding revenue bonds by the Authority in an aggregate principal amount not to exceed \$140,430,000 (the "Bonds").

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in July, 2002 (the "2002 Prior Bonds").

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Alameda:

develop cells, construct and/or install associated pollution control facilities and improvements, acquire and construct and/or improve buildings and equipment, including solid waste disposal machinery, all to be located at the Altamont Landfill, 10840 Altamont Pass Road, Livermore, CA.

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Fresno:

construct and/or acquire buildings, solid waste disposal equipment, collection vehicles and containers, all to be located at Fresno Hauling, 4333 East Jefferson Avenue, Fresno, CA.

A portion of such 2002 Prior Bonds were used to refinance the following projects in the County of Fresno:

finance the acquisition, installation, construction, reconstruction, improvement, relocating, equipping or other costs related to solid waste disposal facilities, along with all functionally related and subordinate facilities, including but not limited to the following: the acquisition of trucks, trailers, support vehicles and containers, office and administrative facilities, loading and unloading facilities, holding and storage facilities, facilities related to landfills, recycling operations or truck terminals, as well as facilities related to other operations related to solid waste transfer stations, all of which will be located at some or all of the following locations: (1) 4333 East Jefferson Avenue, Fresno, (2) 2427 S. Orange, Fresno, (3) 3397 E. Malaga Street, Fresno, and (4) 5608 S. Villa Avenue, Fresno, all such locations being in Fresno County, California.

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Kings:

develop cells, construct and/or install associated pollution control facilities and improvements, acquire solid waste disposal equipment, machinery, containers and collection vehicles, and construct and/or improve buildings, all to be located at Waste Management of Central Valley, Kettleman, 35251 Old Skyline Road, Kettleman City, CA.

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Los Angeles:

(i) acquire solid waste disposal equipment, machinery, containers and collection vehicles, all to be stored and/or located at Santa Clarita Hauling/Blue Barrel Disposal, 25772 Springbrook Road, Saugus, CA; and (ii) construct and/or acquire buildings, and solid waste disposal containers and collection vehicles, all to be stored and/or located at LA Metro Hauling - Compton, 407 East El Segundo Boulevard, Compton, CA and Sun Valley Hauling, 9081 Tujunga Avenue, First Floor, Sun Valley, CA.

A portion of such 2002 Prior Bonds were used to refinance the following projects in the County of Los Angeles:

acquisition, installation, construction, reconstruction, improvement, relocating, equipping or other costs related to solid waste disposal facilities, along with all functionally related and subordinate facilities, including but not limited to the following: the acquisition of trucks, trailers, support vehicles and containers, office and administrative facilities, loading and unloading facilities, holding and storage facilities, facilities related to landfills, recycling operations or truck terminals, as well as facilities related to other operations related to solid waste transfer stations, all of which will be located at some or all of the following locations: (1) LA Metro Hauling – Long Beach, 1970 E. 213th Street, Long Beach, (2) Sun Valley Hauling, 9081 Tujunga Ave., Sun Valley, (3) Santa Clarita Hauling/Blue Barrel, 25772 Springbrook Road, Saugus, (4) Carson Transfer Station, 321 W. Francisco Street, Carson, all such locations being in Los Angeles County, California.

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Riverside:

- (a) construct and/or acquire buildings, solid waste disposal equipment, containers and collection vehicles, all to be stored and/or located at Inland Empire Hauling, 800 South Temescal Street, Corona, CA; and
- (b) develop cells, construct and/or install associated pollution control facilities and improvements, acquire and/or improve equipment, including solid waste disposal machinery, all to be located at El Sobrante Landfill, 10910 Dawson Canyon Road, Corona, CA.

A portion of such 2002 Prior Bonds were used to refinance the following projects in the County of Riverside:

finance the acquisition, installation, construction, reconstruction, improvement, relocating, equipping or other costs related to solid waste disposal facilities, along with all functionally related and subordinate facilities, including but not limited to the following: the acquisition of trucks, trailers, support vehicles and containers, office and administrative facilities, loading and unloading facilities, holding and storage facilities, facilities related to landfills, recycling operations or truck terminals, as well as facilities related to other operations related to solid waste transfer stations, all of which will be located at some or all of the following locations: (1) Inland Empire Hauling, 800 S. Temescal Street, Corona, (2) El Sobrante Landfill, 10910 Dawson Canyon Road, Corona, all such locations being in Riverside County, California.

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Santa Clara:

develop cells, construct and/or install associated pollution control facilities and improvements and acquire associated equipment, all to be located at the Kirby Canyon Landfill, 910 Coyote Creek Golf Drive, Morgan Hill, CA.

A portion of such 2002 Prior Bonds were used to refinance the following projects in the County of Santa Clara:

acquisition, installation, construction, reconstruction, improvement, relocating, equipping or other costs related to solid waste disposal facilities, along with all functionally related and subordinate facilities, including but not limited to the following: the acquisition of trucks, trailers, support vehicles and containers, office and administrative facilities, loading and unloading facilities, holding and storage facilities, facilities related to landfills, recycling operations or truck terminals, as well as facilities related to other operations related to solid waste transfer stations, all to be located at USA Waste of San Jose, 1675 Rogers Avenue, San Jose, in Santa Clara County, California.

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of San Joaquin:

acquire solid waste disposal equipment, machinery, containers and collection vehicles, all to be stored and/or located at Lodi Recycling, 1333 East Turner Road, Lodi, CA.

A portion of such 2002 Prior Bonds were used to refinance the following projects in the County of San Joaquin:

purchase of land and acquisition, installation and construction of buildings and facilities and the purchase of related equipment for the collection and transfer of municipal solid waste, composting of garden and agricultural wastes, and the separation of recyclable materials from solid waste to be located at a solid waste disposal facility located at Central Valley Waste Services and Lodi Recycling, 1333 East Turner Road, Lodi, in San Joaquin County, California.

A portion of such 2002 Prior Bonds were used to finance the following projects in the County of Ventura:

develop cells, construct and/or install associated pollution control facilities and improvements, acquire and/or improve equipment, including solid waste disposal machinery, all to be located at Simi Valley Landfill, 2801 Madera Road, Simi Valley, CA.

A portion of such Bond proceeds will refund a prior series of the Authority's revenue bonds issued in April, 2005 (the "2005 Prior Bonds").

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Alameda:

- (a) improvements to existing landfill facilities, including (i) construction of new disposal cells and liners within currently permitted acreage, (ii) additions and improvements to the leachate collection and treatment system, including leachate trenching, (iii) additions and improvements to the methane gas system, (iv) installation of new liners for intermediate and final closure of completed sections of the landfill facilities, (v) facility improvements, (vi) acquisition of equipment for use at the landfill facilities, and (vii) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Tri Cities RDF Landfill, 7010 Auto Mall Parkway, Fremont and Altamont Landfill, 10840 Altamont Pass Road, Livermore; and
- (b) improvements to existing hauling and transfer station facilities, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Livermore Dublin Disposal, 6175 Southfront Road, Livermore; WM of Alameda County, 172 98th Avenue, Oakland; Davis Street Transfer Station, 2615 Davis Street, San Leandro; and Tri Cities Waste Management, 7010 Auto Mall Parkway, Fremont.

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Butte:

improvements to existing hauling and transfer station facilities, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Paradise Solid Waste, 951 American Way, Paradise.

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Calaveras:

improvements to an existing landfill facility, including (i) construction of new disposal cells and liners within currently permitted acreage, (ii) additions and improvements to the leachate collection and treatment system, including leachate trenching, (iii) additions and improvements to the methane gas system, (iv) installation of new liners for intermediate and final closure of completed sections of the landfill facility, (v) facility improvements, (vi) acquisition of equipment for use at the landfill facilities, and (vii) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at California Asbestos Monofill Co., 4849 O'Byrnes Ferry Road, Copperopolis, in the County of Calaveras, California.

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Colusa:

improvements to an existing hauling and transfer station facility, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Corning Disposal, 3852 Highway 99 West, Colusa.

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Contra Costa:

improvements to an existing hauling and transfer station facility, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Valley Waste Management, 2658 Main Street North, Walnut Creek.

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Fresno:

improvements to an existing hauling and transfer station facility, including (i) acquisition of solid waste disposal trucks, containers, and related equipment, (ii) acquisition of solid waste disposal sorting and processing equipment, (iii) facility improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at Fresno Hauling, 4333 East Jefferson Avenue, Fresno.

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Kern:

improvements to an existing landfill facility, including (i) construction of new disposal cells and liners within currently permitted acreage, (ii) additions and improvements to the leachate collection and treatment system, including leachate trenching, (iii) additions and improvements to the methane gas system, (iv) installation of new liners for intermediate and final closure of completed sections of the landfill facility, (v) facility improvements, (vi) acquisition of equipment for use at the landfill facilities, and (vii) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at McKittrick Waste Landfill, 56533 Highway 58 West, McKittrick, in the County of Kern, California.

A portion of the 2005 Prior Bonds were used to finance the following projects in the County of Kings:

improvements to an existing landfill facility, including (i) construction of new disposal cells and liners within currently permitted acreage, (ii) additions and improvements to the leachate collection and treatment system, including leachate trenching, (iii) additions and improvements to the methane gas

system, (iv) installation of new liners for intermediate and final closure of completed sections of the landfill facility, (v) facility improvements, (vi) acquisition of equipment for use at the landfill facilities, and (vii) acquisition of other equipment and assets necessary to support the foregoing improvements and to place them in to service, all to be located at WM of Central Valley – Kettleman City, 35251 Old Skyline Road, Kettleman City, in the County of Kings, California.
