

California Pollution Control Financing Authority

Notice of Proposed Rulemaking

The California Pollution Control Financing Authority ("CPCFA" or the "Authority"), organized and operating pursuant to Sections 44500 through 44563 of the California Health and Safety Code, proposes to adopt the proposed regulations as part of the regular rulemaking process after considering all comments, objections, and recommendations regarding the proposed action.

CPCFA proposes to amend Sections §8078.8 - 8078.10 of Title 4 of the California Code of Regulations (the "Proposed Regulations") concerning the California Americans with Disabilities Act ("ADA") Small Business Capital Access Loan Program ("CalCAP/ADA"). The primary changes are intended to increase the pool of eligible small businesses by expanding the definition of small business specific to the CalCAP/ADA program and incentivize small businesses to physically alter or retrofit their small business facilities for compliance with the federal ADA. The Authority initiated the regular rulemaking process by submitting the Notice of Proposed Rulemaking and supporting documentation to the Office of Administrative Law ("OAL") on Tuesday, March 13, 2018 for publication in the California Regulatory Notice Register on Friday, March 23, 2018.

This Notice is being provided for the purpose of stakeholder notification of the beginning of the forty-five (45) day comment period for this rulemaking, which will begin on Friday, March 23, 2018 and will end at 5:00 PM (PT) on Monday, May 7, 2018. Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulations to the Authority. All of the comments must be submitted in writing to the Agency Contact Person identified in the Notice of Proposed Rulemaking by the designated time in order for them to be considered by the Authority.

In the event that substantial and sufficiently related changes are made to the proposed regulations during the written comment period, the Authority will also accept additional written comments limited to those changes for fifteen (15) calendar days after the date on which such regulations, as changed or modified are made available to the public pursuant to Title 1, Chapter 1, Section 44 of the California Code of Regulations. Such additional written comments should be addressed to the Agency Contact Person identified in this Notice.

After the written comment period ends and following a public hearing, if any is requested pursuant to Section 11346.8 of the Government Code, the Authority may adopt the Proposed Regulations substantially as described in this Notice, without further notice.

For more information or questions on this action, contact Bianca Smith by email at bsmith@treasurer.ca.gov or by phone (916) 653-5408.
