Dear CalCAP EVCS Lenders,

Thank you for enrolling as a lender for the CalCAP Electric Vehicle Charging Station (EVCS) Program. This was a pilot program with funding provided by the California Energy Commission. The program ended March 31, 2022, and there is currently no funding for an ongoing program. CalCAP cannot accept any further applications for the EVCS program. Loans already enrolled in the program will continue to receive coverage until they have matured. Qualified borrowers enrolled in the program are still eligible to receive the rebate offered. If your organization has no loans enrolled in the program, then the associated EVCS Loan Loss Reserve account will be closed.

Thank you for your participation,
The CalCAP Staff
