Eligible purchases with loan proceeds include:

- Used and new trucks equipped with 2010 and later model year engines CARB-certified to 2010 and later model year emission standards;

In Section III, the Borrower shall provide the total number of on-road heavy-duty vehicles in his/her fleet subject to the Regulation. The proposed regulation sets an end date for combustion-powered new medium- and heavy-duty vehicle sales in California. Complete regulatory language, and the current status of the regulatory development, can be found at: https://ww2.arb.ca.gov/rulemaking/2022/acf2022.
