ABLE AGE ADJUSTMENT ACT

A Virtual Town Hall discussion

Since becoming law in 2014, the federal ABLE Act has empowered tens of thousands of people with disabilities to save and invest for their futures without jeopardizing their eligibility for government benefits, like SSI and Medicaid. But the original law excluded millions by limiting eligibility to people whose disability began before age 26. Congress is now seeking to remedy this by passing a law that would allow those whose disability began before age 46 to open an ABLE account. Join California State Treasurer Fiona Ma, in collaboration with CalABLE, Disability Rights of California, and U.S. Congressman Tony Cardenas for an informative town hall discussion on this important legislation, the ABLE Age Adjustment Act.

Topics Include:

- The ABLE Age Adjustment Act (S. 331 and H.R. 1219)
- How you can help get this law passed
