

California Achieving a Better Life Experience Act Board

2016-17 Strategic Plan

Executive Summary

Prior to the Federal Stephen Beck, Jr. Achieving a Better Life Experience Act of 2014 (Federal Act), people with disabilities were not allowed to have more than \$2,000 in liquid assets without their vital state and federal benefits being suspended or drastically reduced.

In 2015, the California State Legislature created the California Achieving a Better Life Experience Board (CalABLE or the Board) and tasked it with developing tax-advantaged savings accounts for people with disabilities to be able to accumulate liquid assets of up to \$100,000 and not have their SSI or other public benefits suspended/impacted.

As of July 1, 2016, CalABLE was allocated a General Fund loan of \$1.5 million dollars over two years to implement this new program. The Board was given 3 personnel years: An Executive Director, a Staff Services Manager I, and an Associate Governmental Program Analyst.

Dozens of states have opened their ABLE programs and more will be coming soon. California is going to be able to open its doors to participants in 2017. In the meantime, along with setting up the internal infrastructure for this new state agency, staff will develop state regulations, hire consultant service providers, and design a Request For Proposal to begin to design the California program.

Vision

To provide greater financial security to Californians living with a disability.

Mission

To meet the diverse needs of our customers and their families. We pledge to be customer driven, accountable, and a trusted partner in providing financial services. We are committed to transparent, accessible services that meet the needs of our participants.

Values

Adaptability and Flexibility – We will encourage an entrepreneurial mindset to consistently improve and solve problems through creativity and feedback from our customers.

Humility – We seek to listen and learn from our participants and our peers.

Integrity – We are committed to operating business in a reliable and trustworthy fashion.

Transparency and Accountability – We will always take ownership and responsibility for our actions and outcomes.

Sustainability – We are committed to growing ABLE accounts in a responsible manner that will promote long term sustainability of the program and long term growth of account balances.

Collaboration– We will not operate in a silo; we will engage stakeholders at multiple levels to ensure consistency across impacted federal and state agencies.
