¹ Under the Program the value of a specific project's sales and use tax exclusion is calculated using the statewide sales and use tax average. The statewide average was estimated at 9.1% of the price of the eligible equipment for all projects approved through June 2011, and was decreased to 8.1% for projects approved after July 1, 2011.

²These benefits are estimates that are calculated under the Program's evaluation system at the time of Board approval. Applicants are required to provide annual reports to CAEATFA on actual project activity.
