

CalSavers is here!

[CalSavers](#) is California's retirement savings program designed for the millions of Californians who lack a way to save for retirement at their job. CalSavers was created by legislation passed in 2016 requiring California employers to either sponsor a retirement plan or participate in CalSavers – an automatic enrollment individual retirement account (IRA) with no employer fees or fiduciary liability.

California's new mandate is phased in over three years, with deadlines based on employer size. **Employers with over 100 employees are now less than 30 days away from the first deadline on September 30, 2020, extended from June 30, 2020 in light of the COVID-19 crisis, but any eligible employer can join today.**
