DATA-CORNER
A Monthly Update From CDIAC’s Data Collection and Analysis Unit

2023 Debt Issuance
DATA AS OF 2/15/2024

Darlene Medrano | Policy Research Unit

Debt issuance by public agencies nationwide totaled approximately $380.5 billion in calendar year (CY) 2023, a decrease of 2.6% from $390.8 issued in CY 2022.1 Issuance by California public agencies increased in CY 2023 by less than one percent at 0.9% with approximately $67.4 billion issued, up from the $66.8 billion issued in CY 2022 (Figure 1).2 The increase in CY 2023 issuance activity represents minimal growth from the previous year. California public debt issuance in CY 2023 was still 9.5% lower than the 10-year average total issuance of $74.4 billion.3

Since March 2022, the Federal Reserve has implemented eleven rate hikes, to tame rising inflation. The timing of the Federal Reserve’s decision to begin rate lowering has been complicated by the increasing difficulty in attaining the Fed’s 2% inflation target even as the target approaches. It is thought that the persistently robust economy as well as geopolitical stresses have combined to hold off realization of the final increments inflation rate goals.4

NEW MONEY VS. REFUNDING

With interest rates still high and total issuance by California public agencies essentially flat, new money issuance and refunding activity yielded different results in CY 2023. While new money issuance was down 4.0%; refunding activity increased 11.0% over the prior year (Figure 2).

STATE VS. LOCAL COMPARISON

Figure 3 breaks down long-term debt issuance activity by issuer type (state, local) and issuance activity (new money, refunding). Overall issuance activity (new money, refunding) for state issuers increased 5.1% and local issuers decreased 1.8%.5 Among state issuers, the increase in issuance activity is attributed to refunding issuance, which was up 44.1%, while new money decreased by 15.5%. For local issuers both new money issuance (-0.3%) and refunding volume (-6.4%) decreased in CY 2023.

2 California issuance numbers include all debt sold and reported to CDIAC January 1, 2022, through December 31, 2022, as of January 31, 2023. The data includes long-term and short-term financings (unless otherwise noted) and private placements. The debt issuance total includes Mark-Roos authority issuance activity but does not include Marks-Roos obligor data.

5 State Issuers include the State of California, six different State Programs & Departments, six different State Instrumentalities and two different Non-Profit Public Benefit Corporations formed to issue for state purposes.

Under Chapter 723, Statutes of 2000 (AB 2300, Florez), issuers of debt authorized under the Marks-Roos Local Bond Pooling Act of 1985 (Marks-Roos Pooling Act) are required, with some exceptions, to submit copies of “public hearing notices” and “resolutions of intent” to issue debt for capital improvement projects to the California Debt and Investment Advisory Commission (CDIAC) and the State Attorney General’s Office. For calendar year 2023, CDIAC received 82 Reports of Final Sale for debt issued pursuant to the Marks-Roos Pooling Act, 77 of these issues fell under the purview of AB 2300 (AB 2300 reportable issues). CDIAC staff determined that each AB 2300 debt issue met one of the exemptions provided under Government Code Sections 6586.5 and 6586.7. As a result, no issuers were required to submit copies of “public hearing notices” or “resolutions of intent” to CDIAC.

Tables 1 and 2 summarize the results of CDIAC’s review of AB 2300 debt issues.

CDIAC will continue to track compliance with the requirements of AB 2300 and will report its findings in future issues of Debt Line.

1 Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code
2 Exhibit 1 to this report provides a description of the exemptions to AB 2300 reporting requirements.
3 It should be noted that only the Reports of Final Sale received by CDIAC with a sale date occurring in 2023 were reviewed. Some issuers may not have reported their bonds to CDIAC, although they are required by law to do so 30 days prior to the sale and within 21 days following the sale.
4 Public hearing notices as described in Government Code Section 6586.5(a)(5).
5 Resolutions of intent as described in Government Code Section 6586.7(a).
6 For this analysis, authority means an entity created pursuant to the Joint Exercise of Powers Act, Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code and includes any successor to the powers and functions of that entity.
EXHIBIT 1. EXEMPTIONS TO AB 2300 REPORTING REQUIREMENTS

HEARING NOTICE EXEMPTION. Under various subdivisions of Government Code Section 6586.5, local agencies are exempt from sending copies of a hearing notice to CDIAC and the State Attorney General’s Office if the bonds are issued:

• Pursuant to the California Community Development Law, Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code;
• To finance transportation facilities and vehicles;
• To finance a facility that is located within the boundaries of a joint powers authority (authority), provided that the authority that issues those bonds consists of any of the following:
  • Local agencies with overlapping boundaries;
  • A county and a local agency or local agencies located entirely within that county;
  • A city and a local agency or local agencies located entirely within that city;
• To finance a facility for which an authority has received an allocation from the California Debt Limit Allocation Committee; and
• Of an authority that consists of no less than 100 local agencies and the agreement that established that authority requires the governing body of the local agency that is a member of the authority in whose jurisdiction the facility will be located to approve the facility and the issuance of the bonds.

In addition, as stated in subdivision (c) of Section 6586.5, bonds issued for any of the following purposes are also exempt from, among other things, sending copies of a hearing notice:

• To finance the undergrounding of utility and communication lines;
• To finance, consistent with the provisions of Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, facilities for the generation or transmission of electrical energy for public or private uses and all rights, properties, and improvements necessary therefor, including fuel and water facilities and resources;
• To finance facilities for the production, storage, transmission, or treatment of water, recycled water, or wastewater;
• To finance public school facilities; and
• To finance public highways located within the jurisdiction of an authority that is authorized to exercise the powers specified in the El Dorado County Toll Tunnel Authority Act, Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code, provided that the authority conducts the noticed public hearing and makes the finding of significant public benefit in accordance with Section 6586.5.

RESOLUTION OF INTENT EXEMPTION. Government Code Section 6586.7 exempts local agencies from sending resolutions of intent to issue bonds under the Joint Exercise of Powers Act, (Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code), as well as those issued for the following purposes:

• Specified in subdivision (c) of Section 6586.5;
• Pursuant to the California Community Development Law, Part 1 (commencing with Section 33000) of Division 24 of the California Health and Safety Code;
• To finance transportation facilities and vehicles;
• To finance a facility that is located within the boundaries of an authority, provided that the authority that issues those bonds consists of any of the following:
  • Local agencies with overlapping boundaries;
  • A county and a local agency or local agencies located entirely within that county;
  • A city and a local agency or local agencies located entirely within that city;
• Of an authority that consists of no less than 100 local agencies and the agreement that established that authority requires the governing body of the local agency that is a member of the authority in whose jurisdiction the facility will be located to approve the facility and the issuance of the bonds;
• Issued pursuant to Section 6588.8.
