Recommendation:

Staff recommends that the Committee approve an amount of \$213,765,000 in 2009 tax-exempt bond allocation to the California Housing Finance Agency for a Mortgage Credit Certificate Program. This amount is the remaining balance of the 2009 allocation previously awarded for a Mortgage Revenue Bond Program.

DESCRIPTION OF PROPOSED PROGRAM:

- **Population to be served by the proposed Program (family size, income levels, etc.):**
According to the Applicant, the proposed Program expects to serve all ethnic groups and family sizes with a minimum of 40% of the households at or below 80% of the median income adjusted by household size.
- **Estimated number of first-time homebuyers to be assisted:** 1082
- **Housing stock to be purchased (types, unit sizes, etc.):**
According to the Applicant, the housing stock to be purchased will consist of newly constructed or existing single-family residences, which includes single-family detached homes and condominiums. The average size of the units will be 1,538 square feet and have an average of 3.23 bedrooms and 2.03 baths. The anticipated average sales price will be approximately \$247,000.
- **Specific reservations of MCCs for purposes such as low-income targeting, new construction, etc.:**
According to the Applicant, the program will reserve at least 20% of the certificates for federally designated target areas and at least 40% of the MCCs for families with incomes at or below 80% of the area median income adjusted for family size.
- **Expected duration MCCs will be available and anticipated monthly rate of issuance.:**
According to the Applicant, MCCs are expected to be available for 24 months. Based on the information provided in the application, the anticipated monthly rate of issuance will be 45 MCCs per month.
- **Other homebuyers assistance programs offered by participating jurisdiction(s):**
According to the Applicant, while the Agency has provided several subordinate loan programs in the past for first-time home buyers, their downpayment programs are subject to funding availability. Currently the Agency offers California Homebuyer's Downpayment Assistance Program (CHDAP), which is available for downpayment and/or closing costs in conjunction with their first mortgage loan program. This is a deferred-payment junior loan and the maximum amount can be up to the lesser of three percent (3%) of the purchase price or appraised value. The current interest rate is 3.25%. These funds may also be used behind another lender's first mortgage. The term of the CHDAP will be the same as the first mortgage. The School Facility Fee (SFF) provides qualified homebuyers with a partial or full rebate (conditional grant) of the SFF paid by the home builder for newly constructed homes located in eligible areas.

Affordable Housing Partnership Program (AHPP) is a joint effort between the Agency and over 300 cities, counties, redevelopment agencies, housing authorities and nonprofit housing organizations. This program allows borrowers to combine eligible mortgage programs with down payment and/or closing cost assistance from an AHPP.
- **Additional features unique to the proposed Program:**
According to the Applicant, each MCC application will be using a brand new web-based reservation system unique to the Lenders in order to reserve the MCC. CalHFA reviews each MCC application validating data input supplied by the lender and will perform program compliance and policy review of each MCC application loan for eligibility under tax code and other Agency requirements. The Applicant states that it is their intention to continue offering affordable loan products with the commitment to serve the low and moderate income level borrowers. The Applicant further states that they have expanded their Lender Training Division and Outreach Division to include numerous web-based training applications in order to assist the lenders in structuring the loans and streamlining the processes.
