**January 16, 2013**  
*REVISED*

**Consideration and Approval of Issuance Date Extensions for Various Qualified Residential Rental Projects**  
**(Agenda Item No. 4)**

**ACTION:**

Approve various Issuance Date Extensions for the following projects:

**BACKGROUND:**

**12-081 Broadway-Sansome Apartments**

The Broadway-Sansome Apartments Project (“Project”) received an allocation award through the City & County of San Francisco on September 26, 2012. The Project’s original issuance deadline was December 26, 2012; which the Executive Director extended to the Committee meeting date of January 16, 2013.

The project sponsor, Broadway-Sansome Associates, LP, is closing new financing with the San Francisco Metropolitan Transportation Authority that is new to the financing team and has a certain set of complex requirements that necessitate more in-depth review and analysis than that which is normally experienced. Accordingly, the project sponsor is making the extension request for ninety days.

Allowing an initial extension of the current issuance date to April 16, 2013 will ensure the issuance of the bonds for the Project. If the issuance date is not extended, the Project will lose its allocation and the City and County of San Francisco will lose the opportunity to create 74 new units of affordable housing.

**12-117 Gridley Springs Apartments**

The Gridley Springs Apartments Project (“Project”) received an allocation award through the California Affordable Housing Authority on September 26, 2012. The Project’s original issuance deadline was December 26, 2012; which the Executive Director extended to the Committee meeting date of January 16, 2013.

The project sponsor, DHI Gridley Springs Associates, L.P., is requesting a ninety-day extension due to the fact that there have been delays in the approvals from the State Department of Housing and Community Development (“HCD”) and USDA-Rural Development. The project sponsor has been assured by all parties that this new deadline can be met for closing.

Allowing an initial extension of the current issuance date to April 16, 2013 will ensure the issuance of the bonds for the Project. If the issuance date is not extended, the Project will lose its allocation and the City of Gridley will lose the opportunity to rehabilitate 31 units of affordable housing.

**12-118 Valencia Grove Apartments (Formerly Lugonia Avenue Apartments)**

The Valencia Grove Apartments Project (“Project”) received an allocation award through the California Affordable Housing Authority on September 26, 2012. The Project’s original issuance deadline was December 26, 2012; which the Executive Director extended to the Committee meeting date of January 16, 2013.

The project sponsor, Housing Partners I, Inc., is requesting a ninety-day extension due to the fact that there have been delays in the approvals from the State Department of Housing and Community Development (“HCD”) and the City of Redlands.

Allowing an initial extension of the current issuance date to April 16, 2013 will ensure the issuance of the bonds for the Project. If the issuance date is not extended, the Project will lose its allocation and the City of Redlands will lose the opportunity to create 84 new units of affordable housing.

**12-111 Gold Country Village Apartments**

The Gold Country Village Apartments Project (“Project”) received an allocation award through the California Statewide Communities Development Authority on September 26, 2012. The Project’s original issuance deadline was December 26, 2012; which the Executive Director extended to the Committee meeting date of January 16, 2013.

The project sponsor, GVGCV Investors, is requesting a ninety-day extension due to the fact that they are in the process of replacing the Project lender. This will require additional time since the new lender will need to perform their own due diligence and loan underwriting before agreeing to close on the transaction.

Allowing an initial extension of the current issuance date to April 16, 2013 will ensure the issuance of the bonds for the Project. If the issuance date is not extended, the Project will lose its allocation and the City of Grass Valley will lose the opportunity to create 79 new units of affordable senior housing.

**12-096 COMM22 Family Housing Apartments**

The COMM22 Family Housing Apartments Project (“Project”) received an allocation award through the California Statewide Communities Development Authority on September 26, 2012. The Project’s original issuance deadline was December 26, 2012; which the Executive Director extended to the Committee meeting date of January 16, 2013.

The project sponsor, COMM22 Family Housing, LP (aka BRIDGE), is requesting a ninety-day extension due to the fact that they have been delayed by the contractors employed by the local utility companies. The infrastructure has been completed and accepted by the City of San Diego (the “City”). Unfortunately, while all of the utility relocation work BRIDGE is responsible for has been completed, the third party work by AT&T and San Diego Gas & Electric (“SDG&E”) has been delayed due to their reduced staffing and existing workload. SDG&E and AT&T are expected to complete the work in late January/early February 2013. However, the uncertainty surrounding the utility companies’ relocation efforts and corresponding release of permits by the City leads to a ninety-day extension request to provide timing flexibility for the project.

Allowing an initial extension of the current issuance date to April 16, 2013 will ensure the issuance of the bonds for the Project. If the issuance date is not extended, the Project will lose its allocation and the City of San Diego will lose the opportunity to create 128 new units of affordable housing.

**12-098 9<sup>th</sup> & Broadway Apartments**

The 9<sup>th</sup> & Broadway Apartments Project (“Project”) received an allocation award through the Housing Authority of the City of San Diego on September 26, 2012. The Project’s original issuance deadline was December 26, 2012; which the Executive Director extended to the Committee meeting date of January 16, 2013.

The project sponsor, Broadway Upper Tower Associates, L.P., is requesting a ninety-day extension due to a recent Department of Finance inquiry into the enforceability of the disposition and development agreement and added difficulty resulting from the mixed financing of the Project (9% tax credits on floors 1-7 and 4% tax credits on floors 8-17).

Allowing an initial extension of the current issuance date to April 16, 2013 will ensure the issuance of the bonds for the Project. If the issuance date is not extended, the Project will lose its allocation and the City

of San Diego Housing Department will lose the opportunity to create 120 new units of affordable housing.

**12-077 Marygold Apartments**

The Marygold Apartments Project (“Project”) received an allocation award through the California Statewide Communities Development Authority on September 26, 2012. The project sponsor, Marygold, LP, is requesting a sixty-one day extension due to the fact that they have been delayed in securing a 20-year HAP contract with HUD and the loan is still in the process of being underwritten.

Allowing an initial extension of the current issuance date to March 25, 2013 will ensure the issuance of the bonds for the Project. If the issuance date is not extended, the Project will lose its allocation and the City of Fontana will lose the opportunity to rehabilitate 80 units of affordable housing.

**12-084 Taylor Terrace Apartments**

The Taylor Terrace Apartments Project (“Project”) received an allocation award through the Housing Authority of the City of Sacramento (“Applicant”) on September 26, 2012. The Project’s original issuance deadline was December 26, 2012; which the Executive Director extended to the Committee meeting date of January 16, 2013.
