

**THE CALIFORNIA DEBT LIMIT ALLOCATION COMMITTEE**

**May 15, 2013**

**Consideration and Approval of Proposed CDLAC Regulations for Submittal to the Office of Administrative Law for Emergency and Regular Rulemaking Consideration**  
**(Agenda Item No. 4)**

**ACTION**

Approve proposed CDLAC Regulations for submittal to the Office of Administrative Law for emergency and regular rulemaking consideration.

**BACKGROUND**

The following are the proposed revisions to the Qualified Residential Rental Program:

1. Revision of CDLAC Regulations for Definitions  
The definition of Final and Conclusive Determination Letter is being added.
  - a) The term “Final and Conclusive Determination Letter” is being added and defined in the list of definitions.
2. Revision of CDLAC Regulations for Local Approvals and Zoning (Section 5190)  
To clarify the type of evidence that projects with redevelopment-related project financing are required to provide at the time the Application is filed.
  - a) Adding language to clarify that those Qualified Residential Rental Pool Projects with redevelopment-related project financing that is subject to the approval of the Department of Finance are required to have obtained a Final and Conclusive Determination Letter prior to submitting an application to the Committee.
3. Revision of CDLAC Regulations for Sustainable Building Standards-Minimum Requirements (Section 5205)(a)  
Adding language to clarify when certain minimum requirements are applicable to new construction and rehabilitation projects.
  - a) The requirements of subsections (2) through (11) of this section are only applicable when investment in such elements is proposed in the Project’s scope of work and/ or the Capital Needs Assessment.
4. Revision of CDLAC Regulations for Exterior Doors (Section 5205)(a)(5)  
Adding language to enable the use of a commonly used material on exterior doors.
  - a) Exterior doors shall be made of metal clad, hardwood faces, or fiberglass faces; with all six sides factory primed and subject to a standard one-year guarantee.
5. Revision of CDLAC Regulations for Appliances and Floor Coverings (Section 5205)(a)(6) and (a)(9)  
Adding language to clarify when waivers must be submitted to CDLAC and removing conflicting language to realign CDLAC regulations with TCAC regulations.
  - a) All waivers must be submitted to CDLAC at least ten (10) business days prior to the application deadline.
  - b) Floor coverings shall no longer have a minimum thickness.

6. Revision of CDLAC Regulations for Capital Needs Assessment (Section 5212)  
Adding language to clarify when Capital Needs Assessments will not be accepted by CDLAC.
  - a) If more than twelve (12) months has passed since the earliest inspection date, then a new Capital Needs Assessment is required.
  
7. Revision of CDLAC Regulations for Evaluation Criteria (Section 5230)(j)(2)(E) and (l)(2)(E)  
Adding language to realign CDLAC regulations with TCAC regulations and to define the full time-equivalent (FTE) formula.
  - a) Two and one-half (2 ½) points will be awarded to Projects located within 1/4 mile of a pharmacy (for Rural projects 1/2 mile).
  - b) A qualifying medical clinic must accept Medi-Cal payments or have an equally comprehensive subsidy program for low-income patients.
  - c) The number of bedrooms X 0.0017 = FTE multiplier. The FTE Multiplier X 2,080 = minimum number of hours per year.
  
8. Revision of CDLAC Regulations for Scattered Site-Application Requirements (Section 5250)(3)  
Adding language to clarify when market study and set of rent comparability matrices are not required for a Scattered Site Project Non-Competitive Round.
  - a) For a Scattered Site Project Non-Competitive Round, a market study and set of rent comparability matrices are not required if the proposed rents do not exceed one hundred and ten percent (110%) of the current rent levels; or if the property has been receiving and will continue to receive state or federal project-based rental assistance or a state or federal operating subsidy for a minimum of the last five (5) years.

Proposed Emergency CDLAC Regulations are attached.

**DISCUSSION**

Should the Committee approve these revisions, staff plans to then submit the emergency rulemaking package to OAL immediately thereafter. A 5-day public comment period will commence on the day of submittal, with possible enactment within 10 days thereafter. If approved as per scheduled, the Emergency Regulations would be in-place in time for the September 18<sup>th</sup>, 2013 Application Round.

**RECOMMENDATION**

Staff recommends approval of the proposed CDLAC regulations for submittal to the Office of Administrative Law for emergency and regular rulemaking consideration.

### **Section 5205. Minimum Requirements.**

(a) Applicants shall provide a certification of their intent to utilize landscaping and construction materials which are compatible with the neighborhood in which the proposed project is to be located, and that the architectural design and construction materials will provide for low maintenance and durability, as well as be suited to the environmental conditions to which the project will be subjected. Additionally, the certification of intent shall note that the following minimum specifications will be incorporated into the project design for all new construction and rehabilitation projects: The requirements of subsections (2) through (11) of this section are only applicable when investment in such elements is proposed in the Project's scope of work and/or the Capital Needs Assessment:

(1) Energy Efficiency. All new construction buildings shall be fifteen percent (15%) better than the current Energy Efficiency Standards (California Code of Regulations, Part 6 of Title 24). All rehabilitated buildings shall have improved energy efficiency above the modeled energy consumption of the building(s) based on existing conditions, with at least a 10% post-rehabilitation improvement over existing conditions energy efficiency achieved for each building.

(2) CALGreen Compliance. New construction high-rise buildings shall meet the mandatory provisions of the CALGreen Code (Title 24, Part 11 of the California Code of Regulations). All rehabilitation projects, including high-rise rehabilitation projects, are required to meet the mandatory provisions of the CALGreen Code for any building product or system being replaced as part of the scope of work.

(3) Landscaping. A variety of plant and tree species that require low water use shall be provided in sufficient quantities based on landscaping practices in the general market area and low maintenance needs. Projects shall follow the requirements of the State's Model Water Efficient Landscape Ordinance (Title 23, California Code of Regulations, Section 490 et seq.) (<http://www.water.ca.gov/wateruseefficiency/landscapeordinance/>) unless a local landscape ordinance has been determined to be at least as stringent as the current model ordinance.

(4) Roofs. Roofing shall carry a three-year subcontractor guarantee and at least a 20-year manufacturer's warranty.

(5) Exterior Doors. Insulated or solid core, flush, paint or stain grade exterior doors shall be made of metal clad, hardwood faces, or fiberglass faces; with all six sides factory primed and subject to a standard one-year guarantee, and all six sides factory primed.

(6) Appliances. ENERGY STAR rated appliances, including but not limited to, refrigerators, dishwashers, and clothes washers shall be installed when such appliances are provided within low-income units and/or in on-site community facilities unless waived by the Executive Director. All waivers must be submitted to CDLAC at least ten (10) business days prior to the application deadline.

(7) Window Coverings. Window coverings shall be provided and may include fire retardant drapes or blinds.

(8) Water Heater. For units with individual tank-type water heaters, minimum capacities are to be 30 gallons for one- and two-bedroom units and 40 gallons for three-bedroom units or larger.

(9) Floor Coverings. ~~For light and medium traffic areas vinyl or linoleum shall be at least 3/32" thick; for heavy traffic areas it shall be a minimum 1/8" thick.~~ A hard, water resistant, cleanable surface shall be required for all kitchen and bath areas. Carpet complying with U.S. Department of Housing and Urban Development/Federal Housing Administration UM44D, or alternatively, cork, bamboo, linoleum, or hardwood floors shall be provided in all other floor spaces unless this requirement is specifically waived by the Executive Director. All waivers must be submitted to CDLAC at least ten (10) business days prior to the application deadline.

(10) Paint. Use of Low Volatile Organic Compound (VOC) paints and stains (Non-flat: 150 g/l or less, Flat: 50 g/l or less) for all interior surfaces where paints and stains are applied.

(11) Insulation. All fiberglass-based insulation shall meet the requirements as established by the California Tax Credit Allocation Committee, Title 4, Division 17, Chapter 1, Section 10325 (f)(7)(K).

(b) If a rehabilitation Applicant does not propose to meet the requirements of this section, its capital needs Assessment must show that the standards not proposed to be met are either unnecessary or excessively expensive.

(c) Compliance and Verification. Evidence of compliance is to be submitted to CDLAC as an attachment to the first Certification of Compliance (the form of which is attached to the project resolution and which is required to be submitted on March 1 of each year). For projects under construction or rehabilitation, the information is due following receipt of the verification, but in no event shall this documentation be submitted more than two years after the issuance of bonds.

(1) Under subdivision (a)(1), Projects that have been newly constructed or rehabilitated must submit the appropriate California Energy Commission evidence for the Project which shows the necessary percentage improvement better than the Title 24 standards.

(2) Under subdivision (a)(1), Applicants with rehabilitation projects must submit the California Energy Commission HERS II energy consumption and analysis report, which shows the pre- and post-rehabilitation HERS II estimated annual energy use demonstrating the required improvement, with their first annual certification of compliance.

(3) For subdivisions (a)(2) through (a)(11), Applicants shall submit third party documentation from one of the following sources confirming the existence of items, measures, and/or project characteristics:

- A. A certified HERS Rater;
- B. A certified GreenPoint Rater; or
- C. A US Green Building Council Certification.

(4) Failure to produce appropriate and acceptable third party documentation for subdivisions (a) (1) through (a)(11) of this section may result in negative points.

## **Article 6. Acquisition and Rehabilitation Projects.**

**Section 5212. Capital Needs Assessment.** The Applicant shall submit a Capital Needs Assessment performed within 180 days prior to the Application deadline that details the condition and remaining useful life of the building's major structural components, all necessary work to be undertaken and its associated costs, as well as the nature of the work, and distinguishing between immediate and long term repairs. If more than twelve (12) months has passed since the earliest inspection date, then a new Capital Needs Assessment is required. The Capital Needs Assessment shall also include a fifteen (15) year reserve study, indicating anticipated dates and costs of future replacements of all major building components that are not being replaced immediately and the reserve contributions needed to fund those replacements. The Capital Needs Assessment shall be prepared by the Project's architect, as long as the architect has no identity of interest with the Project Sponsor or other member of the development team; or by a qualified independent third party who has no identity of interest with any of the members of the development team. The Capital Needs Assessment is not required if the Project, within the immediately preceding three (3) years, received an Allocation and this requirement was satisfied in the original Application.

## **Article 8. Evaluation Criteria**

**Section 5230. Evaluation Criteria.** (a) The following criteria will be used to evaluate and rank all Applications whether for Mixed Income Projects, Rural Projects or other Qualified Residential Rental Projects. Any points awarded in this section shall be rounded to the nearest one-tenth decimal place. Each of the items in this section shall be memorialized in the Committee Resolution.

(b) Federally Assisted At-Risk Projects and HOPE VI Projects (20 points maximum). Projects that are Federally Assisted At Risk Projects or HOPE VI Projects will receive ten (10) points. Projects that are Federally Assisted At Risk Projects or HOPE VI Projects and have income restricted tenant paid rents for each Restricted Rental Unit that is at least twenty percent (20%) below rents for the same unit types in comparable market rate rental properties will receive ten (10) additional points.

(c) Exceeding the Minimum Income Restrictions (35 points maximum for Qualified Residential

Rental Projects other than Mixed Income Projects, 15 points maximum for Mixed Income Projects). Points will be awarded as set forth below for the percentage of units that are Restricted Rental Units. The Gross Rent definition will apply to the rents calculated in this subdivision.

(1) For each ten percent (10%) increment of units restricted at fifty percent (50%) of AMI or below, Qualified Residential Rental Projects other than Mixed Income Projects will receive seven (7) points, and Mixed Income Projects will receive three (3) points (fractional percentages above the minimum 10% increment will be calculated on a pro rata basis and the total points calculated will be rounded to the nearest whole number).

(2) For each ten percent (10%) increment of units restricted at greater than fifty percent (50%) of AMI, and up to sixty percent (60%) of AMI, Qualified Residential Rental Projects other than Mixed Income Projects will receive two (2) points, and Mixed Income Projects will receive one-half (½) point.

(d) Gross Rents (5 points).

(1) Five (5) points will be awarded to Projects which utilize Gross Rents to define Restricted Rental Units as evidenced by one of the following:

(A) A letter from the local public housing authority that includes a current utility allowance schedule, certifies that the proposed Project is located within its jurisdiction and itemizes which components of the utility allowance schedule applies to the Project. Projects that are subject to a Department of Housing and Urban Development (HUD) Section 8 Housing Assistance Payments Program do not require a housing authority certification and may rely solely on the utility allowance included in a HUD rent schedule provided the schedule specifically identifies the name of the Project.

(B) If a Project is to be substantially retrofitted for energy conservation or will be newly constructed with substantial energy conservation, the Applicant may submit revised utility allowances based on the projected reduction in utility costs after construction or retrofit. The revised utility allowances shall be validated by either of the following:

(i) A letter from the public utility or housing authority having jurisdiction over the Project that validates the revised utility allowances based on the proposed use of energy conservation materials, or

(ii) A current utility allowance estimate consistent with 26 CFR section 1.42-10. For buildings that are using an energy consumption model utility allowance estimate, the estimate shall be calculated using the most recent version of the California Utility Allowance Calculator (CUAC) developed by the California Energy Commission. The CUAC estimate shall be signed by a California Association of Building Energy Consultants Certified Energy Plans Examiner (CEPE) who is also either a California licensed Mechanical or Electrical Engineer, or a certified Home Energy Rating System (HERS) rater. Measures that are used in the CUAC that require field verification shall be verified by a certified HERS Rater, in accordance with current HERS regulations. The Applicant must indicate which components of the utility allowance schedule apply to the Project.

(e) Exceeding the Minimum Rent Restrictions (10 points maximum). One (1) point will be awarded for each percentage point the highest rental rate of each Restricted Rental Unit type (defined by bedroom count) is more than twenty percent (20%) below the average adjusted rental rates of comparable units as demonstrated by each applicable Rent Comparability Matrix. The average of all Restricted Rental Unit type percentage points beyond 20% will be used to determine the number of awarded points. All unit types must be more than twenty percent (20%) below the average adjusted rental rates of comparable units as demonstrated by each applicable Rental Comparability Matrix to qualify for points under this category. Where sizes (defined by square footage) vary among those units with the highest rent, the smallest of these units shall be the basis for this comparison. Applications receiving points under subdivision (b) of this section shall be ineligible to receive points under this subdivision.

(f) Exceeding the Minimum Term of Restrictions (10 points maximum). If the Committee establishes a Competitive Application Process, Applications that maintain the Qualified Project Period for longer than thirty (30) years will be awarded two (2) points for every five (5) years of affordability beyond thirty (30) years.

(g) Large Family Units (5 points).

(1) Five (5) points will be awarded to those Projects where at least thirty percent (30%) of the Restricted Rental Units are three-bedroom or larger units.

(h) Leveraging (10 points maximum).

(1) Applications that include Public Funds as a permanent funding source are eligible for points.

All Public Funds must be committed by a public entity at the time of Application. Evidence provided shall signify the form of the commitment, the amount of the loan, grant or subsidy, the length of the term of the commitment, conditions of participation, express authorization from the governing body or an official expressly authorized to act on behalf of said governing body, committing the funds, and the Project Sponsor's acceptance. Commitments

shall be final and only subject to conditions within the control of the Project Sponsor. Funding commitments shall be from funds within the control of the entity making the commitment at the time of the Application. One (1) point will be awarded for every dollar of Public Funds committed as a percentage of total development costs (minus developer fees) rounded to the nearest whole number.

(2) Applications that include Taxable Debt as a permanent funding source, in addition to tax-exempt Bond financing, are eligible for points based on the degree that the Taxable Debt supplants the use of tax-exempt Bond financing. The requirement for using Taxable Debt will be included in the Committee Resolution. Taxable Debt may only be utilized for project related expenses, not for the cost of issuance, for which the Applicant could otherwise have used tax-exempt financing in order to receive points under this category. One-half (1/2) of a point will be awarded for every dollar of Taxable Debt committed as a percentage of total development costs (minus developer fees) rounded to the nearest whole number.

(i) Community Revitalization Area Criteria (15 points maximum).

(1) Applications with Projects located in a Community Revitalization Area (CRA) will qualify for points provided that the CRA meets one or more Distressed Community characteristics and includes documentation from the municipality or any agency responsible for affordable housing with jurisdiction over the Project that substantiates the following:

(A) Confirmation that a plan for revitalizing the subject area has been adopted, the date of adoption and name of the CRA.

(B) Identification of which Distressed Community characteristic(s) is applicable to the CRA. If the applicable characteristic is pursuant to California Health and Safety Code sections 33030 et seq., a description of the blighted conditions that exist in the subject area must be included.

(C) Confirmation that the Project is within the CRA.

(D) A scaled-for-distance map that is legible and clearly shows the boundaries of the CRA and the location of the proposed Project within the area boundaries.

(2) Points will be awarded if the documentation provided pursuant to subdivision (1) substantiates the following activities:

(A) Five (5) points will be awarded where specific and significant on-going programs in conjunction with community partnerships, evidenced by a legally enforceable agreement(s) between two or more wholly separate entities, have been established, are currently operating, and are providing community enhancement services in the neighborhood, including, but not limited to, job training or after-school enrichment programs.

(B) Five (5) points will be awarded where funds, not including the funds for the proposed Project, have been expended in the last three (3) years, are being expended or are committed to be expended to improve the community infrastructure, including, but not limited to, parks, storm water and sewer systems or street improvements of the overall area.

(C) Five (5) points will be awarded where other Projects, including, but not limited to, retail, office and housing that contribute to community revitalization have been completed in the last three (3) years, are underway or are committed to be completed.

(j) Site Amenities (10 points maximum)

(1) The Committee will award points to Applications with site amenities as described in this subdivision. Except as specifically set forth in this section, points will be awarded only for those amenities that exist at the time of Application. Applicants requesting points for site amenities that do not currently exist must include a letter from the controlling entity, signed by an authorized individual representing the entity, that states the funds for the amenity are committed, and the amenity is planned. The letter shall also state the anticipated date for the amenity to be placed in service which shall not be more than two (2) years after the date the Project is anticipated to be placed in service.

(2) Points will be awarded provided the site amenities are appropriate for the population served, and a scaled-for-distance map showing the location of the Project and amenities are provided as follows:

(A) Two and one-half (2 ½) points will be awarded to Projects located within one-quarter (¼) mile of a Public Transit Corridor or, for Rural Projects where there is no public transportation system, to Projects using a van or dial-a-ride service.

(B) Two and one-half (2 ½) points will be awarded to Projects located within one-half (½) mile of a park or recreational facility.

(C) Points will be awarded under 1 of the 2 following categories: i) Two and one-half (2 ½) points will be awarded to Projects located within one-half (½) mile (1 mile for Rural Projects) of a full service grocery store of at least 25,000 gross interior square feet; or; ii) Two and one-half (2 ½) points will be awarded to Projects located within

Agenda Item No. 4  
May 15, 2013

one-fourth (1/4) mile (one-half (1/2) mile for Rural Projects) of a full service grocery store of at least 5,000 gross interior square feet. Evidence shall include, but is not limited to, the following: a signed letter from a county assessor or city planner for that jurisdiction certifying the square footage of the grocery store, a letter from the store manager, or a letter from the Project's architect. The letter must state the square footage of the grocery market.

A full service grocery store shall mean for the purpose of this section a store or market that provides at minimum, food staples, fresh meats and/or poultry, dairy products, and produce, as well as other personal and household products and sundries.

(D) Two and one-half (2 1/2) points will be awarded to Projects located near a school. The site is within 1/4 mile of a public elementary school; 1/2 mile of a public middle school; or one (1) mile of a public high school that children living in the development may attend (an additional 1/2 mile for each public school type for Rural projects) and that the site is within the attendance area of that school. Projects where all units are restricted to households having members 55 years or older, shall not be eligible for points in this category. Evidence shall include, but is not limited to, the following: a signed letter from the school district with the appropriate Project address stating said address is within the boundaries of the school, or documentation from an internet-based school locator tool.

(E) Two and one-half (2 1/2) points will be awarded to Projects located within 1/2 mile (for Rural set-aside projects, 1 mile) of a medical clinic with a physician, physician's assistant, or nurse practitioner onsite for a minimum of 40 hours each week, a pharmacy within 1/4 mile of site (for Rural projects, 1/2 mile) or hospital (not merely a private doctor's office). A qualifying medical clinic must accept Medi-Cal payments or have an equally comprehensive subsidy program for low-income patients. Only Projects where all units are restricted to households having members 55 years or older (with the exception of caregivers and others who are exempt by state law from the age restrictions), shall be eligible for points in this category.

(F) Two and one-half (2 1/2) points will be awarded to Projects located within one-half (1/2) mile of a public library.

(G) Two and one-half (2 1/2) points will be awarded to Projects which provide high speed internet or wireless "WiFi" service connection in each unit. High speed internet service, with a minimum average download speed of 768 kilobits/second must be made available to each unit for a minimum of 10 years, free of charge to the tenants, and available at the time of the project's placed-in-service date.

(k) Sustainable Building Methods (10 points maximum).

(1) Points will be awarded provided that the Project Sponsor and the licensed Project architect each submit a certification indicating which items, commencing with subdivision (k)(3) of this section, will be included in the Project's design and any relevant specifications.

(2) The Project Sponsor shall submit a certification at Project completion from the Project's licensed architect that the design elements that formed the basis for any award of points pursuant to subdivision (k) have been met or exceeded. A Project Sponsor may be subject to monitoring for compliance with this certification. A Project Sponsor receiving points under subdivision (k) who fails to meet this requirement will be subject to negative points under subdivision (n) of this section.

(3) New Construction and Adaptive Reuse Projects: Five (5) points will be awarded to projects that commit to developing the project in accordance with the California Tax Credit Allocation Committee's minimum requirements for energy efficient programs, Title 4, Division 17, Chapter 1, Section 10325 (c)(6)(A).

(4) For project's receiving points under subdivision (k)(3) of this section, additional points for energy efficiency (including heating, cooling, fan energy, and water heating but not the following end uses: lighting, plug load, appliances, or process energy) beyond the requirements in Title 24, Part 6, of the California Building Code under which the project is constructed, shall be awarded as follows:

Percentage better than the current Standards	Low-Rise Multifamily (3 or fewer habitable stories)	High-Rise Multifamily (4 or more habitable stories)
17.5 percent	2 points	3 points
20 percent	3 points	5 points
25 percent	5 points	

(5) For project's receiving points under subdivision (k)(3) of this section, Applicants may be awarded points for committing to developing their project beyond the minimum requirements of the green building program chosen in subdivision (k)(3) of this section:

LEED	Silver	Gold
GreenPoint Rated	100	125
	3 points	5 points

(6) Rehabilitation Projects: The project will be rehabilitated to improve energy efficiency above the modeled energy consumption of the building(s) based on existing conditions. Points are awarded based on the building(s) percentage decrease in estimated annual energy use (or improvement in energy efficiency) in the building's Home Energy Rating System II (HERS II) rating post rehabilitation:

Improvement Over Current	
15 percent	3 points
20 percent	5 points
25 percent	7 points
30 percent	10 points

(7) Additional Rehabilitation Project Measures.

(A) For project's receiving points under subdivision (k)(6) of this section, Applicants may be awarded three (3) points for committing to developing, and/or managing, their project with one or more of the following:

- (i) Photovoltaic (PV) generation that offsets tenant loads; or
- (ii) PV that offsets either 50 percent (50%) of common area load (if the combined available roof area of the project structures, including carports, is insufficient for provision of 50% of annual common area electricity use, then the project shall have onsite renewable generation based on at least 90 percent (90%) of the available solar accessible roof area); or
- (iii) Solar hot water for all tenants who have individual water meters.

(B) For projects receiving points under subdivision (k)(6) of this section, Applicants may be awarded three (3) points for projects that implement sustainable building management practices including:

- (i) Develop a project-specific maintenance manual including replacement specifications and operating information of all energy and green building features; and
- (ii) Certify building management staff in sustainable building operations per Building Performance Institute Multifamily Building Operator or equivalent training program; and
- (iii) Undertake formal building systems commissioning, retro-commissioning or re-commissioning as appropriate (continuous commissioning is not required).

(C) Applicants may be awarded three (3) points for individually metering or sub-metering currently master-metered gas, electricity, or central hot water systems for all tenants.

(8) Compliance and Verification. Evidence of Compliance is to be submitted to CDLAC as an attachment to the first Certification of Compliance (the form of which is attached to the project resolution and which is required to be submitted on March 1 of each year). For projects under construction or rehabilitation, the information is due following receipt of the verification, but in no event shall this documentation be submitted more than two years after the issuance of bonds. Compliance will be demonstrated as follows:

(A) For Applications that receive points under subdivisions (k)(3) and (k)(5) of this section, the Applicant must submit the appropriate required third party verification documentation showing the project has met the requirements for the relevant program.

(B) For Applications that receive points under subdivision (k)(4), the Applicant must submit the appropriate California Energy Commission compliance form for the project which shows the necessary percentage improvement better than the appropriate Standards. This compliance form must be the output from the building(s) modeled "as built" and reflect all relevant changes that impact the building(s) energy efficiency that were made after the Application was submitted. The compliance form must be signed by a California Association

Agenda Item No. 4  
May 15, 2013

of Building Energy Consultants (CABEC) Certified Energy Plans Examiner (CEPE). Documentation for measures that require verification by California Home Energy Rating System (HERS) Raters must also be submitted.

(C) For Applications that receive points under subdivision (k)(6), the Applicant must submit the California Energy Commission HERS II energy consumption and analysis report, developed using the Home Energy Retrofit Coordinating Committee's multifamily protocols, which shows the pre- and post- rehabilitation HERS II estimated annual energy use demonstrating the required improvement and is signed by a qualified HERS Rater.

(D) For Applications that receive points under subdivision (k)(7) the Applicants must submit the following documentation:

(i) For projects including photovoltaic generation that offsets tenant loads, the Applicant must submit evidence as required by the California Tax Credit Allocation Committee, Title 4, Division 17, Chapter 1, Section 10325 (c)(6)(F)(5)(i).

(ii) For sustainable building management practices implemented by appropriately trained onsite staff, the Applicant must submit a copy of the energy management and maintenance manual, the building commissioning plan, and provide evidence onsite staff has been certified in green building operations and maintenance as required by the California Tax Credit Allocation Committee, Title 4, Division 17, Chapter 1, Section 10325 (c)(6)(F)(5)(ii). Owner certification of ongoing sustainable building management practices will be provided annually in accordance with section 5144 of the CDLAC Regulations.

(iii) For sub-metered central hot water systems, the Applicant must demonstrate compliance with the California Public Utilities Commission regulations for hot water sub-metering and billing by submitting a copy of the Utility Service Agreement from project's local utility provider.

(9) Failure to produce the appropriate documentation for subdivisions (1) through (8) of this subsection may result in an award of negative points for the Project Sponsor.

(I) Service Amenities (10 points maximum).

(1) Points will be awarded provided the Project Sponsor certifies the following:

(A) Service amenities must be appropriate to the tenant population served and committed to for a minimum of ten (10) years. Programs must be of a regular, ongoing nature and provided to tenants free of charge, except for day care services. Services must be designed to generate positive changes in the lives of tenants, such as increasing tenant knowledge of and access to available services, helping tenants maintain stability and prevent eviction, building life skills, increasing household income and assets, increasing health and well-being, or improving the educational success of children and youth.

(B) Services must be provided on-site except that Projects may use off-site services within a one-half (½) mile of the Project provided that they have a written agreement with the service provider at the time of Application enabling the development's tenants to use the services free of charge (except for day care and any charges required by law) and that demonstrate that provision of on-site services would be duplicative. Referral services will not be eligible for points.

(C) Contracts with service providers, service provider experience, and evidence that physical space will be provided on- or off-site must be documented within the Application. Documentation must be provided for each category of services for which the Applicant is claiming service amenity points and must state the name and address of the organization or entity that will provide the services; describe the services to be provided; state annual value of the services; commit that services will be provided for a period of at least one (1) year; and name the project to which the services are being committed. Evidenced shall take the form of a contract for services, Memorandum of Understanding (MOU), or commitment letter on agency letterhead. Services delivered by the on-site Property Manager or other property management staff will not be eligible for points under any category. All organizations providing services for which the project is claiming points must document that they have at least 24 months of experience providing services to the project's target population. Experience of individuals may not be substituted for organizational experience.

(D) The Application must propose a combined annual value of at least \$10,000, or \$5,000 for Projects of twenty (20) units or fewer, for those services. In addition, any donated services must be assigned a dollar value by the provider of those services. Applications must contain a detailed budget clearly displaying all anticipated income and expenses associated with the Project's service amenities.

(2) Points will be awarded in this subdivision as follows:

(A) Five (5) points to family Projects with after school programs of an ongoing nature. Programs shall include, but are not limited to: tutoring, mentoring, homework club, art and recreation activities. Programs shall be provided on weekdays throughout the school year for at least 10 hours per week.

(B) Five (5) points to Projects with instructor-led educational classes, health and wellness, or skill building classes, including but not limited to: financial literacy, computer training, home-buyer education, GED, resume building, ESL, nutrition, exercise, health information/awareness, art, parenting, on-site food cultivation and preparation, and smoking cessation. Instruction is to be provided a minimum of 84 hours per year (drop-in computer labs, monitoring or technical assistance shall not qualify).

(C) Five (5) points to Projects with licensed childcare providing 20 hours or more per week (Monday through Friday) to residents of the development.

(D) Five (5) points to Projects with wellness services and programs, such services and programs shall provide individualized support for tenants (not group classes) but need not be provided by licensed individuals or organizations. The services and programs shall include, but are not limited to: visiting nurses programs, intergenerational visiting programs, and senior companion programs. The services and programs shall be provided for a minimum of 100 hours per year.

(E) Five (5) points to Projects with a full time-equivalent (FTE) bona fide service coordinator/social worker available, provided that the experience of the coordinator, the duties of the coordinator and a budget to pay for the coordinator are included in the Application. The minimum number of hours per year for the full time-equivalent service coordinator/social worker will be calculated based on the formula: 1) the number of bedrooms X 0.0017 = minimum number of hours per year FTE multiplier; then 2) FTE Multiplier X 2,080 = minimum number of hours per year (up to a maximum of 2,080 hours). The responsibilities must include, but are not limited to: (a) providing tenants with information about available services in the community, (b) assisting tenants to access services through referral and advocacy, and (c) organizing community-building and/or enrichment activities for tenants (such as holiday events, tenant council, etc.)

(m) New Construction Projects (10 points). Ten (10) points will be awarded to new construction or adaptive re-use Projects with Restricted Rental Units.

(n) Negative Points (No maximum).

(1) The Committee will deduct points for an Application involving a Project Sponsor that has been or is a Related Party to a Project Sponsor (i.e. in the ownership structure) for which an Allocation has been awarded as follows:

(A) Ten (10) points will be deducted for each failure to fully utilize the committed public subsidies or Taxable Debt for which points were awarded in connection with the prior Allocation, unless it can be demonstrated that the failure was entirely outside of the Project Sponsor's control or the amount not utilized is not material. This deduction will be assessed against the Project Sponsor for a period of two (2) calendar years (10 points each year) from the date on which the prior Allocation was awarded.

(B) Ten (10) points will be deducted for each failure to issue Bonds that results in the full amount of the Allocation reverting back to the Committee, unless it can be demonstrated that the failure was entirely outside of the Project Sponsor's control. This deduction will be assessed against the Project Sponsor for a period of two (2) calendar years (10 points each year) from the date on which Allocation was awarded.

(C) Ten (10) points will be deducted for each failure to spend the proceeds of Bonds issued pursuant to an Allocation in full, or in accordance with the terms and conditions of the Committee Resolution, unless it can be demonstrated that the failure was entirely outside of the Project Sponsor's control, the amount not spent is not material, or the deviation from the terms and conditions of the Committee Resolution is not material. This deduction will be assessed against the Project Sponsor for a period of three (3) calendar years (10 points each year) from the date of determination of failure to spend proceeds.

(D) Ten (10) points will be deducted for failure to comply with any provision of the Committee Resolution, unless it can be demonstrated that the failure was entirely outside of the Project Sponsor's control. This deduction will be assessed for a period of three (3) calendar years (10 points each year) from the date of determination of non-compliance with the Committee Resolution.

(2) Multiple or repeated failures of subdivision (n)(1) of this section may result in the Committee finding Applications involving the Project Sponsor ineligible for consideration of an Allocation.

## Article 10. Scattered Site Applications

**Section 5250. Application Requirements.** (a) Applications for Scattered Site Projects shall provide all information required for each site. Additional stipulations are as follows:

- (1) Data in Table 1 and Table 2, as defined in section 5170, shall be provided for each site and as a combined total. Each site must independently meet the Committee's income and rent restriction requirements as required in section 5191.
- (2) A Capital Needs Assessment report may combine information for all Project sites in one report.
- (3) For a Scattered Site Project-Competitive Round, a Market Study may combine information for all Project sites in one report; however the Market Study shall have separate Rent Comparability Matrices for each site. For a Scattered Site Project Non-Competitive Round, a market study and set of rent comparability matrices are not required if the proposed rents do not exceed one hundred and ten percent (110%) of the current rent levels, or if the property has been receiving and will continue to receive HUD state or federal project-based rental assistance or a HUD state or federal operating subsidy for a minimum of the last five (5) years.
- (4) Evidence of site control shall be required for each site.
- (5) Any maps provided shall include each site.
