Advisory Members:	Gustavo Velasquez for the Department of Housing and Community Development Tiena Johnson-Hall for the California Housing Finance Agency

2. *Agenda Item: Approval of January 19, 2022 Minutes*

MOTION: Ms. Miller motioned to approve the January 19, 2022 minutes. Mr. Sertich seconded the motion.

The Chairperson called for public comments.

Public Comments:

None

Motion passed unanimously via roll call vote.

3. *Agenda Item: Executive Director's Report – Presented by Nancee Robles*

Ms. Nancee Robles introduced herself as CDLAC's Interim Executive Director. She stated on the outreach front, the Treasurer spoke at a grand opening for St. Teresa of Calcutta Villa, a 14-story, 407-unit affordable housing development in the City of San Diego. Within the project, 270 units are set aside for Permanent Supportive Housing, and 80 units are set aside for veterans. The project received bond allocation and tax credits. Ms. Robles shared that she participated in the California Interagency Council on Homelessness Quarterly Council Meeting. There were presentations from several experts such as Secretary Lourdes Castro Ramirez and Dr. Mark Ghaly. The learning meeting kicked off the Council's intended updates to its Action Plan for 2022.

Ms. Robles further stated Staff are presently watching legislation which may affect CDLAC. She described a bill, SB971 – Newman, that would require the scoring system of CDLAC and CTCAC to include points for a project's policy allowing residents of a housing development to keep one or more common household pets in the resident's dwelling unit. The bill would also require the scoring system to provide point value to a project that imposes reasonable conditions, including, but not

limited to, limitations on the number of animals in a unit based on the unit's size and prohibitions on potentially dangerous or vicious dogs.

Ms. Robles went on to state Staff have started work with the contractor Advanced Technology Solutions that the Committee approved in October 2021. Esper is a product that will assist the staff to implement a centralized technology platform to coordinate and streamline the regulatory and administrative workflows and upgrade current tracking, drafting, and analysis challenges with the regulation process.

The Chairperson called for questions on the Executive Director's report.

There were no comments or questions from the Committee Members or public.

4. Agenda Item: *Recommendation of a Resolution Delegating Authority to the Interim Executive Director to Grant Extensions to Bond Allocation Issuance Deadlines for Projects with USDA Components*— Presented by Ricki Hammett

Ms. Ricki Hammett introduced herself as the Deputy Executive Director for CDLAC and CTCAC. She stated that the USDA Multifamily Housing Program underwent significant changes in 2020 that impacted projects applying for CDLAC Bond Allocation. These changes included consolidating work into one centralized location, which had previously been conducted in 47 regional offices, and creating a new computer system to implement consistencies. While USDA is streamlining and standardizing its process, it has acknowledged that this is a shift in the review and approval process and timeline for many. Long term, USDA will most likely have approval timelines equal to or greater than the bond allocation issuance deadlines assigned by CDLAC. Giving the Interim Executive Director authority to grant extensions beyond the Bond allocation issuance deadline date, when necessary, for projects with a USDA component, without bringing each project to the Committee, will accommodate fluctuations in USDA's timing and ensure developers are not discouraged from layering in this federal resource.

Staff recommended approval of a resolution delegating authority to the Interim Executive Director to grant extensions to the bond allocation issuance deadlines, when necessary, for projects with USDA components.

The Chairperson called for questions from the Committee members.

Ms. Johnson-Hall asked if there is a timeline on the extension period or term Staff is considering, and how many deals would be affected right now.

Ms. Hammett specified the timeline would vary as it depends on the project, and there is not an exact timeframe, but Staff are wanting to align with the USDA timing. At the most staff anticipates project wouldn't go out past a year. An exact timeframe can't be determined.

Ms. Robles added Staff would work with USDA on individual projects, and currently there is one project, with several coming up within the next year.

California Debt Limit Allocation Committee

Ms. Johnson-Hall responded this sounds reasonable, stating her team had recently met with the USDA and is aware of the tremendous amount of change occurring and that they are working to get things in place as soon as possible.

Mr. Sertich agreed with Ms. Johnson-Hall and does not want to leave federal subsidy on the table, indicating he is supportive of the request. Mr. Sertich urged this be focused on delays caused by the USDA, and not delays for projects that have USDA components. He specified the way the resolution is worded gives the Executive Director the authority to grant this to any project with a USDA component]. He reiterated the importance of using discretion to limit it for delays caused by USDA issues.

Ms. Robles agreed this is the intent.

MOTION: Mr. Sertich motioned to approve the resolution granting delegated authority to the Interim Executive Director to approve extension requests for projects with a USDA component. Ms. Miller seconded the motion.

The Chairperson called for public comments.

Public Comments:

None

Motion passed unanimously via roll call vote.

5. *Agenda Item: Public Comment*

The Chairperson called for public comments on anything other than what was on the agenda.

William Wilcox, the Tax-Exempt Bond Program Manager for the San Francisco Mayor's Office of Housing and Community Development, brought up three items he hoped would be integrated into the proposed regulations for CDLAC's second allocation round. He began by asking the Committee to consider adding a 120th point for projects in more narrowly defined community revitalization areas, so projects that are part of concerted place-based investments are not overlooked in the current prioritization of high opportunity areas. Mr. Wilcox expressed the importance of CDLAC encouraging investment in low-income and underserved communities, particularly those receiving local, state, and federal support through dedicated community revitalization efforts. He proposed the definition of Community Revitalization Plan require a project be a recipient of a HUD Choice Neighborhood Grant or at least \$30 million in public funds for infrastructure, or Community Service Facilities that have been, or are committed to be, expended within the preceding or next 5 years within half a mile of the proposed housing development. He stated the current definition is too broad and does not meaningfully measure coordinated place-based investments. Secondly, Mr. Wilcox pointed out the existing proposals do not account for increased costs from using union labor, which is out of step with state priorities of investing in the construction workforce, as well as current CTCAC regulations for adjusting threshold basis limits. Based on research in Los Angeles by the Rand Corporation, he encouraged the Committee to add a 14.5% adjustment for bond request amounts in

California Debt Limit Allocation Committee

the CDLAC tiebreaker to adequately account for the cost and value of using union labor. Lastly, Mr. Wilcox stated CDLAC should not penalize projects for including additional supportive services office space or ground floor commercial space. Since both types of spaces count in the aggregate basis for the 50% test, and require additional tax-exempt bonds accordingly, CDLAC should adjust the bond total request to account for those spaces, so developers are not penalized for providing community amenities.

There were no additional public comments.

Treasurer Ma closed public comments.

6. *Agenda Item: Adjournment*

The committee meeting adjourned at 11:16am.

Description of Proposed Project:

Williams Aymium Production Facility will convert biomass waste into a "green" purified carbon to be used in a number of commercial applications as a replacement for coal or other fossil-based products. Biomass is pre-processed, dried, pyrolyzed into carbon, then formed into pellets or other forms for sale to commercial users. CRC's Williams facility will also generate excess renewable electricity that will sell into California's power grid. The project will produce activated carbon, as a non-coal based media for air, water, and other purification applications.

Environmental Impact:

- 1) Air Quality:
CRC's Williams facility will consume nearly 1 million tons of waste biomass. Use of this waste stream will eliminate air pollution equivalent to 300,000 vehicles annually.
- 2) Energy Efficiency:
The majority of the biogas generated as a result of CRC's production process will be used to generate renewable energy - either for CRC's own use or for sale into California's power grid.
- 3) Recycling of Commodities:
CRC takes disposable waste stream that otherwise creates significant environmental damage and converts it through an environmentally-friendly conversion process into superior performing "green" carbon products, yielding substantial public and environmental benefits.

Project Sponsor's Principal Activity:

The Project consists of improving various solid waste disposal facilities, solid waste processing and recycling facilities and renewable natural gas and fuel facilities.

First Tier Business (Yes/No): No

Regulatory Mandate (Yes/No): Yes

Details of Project Financing**Sources of Funds:**

Tax-Exempt Bond Proceeds	\$	100,000,000
Other Company Sources	\$	<u>1,000,000</u>
Total Sources	\$	101,000,000

Uses of Funds:

Landfill Improvements	\$	100,000,000
Other (Costs of Issuance Estimate)	\$	<u>1,000,000</u>
Total Uses	\$	101,000,000

Description of Proposed Project:

The Project consists of financing the acquisition, development, construction, improving and equipping of various solid waste disposal facilities, solid waste processing and recycling facilities and renewable natural gas (and other gas) and fuel facilities, including but not limited to the following: (a) improvements to existing landfill facilities, including (i) construction of new disposal cells and liners, (ii) installation of new liners for intermittent and final closure of completed sections, (iii) site improvements, (iv) acquisition of equipment, and (v) other equipment and assets necessary to support the foregoing improvements and to place them into service; (b) existing collection and transfer station facilities, including (i) construction of new buildings, (ii) acquisition of solid waste and recycling sorting and processing equipment, (iii) site improvements, and (iv) acquisition of other equipment and assets necessary to support the foregoing improvements and place them into service; and (c) installation of improvements to renewable natural gas (and other gas) and renewable fuel facilities, including (i) construction of new buildings, (ii) acquisition of processing equipment, (iii) site improvements, (iv) acquisition of delivery and transportation systems, and (v) acquisition of other equipment and assets necessary to support the foregoing improvements and place them into service.

Environmental Impact:

- 1) Air Quality:
Transfer Stations and Manufacturing Recycling Facilities (“MRFs”) – improving capacity and efficiency in many locations will reduce air pollution by reducing the length of truck routes and the number of trucks on the road due to the centralization of transfer stations within the service areas. Leachate and Methane Gas Recovery Systems – Waste Management, Inc. (“WM”) will continue to address the challenge of gas seepage from landfills located within the State of California.
- 2) Water Quality:
The construction of new landfill cells at the landfill facilities included in the Project will ensure protection of groundwater due to state-of-the-art liners and systems for mitigating infiltration and runoff of water seeping through the refuse.
- 3) Energy Efficiency:
The construction and/or expansion of transfer stations and MRFs will improve energy efficiency by reducing the length of the truck routes and the number of trucks on the road due to the centralization of transfer stations and MRFs within the service areas.
- 4) Recycling of Commodities:
In addition to owning or operating 260 landfill sites, Waste Management is a leading recycler in the U.S. and Canada, handling materials that include cardboard, paper, glass, plastic and metal.
- 5) Safety and Compliance:
The Project will be compliant with all State and local regulations.
- 6) Consumer Costs Savings and Efficiencies:
Waste Management provides cost-efficient, environmentally sound recycling programs for municipalities, businesses and households across the U.S. and Canada as well as other services that supplement its Solid Waste business. With improvements to Waste Management’s extensive recycling and waste disposal operations, California residential and commercial customers receive the benefits of these efficiencies and cost savings through better routing (less fuel and emissions) and improved sorting (less waste and more recycling), which lead to lower company costs and customer rates.

Local Government Support:

The Applicant provided a letter of support from the government entity where their company is currently located.

Legal Questionnaire:

As a large company with operations across the U.S. and Canada, Waste Management is subject to various proceedings, lawsuits, disputes and claims arising in the ordinary course of its business. The Company does not believe that the eventual outcome of any such actions will have a material adverse effect on the its business, financial condition, results of operations or cash flows.

Recommendation:

Staff recommends approval of \$100,000,000 in tax exempt bond allocation.

Director expects to recommend an Allocation (and the amount of those Allocations). During competitive rounds, the following procedures will be followed for the Qualified Residential Rental Program:

1. Within ten (10) calendar days after the application due date, CDLAC will post a list of applicants, project names, project locations, selected pools and set-asides, geographic regions, and requested Allocations and all reported self-scoring totals and tie-breaker score on the Committee's website as provided in section 5140.
2. CDLAC will prepare rank ordering of the list of projects and evaluate the requested scoring based on information submitted in the application. CDLAC will only review those projects that are substantially complete, financially feasible and appear to score high enough to receive an Allocation. Prior to publishing the preliminary recommendation list on its website, CDLAC shall notify Applicants and the developers/sponsors of their preliminary score and the reasons for any modifications from the Applicant's Self-Scoring Worksheet. Such notice, or a subsequent notice, may also contain completeness and/or feasibility defects determined during CDLAC's evaluation. CDLAC will only be required to send notices for projects that may appear to score high enough to receive an Allocation. Applicants will have five (5) calendar days to appeal their scores and/or completeness/feasibility defects, which appeals must be addressed to the Executive Director in writing per the instructions contained in the notice. The Executive Director shall then have ten (10) calendar days to issue a final determination. If an Applicant is unsatisfied with the final determination, the Applicant may appeal to the Committee per the instructions in the final determination notice.
3. The process specified in paragraph 2 above shall be used to produce a list of Applicants for which the Executive Director expects to recommend an Allocation, subject to any pending appeals that may be heard by the Committee.

§ 5036. Appeals to Preliminary Recommendations.

Any Applicant who wishes to appeal the preliminary recommendation or ranking as prescribed in section 5035 may file an appeal within five (5) business days of the date on which the preliminary list is posted. The appeal must set forth in reasonable detail the factual basis for the appeal. No new or additional information beyond that provided in the original Application may be provided to or considered in connection with the appeal. All appeals shall be made in writing and delivered to the Executive Director, no later than 5:00 p.m. (Pacific Time) on the last day specified for filing an appeal. The Executive Director will present the appeal to the Committee at the meeting for which Allocations will be awarded, prior to the Allocation approval process. An Applicant may only appeal the recommendation or ranking of its own Application(s).

Note: Authority cited: Section 8869.94, Government Code. Reference: Section 8869.84(c), Government Code.

§ 5037. Final Recommendations.

(a) At least ten (10) calendar days before the Committee meeting for which Allocations will be awarded, the final list of Applicants for which Allocations will be recommended (and the amounts of those Allocations) will be posted. During competitive rounds, the list will be in ranked order. This list will reflect changes, if any, in ranking resulting from the appeals as provided in section 5035. The list shall be posted on the Committee's website as provided in section 5140.

Note: Authority cited: Section 8869.94, Government Code. Reference: Section 8869.84(c), Government Code.

§ 5038. Appeals to Final Recommendations.

Any Applicant who timely appealed the preliminary determination and is dissatisfied with the final recommendation in connection with the Application or received no preliminary recommendation, may present its case to the Committee at the Allocation meeting at which the Application is considered, provided that the Applicant gives notice, in writing, of its intention to do so at least five (5) business days prior to the Allocation meeting. An Applicant's written notification must be delivered to the Committee, no later than 5:00 p.m. (Pacific Time) on the last day specified for providing notice.

Note: Authority cited: Section 8869.94, Government Code. Reference: Section 8869.84(c), Government Code.

§ 5039. Publishing of Agenda.

At least ten (10) calendar days before all Committee meetings, the Executive Director shall post an agenda of all items to be heard by the Committee, on the Committee's website provided in section 5140.

Note: Authority cited: Section 8869.94, Government Code. Reference: Section 8869.84(c), Government Code.

Article 5. Performance Deposits and Fees

§ 5050. Performance Deposit Requirements.

(a) Applications for Qualified Private Activity Bonds shall include evidence of a performance deposit equal to one-half of one percent (.5%) of the Allocation requested, not to exceed \$100,000 made payable to the Applicant, except that for Qualified Residential Rental Projects, an Applicant shall provide the evidence of a performance deposit within 20 calendar days following an award of an Allocation.

Note: Authority cited: Section 8869.94, Government Code. Reference: Sections 8869.84(c) and 8869.84(e), Government Code.

§ 5051. Release of Performance Deposit.

(a) The written authorization releasing a performance deposit or refund of deposits paid to the Committee will occur upon the Committee's receipt of a properly completed Report of Action Taken that is appropriate to the transaction type as required in section 5142, all filing fees as required in

section 5054, and a digital copy of the conformed, recorded Bond Regulatory Agreement. The Committee Resolution shall provide the timeframe for using the Allocation and filing the required Report of Action Taken.

(b) In the case of a Qualified Residential Rental Project that also requests an allocation of state credit reserved for tax-exempt projects from the California Tax Credit Allocation Committee (CTCAC), the full release or refund of a performance deposit will be authorized if the Project Sponsor is able to demonstrate that the failure to use Allocation is solely due to the failure to receive an allocation of state tax credit.

(c) In the case of Mortgage Credit Certificates, the full release or refund of a deposit will not be authorized unless the Allocation has been converted to Mortgage Credit Certificate authority by the date specified in the Committee Resolution.

(d) Nothing in this section shall be construed to address the forfeiture of deposit relative to utilization of carryforward Allocations pursuant to section 5132.

Note: Authority cited: Section 8869.94, Government Code. Reference: Sections 8869.84(c), 8869.84(e) and 8869.90, Government Code.

§ 5052. Forfeiture of Performance Deposit.

(a) For Projects receiving an allocation award on or after March 16, 2016, an extension of the expiration date for Qualified Residential Rental Bonds granted pursuant to Section 5101 or 5132 will result in forfeiture of the Project's performance deposit to the extent that the performance deposit has not previously been forfeited.

(b) If less than 80% of the Allocation is used to issue Bonds, a pro-rata portion of the deposit will be forfeited equal to the same percentage ratio as the amount of unused Allocation bears to the amount of awarded Allocation. If at least one (1) Mortgage Credit Certificate is not issued prior to the applicable expiration date, the entire performance deposit will be forfeited. If 80% or more of the Allocation is used to issue bonds prior to the expiration date, or at least one (1) Mortgage Credit Certificate is issued prior to the applicable expiration date, a full refund of the performance deposit will be authorized.

(c) Applicants bear the risk of forfeiting all or part of their performance deposit if the Allocation is not used in accordance with the conditions and/or timeframes set forth in the Committee Resolution.

(d) The Applicant shall remit all forfeited performance deposits to the Committee within thirty (30) days of receipt of an invoice issued by the Committee.

(e) An Applicant may request waiver of a performance deposit forfeiture by submitting a written request to the Executive Director within 30 days of the date of the Committee's Forfeiture Fee Invoice. The Committee shall grant a forfeiture extension upon a showing that the request aligns with an extended allocation and waiver upon showing the circumstances prompting the forfeiture were unforeseen and entirely beyond the control of the Project's sponsor and development team. The granting of a waiver pursuant to this subsection will not preclude performance deposit forfeiture for subsequent extensions of the expiration date for Qualified Residential Rental Bonds granted pursuant to Section 5101 or 5132.

~~(f) If the awarded project is from a joint CDLAC/CTCAC application and not awarded State Tax Credits, and therefore is unable to fill the financing gap, the issuer may return the allocation to the Committee within 90 days after notice of failure to obtain State Tax Credits without forfeiture of the performance deposit or assessment of negative points.~~

Note: Authority cited: Section 8869.94, Government Code. Reference: Sections 8869.84(c), 8869.84(e) and 8869.86(c)(3), Government Code.

§ 5053. Withdrawn or Denied Applications.

For Applicants that post the performance deposit prior to award of an Allocation, if the Applicant withdraws an Application prior to consideration by the Committee or if a Project fails to receive an award of Allocation, the performance deposit shall be automatically refunded or released with and no written authorization from the Committee shall be necessary. Applicants that receive an Allocation may also return the Allocation to the Committee within twenty (20) days of the award date without threat of negative points.

Note: Authority cited: Section 8869.94, Government Code. Reference: Sections 8869.84(c) and 8869.84(e), Government Code.

§ 5054. Filing Fees.

Each Applicant shall submit a filing fee in an amount equal to the product of the amount of Allocation actually used to issue Bonds, or Mortgage Credit Certificates multiplied by .00035. The payment of the fee shall be in two installments as follows:

(a) Initial filing fee. ~~A check in the amount of \$1,200 payable to the California Debt Limit Allocation Committee~~ shall accompany the filing of an Application to cover the Committee's costs associated with reviewing Applications. This portion of the filing fee is not refundable under any circumstances but shall be credited against the total filing fee.

(b) Initial filing fee for supplemental awards. ~~A check in the amount of \$600 payable to the California Debt Limit Allocation Committee~~ shall accompany the filing of an Application to cover the Committee's costs associated with reviewing Applications. This portion of the filing fee is not refundable under any circumstances but shall be credited against the total filing fee.

(c) Initial filing fee for Difficult Development Area/Qualified Census Tract (DDA/QCT) designation retention in the amount of \$1,200 shall accompany the filing of an Application to cover the Committee's costs associated with reviewing Applications. This portion of the filing fee is not refundable under any circumstances.

(~~e~~) Second installment of Filing Fee. The second installment of the filing fee will be due within thirty (30) days after Bond issuance or issuance of the first Mortgage Credit Certificate. The Committee will issue an invoice in conjunction with the Committee Resolution transferring the Allocation to the Applicant. The amount of the second installment of the filing fee is the product of the amount of Allocation used to issue Bonds or convert to Bond to Mortgage Credit Certificate authority multiplied by .00035, less the fee paid pursuant to subdivision (a) of this section.

(de) If the second filing fee is not received within thirty (30) days, the Committee shall instruct the Applicant to remit the amount due from the performance deposit maintained by the Applicant specifically for the Project or program that was awarded Allocation pursuant to section 5050.

(ef) Applications for Allocation for Exempt Facility Projects will not be charged supplemental filing fees when applicants seek to move the hearing date for allocation later in the calendar year, as long as there are not material changes in the project or financing structure of the application.

(b) The self-certification must be submitted by the Applicant to CDLAC no later than March 1 of each year (or at such other time as requested by the Committee). The requirement shall be enforceable by the Committee through an action for specific performance or other available remedy affecting the Applicant including but not limited to disqualification from the program.

§ 5191. Income and Rent Restrictions.

All Qualified Residential Rental Projects must meet the following minimum income and rent restrictions, which will be included in the Committee Resolution.

(a) Minimum Income Restrictions. A minimum of ten percent (10%) of the units in a Qualified Residential Rental Project must have Gross Rents that are restricted to households with incomes no greater than

fifty percent (50%) of the AMI. The rent restricted units that meet this requirement, with the exception of Mixed Income Projects, acquisition rehabilitation projects already subject to a Residential Rental Regulatory Agreement or a federal, state, or local operating or rental assistance agreement, and units located on the upper level floors of high-rise developments, shall be generally distributed in terms of location and number of bedrooms throughout the Project. All projects shall offer a range of sizes and number of bedrooms comparable to those units that are available to other tenants.

(b) Minimum Rent Restrictions. Except for projects subject to an existing Residential Rental Regulatory Agreement that propose tenant paid rents and income targeting not exceeding one hundred-five percent (105%) of the current rents and targeting and operate with a vacancy rate of no more than five percent (5%), for single room occupancy and special needs housing a vacancy rate of no more than ten percent (10%) as demonstrated by a market study completed pursuant to 26 U.S.C. Section 42(m)(1)(A)(iii); the proposed tenant paid rents for each Restricted Rental Unit type (defined by bedroom count) in the proposed development shall be at least ten percent (10%) below the weighted average rent for comparable market rate units and each Restricted Rental Unit's value ratio (dollars per square foot) shall be at or below the weighted average unit value ratio for comparable market rate units as demonstrated in a Rent Comparability Matrix meeting the requirements of article 4 of this chapter.

(c) Utility Allowance Evidence. All Projects shall be subject to the use of Gross Rent as defined by Section 5170 and shall provide evidence in one of the following forms:

(1) A letter from the local public housing authority that includes a current utility allowance schedule, certifies that the proposed Project is located within its jurisdiction and itemizes which components of the utility allowance schedule applies to the Project. Projects that are subject to a Department of Housing and Urban Development (HUD) Section 8 Housing Assistance Payments Program do not require a housing authority certification and may rely solely on the utility allowance included in a HUD rent schedule provided the schedule specifically identifies the name of the Project.

(2) If a Project is to be substantially retrofitted for energy conservation or will be newly constructed with substantial energy conservation, the Applicant may submit revised utility allowances based on the projected reduction in utility costs after construction or retrofit. The revised utility allowances shall be validated by either of the following:

(A) A letter from the public utility or housing authority having jurisdiction over the Project that validates the revised utility allowances based on the proposed use of energy conservation materials, or

(B) A current utility allowance estimate consistent with 26 CFR section 1.42-10 (4-1-17), which is hereby incorporated by reference. The Applicant must indicate which components of the utility allowance schedule apply to the Project. For buildings that are using an energy consumption model utility allowance estimate, the estimate shall be calculated using the most recent version of the California Utility Allowance Calculator (CUAC) developed by the California Energy Commission; and in accordance with the California Tax Credit Allocation Committee's minimum requirements for utility allowance estimates, Title 4, Division 17, Chapter 1, Section 10322(h)(21).

§ 5192. Minimum Term of Restrictions.

(a) Income and rent restrictions as identified in the Committee Resolution for the total number of units must be maintained for the Qualified Project Period. Except as provided in subdivision (b), the Qualified Project Period shall be fifty-five (55) years following the date on which fifty percent (50%) occupancy is achieved or otherwise commencement of the Qualified Project Period. Projects located on Native American Lands shall have a term of restriction of 50 years from the property lease effective date.

(b) If a Project is intended for eventual tenant homeowners the applicant shall provide evidence of a financially feasible program in the Application. The program shall include, but is not limited to, an exit strategy, home ownership counseling, funds to be set aside to assist tenants in the purchase of units, no involuntary relocation of tenants, and a plan for conversion of the facility to home ownership no sooner than the end of the initial 15-year Qualified Project Period as required by 26 U.S.C. section 142(d)(2)(A). In such a case, the regulatory agreement shall contain provisions for the enforcement of such covenants.

§ 5193. Debt Service Coverage Ratio.

(a) For Qualified Residential Rental Projects, a minimum debt service coverage ratio (the ratio of the net operating income from the Project divided by the required debt service on the debt associated with the Project) shall be no less than 1.15 in at least one of the project's first three years except for FHA/HUD projects, RHS projects or projects financed by the California Housing Finance Agency.

(b) Applicants shall complete the following information relating to the Debt Service Coverage Ratio contained in the commitment for credit enhancement or private placement purchase of bonds, using annualized pro-forma figures:

(1) Potential gross income less vacancy rate. Applicants shall use market area vacancy rate or appraised vacancy rate, but in no event use less than 5%. If less than 5% is being used, a written explanation as to the reason must accompany the Application.

(2) net operating income (effective gross income minus operating expenses (include Operating & Replacement Reserves)), and

(3) principal plus interest (debt service), and

(4) the debt service coverage ratio (net operating income divided by principal plus interest). If Potential Gross Income is significantly higher than Monthly Gross Rent, then CDLAC may ask the applicant to identify other sources of Potential Gross Income to ascertain that these other sources are allowed.

(c) The Applicant shall also submit an itemized breakdown of the operating expenses. Annual operating expenses: general administrative (advertising, legal, accounting/audit, security, other and total general administrative), management fee, utilities (fuel, gas, water/sewer, other, total utilities), payroll/payroll taxes (on-site manager, maintenance personnel, insurance, other, total payroll/payroll taxes), maintenance (painting, repairs, trash removal, exterminating, grounds, elevator, other, total maintenance), service amenities budget (service coordinator/social worker, other, total service amenities), other (specify)(total other), total annual residential operating expenses, total real estate taxes, total reserves (operating and replacement), annual commercial operating expenses (if applicable), total commercial space expenses (if applicable) and total operating expenses.

(a) Applications shall submit an itemized breakdown of the complete sources of construction financing; and

(b) Applications shall include a listing of permanent sources and uses or complete and submit TCAC's Form Sources and Uses Budget or comparable documentation and

(c) All liens to be included in the proposed financing should be itemized and a list of all liens to be paid off at closing must be provided as Disposition of Current Outstanding Liens. All non-assumed liens to be paid off at closing shall separately listed including lender/loan, amount, disposition and corresponding exception number from the Title Report; and

(d) For rehabilitation projects, Applicants shall submit an itemized breakdown of hard construction costs labeled as Attachment 8-B.

Article 4. Market Studies

§ 5200. Minimum Requirements – Market Study.

The Market Study must meet the current guidelines as required by the California Tax Credit Allocation Committee, Title 4, Division 17, Chapter 1, Section 10322(h)(10).

(a) A full Market Study with a Rent Comparability Matrix for each applicable unit type prepared within (180) days of the Application deadline by an independent third party having no identity of interest with the Applicant, Project Sponsor, or Related Party is required.

(b) The study must establish both need and demand for the proposed Project. If the Market Study does not support sufficient need and demand for the Project, the Application may be considered ineligible to receive an award of Allocation.

~~(c) Except where a waiver is obtained from the Executive Director in advance of a submitted application, CDLAC shall not award an allocation to a rural new construction project if a tax exempt bond, tax credit, or other publicly assisted project housing the same population is currently under construction or has received an allocation of bonds within the same market area. The Executive Director may grant a waiver where newly constructed housing would be replacing specific existing housing, or where extraordinary demand warrants an exception to the prohibition. The Executive Director may also grant a waiver for subsequent phases of a single new construction project where those phases are described in the application of the initial phase.~~

(~~c~~) A market study shall be updated when proposed subject project rents change by more than five percent (5%), or the distribution of higher rents increased by more than 5%, or 180 days have elapsed between the earliest site inspection date for the subject property or comparable properties and the application submission deadline for the round in which the Project is seeking an allocation. CDLAC shall not accept an updated market study when more than twelve (12) months have passed since the earliest listed site inspection date of either the subject property or any comparable property. In such cases, applicants shall provide a new market study.

(~~e~~) Acquisition/Rehabilitation projects subject to an existing Residential Rental Regulatory Agreement or a federal, state, or local operating or rental assistance agreement may provide, as an alternative to providing a market study and affordability matrices consistent with Section 5200(a), a comprehensive market study consistent with 26 U.S.C. Section 42 (m)(1)(A)(iii). The study must be a written statement, certified by a third party market analyst, which includes a current rent roll. In addition, the project must meet at least one of the following requirements:

- (1) as certified by a third-party market analyst, the proposed tenant paid rents and income targeting will not exceed one hundred-five percent (105%) of the current rents and targeting and a vacancy rate of no more than five percent (5%); for single room occupancy and special needs housing a vacancy rate of no more than ten percent (10%); or
- (2) as evidenced by copies of executed contracts, that the Project has been receiving federal, state, or local operating or rental assistance and will continue to receive such assistance for at least five (5) additional years. If a contract demonstrating operating or rental assistance for an additional five (5) years is not available, a letter signed by the contractor's senior official may be submitted that describes the efforts undertaken to effectuate an operating or rental assistance contract, the expected duration of the contract, and the expected contract execution date.

§ 5210. Minimum Expenditures.

Except as set forth in subdivision (a) of this section, Qualified Residential Rental Projects involving the rehabilitation of existing buildings must complete a minimum of \$15,000 in hard construction costs per unit.

(a) At Risk Projects that receive only an award of Bond authority and do not receive low income housing tax credits, must spend the minimum amount required by 26 U.S.C. section 147(d)(2).

(b) For purposes of this article, “hard construction costs” means the sum of the structure costs plus on-site and off-site costs.

§ 5212. Capital Needs Assessment.

Except as provided below for reapplications, the Applicant shall submit a Capital Needs Assessment with report and inspection dates within 180 days prior to the Application deadline that details the condition and remaining useful life of the building’s major structural components, all necessary work to be undertaken and its associated costs, as well as the nature of the work, and distinguishing between immediate and long term repairs. The Capital Needs Assessment shall also include a fifteen (15) year reserve study, indicating anticipated dates and costs of future replacements of all major building components that are not being replaced immediately and the reserve contributions needed to fund those replacements. The Capital Needs Assessment shall be prepared by the Project’s architect, as long as the architect has no identity of interest with the Project Sponsor or other member of the development team; or by a qualified independent third party who has no identity of interest with any of the members of the development team. The Capital Needs Assessment is not required if the Project, within the immediately preceding three (3) years, received an Allocation and this requirement was satisfied in the original

Application. The Committee may permit the Capital Needs Assessment of an unsuccessful application to be submitted, only once, in the reapplication cycle immediately following the unsuccessful application.

Article 7. Post Issuance Oversight and Termination of Project-Based Subsidies

§ 5220. Regulatory Compliance.

(a) All QRRP allocation recipients are required to execute a Bond Regulatory Agreement (the “Regulatory Agreement”), as a condition to the Committee's making an allocation, which will be recorded against the property for which the allocation is used, and will reflect all commitments outlined in exhibit A of the Committee's resolution. For projects submitted to CDLAC after December 31, 2016, the Regulatory Agreement shall terminate prior to the end of the CDLAC Resolution affordability term only in the event of (i) involuntary noncompliance with the provisions of the Regulatory Agreement caused by fire or other casualty, seizure, requisition, change in a federal law or an action of a federal agency after the bond issuance which prevents the Issuer, Fiscal Agent and/or the Trustee (as applicable) from enforcing such provisions, or (ii) foreclosure, exercise of power of sale, and/or transfer of title by deed in lieu of foreclosure in connection with a deed of trust directly or indirectly securing the repayment of Standard Permanent Bonds, or repayment of a non-Bond related obligation that provides permanent project financing and meets the requirements of section 5193 or condemnation or a similar event, but only if, in the case of the events described in either clause (i) or (ii) above, the bonds are redeemed within a reasonable period or the proceeds for the event are used to provide a project that meets the requirement of the Regulatory Agreement.

(b) If Cash Flow Permanent Bonds finance project costs in projects submitted to CDLAC after December 31, 2016, all units identified in the CDLAC resolution, including both the Federally Bond-Restricted Units and the Other Restricted Units, will be incorporated into the Bond Regulatory Agreement. Assumptions to be included in the Bond Regulatory Agreement regarding the Other Restricted Units will include the AMI as outlined in the CDLAC resolution, a limitation that tenants pay no more than 30% of their income, and 1.5 person per bedroom occupancy standard to determine the applicable rent.

(c) For projects receiving allocation after December 31, 2016, The Bond Regulatory Agreement will:

- (1) Incorporate the CDLAC resolution by reference and as an attachment;
- (2) Have a term consistent with the income and rental restrictions established in the Resolution. The Bond Regulatory Agreement shall terminate in 55 years (50 years for Projects located on Native American Land) from the date 50% occupancy is achieved or the commencement of the CDLAC Qualified project period, whichever date is earlier;
- (3) Include all applicable income and affordability requirements outlined in 26 U.S.C. § 142, Cal. H&S Code § 34312.3 (c)(1) & (2), Cal. H&S Code § 51335(a), and Cal. H&S Code § 52080 (a)(1);

(4) Clarify that compliance with items not contained within the body of the Bond Regulatory Agreement but referred to in the CDLAC resolution are the responsibility of the Sponsor to report to the Issuer;

(5) Designate CDLAC to receive notice of changes in ownership, Issuer, project name and management company; and

(6) Designate CDLAC to receive all notices regarding defaults associated with the rents and income requirements, Bond Default, Qualified Bond Default, and regulatory termination.

(d) Where a Project is receiving renewable project-based rental assistance or operating subsidy:

(1) the Sponsor shall in good faith apply for and accept all available renewals; and

(2) if the project-based rental assistance or operating subsidy is terminated through no fault of the owner, the property owner shall immediately notify CDLAC in writing and shall make every effort to find alternative subsidies or financing structures that would maintain the deeper income targeting contained in the CDLAC resolution. Upon documenting to CDLAC's satisfaction unsuccessful efforts to identify and obtain alternative resources, the owner may increase rents and income targeting for rent restricted units above the levels allowed by the CDLAC resolution up to the federally and state-permitted maximums. Rents shall be raised only to the extent required for financial feasibility, as determined by CDLAC. Where possible, remedies shall include skewing rents higher on portions of the project in order to preserve affordability for units regulated by CDLAC at extremely low income targeting. Any necessary rent increases shall be phased in as gradually as possible, consistent with maintaining the project's financial feasibility. If housing special needs populations, the property owner shall attempt to minimize disruption to existing households, and transition to non-special needs households only as necessary and upon vacancy whenever possible.

(a) The following criteria will be used to evaluate and rank all Qualified Residential Rental Project applications. Each of the items in this section shall be memorialized in the Committee Resolution.

(b) Preservation and Other Rehabilitation Project Priorities (20 points maximum). Preservation and Other Rehabilitation Projects meeting the following criteria shall receive points in the highest scoring category only:

(1) An At Risk Project, or a project in which lower-income rent and income restrictions on at least 50 percent of the total units pursuant to a regulatory agreement with a public entity will terminate or be eligible for termination within five years of application with no other rent and income restrictions remaining, or any replacement or rehabilitation project approved by HUD

pursuant to a Section 18 or 22 Demolition/Disposition authorization, or any component one project being rehabilitated under the HUD Rental Assistance Demonstration (RAD) Program shall receive 20 points.

(2) A project that meets at least one of the following shall receive 14 points:

(A) A component two project being rehabilitated under the HUD Rental Assistance Demonstration (RAD) Program; or

(B) A project with a pre-1999 HCD loan that is being restructured pursuant to Section 50560 of the Health and Safety Code (AB 1699) that has not previously received an allocation of Low-Income Housing Tax Credits.

(3) A project that receives governmental assistance on at least 50 percent of the units pursuant to any of the following and that has not previously received an allocation of Low-Income Housing Tax Credits shall receive 6 points:

(A) Project-Based Section 8 or Rent Supplement,

(B) USDA Rent Supplement,

(C) Section 236 Financing,

(D) Section 221(d)(3) Financing, or

(E) USDA 514 or 515 Financing.

(4) A project that receives governmental assistance on at least 50 percent of the units including AB 1699 funding that have previously been syndicated are eligible for 6 preservation priority points.

(c) New Construction Density and Local Incentives (10 points maximum); Preservation Projects and Other Rehabilitation Projects are not eligible for these points). A New Construction Project that meets any of the following shall receive 10 points:

(1) The local jurisdiction has approved the project: pursuant to Section 65913.4 of the Government Code; or at a density greater than that allowed by the site's zoning through the use of a density bonus allowed by Government Code Section 65915; or pursuant to a local ordinance, or with concessions and/or waivers granted pursuant to Government Code Section 65915;

(2) The project is being developed at a per net acre density that meets one of the following criteria:

(A) 100 bedrooms per net acre in a metropolitan county;

(B) 60 bedrooms per net acre in a suburban jurisdiction;

(C) 40 bedrooms per net acre in all other areas.

[For the purposes of this paragraph, “net acre” is defined as the acreage within the parcel boundaries after subtracting any area affected by the dedication of public right-of-way, the presence of restrictive easements, and non-buildable areas. “Metropolitan county” and “suburban jurisdiction” shall have the same meaning as in Section 65583.2 of the Government Code. Projects with land-use approvals obtained prior to January 1, 2022 shall earn full points in this category.]

(3) The project is located in a city or unincorporated portion of a county for which HCD has designated the city or county, respectively, as pro-housing pursuant Section 65589.9(c) of the Government Code.

(d) Exceeding Minimum Income Restrictions (20 points maximum). A project shall receive points in either of the following manners:

(1) 2 points for each full percent that the average affordability of tax credit units is less than 60% of area median income subject to the Gross Rent definition; or

(2) 20 points if the average affordability of tax credit units is less than or equal to 60% of area median income, provided that at least 10% of tax credit units are restricted at or below 30% of area median income and an additional 10% of tax credits units are restricted at or below 50% of area median income, subject to the Gross Rent definition.

(e) Exceeding Minimum Rent Restrictions (10 points maximum). A project shall receive one point for each full percent that the average affordability of tax credit units is more than ten percent (10%) below the average adjusted rental rates of comparable units as demonstrated by each applicable Rent Comparability Matrix. This percentage shall be calculated separately for units of each bedroom count, with the results for each unit type weighted relative to the percentage of tax credit units of that type in the project, and the resulting percentage shall be used to determine the final point score. In cases where unit sizes of the same unit type vary, the smallest of these units shall be the basis for comparison. When family comparables are used in addition to senior comparables (outside the 1-mile radius) points will be calculated using the family comparables.

(f) General Partner and Management Company Experience (10 points maximum).

(1) A project shall receive general partner experience points in one of the following manners:

(A) The number of general partner experience points for which it is eligible pursuant to Section 10325(c)(1)(A) of the CTCAC regulations.

(B) 7 points if the project is a joint venture between an entity which receives maximum general experience points pursuant to Section 10325(c)(1)(A) of the CTCAC regulations and a BIPOC, provided that the partnership agreement (i) allocates a share of the developer fee, cash flow, and net sale proceeds to the BIPOC that is equal to or greater than the share to the entity with maximum general experience points and (ii) provides the BIPOC Entity an option to purchase the development.

(C) 7 points if the sole sponsor is a BIPOC that (i) is a general partner in at least one Low-Income Housing Tax Credit development that has received a certificate of occupancy, or if a rehabilitation project, completed rehabilitation, within five years of the date of application, (ii) submits the certification from a third party certified public accountant referred to in Section 10325(c)(1)(A)(i) of the CTCAC regulations for that development, (iii) demonstrates to the satisfaction of the Executive Director adequate in-house or contracted knowledge, skills, experience, and financial capacity to successfully develop, own and operate the proposed project, and (iv) completes training as prescribed by CTCAC prior to a project's placing in service.

(A) The number of management company points for which it is eligible pursuant to Section 10325(c)(1)(B) of the CTCAC regulations.

(B) 3 points if the management company will be the BIPOC for which the project receives general partner experience points pursuant to paragraph (1)(C).

(g) Housing Types (10 points maximum; Preservation Projects and Other Rehabilitation Projects not eligible for these points). A New Construction Project that meets any of the following criteria shall receive 10 points:

(2) The project meets the requirements of subdivision (c) of this section or is a New Construction Project that obtained all land use approvals prior to January 1, 2022.

(h) Leveraged Soft Resources (8 points maximum). A project shall receive 1 point for each full percent that leveraged soft resources defraying residential costs represent as a percentage of total residential project development costs, except that a New Construction Project that receives points as a Large Family, or Special Needs project pursuant to the conditions specified in Section 5230(j)(1)(A) and is located in a High or Highest Resource Area as specified on the CTCAC/HCD Opportunity Area Map shall receive 2 points for each full percent of leveraged soft resources. For purposes of this subdivision, leveraged soft resources shall have the same meaning as in Section 10325(c)(9) of the CTCAC regulations.

(i) Readiness to Proceed (10 points maximum). A project shall receive the number of points for which it is eligible pursuant to Section 10325(c)(7) of the CTCAC regulations, except that the applicant shall commit to commence demonstrate construction can commence within 180 days of the bond allocation. Projects that receive the maximum number of points pursuant to this subdivision shall have a readiness deadline that aligns with the allocation expiration assigned pursuant to Section 5100(b)(3)(i) and submit within that time period, evidence of the issuance of building permits (a grading permit does not suffice to meet this requirement except that in the event that the city or county as a rule does not issue building permits prior to the completion of grading, a grading permit shall suffice; if the project is a

design-build project in which the city or county does not issue building permits until designs are fully complete, the city or county shall have approved construction to begin), or the applicable tribal documents, and notice to proceed delivered to the contractor. Failure to meet the ~~180-day~~ assigned due date shall result in rescission of the bond allocation. In addition, ~~or~~ negative points may be assessed at the discretion of the Committee pursuant to Section 5230 (m).

(j) Affirmatively Furthering Fair Housing (20 points maximum).

(1) A project shall receive points in only one of the following manners:

(A) 20 points if the project receives points as a Large Family project or Special Needs project pursuant to Section 5230(g) (except the Special Needs project shall have at least 50% of its units set aside as permanent supportive housing for the homeless), is located in a High or Highest Resource Area as specified on the CTCAC/HCD Opportunity Area Map, and at least 10% of tax credit units shall be restricted at or below 30% of area median income and an additional 10% of tax credits units shall be restricted at or below 50% of area median income (except Special Needs projects shall be exempt from this 50% AMI requirement).

(B) 9 points if the project receives points as a Large Family project pursuant to Section 5230(g), is located in a Moderate (Rapidly Changing) or Moderate Resource Area as specified on the CTCAC/HCD Opportunity Area Map, and at least 10% of tax credit units shall be restricted at or below 30% of area median income and an additional 10% of tax credits units shall be restricted at or below 50% of area median income. In addition, the project shall receive up to 10 site amenity points for which it is eligible pursuant to Section 10325(c)(4)(A) of the CTCAC regulations.

(C) 9 points if the project receives points as a Large Family project pursuant to Section 5230(g), is located in a Low Resource or High Segregation and Poverty Area as specified on the CTCAC/HCD Opportunity Area Map, has income and rent restrictions:

(a) with at least a 40% AMI spread between the lowest restricted unit, which shall be no lower than 30% AMI, and the highest restricted unit with at least 10% of the units at the upper end of the range, provided that these upper-end restricted rents are at least 10% below market rents, and if this condition is not achievable as evidenced by the market study, or if the Low Resource or High Segregation and Poverty Area in which the project is located is adjacent to a High or Highest Resource Area, the project shall be permitted to reduce the AMI spread from 40% to 30%, but in no case shall the upper-end restricted units drop below 60% AMI, or

(b) consistent with the restrictions of a public funding source that was made available prior to December 31, 2020 and either

(ii) the project is one of the following:

(1) located within a Community Revitalization Area, or

(2) the project is funded in part with an award from the California Department of Housing and Community Development pursuant to a notice of funding availability issued on or before December 31, 2020.

In addition, the project shall receive up to 10 site amenity points for which it is eligible pursuant to Section 10325(c)(4)(A) of the CTCAC regulations.

(k) Service Amenities (10 points maximum). A project shall receive the number of points for which it is eligible pursuant to Section 10325(c)(4)(B) of the CTCAC regulations, except that projects not meeting one of the housing types specified in 10325(g) of the CTCAC regulations shall be able to choose the services provided without regard to the housing type conditions within the service amenity categories.

(l) Cost Containment (12 points maximum). A project shall receive 1 point for each full percent that the project's eligible basis is less than the project's CDLAC adjusted threshold basis limit, except that a New Construction Project that receives points as a Large Family, or Special Needs project pursuant to the

conditions specified in Section 5230(j)(1)(A)) and is located in a High or Highest Resource Area as specified on the CTCAC/HCD Opportunity Area Map shall receive 2 points for each full percent that the project's eligible basis is less than the project's CDLAC adjusted threshold basis limit. For purposes of this subdivision, a project's CDLAC adjusted threshold basis limit shall be the project's threshold basis limit as determined pursuant to Section 10327(c)(5) of the CTCAC regulations, except that the increase for deeper targeting pursuant to Section 10327(c)(5)(C) of the CTCAC regulations shall be limited to 80%.

(m) Negative Points (no maximum).

(1) The Committee may deduct points for an Application involving a Project Sponsor that has been or is a Related Party to a Project Sponsor (i.e. in the ownership structure) for which an Allocation has been awarded as follows:

(A) Ten (10) points may be deducted for each failure to fully utilize the leveraged soft resources for which points were awarded in connection with the prior Allocation, unless it can be demonstrated that the failure was unforeseen and entirely outside of the Project Sponsor's control or the amount not utilized is not material, or is the result of voluntarily returning leveraged soft resources due to the project being over-sourced, or if a change in federal or state law provides additional financial resources that result in a reduction in leveraged soft resources. This deduction may be assessed against the Project Sponsor for a period of up to two (2) calendar years (10 points each year) from the date on which the prior Allocation was awarded.

(B) Ten (10) points may be deducted for each failure to issue Bonds ~~that results in the full amount of the Allocation reverting back to the Committee~~, unless it can be demonstrated that the failure was unforeseen and entirely outside of the Project Sponsor's control. This deduction may be assessed against the Project Sponsor for a period of up to two (2) succeeding years (10 points each year) following the year Allocation was awarded.

(C) Ten (10) points may be deducted for each failure to spend the proceeds of Bonds issued pursuant to an Allocation in full, or in accordance with the terms and conditions of the Committee Resolution, unless it can be demonstrated that the failure was unforeseen and entirely outside of the Project Sponsor's control, the amount not spent is not material or is consistent with the requirements of Section 5052(b), or the deviation from the terms and conditions of the Committee Resolution is not material. This deduction may be assessed against the Project Sponsor for a period of up to three (3) calendar years (10 points each year) from the date of determination of failure to spend proceeds.

(D) Ten (10) points may be deducted for failure to comply with any provision of the Committee Resolution, unless it can be demonstrated that the failure was unforeseen and entirely outside of the Project Sponsor's control. This deduction may be assessed for a period of up to three (3) calendar years (10 points each year) from the date of determination of non-compliance with the Committee Resolution.

(2) Where CTCAC has determined an Application for tax credits involving a Project Sponsor that has been or is a Related Party to a Project Sponsor who is subject to negative points under its regulations, CDLAC will deduct an equal amount of points for an equal period of time from tax exempt bond applications involving the Project Sponsor or a Related Party to the Project Sponsor.

(3) Where CTCAC has determined an Applicant for tax credits involving a Project Sponsor that has been a Related Party to a Project sponsor who is subject to any type of determination of ineligibility, CDLAC will recognize the length of ineligibility and apply it to the tax exempt bond applications involving the Project Sponsor or Related Party to the Project Sponsor.

(4) Multiple or repeated failures of paragraph (1) may result in the Committee finding Applications involving the Project Sponsor ineligible for consideration of an Allocation.

§ 5231. Ranking.

After all of Applications for Qualified Residential Rental Projects are evaluated pursuant to section 5230, the Applications will be ranked and may be awarded an Allocation as follows:

(a) Applications for Rural Projects will be ranked amongst themselves, and separately from Applications for all other Qualified Residential Rental Projects. Applications for Rural Projects awarded the greatest number of points after factoring in the tie breaker pursuant to Section 5231(g), as applicable, shall be awarded an Allocation from the Rural Pool. Applications for Rural Projects not receiving an Allocation will not be eligible for consideration for an Allocation under subdivisions (b), (c) or (e) of this section.

(b) Applications for Preservation Projects will be ranked amongst themselves, and separately from Applications for all other Qualified Residential Rental Projects. Applications for Preservation Projects awarded the greatest number of points after factoring in the tiebreaker pursuant to 5231(g) as applicable shall be awarded an Allocation from the Preservation Project Pool. Applications for Preservation Projects not receiving an Allocation pursuant to this subdivision will not be eligible for consideration for an Allocation under subdivision (a), (c) or (e) of this section.

(c) Applications for Other Rehabilitation Projects will be ranked amongst themselves, and separately from Applications for all other Qualified Residential Rental Projects. Applications for Other Rehabilitation Projects awarded the greatest number of points after factoring in the tie breaker pursuant to Section 5231(g), as applicable, shall be awarded an Allocation from the Other Rehabilitation Pool. Applications for Other Rehabilitation Projects not receiving an Allocation pursuant to this subdivision will not be eligible for consideration for an Allocation under subdivisions (a), (b) or (e) of this section.

(d) Applications for BIPOC Projects will be ranked amongst themselves, and separately from Applications for all other Qualified Residential Rental Projects. Applications for BIPOC Projects awarded the greatest number of points after factoring in the tie breaker pursuant to Section 5231(g), as applicable, shall be awarded an Allocation from the BIPOC Pool. Applications for BIPOC Projects not receiving an Allocation

pursuant to this subdivision shall be eligible for consideration for an Allocation under subdivisions (a), (b), (c), and (e) of this section.

(e) Applications for Qualified Residential Rental Projects that are New Construction Projects, exclusive of Rural Projects will then be ranked together. Applications receiving the greatest number of points after factoring in the tie breaker pursuant to Section 5231(g), as applicable, shall be awarded an Allocation from the New Construction Pool in the following manner.

(1)(A) Set Aside application selection. Beginning with the top ranked application from the Homeless Set Aside, subject to the conditions in Section 5231(e)(1)(B), followed by the Extremely Low/Very Low Income Set Aside, and the Mixed Income Set Aside, the highest scoring applications in each Set Aside shall be awarded an Allocation pursuant to the procedures in Section 5231(f). A project that meets the criteria of both the Homeless Set Aside and the Extremely Low/Very Low Income Set Aside shall be eligible for an allocation from either Set Aside. All New Construction Projects, exclusive of Rural Projects, that do not receive an allocation from a Set Aside shall be eligible for an allocation from their respective geographic region pursuant to paragraph (2).

(B) For purposes of the Homeless Set Aside only, applications for projects in which ~~100~~45% of the tax credit units are designated for homeless households as defined in Section 10315(b)(1) of the CTCAC regulations at affordable rents consistent with Section 10325(g)(3) of the CTCAC regulations shall be awarded an Allocation prior to any other application eligible for the Homeless Set Aside provided that such projects earn at least 95% (rounded down to the nearest whole number) of the maximum available points pursuant to Section 5230.

(2) Geographic region application selection. Bonds available in the New Construction Pool that are not reserved to a Set Aside shall be allocated to the highest ranking applications according to the geographic allocation described in Section 5022. Projects receiving an allocation in the Rural, Preservation, Other Rehabilitation, or BIPOC Pools or in the Homeless, Extremely Low/Very Low Income, and Mixed Income Set Asides shall not be counted towards the geographic apportionments.

(3) In the final allocation round of the year, any bonds remaining in any QRRP pool, Set Aside or geographic region shall be allocated to the highest ranking New Construction Project or Projects; ~~exclusive of Rural Projects~~. Any such amounts shall not be added to the respective QRRP pool, Set Aside, or geographic region in the following year, nor shall any allocations pursuant to this paragraph be subtracted from the geographic allocations in the following year.

(4) At the last allocation meeting of the year, the Committee shall establish a waiting list of new Construction Projects; ~~exclusive of Rural Projects~~, that have not received an allocation in the final allocation round, ordered from highest to lowest ranking. In the event that allocations are returned after the final allocation meeting and prior to the end of the calendar year, the Executive Director may allocate bonds to projects on the waiting list in order.

(f) If the last project allocation in a Pool, Set Aside or geographic region requires more than the bonds remaining in that Pool, Set Aside or geographic region, such overages will be subtracted from that Pool, Set Aside or geographic region in determining the amount available in the Pool, Set Aside or geographic

region for the subsequent allocation round. In no case will the last project to be allocated in a Pool, Set Aside or geographic region receive an Allocation unless at least 80%, or 100% in the final round of the year, of the requested Allocation for that project is remaining in that Pool, Set Aside or geographic region for that round. ~~No project that is unable to satisfy this condition shall be skipped in favor of awarding a project that meets this condition. Notwithstanding the foregoing, wW~~hen the first or next highest-ranking project does not meet the 80% or 100% rule above, that project, as well as any subsequent projects in rank order that also do not meet the 80% or 100% rule, may be skipped over to the next highest ranking project that meets the 80% or 100% rule. However, no project may be funded by this skipping process unless it (a) has a point score equal to that of the first project skipped, and (b) has a final tiebreaker score equal to at least 75% of the first skipped project's final tiebreaker score. In the event that four (4%) State Tax Credits are and not being recommended for all projects requesting them, projects who have determined in their CDLAC/CTCAC joint application that Allocation will not be accepted if four (4%) percent State Tax Credits are not available may be skipped. If bonds within a Pool, Set Aside or geographic region remain unallocated at the end of an allocation round, they will be added to the subsequent round amounts in the same Pool, Set Aside or geographic region. In the final allocation round of the year, the allocations within a Pool, Set Aside or geographic region shall not exceed the amount of bonds available in the Pool, Set Aside or geographic region.

(g) If two or more Applications are awarded the same total number of points, these Applications will be ranked according to the ~~lowest highest~~ amount of public benefit per dollar of cost-adjusted Bond and State Credit Allocation requested per bedroom-adjusted units targeted at or below 100% AMI, so long as such units are rent restricted and regulated for a period of at least 30 years. If the current request is a Supplemental Allocation, the tiebreaker will be calculated using the total Bond and State Credit Allocation for the project.

(1) A project's public benefit is the sum of all of the following:

(A) The project's unit production benefit, which is the product of (i) the bedroom-adjusted number of tax credit units multiplied by (ii) \$50,000. To calculate a project's bedroom-adjusted tax credit units, the Committee shall first multiply the number of tax credit units of each bedroom count by the adjustment factor for units of that bedroom count. A project's bedroom-adjusted number of tax credit units shall be the sum of each of these products. The adjustment factors shall be: (A) .9 for a studio unit. (B) 1.0 for a 1-bedroom unit. (C) 1.25 for a 2-bedroom unit. (D) 1.5 for a 3-bedroom unit up to no more than 30% of the total units, then such additional units shall be counted as 2-bedroom units (E) 1.75 for a 4-bedroom or larger unit up to no more than 10% of the total units, then such additional units shall be counted as 2-bedroom units.

(B) The project's rent savings benefit, which is the product of (i) the sum across all tax credit units of each unit's difference between the monthly fair market rent established by HUD for the county in which the project is located and the area median income monthly gross rent limit for that unit at the targeted rent level for the appropriate bedroom size, all calculated according to the methodology for tax credit rents multiplied by (ii) 180. In the event that this calculation results in a negative number for any particular unit(s), the rent savings benefit for such unit(s) shall be zero. Units with federal project-based rental assistance shall be assigned targeted rent levels of 30% AMI regardless of their actual income targeting. If the average affordability of tax credit

units, exclusive of units with rental assistance, is less than 40% AMI, then the calculation shall assume a targeted rent level of 40% AMI for each tax credit unit that does not have rental assistance.

(C) The project's special needs population benefit, which is the product of (i) the number of tax credit units restricted to persons with special needs, as defined in Section 10325(g)(3) of the CTCAC regulations, or homeless, or veterans, capped at 50% of tax credit units multiplied by (ii) \$10,000.

(D) The project's extremely low income benefit, which is the product of (i) the number of tax credit units targeted at 30% of AMI or below, capped at 50% of tax credit units multiplied by (ii) \$20,000.

(E) The project's sustainability benefit, which is the sum of the following:

(i) The product of (1) the bedroom-adjusted number of tax credit units within the development, multiplied by (2) the number of transit site amenity points the project receives pursuant to Section 5320(m), multiplied by (3) \$4,000.

(ii) The product of (1) the bedroom-adjusted number of tax credit units within the development, multiplied by (2) the number of non-transit site amenity point categories for which the project is eligible for maximum points pursuant to Section 5320(m) (see TCAC regulation Section 10325(c)(4)(A)2.-9.), multiplied by (3) \$4,000.

(iii) The product of (1) the bedroom-adjusted number of tax credit units included with a development that has received an award from HCD's Transit Oriented Development Program or the Affordable Housing and Sustainable Communities Program or that is located within ¼ mile of a transit stop with service at least every 30 minutes during peak hours (or at least two departures during each peak period for a commuter rail station or ferry terminal) or within ½ mile of a transit stop with service at least every 15 minutes (or at least four departures during each peak period for a commuter rail station or ferry terminal); multiplied by (2) \$25,000. For purposes of this subparagraph, a transit stop is a bus rapid transit station, light rail station, commuter rail station, ferry terminal, bus station, or public bus stop, and peak hours are 7-9 a.m. and 4-6 p.m., Monday through Friday.

(F)(i) The project's opportunity benefit, which shall be only one of the following:

(aa) The product of (1) the bedroom-adjusted number of tax credit units in a Large Family or Permanent Supportive Housing New Construction Project that is located in a Highest Resource Area as specified on the CTCAC/HCD Opportunity Area Map; multiplied by (2) \$30,000.

(bb) The product of (1) the bedroom-adjusted number of tax credit units in a Large Family or Permanent Supportive Housing New Construction Project that is located in a High Resource Area as specified on the CTCAC/HCD Opportunity Area Map; multiplied by (2) \$20,000.

(cc) The product of (1) the bedroom-adjusted number of tax credit units in a Large Family or Permanent Supportive Housing New Construction Project that is located in a Moderate Resource Area as specified on the CTCAC/HCD Opportunity Area Map; multiplied by (2) \$10,000.

(ii) An applicant may choose to utilize the census tract, or census block group as applicable, resource designation from the TCAC/HCD Opportunity Maps in effect when the initial site control was obtained up to seven calendar years prior to the application. A project is ineligible for this benefit if it receives a community revitalization benefit in subparagraph (G).

(G) The project's comprehensive community revitalization benefit, which is the product of (1) the bedroom-adjusted number of tax credit units that are located in a Community Revitalization Area and are a component in the Area's Community Revitalization Plan; multiplied by (2) \$20,000. A project is ineligible for this benefit if it receives an opportunity benefit in subparagraph (F).

(2) The cost-adjusted Bond and State Credit Allocation shall be calculated as follows:

(A) by reducing subtracting the product of the unadjusted Bond and State Credit Allocation request and by the sum of the following, as applicable:

(i) 15% for projects that are paid for in whole or in part out of public funds and are subject to a legal requirement for the payment of state or federal prevailing wages.

(ii) either (aa) 10% for projects wherein at least 95% of the building(s) is constructed as Type I as defined in the California Building Code; or (bb) 5% for projects wherein at least 95% of the building(s) is constructed as a Type III as defined in the California Building Code or a Type III/Type I combination.

(B) by multiplying the result of subparagraph (A) by 25% the sum of the statewide basis delta for the county in which the project is located and then subtracting this amount from the result of subparagraph (A) and the higher resource area bonus from the unadjusted Bond and State Credit Allocation request. At least ten days prior to the first application deadline of each calendar year, the Committee shall publish the statewide basis delta for each county, which shall represent the percentage difference between the two bedroom 4% tax credit threshold basis limit for the county and the median two-bedroom 4% tax credit threshold basis limit for any county in the state as those limits are determined by CTCAC pursuant to Section 10302(rr) of the CTCAC regulations, except that the percentage difference shall not exceed 30%. A New Construction Project that receives points as a Large Family project pursuant to the conditions specified in Section 5230(j)(1)(A) and is located in a High or Highest Resource Area as specified on the CTCAC/HCD Opportunity Area Map shall receive a higher resource area bonus equal to 20%. In addition, a project that receives points as a Special Needs project pursuant to Section 5230(g) and in which at least 50% of the tax credit units are designated for homeless households as defined in Section 10315(b)(1) of the CTCAC regulations at affordable rents consistent with Section 10325(g)(3) of the CTCAC regulations shall also receive a bonus equal to 20%.

(2) To calculate a project's per bedroom adjusted units, the Committee shall first multiply the number of units of each bedroom count by the adjustment factor for units of that bedroom

count. A project's per bedroom adjusted units shall be the sum of each of these products. The adjustment factors shall be:

~~(A) .9 for a studio unit.~~

~~(B) 1 for a 1-bedroom unit.~~

~~(C) 1.25 for a 2-bedroom unit.~~

~~(D) 1.5 for a 3-bedroom unit up to no more than 30% of the total units, then such additional units shall be counted as 2-bedroom units~~

~~(E) 1.75 for a 4-bedroom or larger unit up to no more than 10% of the total units, then such additional units shall be counted as 2-bedroom units~~

~~(3) For Allocations made after the first competitive round in 2022 and beyond, the provisions in this Section (f) shall be amended to a formula which will measure the total amount of State of California investment in the Project relative to the public benefit produced by the Project.~~

(f) A target of 50% of the Allocation available in any given round will be awarded to projects earning points pursuant to Section 5230(j) based on a funding order established by the Committee.

§ 5232. Competitive Application Process Maximum Allocation Amount.

(a) For projects subject to the Competitive Application Process, the Committee will allocate no more than seventy-five million dollars (\$75,000,000) for any proposed Qualified Residential Rental Project. Where a proposed Qualified Residential Rental Project is located within one-fourth (1/4) mile of another Qualified Residential Rental Project involving the same Project Sponsor or a Related Party to the Project Sponsor, the Allocation amounts for the Qualified Residential Rental Projects cannot, in the aggregate, exceed seventy-five million dollars (\$75,000,000) within a calendar year.

(b) The Committee may waive this maximum allocation amount if the Committee determines that the demand for allocation for Qualified Residential Rental Projects is such that the maximum allocation amount is not warranted. An Applicant requesting an Allocation in excess of seventy-five million dollars (\$75,000,000) may seek a waiver from the Committee based on the following factors:

(1) The Qualified Residential Rental Project qualifies as an At-Risk Project; or

(2) Documentation is provided in the Application indicating why a Qualified Residential Rental Project cannot be developed in phases at a seventy-five million dollars (\$75,000,000) level. The documentation must be specific and may include, but is not limited to, a site plan detailing the layout of the subject property, unit mix per stage of the phase, any unique features of the property which inhibits phasing, a description of infrastructure costs, and a cost breakdown by phases.

Note: Authority cited: Section 8869.94, Government Code. Reference: Sections 8869.84(c), 8869.85(a) and 8869.85(b), Government Code.

§ 5233. Allocation Limits.

(a) Limit CDLAC bond allocation on a per unit basis (adjusted by the number of bedrooms) in the QRRP Pools as follows:

Studio and SRO	\$522,000
One bedroom	\$544,000
Two-bedroom	\$580,000
Three-bedroom:	\$638,000
Four or more bedroom	\$671,000

(b) Private Activity Bond allocation awards cannot exceed 55% of the aggregate depreciable basis plus land basis. In determining compliance with this test, CDLAC staff may rely on the legal or tax opinion submitted with the application.

Staff shall review each request for Supplemental Allocation and make a recommendation to the Committee regarding any possible award of additional Allocation. Awards of Supplemental Allocations shall be memorialized in a Committee Resolution. Notwithstanding section 5241, all requirements imposed on the associated initial project Allocation, including, but not limited to, expiration of Allocation, Bond issuance deadlines, extensions, transfers of Allocation, carry-forward elections and reporting will be equally applicable to Supplemental Allocations.

(b) Requests for Supplemental Allocation submitted during Allocation Rounds conducted under an Open and Competitive Application Process may be made with a Supplemental Allocation Request Letter if the Project has received Allocation within the past thirty six (36) months. Supplemental Allocation Request Letters must be submitted by the Applicant and accompanied by the following requirements:

“Fair Share Basis” means that each county shall receive a proportionate share of the amount reserved for Local Issuers based on the population of the county relative to the State's total population. Where there is more than one Local Issuer in a county, each Local Issuer shall receive a proportionate share of the county's reservation based on the population of the jurisdictions served by an Issuer relative to the county's total population, or as agreed upon by the participating Local Issuers.

“Homeownership Assistance” means financial assistance, including down-payment assistance, closing cost assistance, soft-second financing for the purchase of a home, or such alternative homeownership assistance as proposed by the Applicant in the Application and approved by the Committee. The Homeownership Assistance must; one, be in a minimum amount of \$7,500 or 3% of the purchase price of the home, whichever is greater; two, be structured in the form of either a grant or a deferred payment loan where the payment of principal and interest is deferred until such time as the home is sold or re-financed; and three, include an incentive, to be proposed by the Applicant, for Program Participants to fully perform the three (3) year service commitment. Applicants will not be required to establish a distinct and separate homeownership program; existing programs may be used. For example, if the number of households earning eighty percent (80%) or less of the Applicable Median family Income of the area consisted of only 38% of the participants in a program, then based on a committed goal of 40%, the Performance Achievement Index would equal 95% (38% divided by 40%).

The Committee may request assistance of other federal, state, and local agencies when conducting this review. The Applicant or Project Sponsor may be asked to provide additional information relevant to the Committee's review. The review process shall result in a written policy concerning the advisability of awarding Allocation based on but not limited to the Project's public benefit, financial feasibility and environmental impact.

- (b) If any part of the Exempt Facility Project Pool remains unallocated after the Committee makes the Allocations under subdivision (a) of this section, the Committee will then consider other Applications in which the Project Sponsor is a First Tier Business, but the proposed Exempt Facility Project is not in response to a Regulatory Mandate.
- (c) If any part of the Exempt Facility Project Pool remains unallocated after the Committee makes the Allocations pursuant to subdivisions (a) and (b) of this section, the Committee will then consider Applications in which the Project Sponsor is not a First Tier Business, but the Exempt Facility proposed by the Application is in direct response to a Regulatory Mandate.
- (d) If any part of the Exempt Facility Project Pool remains unallocated after the Committee makes the Allocations pursuant to subdivisions (a),(b), or (c) of this section, the Committee will then consider all other Applications for Exempt Facility Projects.

Note: Authority cited: Section 8869.94, Government Code. Reference: Sections 8869.84(c), 8869.85(a) and 8869.85(b), Government Code.

§ 5461. Minimum Requirements.

In order to be considered for an Allocation for a Student Loan Program, an Applicant must meet the following minimum requirements:

(a) California Non-profit Status. Must be a California nonprofit corporation organized pursuant to section 150(d) of the Internal Revenue Code of 1986, as amended, that possesses the authority to directly or indirectly make or finance student loans under the Higher Education Act of 1965, as amended, or be a state agency.

(b) CEFA Requirement. Before applying to the Committee for allocation of a portion of the State Ceiling pursuant to Government Code section 8869.82 and 8869.85, an entity that is seeking to issue qualified scholarship funding bonds must first obtain CEFA board approval, pursuant to Title 4, California Code of Regulations, section 9073(a), unless such entity became a qualified scholarship funding corporation as defined in subsection (d) of section 150 of Title 26 of the United States Code prior to January 1, 2006. CEFA may in its discretion determine not to grant approval to any entity regardless of whether the entity meets the threshold criteria as an Eligible Candidate as defined in Title 4, California Code of Regulations, section 9072(b). CEFA will consult and coordinate with the Committee prior to making a final determination.

(c) A portfolio itemizing the total dollar amount and corresponding percentage of student loans originated by the Applicant which assist financially needy borrowers in California. The data relied upon may be direct or derived from sources deemed by the Executive Director to be accurate.

(f) Demonstrate actual participation in the California Student Loan Market using the STUDENT MARKETMEASURE Standard Report 10D or other sources deemed by the Executive Director to be accurate. Applicant must include information from the most recently completed federal fiscal year with their Application.

(g) Completion of the Student Loan Self-Scoring Sheet to show what they anticipate to receive in allocation.

Note: Authority cited: Section 8869.94, Government Code. Reference: Sections 8869.84(c), 8869.85(a) and 8869.85(b), Government Code.

Article 3. Evaluation Criteria

§ 5470. Evaluation and Ranking.

The following criteria will be used to evaluate, rank, and award Allocations from the Student Loan Program Pool:

(a) Allocations from the Student Loan Program Pool will be first awarded to Applications in which the Applicant is a Direct Lender and evaluated based on the following criteria:

(1) The total dollar amount and number of student loans originated by the Applicant in California. The data relied upon will be derived from the STUDENT MARKETMEASURE Standard Report 10D or other sources deemed by the Executive Director to be accurate. The time period shall be the most recently completed federal fiscal year. The Applicant's pro-rata share of the Student Loan Program Pool will in part be determined by the total dollar amount of student loans originated in California. The Committee will consider the incongruity between the federal fiscal year and the Allocation Round when evaluating the data.

(2) Proposed total cost of borrowing per borrower for the next academic year. This cost estimate should include origination fees, interest costs, and all other fees or expenses incurred by a borrower.

(3) Previous year average interest rate. Information provided must refer to the time period of the current academic year. In addition, this information must include averages and weighted averages for the following figures for each student loan program:

(A) Statutory interest rate.

(B) Total discount

(C) Discounted interest rate.

For this time period, the Applicant must show the percentage breakdown of usage for all federal student loan programs: Subsidized Stafford, Unsubsidized Stafford, PLUS Parent and PLUS Graduate. This breakdown will be used to determine the weighted averages for the aforementioned figures.

(4) Comparison of Proposed and Actual Interest Rate. The weighted averages will be used to determine whether or not the Applicant was within 25% of the discounted interest rate that they proposed in the prior year. Based on the Committee's assessment, an Applicant could be rewarded and/or penalized for the actual discounted interest rate they provided during the current academic year.

(5) The extent to which the Applicant timely disburses student loans as evidenced by its use of previous and existing allocations from the Committee for direct lender student loan programs. The Committee will evaluate the impact of unused Bond proceeds on the Applicant's present demand for Allocation.

(b) Subsequent to the determination made pursuant to subdivision (a) of this section, Allocation that remains unallocated will then be considered for Applications in which the Applicant is a purchaser of student loans in the secondary market and evaluated based on the following criteria:

(1) The degree to which financially needy students benefit based on an evaluation of the percentage of borrowers with subsidized Stafford loans currently held in portfolio versus borrowers with only unsubsidized Stafford loans.

(2) The use of recycled funds for additional programs that may benefit students other than loan purchase programs, such as grants, new loans, scholarships, student outreach, and borrower benefit programs offered by the Applicant.

(3) The leveraging of the Qualified Private Activity Bond Allocation awarded to the Applicant through the use of taxable bonds and other taxable securities.

(4) The extent to which the Applicant has timely and effectively used previous and existing allocations from the Committee for secondary market loan purchase programs.

Note: Authority cited: Section 8869.94, Government Code. Reference: Sections 8869.84(c), 8869.85(a) and 8869.85(b), Government Code.

(b) Actual Versus Proposed Average Interest Rate and Loan Amount. For each allocation round, programs will be evaluated and ranked based on each applicant's deviation between the currently proposed and previous year's actual average interest rates, as well as the currently proposed and previous year's actual average loan amount, in comparison to the allocation round's other applicants' proposed and previous year's actual average interest rates and currently proposed and previous year's actual average loan amount.

(c) Additional Points. In a competitive application round, additional points will be awarded to Applicants that commit to the goal of providing allocation to Beginning Farmers that provide the following public benefits:

(1) Job Creation. A maximum of 20 points will be awarded to programs that use a substantial portion of allocation for programs that will add jobs to local economy (one point per job with a maximum of 20 points). Points will be awarded in the following manner:

Re: Request to return bond cap
Project Name: Crest on Imperial
CDLAC Resolution#: 21-177
CDLAC App#: 21-580

Dear Ms. Robles,

On January 24, 2022, CalHFA was asked by MirKa Investments, the Developer on the above-mentioned project, to return the tax-exempt bonds allocated to the project by CDLAC on August 11, 2021.

In the attached letter from the Developer dated January 24, 2022, due to the COVID-19 pandemic, the City of San Diego is experiencing staffing issues that has resulted in an increase in workload volume and extreme delay in permit processing times. This has been compounded by a recent transition to a digital permitting process adding an additional 2-4 months to permitting times. At the request of CDLAC, the City of San Diego provided a letter outlining the delay (see attached), as well as spoke during the January 19th, 2022, CDLAC Committee meeting. The Project, however, was not granted an extension and as a result, Crest on Imperial will not be able to meet the bond issuance deadline of February 7, 2022.

As the applicant, CalHFA respectfully requests to return the tax-exempt bond allocation to CDLAC, to be used as CalHFA carryforward. CalHFA also requests CDLAC to waive forfeiture of the performance deposit and assignment of negative points. The circumstances were unforeseen and fully outside of the Project Sponsor's and Developer's control.

Contact Kevin Brown at 916-326-8808 or kbrown@calhfa.ca.gov if you have any questions related to this request.

Thank you,

Kate Ferguson

Re: Request to return bond cap for Crest on Imperial

CDLAC App# 21-580

Dear Mr. Brown,

On August 11, 2021, Crest on Imperial LP, received an allocation of tax-exempt bonds (Resolution No. 21-177) for the Crest on Imperial project, located at 101 50th Street, 5020 Imperial Avenue, in San Diego, CA.

On January 19th, 2022, Crest on Imperial, LP, requested a 90-day extension to the current bond issuance deadline of February 7, 2022, to allow for the City of San Diego to issue building permits. Due to the COVID-19 pandemic, the City of San Diego is experiencing staffing issues that has resulted in an increase in workload volume and extreme delay in permit processing times. This has been compounded by a recent transition to a digital permitting process adding an additional 2-4 months to permitting times. At the request of CDLAC, the City of San Diego provided a letter outlining the delay (see attached), as well as spoke during the January 19th, 2022, CDLAC Committee meeting. The Project, however, was not granted an extension and as a result, Crest on Imperial will not be able to meet the 180-day issuance deadline.

We respectfully request that CDLAC return the bond cap and waives any forfeiture of the performance deposit or assignment of negative points to the Project.

Thank you for your consideration. Please do not hesitate to contact Kursat Misirlioglu at kursatm@mirkainvest.com or 619-599-3852 should you have any questions.

CDLAC Resolution #: 21-177
CDLAC App#: 21-580

Dear Ms. Robles,

This letter is to confirm that **Crest on Imperial**, located at 101 50th Street, 5020 Imperial Avenue, is a new affordable housing development located within the City of San Diego that has submitted for building permits. The project's development team submitted plans to the City of San Diego Planning Department on 11/12/21 to undergo ministerial review. You may view the project processing here: PRJ-[1045712](#)

Due to the COVID-19 pandemic and transition to digital permitting, the City's Development Services Department is experiencing both an increase in workload volume and a considerable delay in permit processing due to staffing issues. This has resulted in a backlog of permit approvals and extremely long processing times (simply submitting a project now takes 20 business days in some cases).

City of San Diego supports the extension request submitted by the Project owner and believe an extension of 90 days will allow the City additional time to process and issue permits to the Project. I can be reached at 619-446-5423 for further information.

- Increase the Successful Participation of BIPOC Developers in the Public Financing of Affordable Housing.

Poppy Grove I, II, and III Background

The proposed Poppy Grove Development is a 387 affordable apartment home development located in Elk Grove, California at the southeast corner of Bruceville Road and Poppy Ridge road. The site is approximately 16.73 acres, is largely vacant and is approximately 12.42 net developable acres after setbacks and right of way dedication. The proposed development is segmented into three phases: Phase I is 147 units, Phase II is 82 units, and Phase III is 158 units.

The city of Elk Grove is a designated high resource community that will provide families earning, 30-60% of area median income to have an opportunity to live work and play in this resource rich community. Our community families will have access to the highly rated Elk Grove School District and a broad array of goods and services and recreational facilities within walking distance from their apartment homes. They will also enjoy access to public transportation, walking, biking, and other mobility resources.

The proposed Poppy Grove Development will enrich the lives of 387 families or about 1,500

individuals that will call Poppy Grove home.

Align Bond Allocations for All Three Phases of the Development to Secure Financing

As a condition of funding the development, our investors required a state bond commitment for all three phases of the development. Due to circumstances beyond our control, we were unable to demonstrate state funding for all three phases of the development. Specifically, the lack of sufficient state tax credits prevented us from meeting this requirement.

As you are aware, on December 8, 2021, the CDLAC awarded state bond allocations to Phase I and III. Phase II had a staff recommendation for a bond award. However, due to the state tax credits being exhausted for that round, we were unable to secure tax credits. In an effort to assure that another project was provided the bond allocation from Phase II before the end of the year, we voluntarily surrender the allocation prior to the meeting. As a result, we have been unable to acquire financing for Phase I and Phase III because Phase II went unfunded in the December allocation round.

In March of this year, we resubmitted an application in the BIPOC Pool for Phase II seeking \$22,250,000 in bond allocation. Based on the self-scoring of the application, we are positioned for a staff recommendation of an award at the June 15, 2022, CDLAC meeting which will align bond allocations for all three phases of the development. Accordingly, we have received renewed interest in our financing plan and we are on the verge of receiving a commitment of federal tax credits for all three phases of the development.

We currently have the following commitments for funding all three phases of the development:

- Construction financing from ATAX, a wholly owned subsidiary of Greystone.
- Permanent take-out loan from ATAX through a Freddie Mac permanent loan program.
- State tax credits investment from Monarch Private Capital.

We are confident that we will receive a commitment from an investor for the federal tax credits on or before May 6, 2022. Once achieved, our team of lenders, investors, underwriters, and legal counsel are committed to closing all three phases of the development within the 60-day requested extension.

Ensure the Development's Financing Models Reflect Current Market Conditions & Remains Compliant with the 50% Test

CDLAC requires that developments meet the required 50% test. Due to market conditions, our initial application which was submitted in September 2021 no longer provides an acceptable margin to meet the required 50% test.

To ensure continued compliance, we submitted supplemental applications for Phase I and III based on an increase of 9% in our hard costs totaling \$9 million and an increase of 11% in overall project costs totaling \$20 million. The following cost drivers attribute to the increased projects costs:

- Inflationary increases in the supply and demand of construction materials and products.

- Unforeseen compliance costs associated with the City of Elk Grove’s Climate Action Plan.
- Unforeseen off-site improvement costs related to the City of Elk Grove’s expanded right of way requirements along Bruceville Road.
- Increased in interest rates.

Based on the self-scoring of the supplemental applications, we are positioned for a staff recommendation of an award at the June 15, 2022, CDLAC meeting which will ensure that the development financing model reflects current market conditions and remains compliant with the 50% test. In addition, it will result in the alignment of the closing of the original allocations for Phase I and Phase III, the allocation for Phase II, and the supplemental allocations which will provide the most cost-effective and efficient closing process for lenders and investors.

Increase the Successful Participation of BIPOC Developers in the Public Financing of Affordable Housing

CDLAC’s creation of the BIPOC pool was a significant achievement and a major equity and inclusionary milestone. However, the barriers to entry in this highly specialized market are substantial and require continued evaluation and improvements.

First, the amount of predevelopment funding necessary to position a development for closing is sizable for BIPOC developers. For instance, this development required more than \$2,000,000 of pre-development expenses with limited third-party sources of funding available. Therefore, a program designed to assist the BIPOC developers with accessible sources of predevelopment funding is essential to the success of the BIPOC pool.

Second, because of the specialized nature of the financing, the lenders and investors are comfortable with their existing developer relationships and require a significant investment of time and resource to build credibility in this established market. Frankly, very few developers in this space, resemble a Michael Johnson or a Reese Jarrett. Therefore, additional time is spent on developing and building relationships with lenders and investors that increases the amount of time needed to secure funding.

Third, the documented challenges associated with financial strength and liquidity in underwriting is also an impediment to BIPOC developers. We presented highly creative ways to demonstrate financial security to the investors and lenders that exceeded the traditional guarantees that lenders look for in a transaction. Unfortunately, most lenders and investors struggled to embrace our creativity.

Acknowledging the impediments outlined above, CDLAC should consider an amendment to the regulations that provide an opportunity for BIPOC applicants to receive a one-time grant of an extension of time for a period of not more than 90 days.

Conclusion

In closing, acknowledging the circumstances beyond our control, the need to align bond allocations, and ensure that the development’s financing models reflect current market conditions

and remains compliant with the 50% test, we believe that up to a 60-day extension of time to close the Poppy Grove Development is necessary to further the goals of the BIPOC Pool and facilitate 387 additional units of affordable housing in California.

Dear Director Robles,

I am writing to formally request a 90-day extension for Villa St. Joseph, application number CA-21-767, per section 5101 of the CDLAC regulations. The general contractor for this project recently increased their proposed GMP contract by more than \$5 million over prior pricing. As we received this information very late in the process, our team needs time to value engineer and otherwise address the proposed increase in cost.

We understand the scarcity of these allocations, so we do not make this request lightly. If you have any questions about the request, please contact me via email (Dshoemaker@mercyhousing.org) or phone at 415-902-9638.

We greatly appreciate your consideration

Sincerely,
