(a) CalHFA received 2002 carryforward allocation, effectively increasing its 2003 allocation. To maintain 50/50 split required by Procedures, the Local Issues 2003 allocation is increased by an amount to 1/2 of the carryforward amount.

(b) CDLAC will consider only the Energy Financing Program and Small Business Program applications on January 15. The remainder of Round #1 applications will be considered and awarded on March 26, 2003.
