

**California Health Facilities Financing Authority
Investment in Mental Health Wellness Act of 2013
Report to the Legislature September 2016**

Authored by then President Pro Tem Darrell Steinberg, Senate Bill 82 (2013) is intended to significantly improve access to mental health crisis services available to California residents by funding a major statewide expansion of mobile crisis support teams and crisis stabilization and crisis residential treatment beds. The goals set forth under the legislation are to add 25 mobile crisis support teams and 2,000 crisis stabilization and crisis residential treatment beds.

SB 82 appropriated:

- \$142,500,000 for capital funding to support the development of programs for the delivery of crisis services;
- \$6,800,000 for personnel costs associated with the operation of mobile crisis support;
 - \$4,000,000 from Mental Health Services Act (“MHSA”) funding
 - \$2,800,000 to be accessed by counties by way of federal reimbursement dollars
- \$500,000 for the California Health Facilities Financing Authority’s (“the Authority”) administration costs.

Upon enactment by the Governor on June 27, 2013, the Authority designed and administered a competitive grant program to advance this mission.

Program Development and Implementation

The Authority hosted a series of public forums and webinars, conducted extensive outreach to relevant stakeholders, and held site visits to existing mental health crisis programs. Emergency regulations, which were approved by the Authority in October 2013 and then by the Office of Administrative Law (“OAL”) in November 2013, created the Investment in Mental Health Wellness Grant Program (“Program”). The Authority opened the first funding round from November 22, 2013 to January 22, 2014. During this time, the Authority held two informational webinars for applicants on the process to apply for Program grants. First funding round awards were approved by the Authority on April 24, 2014 and June 26, 2014. The Authority held a “Next Steps” webinar for the grantees on May 15, 2014. Permanent regulations were approved by the Authority in June 2014 and by OAL in October 2014.

The Authority held four subsequent funding rounds for crisis residential, crisis stabilization, and mobile crisis support. The second funding round opened on July 14, 2014, closed on September 15, 2014 and awards were approved on December 4, 2014. The third funding round opened on January 15, 2015, closed on March 30, 2015 and awards were approved on June 25, 2015. The fourth funding round opened on July 1, 2015, closed on September 15, 2015 and awards were approved on December 3, 2015. The fifth funding round opened on January 8, 2016, closed on March 8, 2016 and awards were approved on May 26, 2016. The Authority held a funding round for the Peer Respite Care Grant Program subsequent to the approval of emergency regulations on February 1, 2016. After the Peer Respite Care Grant Program funding round closed on March 8, 2016, awards were approved on May 26, 2016.

Summary of Grant Awards

After the completion of all five funding rounds for the Program and the Peer Respite Care Program awards, the Authority approved a total of 56 grant awards for the benefit of 41¹ counties. Grant awards totaling \$136,460,896.97 for capital funding have been encumbered. SB 82 included up to \$4 million in personnel funding for Fiscal Year 2013-14 of which \$3,974,289.42 was awarded and encumbered. An additional \$4 million in yearly personnel funding was appropriated by the Legislature for Fiscal Years 14-15, 15-16 and 16-17 of which \$3,998,942.98 has been awarded and encumbered for each year.

As of June 30, 2016 grant disbursements totaling \$37,861,907.24² have been made to 22 counties. Disbursements of the 56 grant awards will continue in accordance with the Authority's resolutions. As approved, the awards will add a total of 76 mobile crisis vehicles with 58.25 mobile crisis staff, 1,185 crisis stabilization and crisis residential treatment beds, and 18 peer respite beds. Approximately 41 beds will be dedicated to youth individuals.

Project Statuses

As of September 19, 2016:

- Counties have purchased 61 vehicles.
- Counties hired 55.65 individuals for mobile crisis support teams ("MCST").
- A total of 119 Crisis Stabilization Unit ("CSU") and Crisis Residential Treatment ("CRT") beds have been added, and Peer Respite Care ("PRC") beds have not yet become available for services.
 - For the CRT programs, Alameda (16), Butte (10), Sacramento (15), San Diego (14) and Santa Barbara (8) counties have completed their projects adding 63 new beds.
 - For the CSU programs, Fresno (16), Nevada (4), Santa Barbara (8), Sonoma (18), and Ventura (10) counties have completed their projects adding 56 new beds.

It is expected that:

- By December 31, 2016, an additional 14 beds and information technology ("IT") for an equivalent of 26 MCST teams should be added in the counties of:
 - San Joaquin (8 CSU); construction in process
 - Ventura (6 CSU); renovation in process
 - Imperial (IT for 1 MCST team); IT purchase in process
 - Kern (IT for 25 MCST teams); IT purchase in process

¹ 32 Counties were awarded funding; Co-applicants with Merced include Madera, Tuolumne, Calaveras, Mariposa and Stanislaus; and Butte County beds will be available to Sutter, Yuba, Glenn and Tehama.

² This amount includes \$3,689,732.07 in personnel funding for FY 2013-14 and \$1,827,180.32 in personnel funding for FY 2014-15.

- By June 30, 2017, an additional 854 beds will be added in the counties of:
 - Los Angeles (560 CRT and 54 CSU);
 - Riverside (16 CRT and 12 CSU)
 - Alameda (14 CRT and 12 CSU)
 - Fresno (16 CRT)
 - Kern (12 CSU)
 - Mendocino (10 CRT)
 - Napa (4 CSU)
 - San Bernardino (48 CRT and 20 CSU)
 - San Luis Obispo (4 CSU)
 - Santa Barbara (8 CSU)
 - Santa Clara (30 CRT and 8 CSU)
 - Solano (16 CRT)
 - Sonoma (10 CRT)

- By December 31, 2017, an additional 216 beds and 15 MCST vehicles will be added in the counties of:
 - Alameda (16 CRT, 16 CSU and 6 PRC)
 - Kings (8 CRT)
 - Marin (5 CSU)
 - Merced (16 CRT and 8 CSU)
 - Napa (4 CRT)
 - Orange (16 CSU)
 - Sacramento (45 CRT and 2 MCST vehicles)
 - San Bernardino (10 CRT, 20 CSU and 8 MCST vehicles)
 - San Diego (8 CSU)
 - San Mateo (13 CRT)
 - Santa Barbara (6 CRT)
 - Santa Cruz (3 CSU, 2 PRC and 5 MCST vehicles)
 - Shasta (4 CSU)
 - Sonoma (6 PRC)
 - Trinity (4 PRC)

Program Improvements

In Spring 2015, the Department of Finance confirmed that changes in funding allocations for each program category would only require Authority approval, and regulatory or statutory amendment was not necessary. On April 30, 2015 the Authority authorized a reallocation of \$15 million from crisis residential treatment programs to crisis stabilization programs to better align with the counties' need for crisis stabilization programs.

Other programmatic changes required amendments to the regulations, including an extension of the project readiness period from six to nine months, elimination of the maximum awards

for each county at an earlier date, and authorization for designated private nonprofit corporations or public agencies to directly receive grant funds for construction, renovation, and acquisition of property in lieu of counties directly receiving the grant funds. These regulation amendments, which became effective on June 19, 2015, were implemented in furtherance of the Program’s objectives to increase the likelihood that all funds would be encumbered by the June 30, 2016 deadline in SB 82.

Additionally, SB 75 signed by the Governor on June 24, 2015 gave the Authority the discretion to award up to \$3,000,000 from the Investment in Mental Health Wellness Grant Program for a Peer Respite Care Grant Program. On January 5, 2016, the Authority approved emergency regulations and allocated \$3,000,000 of SB 82 funds for the Peer Respite Care Grant Program. The emergency regulations became effective on February 1, 2016.

Program improvements were also made to optimize utilization of the remaining available funds. On January 5, 2016, the Authority approved flexibility in allocation of the remaining funds for the fifth and final funding round. The flexibility allowed any remaining funds after awards were approved for crisis residential treatment programs to be made available for crisis stabilization programs and mobile crisis support team programs.

The chart below summarizes available funding, final awards, and final remaining amount for each program category.

	Crisis Residential	Crisis Stabilization	Mobile Crisis	Peer Respite Care	Total
Available Funding	\$ 125,000,000.00	\$ 15,000,000.00	\$ 2,500,000.00	\$ 0	\$ 142,500,000.00
Reallocation of Funds	\$ (24,923,906.10)	\$ 21,407,734.74	\$ 516,171.36	\$ 3,000,000.00	\$ 0
Final Amounts Awarded	\$ 94,036,990.87	\$ 36,407,734.74	\$ 3,016,171.36	\$ 3,000,000.00	\$ 136,460,896.97
Final Amount Remaining	\$ 6,039,103.03	\$ 0	\$ 0	\$ 0	\$ 6,039,103.03

Exhibit A provides a detailed summary of the awards approved by the Authority with a description of the projects funded for each county, the amount of each grant awarded, the expected expansion of services, a description of other sources of funding, and the target populations to be served by the counties.

Next Steps

After awarding grants in the final funding round, \$6,039,103.03 in capital funding remained to revert back to the General Fund on July 1, 2016. However, SB 833 signed by the Governor on June 27, 2016 authorized a total of \$26,000,000 (funds remaining from SB 82 and funds from MHSA and the General Fund) to create a new competitive grant program to expand mental health crisis capacity for children and youth. Going forward, any balances of Program awards that are not utilized by the counties are reappropriated to the new Children’s Crisis Capacity (“CCC”) grant program.

The CCC grant program will expand local resources for mental health in the areas of crisis intervention, crisis stabilization, crisis residential treatment, mobile crisis support teams and family respite care for children and youth up to 21 years of age through the provision of capital grants. The Authority is developing the program and expects the program to be structurally similar to the Investment in Mental Health Wellness Grant Program. The award deadline for the CCC grant program is June 30, 2019.
