(D) Project expands and improves timely access to community based mental health crisis services. The Application shall address how access is expanded and improved for the community. Examples include extending hours of existing services; adding locations where services can be accessed by consumers and their family members; undertaking efforts to timely connect consumers to crisis services from other venues like hospitals; engaging in new outreach to families and consumers so they know new or expanded services are available; and addressing cultural, language, and other barriers unique to the community. (Maximum 7 points)

(E) Project is qualitatively different than crisis services delivered in an institutional setting (such as a hospital emergency room, an in-patient hospital setting or a law enforcement vehicle) and clearly describes the proposed staffing, the community setting in which the Programs will be offered and the building or vehicles in which services will be provided. (Maximum 5 points)

(F) Project leverages public and private funding sources to complete the Project. (Maximum 3 points)

(Maximum 8 points)

(B) Application identifies working relationships with Related Supports that already exist and which will be established to enhance and expand community-based collaboration designed to maximize and expedite access to crisis services for the purpose of avoiding unnecessary hospitalization and incarceration and improving wellness for individuals with mental health disorders and their families.
