- Mobile Crisis Support Team Program:** 2 new teams (2 vehicles and 4 staff)
- Family Respite Care Program:

Summary of Project:

Mobile Crisis Support Team Program

The County of Riverside (County) plans to expand its existing mobile crisis support program by adding two new Mobile Crisis Support Teams (MCSTs) through the purchase of two new vehicles and the hiring of four new full-time staff that may include a clinical therapist, behavioral health specialists II and III, and a peer support specialist to provide mental health crisis services to children and youth up to 21 years of age and their families/caregivers. The County's existing nine MCSTs provide targeted one-time crisis intervention assessment and limited 60-day phone follow-ups. The new MCSTs will respond to immediate crisis requests and will also provide highly specialized therapeutic, recovery-based, culturally sensitive services and linkage to community resources for three to four months after the initial crisis contact. The new MCSTs will collaborate with multiple systems, including crisis stabilization units, RUHS-BH medical centers, school districts, the Department of Social Services, local and county law enforcement agencies, and the juvenile probation system. The County expects the two new MCSTs will provide crisis mental health services to an additional 75-120 clients per year. Grant funds will be used to purchase two new vehicles, to finance information technology costs, for three months of program startup or expansion costs, and for personnel costs for new staff. Authority staff evaluated the County's plan and has determined that the program is likely feasible and sustainable.
