Greetings,

On behalf of the California Health Facilities Financing Authority (CHFFA), I am pleased to provide you with the annual report for CHFFA’s activities during calendar year 2020.

In 2020, CHFFA had the pleasure to assist in the issuance of six bond transactions totaling $1,584,690,000, the proceeds of which helped fund California’s health facilities. CHFFA also closed two loans totaling $2,830,000 to health facilities designated as small, rural, or as a district hospital in 2020, through the HELP II Loan Program.

In a direct response to the COVID-19 pandemic, CHFFA implemented a new COVID-19 Emergency HELP Loan Program to help address COVID-19 related financial losses and unforeseen expenses that small health facilities experienced during the pandemic. In 2020, CHFFA approved two COVID-19 Emergency HELP loans with total proceeds of approximately $500,000. In addition to this new program, CHFFA offered its current borrowers the option of deferring monthly payments on their HELP II loans for up to three months.

We also disbursed grant funds to qualifying counties and health facilities across a number of different programs that we administer here at CHFFA. For our Investment in Mental Health Wellness Grant Program, we disbursed $4,742,708 to ten counties. Across our three Children’s Hospital Programs, we disbursed $76,037,118 to three children’s hospitals. The Community Services Infrastructure Grant Program awarded eight counties a total of $49,190,977 to expand access to jail diversion programs. Last, but certainly not least, our Lifeline Grant Program disbursed $4,732,065 to 28 eligible facilities to help offset losses of federal funding.

Calendar year 2020 was a great success for the various programs offered at CHFFA, and we very much look forward to further serving the people of the State of California through 2021 and beyond.

Sincerely,

Frank Moore
Executive Director

CHFFA OVERVIEW

CHFFA was established in 1979 for the purpose of providing financial assistance to public and private, non-profit health care providers in California through loans funded by the issuance of tax-exempt bonds. The diverse nature of the facilities funded by CHFFA reflects the changing health care needs of California. From rural, community-based organizations to large, multi-hospital systems, CHFFA has financed a wide variety of providers and programs throughout the state, through the issuance of bonds, loans, and grants.

As one of many financing authorities within the California State Treasurer’s Office, CHFFA can be a valuable resource for assistance in financing both small and large private, non-profit, or public health facilities. In order to meet the requirements for CHFFA financing, an institution must be a public health facility, a private non-profit corporation, or an association authorized by the State of California to operate a health facility and undertake the financing or refinancing of a project.

CHFFA offers a **Bond Financing Program** and a **Tax-Exempt Equipment Financing Program**. Both programs are aimed at providing financial assistance for a variety of projects for California’s public and private non-profit health facilities.

**Bond Financing Program**

The **Bond Financing Program** provides eligible health facilities with access to low interest rate capital markets through the issuance of tax-exempt and taxable revenue bonds. Bond proceeds may be used to fund construction/renovation projects, land acquisition for future projects, acquisition of existing health facilities, refinancing of existing debt, working capital, and to pay costs of issuance. As of December 31, 2020, CHFFA had **133** outstanding bond issuances totaling approximately **$16.6 billion**.

Since program inception (1995 – 2020)

BY THE 2020 NUMBERS

In 2020, the Authority approved two HELP II loans totaling $2,990,000. During the same year, the Authority closed two HELP II loans totaling $2,830,000. The following provides a summary of the two HELP II loans that closed in 2020.

Mayers Memorial Hospital District

$1,500,000
Loan proceeds were used to finance the renovation of the Burney Rural Health Clinic to meet Office of Statewide Health Planning and Development building code standards and increase access to primary care for patients in the district.

Hart Community Homes, Inc.

$1,330,000
Loan proceeds were used to finance the purchase of a four-unit apartment complex in Fullerton to be used as shelter for at-risk young adults.
COVID-19 Response Programs

As a response to the COVID-19 pandemic, in April 2020, the Authority approved the COVID-19 Emergency HELP Loan Program and the HELP II Loan Deferral Program to provide financial assistance and financial relief to small and rural health facilities impacted by the COVID-19 pandemic.

**COVID-19 Emergency HELP Loan Program**

This program allocates $5 million within the HELP II Loan Program to provide 0% interest rate loans, up to $250,000, for qualifying health facilities.

Below is a brief breakdown of the activity of the program since its inception.

| Loans Approved: 2 | Amount Awarded: $500,000 |

**HELP II Loan Deferral Program**

In addition to the new loan program, CHFFA implemented the HELP II Loan Deferral Program, which allows borrowers affected by the COVID-19 pandemic to request a one-time deferral of HELP II loan debt service payments for up to three months. In 2020, CHFFA approved the deferral of 10 loans to four HELP II borrowers for a total of $80,025 to help offset the financial impact of the COVID-19 pandemic.

**COVID-19 Response Programs Moving Forward**

As of December 31, 2020, the programs are accepting applications and requests on a continuous basis through the end of Governor Newsom’s State of Emergency Order or until all available funding for the program is exhausted, whichever comes first.
Children’s Hospital Programs

Children’s Hospital Program of 2004:
In November 2004, California voters passed Proposition 61, which enabled the State of California to issue $750 million in general obligation bonds to fund the Children’s Hospital Program of 2004. The purpose of the program is to improve the health and welfare of California’s critically ill children, by providing a stable and ready source of funds for capital improvement projects for children’s hospitals.

Across California, there are 13 children’s hospitals, consisting of eight private non-profit children’s hospitals and five University of California children’s hospitals.

In 2020, CHFFA made two disbursements totaling approximately $1.1 million.

Children’s Hospital Program of 2008:
In November 2008, California voters passed Proposition 3, which enabled the State of California to issue an additional $980 million in general obligation bonds to fund the Children’s Hospital Program of 2008. The program was an extension of the Children’s Hospital Program of 2004.

In 2020, CHFFA awarded one grant and made four disbursements totaling approximately $65.2 million. Currently, four children’s hospitals have open construction or equipment acquisition projects.

Children’s Hospital Program of 2018:
In November 2018, California voters passed Proposition 4, which enabled the State of California to issue another $1.5 billion in general obligation bonds to fund the Children’s Hospital Program of 2018. Proposition 4 allocated $1.35 billion to the 13 children’s hospitals and $150 million to public or private, non-profit hospitals that provide pediatric services for children eligible for California Children’s Services.

In 2020, CHFFA awarded 19 grants totaling approximately $298.4 million and made one disbursement totaling approximately $9.7 million.

By the numbers, for 2020...

$76 Million Disbursed
Seven Disbursements
20 New Grants Awarded
The Investment in Mental Health Wellness Grant Program was designed to assist in improving access to mental health crisis services available to California residents by funding a major statewide expansion of Mobile Crisis Support Teams (MCSTs), Crisis Stabilization Units, and Crisis Residential Treatment Programs through grants available to counties.

In 2020, the program disbursed approximately $2.9 million in personnel funding to eight counties for MCSTs and approximately $1.8 million in capital funding to two counties across California. Some counties received multiple disbursements during the calendar year. The program is no longer accepting new applications.

Investment in Mental Health Wellness Grant Program for Children and Youth:
In 2016, the Investment in Mental Health Wellness Grant Program was expanded to specifically address a continuum of crisis services for children and youth, 21 years of age and under, by funding statewide expansion of the aforementioned services, including Family Respite Care services. Although there were no awards made in calendar year 2020, one county received disbursement for $57,177.66 in capital funding for MCSTs.

Disbursements Made for Children & Youth in 2020

Sacramento County
$57,177.66
Grant proceeds funded the purchase of two new MCST vehicles that will be used to expand an existing program that provides field based mental health crisis intervention services. The MCSTs will provide peer mentoring, youth and family support, advocacy during and after a crisis, and immediate linkage to ongoing support and services. Sacramento County officials expect that the expanded MCST program will be able to respond to approximately 300-400 calls per month.
Community Services Infrastructure Grant Program

In 2016, CHFFA was authorized to allocate approximately $65.8 million through the Community Services Infrastructure (CSI) Grant Program to expand access to jail and prison diversion programs and other related services for those with mental health illnesses, substance use disorders, or trauma.

Although no disbursements were made in 2020, CHFFA awarded grants to eight counties in the amount of approximately **$49.2 million** for the development of new, or the expansion of existing, jail diversion programs. The table below outlines the counties and amounts awarded in 2020. All funding for the CSI Program has been awarded, and the program is no longer accepting new applications.

Lifeline Grant Program

Established in 2017 with $20 million allocated from the HELP II fund balance, the Lifeline Grant Program is a program designed to provide grant funds to assist non-profit small or rural health facilities that may be adversely affected financially by reductions or eliminations of federal government funding. A qualifying health facility may be awarded up to a maximum of $250,000 for working capital purposes.

In 2020, CHFFA awarded 49 health facilities a total of approximately $3.3 million in grant funds to be disbursed after proof of loss of federal funding is submitted. Additionally, in 2020, CHFFA disbursed grant funds to 28 previously approved health facilities, totaling approximately $4.7 million.

Lifeline Grant Program Moving Forward...

All funds had to be awarded to health facilities by June 30, 2020. All grantees have received awarded funds with the exception of two remaining outstanding grantees. The two health facilities have requested partial disbursements and are expected to request the remaining funds in calendar year 2021. The remaining unawarded funds were returned to the HELP II fund balance where they will be used to provide loans to qualifying health facilities.
