Executive Director Aboubechara reported the final loan amounts would be determined based on the calculations in the approved guidelines as a proportionate share of the amount allocated for each hospital. CHFFA expects all \$40 million to be loaned out given that all the applications are complete and meet the program requirements once staff finalized their reviews. Once the loans are approved, staff would present the hospitals and amounts received at the subsequent board meeting.

**Item #4**

**Tarzana Treatment Centers, Inc.  
Bond Financing Program**

**Supplement and Amendment to Resolution No. 434 (Action Item)**

Chris Healy presented. Tarzana Treatment Centers, Inc. (Tarzana) requested the Authority approve a Supplement and Amendment to Resolution No. 434 (Original Resolution). Chris Healy reported that the Original Resolution authorized the issuance of one or more series of bonds in an amount not to exceed \$13.5 million. In March 2019, the Authority issued bonds in the principal amount of approximately \$13.5 million. However, after the issuance of the bonds, Tarzana received funding from another source and applied that funding to some projects authorized in the Original Resolution. This action resulted in \$4.4 million in unspent bond proceeds. Tarzana requested the Authority to supplement and amend the Original Resolution to apply the remaining bond proceeds to additional eligible projects. Projects included the acquisition and remodeling of a facility to be used for outpatient drug and alcohol treatment and case management services.

Attendees: (via teleconference) Albert Senella, President and Chief Executive Officer, Tarzana Treatment Centers, Inc., Borrower; Brian D. Quint, Partner, Quint & Thimmig LLP, Bond Counsel; and Rob Pankratz, Vice President, Wulff, Hansen & Co., Municipal Advisor.
