Project Title: Sonoma County Crisis Stabilization Unit Relocation and Expansion

- Crisis Residential Treatment Program**
- Crisis Stabilization Treatment Program:** 18 new beds
- Mobile Crisis Support Team**

Summary of Program:

The County of Sonoma (the "County") will relocate and expand the County Crisis Stabilization Unit, increasing capacity for more adult, youth and children experiencing a behavior health crisis. The County currently operates a Crisis Stabilization Unit in an 80 year old building with limited capacity. The building does not adequately accommodate the County's expanding population or address special needs populations like older adults, young adults and children in a safe manner. Access will be expanded to provide 18 additional overnight beds for a total of 30 in a home-like environment with state-of-the-art crisis stabilization services and capacity to provide medical clearance. Adolescents will, for the first time, be able to receive local county crisis stabilization services. These improvements to the continuum of care enhance the County's ability to serve the needs of all consumers in crisis, not just those whose emergency raises to the level of involuntary status. The County anticipates that it will be able to serve approximately 6,500 additional individuals per year with the expanded 23.5 hour overnight capacity. Services will be provided by the County. The site will be identified in the first six months of the grant. The funds will be used to renovate a building, furnish and equip it and finance three months of startup costs. Staff has evaluated the plan and determined it is likely feasible and sustainable.

Summary of Amounts:

Program	Amount Requested	Eligible Amount	Recommended Amount
