- Crisis Stabilization Treatment Program**
- Mobile Crisis Support Team:** 5 new vehicles

Summary of Program:

The County of Yolo (the "County") will establish five Mobile Crisis Support Teams designed to serve any County resident experiencing a psychiatric crisis that is at risk of hospital, emergency room, or jail placement. The program will increase access and capacity for community based mental health crisis services. The continuum of care includes two local hospitals, one of which has a 31-bed inpatient unit, a non-profit, 12-bed residential crisis residential facility, and the County's outpatient crisis services. With this new program, the County estimates there will be a reduction of hospital utilization rates and jail intakes. The project is estimated to be operating by July 1, 2014. The funds will be used to purchase and modify five vans for the new mobile crisis program. Staff has evaluated the plan and determined it is likely both feasible and sustainable.
