- Crisis Residential Treatment Program:** 8 new beds
- Crisis Stabilization Program**
- Mobile Crisis Support Team**

**Summary of Project:**

The County of Kings (the “County”) will establish its first Crisis Residential Treatment (“CRT”) Program to provide services to adults ages 18 to 59, who are experiencing a psychiatric crisis including those with co-occurring substance use. The CRT Program will expand the County’s capacity by adding 8 new beds, which will enhance the current continuum of care that heavily relies on law enforcement, hospital emergency departments and out-of-county placements. The proposed CRT Program will provide a supportive, recovery-oriented, voluntary intervention in a home-like environment. Grant funds will be used to purchase real property, construct, purchase furnishings and equipment, for information technology costs, and to finance three months of start-up costs. Staff has evaluated the plan and determined it is likely both feasible and sustainable.
