Division 27. California Pollution Control Financing Authority Act. Article 8. Capital Access Loan Program for Small Businesses

44559. (a) The Legislature finds and declares that small businesses are responsible for a significant amount of environmental emissions in the state, but are less able than larger businesses to afford the investment in new equipment or process modifications needed to comply with environmental regulations, with regard to controlling emissions, preventing the creation of pollutants, contaminants, or waste products, and remediating contamination of properties with a reasonable potential for economically beneficial reuse. Additionally, small businesses faced with financial pressures will be likely to reduce expenditures to achieve environmental compliance. Better access to capital will allow small businesses to more easily comply with environmental mandates, and to remediate contamination of properties with a reasonable potential of economically beneficial reuse, and to succeed economically, generating additional revenue to state and local governments that can be used for environmental improvements, all to the benefit of all the residents of the state.

(b) The Legislature also finds and declares that it is in the best interest of the state to expand the Capital Access Loan Program for small business regardless of whether the operations of the small business affect the environment, and to permit business loans to be included in the program for small businesses whose operations do not, necessarily, affect the environment. Small businesses have difficulty gaining access to capital for startup and expansion purposes. Small businesses owned by minorities and women have special capital access difficulties. In addition, small businesses operating in areas affected by military base closures are disadvantaged by limited access to capital. The Legislature finds that improving access to capital for these small businesses will spur investment, create jobs, expand economic opportunities, assist in the recovery of communities affected by defense and aerospace losses, assist in the recovery of neighborhoods and communities affected by contaminated properties that are not being used for economically beneficial purposes but which could be so used if the contamination was remediated, and help sustain and strengthen economic recovery in California. (Amended by Stats. 2000, Ch. 915, Sec. 11. Effective January 1, 2001.)

Interest or income earned on moneys credited to the loss reserve account shall be deemed to be part of the loss reserve account. The authority may withdraw from the loss reserve account all, or a portion of, the interest or other income that has been credited to the loss reserve account. Any withdrawal made pursuant to this subdivision may be made prior to paying any claim and shall be used for the sole purpose of offsetting costs associated with carrying out the program, including administrative costs and loss reserve account contributions.

(e) The combined amount to be deposited by the participating financial institution into any individual loss reserve account over a three-year period, in connection with any single borrower or any group of borrowers among which a common enterprise exists, shall be not more than one hundred thousand dollars (\$100,000).

(a) If a financial institution that is participating in the Capital Access Loan Program established pursuant to this article decides to enroll a qualified loan under the program in order to obtain the protection against loss provided by its loss reserve account, it shall notify the authority in writing on a form prescribed by the authority, within 15 days after the date on which the loan is made, of all of the following:

- (1) The disbursement of the loan.
- (2) The dollar amount of the loan enrolled.

(b) The executive director may authorize an additional five days for a financial institution to submit the written notification described in subdivision (a) to the authority on a loan-by-loan basis for a reason limited to conditions beyond the reasonable control of the financial institution.

(c) The financial institution may make a qualified loan to be enrolled under the program to an individual, or to a partnership or trust wholly owned or controlled by an individual, for the purpose of financing property that will be leased to a qualified business that is wholly owned by that individual. (2) If matching funds are available under a federal capital access program or other source, the authority shall transfer, on an immediate or deferred basis, to the loss reserve account the amount required by that federal program or other source. However, the total amount deposited into the loss reserve account shall not be less than the amount which would have been deposited in the absence of matching funds.

(f) This section shall become operative on April 1, 2017.

(Amended (as added by Stats. 2012, Ch. 274, Sec. 2) by Stats. 2016, Ch. 86, Sec. 192. (SB 1171) Effective January 1, 2017. Section operative April 1, 2017, by its own provisions.)

44559.5. (a) The authority shall establish procedures under which financial institutions participating in the program established pursuant to this article may submit claims for reimbursement for losses incurred as a result of qualified loan defaults. A participating financial institution that charges off all or part of an enrolled loan to the loss reserve account may file a claim for reimbursement with the authority if both of the following conditions are met:

(1) The claim occurs contemporaneously with the action of the participating financial institution to charge off all or part of the loan.

(2) The charge off on an enrolled loan is made in a manner that is consistent with the participating financial institution's usual method for making determinations on business loans that are not enrolled loans.

(b) Costs for which a financial institution may be reimbursed from its loss reserve account include the

amount of loan principal charged off, accrued interest on the principal, reasonable out-of-pocket expenses incurred in pursuing its collection efforts, including preservation of collateral, and any other related costs. Proper documentation of the expenses shall be presented at the time of the claim.

(c) If a participating financial institution files two or more claims contemporaneously, and there are insufficient funds in the reserve fund at that time to cover the entire amount of such claims, the institution may designate the order of priority in which the claims shall be paid.

(d) A financial institution may seek reimbursement of loan losses prior to the liquidation of collateral from defaulted loans. The financial institution shall repay its loss reserve account for any moneys received as reimbursement under this section if the financial institution recovers moneys from the borrower or from the liquidation of collateral for the defaulted loan, less any reasonable out-of-pocket expenses incurred in collection of such amount.

(e) In any case in which the payment of a claim under this section has fully covered a participating financial institution's loss on an enrolled loan, the participating financial institution shall assign to the authority, and to any applicable federal agency in the event federal matching funds are involved, any right, title, or interest to any collateral, security, or other right of recovery in connection with a loan made under the program.

(f) The executive director may adopt necessary rules for the authority to carry out its duties, functions, and powers relating to the program established pursuant to this article.

(Added by Stats. 1993, Ch. 1164, Sec. 4. Effective January 1, 1994.)

Programmatic results shall include, but not be limited to, the total number of businesses served, jobs created, jobs retained, the geographic distribution of the loans, and the breakdown of businesses served by industry sector for all new loans issued since the report for the prior year.

(Amended by Stats. 2011, Ch. 483, Sec. 4. (AB 901) Effective January 1, 2012.)

44559.7. The authority may enter into agreements with commercial banks or other financial institutions, or with other agencies of the state, to provide necessary assistance in carrying out the program authorized by this article, including origination and servicing of loans.

(Added by Stats. 1993, Ch. 1164, Sec. 4. Effective January 1, 1994.)

44559.8. Notwithstanding this article, the authority may facilitate the development of a secondary market for a loan enrolled in the capital access loan program by providing security for that loan, thereby increasing participation in the program by financial institutions and improving access to capital for small businesses. For purposes of this section, the actions that the authority may take include, but are not necessarily limited to, assigning all, or a portion of, any loss reserve account to any other entity in connection with providing security for a loan, including a trustee of a securitization trust, transferring an enrolled loan from a participating financial institution to a securitization trust, and assisting

underwriters in marketing a loan to the secondary market.
(Added by Stats. 1999, Ch. 756, Sec. 4. Effective October 10, 1999.)

44559.9. The authority shall expand the Capital Access Loan Program established by this article to include outreach to financial institutions that service agricultural interests in the state for the purpose of funding air pollution control measures.
(Added by Stats. 2003, Ch. 479, Sec. 13. Effective January 1, 2004.)

44559.11. (a) It is the intent of the Legislature to ensure that the state, through the authority, may make maximum, efficient use of capital access programs enacted by all federal and state agencies, as well as funding available from any governmental program whose goals may be advanced by providing funding to the Capital Access Loan Program.

(b) In furtherance of this intent, and notwithstanding any other provision of this article, when the contributions required pursuant to Section 44559.4 are entirely funded by a public or quasi-public entity other than the authority's fee revenue under Sections 44525 and 44548, the authority may, by regulation adopted pursuant to subdivision (b) of Section 44520 or subdivision (e) of Section 44559.14, establish alternate provisions as necessary to enable the authority to participate in the alternative funding source program, including implementing loan loss reserve programs to benefit any individual person engaged in qualifying activities in furtherance of the public or quasi-public entity's policy objectives in the state that require financing.
(Amended by Stats. 2016, Ch. 32, Sec. 69. (SB 837) Effective June 27, 2016.)

44559.12. (a) Consistent with subdivision (b) of Section 44559.11, the authority may establish loss reserve accounts for the purposes of financing terminal rental adjustment clause leasing, if funds are available for contribution into the loss reserve account from any source other than the authority. The authority shall not contribute any funds into a loss reserve account created pursuant to this section. Funds provided by the federal government for the purposes of providing a loan loss reserve program shall not be contributed to an account created pursuant to this section.
