### Re: Supplemental Severely Affected Community (SAC) Contribution

The credit enhancements offered by the California Pollution Control Financing Authority (CPCFA) for loans enrolled in the California Capital Access Loan Program (CalCAP) for Small Business, the Collateral Support Program (CSP), the CalCAP/Seismic Safety Program, and the CalCAP Americans with Disabilities Act (CalCAP/ADA) Program are eligible for supplemental contributions for borrowers whose businesses and properties are located in a Severely Affected Community (SAC). The Authority's regulations define a Severely Affected Community as an "economically distressed geographic area", as designated by the Executive Director.

On August 30, 2021, Governor Newsom declared a state of emergency for Alpine, Amador and Placer Counties due to the Caldor Fire, which has burned more than 191,600 acres. So far, the Caldor Fire has destroyed approximately 500 structures, has forced tens of thousands of residents to evacuate and continues to threaten additional power lines, homes and structures. CalCAP is authorizing an extension to the supplemental contribution for a credit enhancement for the 12 months following the disaster designation for these counties. The additional contribution is applicable to loans enrolled in CalCAP for Small Business, CSP, CalCAP/ADA and CalCAP/Seismic Safety for borrowers located in areas designated as an emergency or disaster area by the Governor, and whose businesses are directly impacted by the emergency or disaster including any public safety power shutoffs.

CPCFA has a "Supplemental SAC Contribution Lender and Borrower Certification" that **is required to be submitted with the loan enrollment application package in order to qualify for this supplemental SAC contribution**. The form is included with this notice and posted on the CalCAP website, <https://www.treasurer.ca.gov/cpcfafa/calcap/forms/sac-contribution.pdf>.
