Loans enrolled on or after August 15, 2017 will be deemed ineligible if the Participating Financial Institution has not first submitted its election in writing. For any Participating Financial Institution that submits its election in writing after August 15, 2017, the Authority shall thereupon conduct Recapture for its Loss Reserve Account according to this subsection (g), and the Participating Financial Institution may thereupon submit new loan enrollments on or after the date of its written election. Nevertheless, Qualified Loans enrolled before August 15, 2017 will be supported by the Loss Reserve Account and the Participating Financial Institution will be eligible for claim reimbursement pursuant to Section 8074 for the previously enrolled Qualified Loans until maturity.

(6) The Authority shall deposit all Recaptured funds in the CalCAP for Small Business Loan Program Fund dedicated solely for future program and administrative expenditures of the CalCAP for Small Business Loan Program. (h) The Authority may suspend enrollment of Qualified Loans upon written notice to the Participating Financial Institution at least ten (10) business days prior to the effective date of the suspension. Causes for suspension shall be for violations of applicable statutes or regulations. § 8074. Claim for Reimbursement.

(a) A Participating Financial Institution shall notify the Authority within 120 days after it has charged off all or part of a Qualified Loan as a result of a default.

(b) A Participating Financial Institution shall be authorized to make a claim for reimbursement of a loss from the enrolled portion of a Qualified Loan prior to the liquidation of collateral, or to realization on personal or other financial guarantees or from other sources. A Participating Financial Institution may also defer, for a period not to exceed 180 days from the date of the charge off, at its sole discretion, making a claim for reimbursement, but still must inform the Authority of charge off status within 120 days.

(c) The Authority shall pay claims within 30 days of receipt of a completed claim request; provided, however, that the Executive Director shall be authorized to reject a claim if it is determined that the certifications, representations and warranties provided by the Participating Financial Institution or Borrower pursuant to Section 8072 at the time of enrolling the Qualified Loan were false. The Authority shall be authorized, upon providing written notice to the Participating Financial Institution, to defer payment of claims up to an additional 30 days if the Authority requires more information in order to determine if the claim shall be paid. The Authority may request and the lender shall provide, any and all information from the Borrower's loan file to substantiate the eligibility of the Borrower's business and the enrolled loan, and the reasonableness of the costs claimed.

(d) Claim reimbursement shall not exceed the enrolled amount of the qualified loan or loans that form the basis for the claim, except when reasonable out-of-pocket expenses are claimed. In the event only a portion of the loan was enrolled, reimbursement of interest and out-of-pocket expenses will be limited to the ratio of the enrolled portion to the total loan amount.

(e) To make a claim, the Participating Financial Institution shall submit a claim form to the Authority which shall include the following information:

(1) Name and number of the Participating Financial Institution.

(2) Name, address and telephone number of contact person.

(3) Name of the business receiving the defaulted Qualified Loan.

(7) Amount of claim and breakdown of components of the claim between principal, interest, and reasonable out-of-pocket expenses of collection or preservation of collateral, accompanied by documentation of such expenses.

(8) Certification that notice was filed with the Authority as required by Section 8074(a) above within 120 days of the date the Participating Financial Institution charged the Qualified Loan off on its books, and certification that such charge off was made in a manner consistent with the Participating Financial Institution's usual methods for taking action on loans which are not enrolled as Qualified Loans under the Program.

(9) Statement whether the loan is secured, and whether the Participating Financial Institution has commenced enforcement proceedings.

(10) If two or more claims are filed simultaneously by one Participating Financial Institution, a statement of the priority of payment of the claim compared to the other claims in the event the Loss Reserve Account is not sufficient to pay all claims.

(f) Except as provided in Section 8074(g) below, if a Qualified Loan suffers a loss and at the time of the Participating Financial Institution's claim there are insufficient funds in the Loss Reserve Account to cover the total amount of the claim, the Participating Financial Institution shall be able to withdraw all of the amount in the Loss Reserve Account at the time of the claim, to cover the loss to the fullest extent possible, but it shall thereafter not be eligible to obtain any further reimbursement relating to that claim.

(g) If a Qualified Loan suffers a loss, and at the time of the claim there is not enough money in the Loss Reserve Account to fully cover the loss, the Participating Financial Institution shall be able to withdraw all of the amount in the Loss Reserve Account at the time of the claim, to cover the loss to the fullest extent possible. If the Participating Financial Institution then continues making Qualified Loans under the Program and the Loss Reserve Account is replenished, the Participating Financial Institution shall be authorized to withdraw funds from the Loss Reserve Account at a subsequent time in order to fully cover the earlier claim, provided that the amount subsequently withdrawn to cover the earlier claim cannot exceed 75 percent of the amount in the Loss Reserve Account immediately prior to such subsequent withdrawal.

(h) If subsequent to the payment of a claim by the Authority, the Participating Financial Institution recovers from the Borrower, from liquidation of collateral or from any other source, amounts for which the Participating Financial Institution was reimbursed by the Authority, the Participating Financial Institution shall promptly pay to the Authority for deposit in the Loss Reserve Account, the amount received, net of reasonable and customary costs of collection, that in aggregate exceeds the amount needed to fully cover the Participating Financial Institution's loss on the Qualified Loan (including the portion of a Qualified Loan which is not enrolled in the Program). Recoveries which exceed reimbursements to the Loss Reserve Account may be retained by the Participating Financial Institution.

(a) The Authority will be subrogated to the rights of the Participating Financial Institution in collateral, personal guarantees and all other forms of security for the Qualified Loan that have not been realized upon by the Participating Financial Institution, when the Participating Financial Institution's loss has been fully covered by payment of a loss claim, or by a combination of payment of a loss claim and recovery from the Borrower, liquidation of collateral, or from other sources.

(b) At the time of subrogating its rights, the Participating Financial Institution shall provide the Authority with all original security agreements, any documents evidencing title to real property, certificates of title, guarantees, and any other documents representing security for the Qualified Loan, duly recorded and perfected, and accompanied by enforceable assignments and conveyances to the Authority, unless such security documents also secure indebtedness to the Participating Financial Institution which was not covered by the Qualified Loan. In such latter case, the Participating Financial Institution shall enter into an intercreditor agreement with the Authority, providing that the Participating Financial Institution shall be entitled to recover under such security documents, to the extent possible, the full amount of its loss on any indebtedness not covered by the Qualified Loan but secured by the same collateral as the Qualified Loan; the balance of any amounts recovered under such security documents shall be deposited in the Loss Reserve Account. The Participating Financial Institution shall provide regular reports, as requested by the Executive Director, concerning its activities in collecting moneys owed from a defaulted Borrower.

(c) The Executive Director shall be authorized to enter into agreements with any Participating Financial Institution to provide for such institution to act as the Authority's agent to secure recovery under any collateral or security documents to which the Authority has been subrogated.

(2) that the Participating Financial Institution will not enroll any further loans under the Program but that the Loss Reserve Account shall continue in existence to secure all Qualified Loans enrolled prior to such notice until such loans mature or are charged off.

(b) After receipt of a notice under subsection (a)(1) or receipt of a certificate from a Participating Financial Institution which has withdrawn from the Program pursuant to subsection (a)(2), certifying that all Qualified Loans secured by the Loss Reserve Account have been repaid and that there are no pending claims for reimbursement under Section 8074, the remaining balance in the Loss Reserve Account shall be distributed to the Authority; provided that such moneys shall be distributed to the

(3) failure of the Participating Financial Institution to enroll any Qualified Loans under the Program for a period of one year.

(4) Provision of false or misleading information regarding the Participating Financial Institution to the authority, or failure to provide the authority with notice of material changes in submitted information regarding the Participating Financial Institution.

In the event of such termination, the Participating Financial Institution shall not be authorized to enroll any further Qualified Loans, but all previously enrolled Qualified Loans shall continue to be covered by the Loss Reserve Account until they are paid, claims are filed, or the Participating Financial Institution withdraws from the Program pursuant to Section 8076(a)(1).

(f) If for a consecutive 12-month period the amount in the Loss Reserve Account continuously exceeds the Outstanding Principal Balance of all the Participating Financial Institution's Qualified Loans made since the beginning of the Program, the Executive Director shall be authorized to withdraw any such excess to bring the Loss Reserve Account down to an amount equal to 100 percent of the Outstanding Principal Balance. (D) Description of all other available collateral, including that of any co-guarantors; and

(E) Confirmation that all such other available collateral shall be pledged and liquidated first in the event of a default, work-out or charge-off; and the order in which it shall be liquidated prior to making a claim against the Collateral.

(b) The Authority shall, upon receipt of a Collateral Support Program Request from the Participating Financial Institution, provide an Initial Approval if the Executive Director determines that the Qualified Loan meets the requirements of the Collateral Support Program.

(1) The Authority shall review each Collateral Support Program Request for completeness, for consistency with the terms and conditions for a Qualified Business and a Qualified Loan, and to determine whether the Authority shall offer and underwrite the Collateral Support.

(2) The Executive Director shall notify the Participating Financial Institution of the Executive Director's determination within 15 business days after receipt by the Authority of all documentation required to make such determination. The Executive Director's determination shall be final.

(3) At the time of Initial Approval, the Executive Director shall also be authorized to require reasonable conditions, contingencies, or additional parameters necessary to support a prudent underwriting of the Collateral Support by the Authority, including but not limited to additional requirements to ensure the eligibility of the Borrower and the loan, the availability of cash flow, the value of the available collateral, and the liquidation plan in the event of a default.

(4) The Initial Approval will include confirmation of the following:

(A) The total anticipated amount of the Qualified Loan.

(B) The term of enrollment of the Qualified Loan.

(C) The total amount of the Collateral Support, including severely affected community incentives if applicable.

(D) The applicable Closing Fee.

(E) Any conditions or contingencies deemed reasonable by the Executive Director.

(5) Upon the Initial Approval of the Collateral Support Program Request, the Authority will issue notice of such approval with instructions for the Participating Financial Institution to open a Loss Reserve Account pursuant to Section 8078.32 and deposit the Borrower's Closing Fee prior to the disbursement of the loan.

(6) The Initial Approval of the Collateral Support Program Request is valid for ninety (90) days.

(c) Within fifteen (15) business days of the closing of a Qualified Loan that has received with Initial Approval, the Participating Financial Institution shall complete and submit to the Authority the following for Final Enrollment:

(1) Changes, if any, to the total amount of the Qualified Loan.

(2) Changes, if any, to the term of enrollment of the Qualified Loan.

(3) Revisions, if any, to the Risk Assessment of the Borrower.

(4) Documentation responsive to any conditions or contingencies placed on the Collateral Support Program Request.

(5) All certifications and representations required by the Participating Financial Institution and Borrower.

(6) Proof of Closing Fee deposit and Loss Reserve Account opening.

(7) The date of the disbursement of loan proceeds to the Borrower. The date of the disbursement must be after the date of the Initial Approval, and prior to the Final Enrollment.

(d) Collateral Support shall be determined based on the type of loan, amount of loan, and term of loan enrollment as follows:

(1) Green & Manufacturing Loans are eligible to receive up to 40% of the loan value, up to a maximum Contribution of \$2,500,000.

(2) Small Business Loans are eligible to receive up to a maximum Contribution of \$500,000 as follows:

(A) Total loan values in the amount of \$50,000 to \$250,000 are eligible to receive Collateral Support up to 40% of the loan value.

(B) Total loan values in the amount of \$250,000 to \$20,000,000 are eligible to receive Collateral Support up to 20% of the loan value for loans with a 4-year term of support, or Collateral Support up to 30% of the loan value for loans with a 3-year term of support.

(3) All loans are eligible for an additional Severely Affected Community (SAC) Contribution if the Qualifying Business is located in a Severely Affected Community, in an amount not to exceed 25% of the Collateral Support, as long as the total amount of the Collateral Support in addition to the Severely Affected Community (SAC) Contribution does not exceed the maximum Contribution permitted for the type of loan.

(e) Closing Fees shall be calculated based on the amount of Collateral Support (exclusive of the additional Severely Affected Community (SAC) Contribution), the type of loan, and the term of loan enrollment as follows:

(1) For all loan types, there shall be a minimum Closing Fee of 0.50% of the Collateral Support, or \$500, whichever is greater.

(2) All loan types will be subject to Closing Fees based on the Term of Support as follows:

(A) If Term of Support is less than or equal to 12 months, the fee will be 0.5% of the Collateral Support.

(B) If Term of Support is greater than 12 months, but does not exceed 24 months, the fee will be 0.75% of the Collateral Support, unless the loan is for a Bridge Loan, in which case the fee will be 0.50% of the Collateral Support.

(C) If Term of Support is greater than 24 months, but does not exceed 36 months, the fee will be 2.00% of the Collateral Support.

(D) If Term of Support is greater than 36 months, but does not exceed 48 months, the fee will be 2.75% of the Collateral Support.

(3) For lines of credit, the fee will be calculated based on the Collateral Support amount as provided subdivision (e)(2). Prior to the expiration of the original Term of Enrollment, the Participating Financial Institution may request an extension, contingent upon current underwriting and subject to a 1.0% fee per year for each annual renewal up to a maximum of 48 months.

(4) For Bridge Loans, prior to the expiration of the original Term of Enrollment, the Participating Financial Institution may request an extension in writing. There is no fee associated with an approved extension as long as the total Term of Support as extended does not exceed 24 months. If the effect of any extension or series of extensions would increase the total Term of Support for the Bridge Loan into a tier associated with a higher Closing Fee, then any difference between the fees paid at closing and the newly calculated fees associated with the amended Term of Support would be charged to the Participating Financial Institution upon approval of the extension.

§ 8078.32. Loss Reserve Accounts.

In addition to the requirements and procedures applicable to Loss Reserve Accounts provided in Section 8073, the following requirements and procedures shall apply only to the Collateral Support Program.

(a) A Loss Reserve Account shall be created for each Qualified Loan enrolled in the Collateral Support Program.

(b) Except for Bridge Loans and lines of credit, in conjunction with the loan anniversary for each Qualified Loan, the Authority shall recapture from each Loss Reserve Account a percentage of the Collateral Support according to an incremental recapture schedule, for use for future Collateral Support Program cash deposits, Contributions, and administrative expenditures. The percentage to be returned for each Annual Recapture will be based on the original Term of Support. The entire amount of Collateral Support for Bridge Loans and lines of credit will be recaptured at the expiration of the Term of Support.

(c) Annual Recapture is based on the Term of Support as follows:

(1) If Term of Support is less than or equal to 12 months, then 100% of the Collateral Support and Severely Affected Community (SAC) Contribution is recaptured at the expiration of the term of support.

(2) If Term of Support is greater than 12 months, but does not exceed 24 months, then 50% of the Collateral Support and Severely Affected Community (SAC) Contribution is recaptured upon the Annual Recapture date and at the expiration of the term of support.

(3) If Term of Support is greater than 24 months, but does not exceed 36 months, then 33.3% of the Collateral Support and Severely Affected Community (SAC) Contribution is recaptured upon each Annual Recapture date and at the expiration of the term of support.

(4) If Term of Support is greater than 36 months, but does not exceed 48 months, then 25% of the Collateral Support and Severely Affected Community (SAC) Contribution is recaptured upon each Annual Recapture date and at the expiration of the term of support.

(5) The Authority shall deposit all Recaptured funds in the CalCAP for Collateral Support Program Fund dedicated solely for future program and administrative expenditures of the CalCAP for Collateral Support Program. The Authority may set aside up to 7 percent of all Recaptured funds for reasonable direct and indirect administrative costs of the Program.

(d) Upon receipt of a Default Notification from the Participating Financial Institution, the Annual Recapture is suspended. Submittal of Default Notification does not suspend the Authority's withdrawal of interest and other income from the Loss Reserve Account. If the default or delinquency affecting the Qualifying Loan is subsequently resolved through a Change in Terms, settlement, or other workout which avoids charge-off of the loan, the Participating Financial Institution shall promptly withdraw the Default Notification, and the Annual Recapture will resume according to the original schedule and loan anniversary date.

Note: Authority cited: Sections 44520 and 44559.5(f), Health and Safety Code. Reference: Sections 44559.3 and 44559.8, Health and Safety Code.

§ 8078.33. Claim for Reimbursement.

(a) Upon the default of an enrolled loan, the Participating Financial Institution must submit a written Default Notification, or prior to the expiration of the Term of Support, in order to suspend further Annual Recapture.

(b) For a loan in default, the Participating Financial Institution shall provide in each Quarterly Report a short report of the status of the loan, including a short narrative of the loan collection history, and the status of the attempt to work out the default including the sale of proceeds or attempts to liquidate collateral.

(c) If the default or delinquency affecting the Qualifying Loan is subsequently resolved through a Change in Terms, settlement or other workout which avoids charge-off and collateral liquidation of the loan, the Participating Financial Institution shall promptly withdraw the Default Notification, and the Annual Recapture will resume according to the original schedule and loan anniversary date.

(d) Within thirty (30) calendar days following charge-off and collateral liquidation, whichever is later, the lender will submit a written claim for Collateral Support Payment, including: a history of the account payments, the date of charge-off, the complete loan collection history, any attempts to work out the default prior to charge off, the sale of proceeds, and the success of attempts to liquidate collateral and guarantees pledged at closing in advance of the Collateral Support.

(e) The Collateral Support shall not be claimed by a Participating Financial Institution in lieu of pursuing and liquidating pledged collateral. All pledged collateral must be liquidated consistent with the participating financial institution's usual method for loans not enrolled in the Collateral Support Program.

(f) After liquidation of all pledged collateral for a charged-off loan, a Participating Financial Institution may be reimbursed for: the amount of loan principal charged-off net liquidated collateral; reasonable out-of-pocket expenses incurred in pursuing its collection efforts, including the preservation of collateral, and other related costs; and accrued and unpaid interest. Proper documentation of any

claimed expenses shall be presented at the time of the claim. The amount paid on a claim will never exceed the present amount in the Collateral Support Loss Reserve account.

(g) If, in the attempt to work out a default or charge-off, a Participating Financial Institution seeks to have an amended or new loan or debt structure with the Borrower covered by Collateral Support, the Participating Financial Institution shall submit a Collateral Support Program Request pursuant to Section 8078.31 and the Authority shall review it as a new loan or Refinance subject to all Program requirements, including fees if applicable.

The procedures for termination and withdrawal from the program set forth in Section 8076 shall be followed for loans enrolled in the Collateral Support Program.

Division 27. California Pollution Control Financing Authority Act. Article 2. Organization of Authority

44520. (a) The authority shall, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, adopt all necessary rules and regulations to carry out its powers and duties under this division. The authority may call upon any board or department of the state government for aid and assistance in the preparation of plans and specifications and in the development of technology necessary to effectively control pollution.

(b) Notwithstanding subdivision (a), the authority, or any other agency implementing a small business or brownfield site financing assistance program pursuant to an interagency agreement with the authority, may adopt regulations relating to small business or brownfield site financing as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For purposes of that Chapter 3.5, including Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare. The regulations shall be repealed 180 days after their effective date, unless the adopting authority or agency complies with that Chapter 3.5.

For purposes of that Chapter 3.5, including Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare. The regulations shall be repealed 180 days after their effective date, unless the adopting authority or agency complies with that Chapter 3.5.

Division 27. California Pollution Control Financing Authority Act. Article 8. Capital Access Loan Program for Small Businesses

44559. (a) The Legislature finds and declares that small businesses are responsible for a significant amount of environmental emissions in the state, but are less able than larger businesses to afford the investment in new equipment or process modifications needed to comply with environmental regulations, with regard to controlling emissions, preventing the creation of pollutants, contaminants, or waste products, and remediating contamination of properties with a reasonable potential for economically beneficial reuse. Additionally, small businesses faced with financial pressures will be likely to reduce expenditures to achieve environmental compliance. Better access to capital will allow small businesses to more easily comply with environmental mandates, and to remediate contamination of properties with a reasonable potential of economically beneficial reuse, and to succeed economically, generating additional revenue to state and local governments that can be used for environmental improvements, all to the benefit of all the residents of the state.

(b) The Legislature also finds and declares that it is in the best interest of the state to expand the Capital Access Loan Program for small business regardless of whether the operations of the small business affect the environment, and to permit business loans to be included in the program for small businesses whose operations do not, necessarily, affect the environment. Small businesses have difficulty gaining access to capital for startup and expansion purposes. Small businesses owned by minorities and women have special capital access difficulties. In addition, small businesses operating in areas affected by military base closures are disadvantaged by limited access to capital. The Legislature finds that improving access to capital for these small businesses will spur investment, create jobs, expand economic opportunities, assist in the recovery of communities affected by defense and aerospace losses, assist in the recovery of neighborhoods and communities affected by contaminated properties that are not being used for economically beneficial purposes but which could be so used if the contamination was remediated, and help sustain and strengthen economic recovery in California.

(Amended by Stats. 2000, Ch. 915, Sec. 11. Effective January 1, 2001.)

44559.5. (a) The authority shall establish procedures under which financial institutions participating in the program established pursuant to this article may submit claims for reimbursement for losses incurred as a result of qualified loan defaults. A participating financial institution that charges off all or part of an enrolled loan to the loss reserve account may file a claim for reimbursement with the authority if both of the following conditions are met:

(1) The claim occurs contemporaneously with the action of the participating financial institution to charge off all or part of the loan.

(2) The charge off on an enrolled loan is made in a manner that is consistent with the participating financial institution's usual method for making determinations on business loans that are not enrolled loans.

(b) Costs for which a financial institution may be reimbursed from its loss reserve account include the amount of loan principal charged off, accrued interest on the principal, reasonable out-of-pocket expenses incurred in pursuing its collection efforts, including preservation of collateral, and any other related costs. Proper documentation of the expenses shall be presented at the time of the claim.

(c) If a participating financial institution files two or more claims contemporaneously, and there are insufficient funds in the reserve fund at that time to cover the entire amount of such claims, the institution may designate the order of priority in which the claims shall be paid.

(d) A financial institution may seek reimbursement of loan losses prior to the liquidation of collateral from defaulted loans. The financial institution shall repay its loss reserve account for any moneys received as reimbursement under this section if the financial institution recovers moneys from the borrower or from the liquidation of collateral for the defaulted loan, less any reasonable out-of-pocket expenses incurred in collection of such amount.

(e) In any case in which the payment of a claim under this section has fully covered a participating financial institution's loss on an enrolled loan, the participating financial institution shall assign to the

authority, and to any applicable federal agency in the event federal matching funds are involved, any right, title, or interest to any collateral, security, or other right of recovery in connection with a loan made under the program.

(f) The executive director may adopt necessary rules for the authority to carry out its duties, functions, and powers relating to the program established pursuant to this article.

(Added by Stats. 1993, Ch. 1164, Sec. 4. Effective January 1, 1994.)

44559.8. Notwithstanding this article, the authority may facilitate the development of a secondary market for a loan enrolled in the capital access loan program by providing security for that loan, thereby increasing participation in the program by financial institutions and improving access to capital for small businesses. (b) In furtherance of this intent, and notwithstanding any other provision of this article, when the contributions required pursuant to Section 44559.4 are entirely funded by a public or quasi-public entity other than the authority's fee revenue under Sections 44525 and 44548, the authority may, by regulation adopted pursuant to subdivision (b) of Section 44520 or subdivision (e) of Section 44559.14, establish alternate provisions as necessary to enable the authority to participate in the alternative funding source program, including implementing loan loss reserve programs to benefit any individual person engaged in qualifying activities in furtherance of the public or quasi-public entity's policy objectives in the state that require financing.

(Amended by Stats. 2016, Ch. 32, Sec. 69. (SB 837) Effective June 27, 2016.)

44559.12.
