### **California Pollution Control Financing Authority The California Americans with Disabilities Small Business Capital Access Loan Program Notice of Emergency Regulations**

The California Pollution Control Financing Authority (“CPCFA” or the “Authority”) proposes to adopt emergency regulations after considering all comments, including objections and recommendations, regarding the proposed action.

Government Code section 11346.1(a)(2) requires that, at least five working days prior to submission of the proposed emergency action to the Office of Administrative Law, the adopting agency provide a notice of the proposed emergency action to every person who has filed a request for notice of regulatory action with the agency. After submission of the proposed emergency regulations to the Office of Administrative Law, the Office of Administrative Law shall allow interested persons five (5) calendar days to submit comments on the proposed emergency regulations as set forth in Government Code section 11349.6. Upon filing, the Office of Administrative Law will have ten (10) calendar days to review and make a decision on the proposed emergency regulations. If approved by the Office of Administrative Law, the emergency regulations will become effective immediately upon filing with the Secretary of State for one hundred and eighty (180) days. Within the 180-day effective period, CPCFA will proceed with regular rulemaking action, including a public comment period. The emergency regulations will remain in effect during the regular rulemaking action.

CPCFA proposes to adopt the emergency regulations in accordance with its authority under Health and Safety Code Section 44520(b). The proposed emergency regulations amends Section 8078.8 and adds Section 8078.10(h) of Title 4 of the California Code of Regulations concerning the California Americans with Disabilities Small Business Capital Access Loan Program. Attached to this notice are the Finding of Emergency and proposed text of the emergency regulations.
