If more than one application has the same overall score as well as the same low-income percentage, the application with the highest points in the overcrowded school district category will receive a higher ranking. If application of the tiebreaker described above results in more than one application still having the same ranking, applications with the earliest mailing time will be given preference. Applications that are hand-delivered and do not have a mailing time will be given preference in this situation based on the time received by the Authority.
- (b) If the application is not complete at the time of submission, the applicant will be notified to provide the additional information. Failure to provide the required additional information will result in the applicant being deemed ineligible.
- (c) For each funding round, the Authority shall make an initial award for each application, taking into account the ranking of all applications, the total amount of funds requested and the total amount of funds available. In the event total funds requested exceed total funds available, the Authority shall allocate funds beginning with the application scoring the highest ranking, and then proceed with the next highest rank until all funds have been awarded.

 - (2) Documentation of continued eligibility shall require verification the subgrantee charter school is continuously in good standing with its chartering authority and continuously in compliance with the terms of its charter without interruption throughout the term of the grant. The Authority will rely on information from the chartering authority regarding the school's good standing and compliance with the terms of its charter. Charter schools may appeal any response by the chartering authority's staff directly to the chartering authority's governing board. It shall be the charter school's responsibility, and not the Authority's, to ensure that the good standing and compliance response letter is received by the stated deadline.
 - (3) Documentation of continued eligibility must be received and approved by the Authority on or before February 28 and August 31 of each year in order for the Authority to release a disbursement.

The forfeited funds cannot be disbursed retroactively and will immediately revert back to the Authority.
 - (5) If the required documentation is not received and approved by the Authority within 30 calendar days following the February 28 and August 31 deadline, the subgrantee shall be declared ineligible to receive the remaining five monthly disbursements for the respective semi-annual disbursement period. The forfeited funds cannot be distributed retroactively and will immediately revert back to the Authority.
 - (6) Failure to meet the semi-annual deadlines consecutively and provide documentation within 30 calendar days from each deadline shall result in the subgrantee being declared ineligible to receive all remaining disbursements under the grant program. The forfeited funds will immediately revert back to the Authority.
- (f) Subgrantees applying grant funds toward the costs of acquiring land and purchasing, constructing, or renovating a facility must also provide all documentation verifying eligible costs annually, as described in Section 10185.

Section 10189. Completion of Grant Funded Construction Project.

- (a) The subgrantee shall certify to the Authority that the project is complete and, to the extent not already provided to the Authority, provide supporting documentation as follows:
 - (1) Construction and renovation projects require documentation including, but not limited to, copies of the certificate of occupancy, final payment certification by the architect, final payment request from the contractor and corresponding copies of cancelled checks. If the subgrantee does not provide copies of cancelled checks, the subgrantee shall provide wire transfers, electronic fund transfers or other evidence acceptable to the Authority in lieu of copies of cancelled checks.
 - (2) Real property acquisition projects require a copy of the final closing statement with certification by the title company, to be received by the Authority within 60 days of the disbursement of grant funds.
- (b) If the subgrantee fails to complete the project within the project period, the Authority may require remedies; including forfeiture and return of all grant funds and any accrued interest thereon to the Authority.
- (c) The Authority reserves the right to conduct site visits to any charter school facility or project receiving a grant pursuant to this Article.

Section 10190. Audits and Conflicts of Interest.

- (a) The Authority and/or the Bureau of State Audits may conduct or require periodic audits to ensure subgrantees are using grant funds consistent with the requirements and the terms of the Program, the State Charter School Facilities Incentive Grant, and this article as approved. Subgrantees shall retain all documentation and financial data necessary to substantiate the purposes for which the grant funds were spent for a period of three years after the certification of completion of the project has been submitted or three years after the end of the funding period, whichever is longer.
- (b) Subgrantees must avoid apparent and actual conflicts of interest when administering grants from the U.S. Department of Education. Department regulations at 34 CFR 75.525(a) prohibit a person from participating in an administrative decision regarding a project if (a) the decision is likely to benefit that person or his or her immediate family members; and (b) the person is a public official or has a family or business relationship with the subgrantee. Section 75.525(b) provides further that a subgrantee may not permit any person participating in a project to use his or her position for a purpose that is – or gives the appearance of being – motivated by a desire for a private or financial gain for that person or for others.
- (c) Subgrantees will be required to routinely verify continued eligibility. Documentation of continued eligibility will include, but not be limited to, submission of a completed Legal Status Questionnaire (as it may be amended from time to time) disclosing information relating to any legal or regulatory proceedings or investigations in which the subgrantee or its parent/subsidiary/affiliate is or has been a party and which might have a material impact on the financial or educational viability of the charter school. The responses on the Legal Status Questionnaire and all supporting documents related to the responses

will be reviewed by Authority staff and legal counsel prior to authorizing additional disbursements of grant funds.

- (d) When using federal funds to enter into a contract, a State or local entity receiving a grant must comply with 34 CFR 80.36. These standards require federal grant subgrantees to develop written procurement procedures and to conduct all procurement transactions in a manner that provides, to the maximum extent possible, open and free competition. No employee, officer, or agent of the subgrantee may participate in the selection, award, or administration of any contract supported by federal funds if a real or apparent conflict of interest exists.
- (e) When these funds are used for construction-related activities costing over \$2,000, such as constructing a school building, renovating an existing owned school facility, or making leasehold improvements, any laborers and mechanics employed by contractors or subcontractors on the projects assisted with these federal funds must be paid in accordance with prevailing wage requirements in the Davis-Bacon Act (40 USCA section 3142, et seq.).
- (f) The Authority reserves the right to conduct site visits to any charter school facility or project receiving a grant pursuant to this Article.
