

ATTACHMENT 4(A)
APPLICANT LARGE FAMILY ELIGIBILITY CERTIFICATION
 Regulation Section 10325(g)(1)(A) through (I)

<u>REQUIREMENTS</u>	<u>VERIFICATION</u> Provide a narrative explanation as to how each requirement is being met and reference where the proof is located in the application. Be as detailed as possible and attach a separate sheet if additional space is needed.
A) For projects that receive land use entitlements on or after January 1, 2016, at least twenty-five percent (25%) of the Low-Income Units in the project shall be three-bedroom or larger units and at least an additional twenty-five percent (25%) of the Low-Income Units in the project shall be two-bedroom or larger units. For projects that received and provide documentation of land use entitlements before January 1, 2016, at least twenty-five percent (25%) of the Low-Income Units in the project shall be three-bedroom or larger units. For projects qualifying for and applying under the At-risk set-aside, the Executive Director may grant a waiver from this requirement if the applicant shows that it would be cost prohibitive to comply.	
B) One-bedroom Low-Income Units must include at least 450 square feet and two-bedroom Low-Income Units must include at least 700 square feet of living space. Three-bedroom Low-Income Units shall include at least 900 square feet and four-bedroom Low-Income Units shall include at least 1,100 square feet of living space, unless these restrictions conflict with the requirements of another governmental agency to which the project is subject to approval. These limits may be waived for rehabilitation projects, at the discretion of the Executive Director prior to the application submission. Bedrooms shall be large enough to accommodate two persons each and living areas shall be adequately sized to accommodate families based on two persons per bedroom.	
C) Four-bedroom and larger Low-Income Units shall have a minimum of two full bathrooms.	
D) The project shall provide play/recreational facilities suitable and available to all tenants, including children of all ages, except for small developments of 20 units or fewer. Play/recreational area for children ages 2-12 years shall be outdoors, and the minimum square footage is 600 square feet and must include an accessible entrance point. For projects with more than 100 total units this square footage shall be increased by 5 square feet for each additional unit. Outdoor play/recreational space must be equipped with reasonable play equipment for the size of the project, and the surface must be natural or synthetic protective material. The outdoor play area of an onsite day care center may qualify as a play area for children 2-12 years for purposes of this section if it is available to children when the day care center is not open. The application must demonstrate the availability of play or recreational facilities suitable for children ages 13-17. Square footage of a community building cannot be included for the play/recreational area for children ages 13-17 unless that square footage is accessible to minors at all times between 6 a.m. and 10 p.m. except when the area is reserved for service amenities or special events. Rehabilitation projects with existing outdoor play/recreational facilities may request a waiver of the minimum square	

<u>REQUIREMENTS</u>	<u>VERIFICATION</u> Provide a narrative explanation as to how each requirement is being met and reference where the proof is located in the application. Be as detailed as possible and attach a separate sheet if additional space is needed.
footage requirement if outdoor play/recreational facilities of a reasonable size and type currently exist onsite. An existing project without outdoor play/recreational facilities may request a waiver from this requirement if the site is classified as a non-conforming use under its respective current zoning designation and the addition of the new facilities would trigger an entitlement process. The written waiver must be approved prior to the application submission. The Executive Director, in her/his sole discretion may waive this requirement upon demonstration of nearby, readily accessible, recreational facilities.	
E) The project shall provide an appropriately sized common area. For purposes of this part common areas shall include all interior area amenity space, such as the rental office, community room, service space, computer labs, and gym, but shall not include laundry rooms or manager living units. Common areas shall meet the following size requirement: projects comprised of 30 or less total units, at least 600 square feet; projects from 31 to 60 total units, at least 1000 square feet; projects from 61 to 100 total units, at least 1400 square feet; projects over 100 total units, at least 1800 square feet. Small developments of 20 units or fewer are exempt from this requirement. At the discretion of the Executive Director, these limits may be waived for rehabilitation projects with existing common area prior to the application submission. An existing project without common area may request a waiver from this requirement if the site is classified as a nonconforming use under its respective current zoning designation and the addition of the new facilities would trigger an entitlement process.	
F) A public agency shall provide direct or indirect long-term financial support for at least fifteen percent (15%) of the total project development costs, or the owner's equity (includes syndication proceeds) shall constitute at least thirty percent (30%) of the total project development costs.	
G) Adequate laundry facilities shall be available on the project premises, with no fewer than one washer/dryer per 10 units. To the extent that tenants will be charged for the use of central laundry facilities, washers and dryers must be excluded from eligible basis. If no centralized laundry facilities are provided, washers and dryers shall be provided in each unit.	
H) Dishwashers shall be provided in all Low-Income Units unless a waiver is granted by the Executive Director because of planning or financial impracticality.	
I) Projects are subject to a minimum low-income use period of 55 years (50 years for projects located on tribal trust land).	

☐ **WAIVER REQUESTED** (please attach proof of waiver approval)

By signing the APPLICANT STATEMENT, I/We, who are authorized to legally act on the applicant's behalf, certify and guarantee, under penalty of perjury, that the project meets the Large Family Housing Type requirements consistent with TCAC Regulations Section 10325(g)(1).
