 Regulation Section 10325(g)(5)(A) through (J)

<u>REQUIREMENTS</u>	<u>VERIFICATION</u> Provide a narrative explanation as to how each requirement is being met and reference where the proof is located in the application. Be as detailed as possible and attach a separate sheet if additional space is needed.
A) Average targeted income is no more than forty percent (40%) of the area median income.	
B) At least 90% of all units shall be SRO units. SRO units are efficiency or studio units that may include a complete private bath and kitchen but generally do not have a separate bedroom, unless the configuration of an already existing building being proposed to be used for an SRO dictates otherwise. The minimum size for SRO units shall be 200 square feet, and the size shall not exceed 500 square feet. These bedroom size requirements may be waived for rehabilitation projects, at the discretion of the Executive Director.	
C) At least one bath shall be provided for every eight units.	
D) If the project does not have a rental subsidy committed, the applicant shall demonstrate that the target population can pay the proposed rents. For instance, if the target population will rely on General Assistance, the applicant shall show that those receiving General Assistance are willing to pay rent at the level proposed.	
E) The project configuration, including community space and kitchen facilities, shall meet the needs of the population, at the discretion of the Executive Director in advance of the application submission, and comply with Section 10325(f)(7)(E).	
F) A public agency shall provide direct or indirect long-term financial support for at least fifteen percent (15%) of the total project development costs, or the owner's equity (includes syndication proceeds) shall constitute at least thirty percent (30%) of the total project development cost.	

<u>REQUIREMENTS</u>	<u>VERIFICATION</u> Provide a narrative explanation as to how each requirement is being met and reference where the proof is located in the application. Be as detailed as possible and attach a separate sheet if additional space is needed.
G) Adequate laundry facilities shall be available on the project premises, with no fewer than one washer/dryer per 15 units. This requirement shall be reduced by 25% for projects where all units include hook-ups for washers and dryers.	
H) Projects are subject to a minimum low-income use period of 55 years (50 years for projects located on tribal trust land).	
I) A ten percent (10%) vacancy rate shall be used unless otherwise approved by the Executive Director. Justification of a lower rate shall be included.	
J) New construction projects for seniors shall not qualify as Single Room Occupancy housing.
