State Tax Credit Factor:	\$0.89991

Except as allowed for projects basing cost on assumed third party debt, the “as if vacant” land value and the existing improvement value established at application for all projects, as well as the eligible basis amount derived from those values, shall not increase during all subsequent reviews including the placed in service review, for the purpose of determining the final award of Tax Credits. The sum of the third party debt encumbering the property may increase during subsequent reviews to reflect the actual amount.

Significant Information / Additional Conditions:

This Project's annual per unit operating expense total is below the CTCAC published per unit operating minimums of \$4,700. As allowed by CTCAC Regulation Section 10327(g)(1), CTCAC approves an annual per unit operating expense total of \$4,180 on agreement of the permanent lender and equity

Resyndication and Resyndication Transfer Event: None

As required by the IRS, the newly resyndicated project will continue to use the originally assigned Building Identification Numbers (BINs).

Standard Conditions

If applicant is receiving tax-exempt bond financing from other than CalHFA, the applicant shall apply for a bond allocation from the California Debt Limit Allocation Committee's next scheduled meeting, if not previously granted an allocation; shall have received an allocation from CDLAC; and, shall issue bonds within time limits specified by CDLAC.

The applicant anticipates financing more than 50% of the project aggregate basis with tax-exempt bond proceeds as calculated by the project tax professional. Therefore, the federal credit reserved for this project will not count against the annual ceiling.

State tax credit recipients are limited to cash distributions from project operations pursuant to California Revenue and Taxation Code Section 12206(d). By accepting the tax credit reservation, the applicant/owner is agreeing to comply with the statutory limitations and requirements.

TCAC makes the preliminary reservation only for the project specified above in the form presented, and involving the parties referred to in the application. No changes in the development team or the project as presented will be permitted without the express approval of TCAC.

The applicant must pay TCAC a reservation fee calculated in accordance with regulation. Additionally, TCAC requires the project owner to pay a monitoring fee before issuance of tax forms.

As project costs are preliminary estimates only, staff recommends that a reservation be made in the amount of federal credit and state credit shown above on condition that the final project costs be supported by itemized lender approved costs and certified costs after the buildings are placed in service.

All unexpended funds in reserve accounts established for the project must remain with the project to be used for the benefit of the property and/or its residents, except for the portion of any accounts funded with deferred developer fees.

All fees charged to the project must be within TCAC limitations. Fees in excess of these limitations will not be considered when determining the amount of credit when the project is placed-in-service.

If the applicant has requested the use of a CUAC utility allowance, TCAC's Compliance staff will review the CUAC documentation for this project prior to placed in service. Until written approval is received from TCAC, this project is not eligible to use a utility allowance based on the CUAC.

The applicant/owner shall be subject to underwriting criteria set forth in Section 10327 of the regulations through the final feasibility analysis performed by TCAC at placed-in-service.

Credit awards are contingent upon applicant's acceptance of any revised total project cost, qualified basis and tax credit amount determined by TCAC in its final feasibility analysis.

CDLAC Additional Conditions

The applicant/owner is required to comply with the CDLAC Resolution. At the time of the TCAC placed in service review, TCAC staff will verify that the project is in compliance with all applicable items of CDLAC Resolution Exhibit A.
