

**CALIFORNIA TAX CREDIT ALLOCATION COMMITTEE**

**Project Staff Report  
2009 Single Round  
September 10, 2009**

**Project Number** CA-2009-135  
**Project Name** The Villas at Gower  
Site Address: 1726 N. Gower Street  
Los Angeles, CA 90028 County: Los Angeles  
Census Tract: 1910.00

**Applicant Information**

Applicant: The Villas at Gower, L.P.  
Contact: Dora Leong Gallo  
Address: 3345 Wilshire Blvd., Ste. 1000  
Los Angeles, CA 90010  
Phone: 213-480-0809 x230 Fax: 213-480-1788  
Email: dgallo@acof.org  
General Partner Type: Nonprofit

**Information**

Set-Aside: Nonprofit Homeless  
Housing Type: Special Needs  
Type of Special Needs: Homeless  
% of Special Need Units (53 units): 76%  
Geographic Area: Los Angeles County

<b>Tax Credit Amounts</b>	<b>Federal/Annual</b>	<b>State/Total</b>
Requested:	\$1,934,348	\$0
Recommended:	\$1,934,348	\$0

**ARRA Award Amount**

Federal Calculated Amount Requested:  $(\$1,934,348 \times 10 \times \$0.04) = \$773,739$   
State Calculated Amount Requested:  $(\$0 \times \$0.0) = \$0$   
  
Total Federal Award Recommended: \$773,739  
Total State Award Recommended: \$0

**Project Information**

Construction Type: New Construction  
Federal Subsidy: MHPA, Section 8  
Total # of Units: 70  
Total # Residential Buildings: 1  
Federal Set-Aside Elected: 40%/60%  
% & No. of Tax Credit Units: 100% - 69 units  
Average Affordability: 40%

**Eligible Basis**

Requested: \$16,532,890  
Actual: \$16,532,890  
Maximum Permitted: \$16,532,890

**Adjustments to Threshold Basis Limit:**

- Required to Pay Prevailing Wages
- Parking Beneath Residential Units
- Projects exceeding Title 24 by at least 35%
- 3 or More Energy Efficiency/Resource Conservation/Indoor Air Quality Features:
  - Projects exceeding Title 24 by at least 15%
  - Projects using tank less water heaters, a high efficiency condensing boiler (92% AFUE or greater), or a solar thermal domestic hot water pre-heating system
  - Projects using vent kitchen range hoods to the exterior of the building in at least 80% of the units
- Utilizing New Energy Technologies
- Local Development Impact Fees
- 95% of Upper Floor Units are Elevator-Serviced

<b>Selection Criteria</b>	<b>Max. Possible Points</b>	<b>Requested Points</b>	<b>Points Awarded</b>

		TCAC ARRA Award	\$773,739
		<b>TOTAL</b>	<b>\$30,914,299</b>

**Determination of Credit Amount(s)**

Requested Eligible Basis:	\$16,532,890
130% High Cost Adjustment:	Yes
Applicable Fraction:	100%
Qualified Basis:	\$21,492,757
Applicable Rate:	9.00%
Maximum Annual Federal Credit:	\$1,934,348
Approved Developer Fee in Project Cost:	\$2,000,000
Approved Developer Fee in Eligible Basis:	\$1,400,000
Investor:	Enterprise Community Investment
Federal Tax Credit Factor:	\$0.70

### Cost Analysis and Line Item Review

Staff analysis of project costs to determine reasonableness found all fees to be within TCAC's underwriting guidelines and TCAC limitations. Annual operating expenses exceed the minimum operating expenses established in the Regulations, and the project pro forma shows a positive cash flow from year one. Staff has calculated federal tax credits based on 9.00% of the qualified basis. TCAC's financial evaluation at project completion will determine the final allocation.

**Special Issues/Other Significant Information:** None.

**Legal Status:** Staff has reviewed the Applicant's responses to the questions contained in the Legal Status portion of the Application. No information was disclosed that raised any question regarding the financial viability or legal integrity of the applicant.

**Recommendation:** Staff recommends that the Committee make a preliminary reservation of tax credits and ARRA funds, in the following amount(s) contingent upon standard conditions and any additional conditions imposed by the Committee:

<b>Federal Tax Credits/Annual</b>	<b>State Tax Credits/Total</b>
\$1,934,348	\$0
<b>ARRA/Federal</b>	<b>ARRA/State</b>
\$773,739	\$0

### Standard Conditions

An application for a carryover allocation must be submitted by **November 20, 2009**, as required by regulation sections 10328(d) and 10323(d)(2), together with the applicable allocation fee and all required documentation. The time for meeting the "10%" test and submitting related documentation will be no later than twelve (12) months after the date of the executed carryover allocation (as defined by IRC Section 42 and IRS Notices). The applicant must ensure the project meets all Additional Threshold Requirements for the housing type of the proposed project.

The applicant must submit all documentation required for a Final Reservation no later than February 1 of the year that the building(s) must be placed in service pursuant to Section 42(h)(1)(E)(i) of the Internal Revenue Code of 1986, as amended. The applicant shall provide the Committee a Final Reservation application providing the documentation for the project set forth in Section 10322(i)(1) of these regulations. Failure to provide the documentation at the time required may result in rescission of the Credit reservation and cancellation of a carryover allocation.

TCAC makes the preliminary reservation only for the project specified above in the form presented, and involving the parties referred to in the application. No changes in the development team or the project as presented will be permitted without the express approval of TCAC.

The applicant must pay TCAC a performance deposit and allocation fee calculated in accordance with regulation. The performance deposit and allocation fees must be paid by cashier's check within the time periods specified in the preliminary reservation. The allocation fee must be paid within a time period specified in the preliminary reservation letter. The allocation fee will be due prior to execution of a carryover allocation or issuance of tax forms, whichever comes first. Additionally, TCAC requires the project owner to pay a monitoring fee before issuance of tax forms.

As project costs are preliminary estimates only, staff recommends that a reservation be made in the amount of federal credit and state credit shown above on condition that the final project costs be supported by itemized lender approved costs and certified costs after the buildings are placed in service.

All unexpended funds in reserve accounts established for the project must remain with the project to be used for the benefit of the property and/or its residents, except for the portion of any accounts funded with deferred developer fees.

All fees charged to the project must be within TCAC limitations. Fees in excess of these limitations will not be considered when determining the amount of credit when the project is placed-in-service.

The applicant/owner shall be subject to underwriting criteria set forth in Section 10327 of the regulations through the final feasibility analysis performed by TCAC at placed-in-service.

Credit awards are contingent upon applicant's acceptance of any revised total project cost, qualified basis and tax credit amount determined by TCAC in its final feasibility analysis.

If points were awarded for service amenities, the applicant will be required to provide such amenity or amenities identified in the application, for a minimum period of ten years and at no cost to the tenants.

Applicants that received points for sustainable building methods (energy efficiency) must submit the certification required by Section 10325(c)(6) at project completion.

Applicants that received increases (exceptions to limits) in the threshold basis limit under Section 10327(c)(5) must submit the certification required by Section 10322(i)(2)(P) at project completion.

The Committee may make a Conditional Reservation of American Recovery and Reinvestment Act of 2009 (ARRA), Tax Credit Assistance Program (TCAP) funds for the project sponsor. This Conditional Reservation would not constitute a commitment of funds or site approval, and that such commitment of funds or approval may occur only upon satisfactory completion of environmental review and receipt by the California Tax Credit Allocation Committee of a release of funds from the U.S. Department of Housing and Urban Development under 24 CFR Part §58. The provision of any funds to the project is conditioned on TCAC's determination to proceed with, modify or cancel the project based on the results of a subsequent environmental review and further underwriting.

The project sponsor is prohibited from undertaking or committing any funds to physical or choice-limiting actions, including property acquisition, demolition, movement, rehabilitation, conversion, repair or construction prior to the environmental clearance. A violation of this provision may result in the denial of any funds.

In addition, each project ultimately awarded ARRA TCAP funds will have to comply with all federal requirements, such as Section 504, Davis-Bacon federal labor standards laws, anti-lobbying requirements, lead-based paint rules, and other federal laws.

All ARRA funded projects will be required to track and report on all jobs created or retained as a result of the funds.

Numbers contained in the proposed financing are subject to update and will be refined within 30 days of loan execution agreement.

**Additional Conditions**

Applicants that received 20 points for readiness to proceed must meet ALL of the following requirements. The applicant must be ready to begin construction within 150 days of the Credit Reservation which is **February 8, 2010**, as evidenced by submission, within that time of, recorded deeds of trust for all construction financing, payment of all construction lender fees, issuance of building permits and notice to proceed delivered to the contractor. Failure to meet this timeline will result in rescission of the Credit Reservation.

**Project Analyst:** Elaine Johnson
