Privacy Protections

Recommendation for the HOPE Board: **Proposed structure for auto-enrollment, manual enrollment, and associated privacy protections**

Privacy protections

All information from or about eligible children and youth shall only be used by the HOPE Accounts program, the State Treasurer's Office, and contracted data-sharing/collecting and program managers for program administration. All family and program information will be held strictly confidential. Any entity outside of the state, federal and local government will be guided by principles of data privacy and protection. Under no circumstances will the information be sold or used for any other purpose.
